Report of Independent Auditors

The Administrative Committee and Participants of
WinCo Foods 401(k) Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of WinCo Foods 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of April 1, 2023 and April 2, 2022, and the related statement of changes in net assets available for benefits for the year ended April 1, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of WinCo Foods 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of April 1, 2023 and April 2,

2022, and for the year ended April 1, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirement of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of WinCo Foods 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about WinCo Foods 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of WinCo Foods 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about WinCo Foods 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of April 1, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Plan Description

The following brief description of the WinCo Foods 401(k) Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan Document for more complete information.

(a) General

The Plan is a defined-contribution plan sponsored and administered by WinCo Holdings, Inc. (the Company). Newport Trust Company is the Plan's trustee and custodian (the Trustee or Custodian). Newport Group is the Plan's record keeper (the Record keeper). The Plan was adopted effective March 31, 1996, and has since been amended. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. On December 22, 2022, the Plan was formally amended to reflect the regulations passed in the Setting Every Community Up for Retirement Enhancement (SECURE) Act and the Coronavirus Aid, Relief and Economic Security (CARES) Act.

(b) Eligibility

All employees 19 years of age or older, except those specifically excluded under their collective bargaining arrangement, are immediately eligible to participate in the Plan.

(c) Contributions

Employees are automatically enrolled after one year of service at 2% of eligible compensation unless they make an election otherwise. The deferral percentages of participants, who were automatically enrolled and have not made an election change, automatically escalate by 1% per year until they reach 10% of eligible compensation. Participants can voluntarily utilize the Plan as a savings program by contributing 1% to 70% of eligible compensation on a before-tax basis and/or on an after-tax Roth basis up to the maximum limit established under the Internal Revenue Code (IRC).

Eligible compensation is based on current taxable income paid to a participant by the Company while employed by the Company. The Company may make a discretionary matching contribution not exceeding 4% of participant compensation for each plan year. The Company may also make a discretionary profit sharing contribution, which would be allocated to each participant pro rata on relative compensation. The Company has not made any contributions since the inception of the Plan. Excess contributions represent amounts withheld from participants in excess of the IRC limitations that were refunded to participants subsequent to year-end.

Certain investments in the Plan pay a fee, or revenue sharing, as part of their agreement with the Custodian and in accordance with their fund design. Revenue sharing received by the Plan is used to pay for record-keeping services and other normal plan expenses, and any plan revenue sharing beyond the cost of such services is credited to participant accounts. For the year ended April 1, 2023, $993,694 of revenue sharing received by the Plan was used to pay for record-keeping services and normal plan expenses. Revenue sharing on the statement of changes in net assets available for benefits is presented net of these expenses and represents amounts credited to participant accounts.

(d) Participant Accounts

Each participant's account is valued daily and credited with the participant's contribution and allocation of plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting

Participants are immediately vested 100% in their contributions. Participants become vested in all company matching and profit sharing contributions over a two-to-six year graded vesting schedule.

(f) Benefit Payments

The participant's vested account balance may be paid out as a lump-sum payment at termination of employment, retirement, death, or total disability. The Plan allows partial withdrawals equal to the minimum amount required to be distributed to the participant (but not to a beneficiary) each year under Internal Revenue Service (IRS) regulations. Partial withdrawals, with no minimum amount required and no limit on the number of withdrawals a participant may request, are also available as an additional distribution option for participants who have terminated or retired. Benefits may also be withdrawn by a participant who is still working at age 59 1/2 or older.

Under the Plan Document, on termination of employment where an account balance is equal to or greater than $5,000, a participant may elect to receive an amount equal to the value of the participant's vested interest in the form of a lump-sum payment, if an election for a rollover into an individual retirement account (IRA), and/or a Roth IRA, or another qualified plan that accepts rollovers is not made. On termination of employment where an account balance does not exceed $5,000, then a participant will receive a lump-sum payment equal to the value of the participant's vested interest.

