INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
4R Restaurant Group 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of 4R Restaurant Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the period from January 1, 2022 (inception) through December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of 4R Restaurant Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the period from January 1, 2022 (inception) through December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the 4R Restaurant Group 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the 4R Restaurant Group 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the 4R Restaurant Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the 4R Restaurant Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Part IV, 4a – Schedule of Delinquent Participant Contributions for the period from January 1, 2022 (inception) through December 31, 2022, and Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedules, other than the information in the supplementary schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

4R Restaurant Group 401(k) Plan
Notes to Financial Statements
December 31, 2022

1. DESCRIPTION OF PLAN

The following description of 4R Restaurant Group 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was established on January 1, 2022, as a defined contribution plan covering all eligible employees of 4R Restaurant Group, LLC (the “Company” or Plan Sponsor”). The Plan was funded in part through a spinoff from a multiple employer plan. On May 22, 2022, certain assets including participant loans under the multiple employer plan attributable to the accounts of employees of the Company was spun-off from the multiple employer plan and transferred to this Plan. The total assets transferred amounted to \$2,376,468. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

An employee of the Company who is at least eighteen years of age becomes an eligible participant in the Plan after completion of six months of service may enter the Plan, on the first day of the month coinciding with the date requirement being met. Union employees and other excluded employees, as more fully defined in the Plan document, are excluded from participating in the Plan for purposes of salary deferral and rollover contributions.

Employee Contributions

Participating employees can elect to contribute up to 100% of compensation, not to exceed \$20,500, or \$27,000 for employees over 50 years of age for the year ended December 31, 2022. The Plan also allows participants to contribute post tax “Roth” amounts. Employees may also contribute amounts representing distributions from other qualified Plans. Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may suspend contributions at any time or may increase or decrease their level of participation at any time during the Plan year.

Employer Contributions

The Company will match 100% of an employee’s elective deferrals on a pay period by pay period basis that do not exceed 3% of compensation, plus 50% of the amount of the participant’s elective deferrals that exceed 3% of the participant’s compensation but do not exceed 5% of the participant’s compensation (“safe harbor”). The employer may also make additional non-elective contribution to the Plan. For the period from January 1, 2022 through December 31, 2022, the employer elected not to make any non-elective contributions.

Participant Accounts

Individual accounts are established for each participant. Each participant’s account is credited with the participant’s elective deferrals, including Roth deferrals, and (a) matching contributions, (b) discretionary contribution, if any, and (c) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The participant’s account is reduced by withdrawals, losses on investments, administrative fees, and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

4R Restaurant Group 401(k) Plan
Notes to Financial Statements
December 31, 2022

Vesting

Participants are immediately 100% vested in their salary deferrals, including Roth 401(k) deferrals and “catch-up contributions,” employer matching contributions, and discretionary employer matching contributions plus actual earnings thereon.

Payment of Benefits

All of a participant’s vested balance is payable upon the participant’s normal retirement, termination of employment, total and permanent disability or death, or in-service distribution. In the event that the participant’s vested accrued benefit is less than \$1,000, the Plan administrator may make a single lump-sum payment without the election or request of a terminated participant.

Notes Receivable from Participants

The Plan allows for loans to be extended to participants for financial hardship or financial needs. All loans are considered a direct investment of the participant and payments of principal and interest are credited to the participant’s account. Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans, which are secured by the participants’ vested account balances, bear interest at a fixed rate determined by the Plan administrator. Loans have various repayment terms limited to 60 months, or longer if for the purchase of a primary residence, with interest rate ranging from 4.25% to 8.00% at December 31, 2022. Principal and interest are repaid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”). The Plan uses the accrual basis of accounting for the presentation of financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan’s management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for guaranteed investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends, if any, are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

4R Restaurant Group 401(k) Plan

Notes to Financial Statements

December 31, 2022

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees and audit fees paid by the Plan. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events occurring after the statement of net assets available for benefits date through February 6, 2024, the date the financial statements were available to be issued. Based upon this evaluation, the Plan has determined that no subsequent events have occurred which require adjustment to or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

4R Restaurant Group 401(k) Plan

Notes to Financial Statements

December 31, 2022

Following is a description of the valuation methodology used for the Plan's assets measured at fair value. There have been no changes in the methodology used for the period presented in these financial statements.