(g) Hardship Withdrawals

Withdrawals prior to termination, retirement, disability, or death are restricted by the IRS and are allowed only under certain hardship circumstances. Hardship withdrawals are limited in amount by the IRC.

(h) Administrative Expenses

Certain third parties hold and administer the investments of the Plan, maintain the detail of the individual participants' accounts, including the allocation of contributions and investment earnings and computation and payment of withdrawals, and report account activity to the participants and the Company. These entities, which include the Custodian, receive fees for their services, which are deducted from each participants' account based on the stipulated fund expense ratio of each fund invested in. Record-keeping fees in excess of revenue sharing received, other administrative fees incurred by the Plan, which are not taken out of the revenue credited to the Plan, and participant distribution related fees are reported in administrative expenses in the statements of changes in net assets available for benefits. Certain managerial and administrative services are provided by the Company without charge.

(2) Significant Accounting Policies

(a) Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

(b) Fiscal Periods

References to a fiscal year refer to the calendar year in which the fiscal year ends. The Plan utilizes the same fiscal year-end date as the Company. The Company's fiscal year ends on the Saturday nearest to March 31st each year. The Plan's floating fiscal year-end typically results in a 52 week fiscal year, but will occasionally give rise to an additional week resulting in a 53 week fiscal year. The Plan's fiscal years ending April 1, 2023 and April 2, 2022 both consisted of 52 weeks.

(c) Investment Valuation and Income Recognition

All Plan assets are reflected in the accompanying statements of net assets available for benefits at fair value. Investments in registered investment company funds are valued at quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between willing market participants at the measurement date (note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded when declared and allocated in conformity with the plan document.

(d) Net Depreciation in Fair Value of Investments

Net depreciation in fair value of investments includes realized gains and losses and the change in unrealized gains and losses from one period to the next.

(e) Benefit Payments

Benefits are recorded when paid.

(f) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reported period. Actual amounts could differ from those estimates.

(3) Fair Value Measurements

The Plan applies Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, as required for financial assets and liabilities.

The fair value of investments is based on market prices using the following measurement categories:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 – Items other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 – Unobservable items for the asset or liability. Little, if any, market activity for the asset or liability is available. Fair Value is determined by management using the best information available at the measurement date.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of observable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at April 1, 2023 and April 2, 2022:

Registered Investment Company Funds: Valued at the daily closing price as reported by the fund.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of April 1, 2023 and April 2, 2022:

(4) Investments and Investment Risks

The Plan provides for various investment options directed at the election of the participant. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks.

The methods used to derive fair value (described in note 3) may not be indicative of net realizable value or reflective of future fair values. While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Due to the level of risk associated with certain investment securities, it is reasonably possible that change in the values of investment securities will occur in the near term, and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the applicable provisions of the ERISA. In the event the Plan is terminated, participants shall become 100% vested in their accounts and shall receive a lump-sum distribution of their individual accounts less the payment of expenses properly chargeable against the Plan.

(6) Tax Status

The Plan operates under a prototype plan. On November 30, 2020, the IRS stated that the prototype adopted by the Plan, as then designed, was qualified, and the trust established under the Plan was tax-exempt, under the appropriate sections of the IRC.

The Plan has been amended and restated since the date of the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan is qualified and the related trust is not subject to tax under present tax law. There are no uncertain tax positions that would require disclosure under current accounting principles. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

(7) Related Parties

Certain plan assets are invested in funds managed by the Custodian. The Record keeper maintains the detail of the individual participants' accounts and reports account activity to the participants and the Company. The Record keeper receives administrative fees for its services. These transactions qualify as party-in-interest transactions.

(8) Information Certified by the Plan's Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Newport Trust Company certified that, as of April 1, 2023 and April 2, 2022, and for the year ended April 1, 2023, the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value
- Interest and dividends
- Net depreciation in fair value of investments
- Investment information included in note 3 (excluding level designation)
- Schedule of assets (held at end of year)

(9) Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, the Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through February 2, 2024, the day the financial statements were available to be issued.