Pooled separate accounts: Pooled separate accounts are valued at net asset value ("NAV") of shares held by the Plan at year end as reported by the fund managers. Each of the pooled separate accounts invests either in multiple securities or in single mutual funds which are generally identified in the name of the pooled separate account. NAV is used as a practical expedient to estimate fair value and in accordance with ASU 2015-07, the PSA are not required to be categorized within the fair value hierarchy.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022.

	<u>Fair Value at December 31, 2022</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ <u>2,737,048</u>	N/A	Daily	Daily

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

As of December 31, 2022, the Plan has a guaranteed interest account with Transamerica Life Insurance Company ("Transamerica"), which guarantees a rate of return on the contract and is backed by Transamerica's general account. This investment contract has been determined to be fully benefit-responsive. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan with no conditions, limits, or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan such as withdrawals for benefits, loans, or transfers to other investment choices within the Plan. Contract value represents contributions made under each contract plus earnings less participant's withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Repayment of principal and interest credited to the participants is a financial obligation of the insurance company backing the contract.

The effective annual rates of interest are established for the corresponding six-month period. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. There is no stated minimum or maximum interest rate.

Events that may limit the Plan's ability to execute transactions at contract value include Plan sponsor bankruptcy, premature termination of the contracts, or a significant decline in the creditworthiness of the custodians. Additionally, certain events exist that would allow the contracts to be terminated. Since the respective fully-benefit responsive investment choices are the obligations of the insurance companies, the occurrence of an event that limits the ability of the investments to transact at contract value between the trustees and the participants holding the investment is not probable.

5. INVESTMENT CERTIFIED BY THE PLAN TRUSTEE

No auditing procedures were performed by the independent auditor with respect to the information certified as complete and accurate by the Transamerica Life Insurance Company ("Transamerica"), the Plan trustee, except for comparing such information with the information reported in the financial statements. Based on the information provided and certified by the trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2022.

Accordingly, the trustee of the Plan assets has certified the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statement of net assets available for benefits as of December 31, 2022, as well as the supplemental schedule of assets (held at end of year) as of December 31, 2022.
- Net depreciation in fair value of investments, dividends and interest, interest income on notes receivable from participants and other income reflected on the accompanying statement of changes in net assets available for benefits for the period from January 1, 2022 (inception) through December 31, 2022.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments and notes receivable from participants are managed by Transamerica. Transamerica is the trustee as defined in the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan paid fees for investment management services of \$10,014 for the period from January 1, 2022 (inception) through December 31, 2022, which is included in administrative services. In addition, there are transaction fees charged by the trustee that are absorbed in investment income and are not readily determinable.

7. PLAN TERMINATION

The Plan Sponsor intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend, or terminate the Plan at any time by resolution of management. In event of termination of the Plan, all amounts credited to participants' accounts will be 100% vested and non-forfeitable. All participants will receive a total distribution of their accounts as described in the Plan.

8. INCOME TAX STATUS

The Plan adopted a volume submitter plan which has received an opinion letter from the Internal Revenue Service dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC".) Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. Furthermore, there are no tax related interest or penalties included in the financial statements presented.

9. RISKS AND UNCERTAINTIES

The Plan provides participants with various investment options. All investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. NON-EXEMPT PROHIBITED TRANSACTIONS

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable. During the period from January 1, 2022 (inception) through December 31, 2022, the Company failed to transmit participant contributions to the Plan totaling \$19,189, in a timely manner. The lost earnings will be contributed during the 2024 Plan year, and all applicable excise taxes will be paid from the Company's assets and not from the assets of the Plan.
