1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditors' Report

To the Participants and Plan Administrator of
CASA de Maryland, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statement

We have performed an audit of the financial statements of CASA de Maryland, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management on the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements on the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit on the 2022 Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter – 2022 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of June 30, 2022, and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended June 30, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 31, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

CASA de Maryland, Inc. 401(k) Plan

Notes to Financial Statements

June 30, 2022 and 2021

1. Description of Plan

General

The Casa de Maryland, Inc. 401(k) Plan (the Plan) is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established on July 1, 2019, and covers substantially all employees of CASA de Maryland, Inc. (the Organization or CASA). American United Life Insurance Company serves as the Trustee (Trustee), and OneAmerica Retirement Services LLC serves as the record-keeper (Record-keeper) of the Plan. The following description provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

Eligibility and Participant Accounts

Employees become eligible for participation in the Plan upon attaining the age of 18, and completion of six months of qualified service as defined by the plan document.

Subject to certain limitations on annual additions, each participant's account is credited with participant elective deferrals, Organizations matching contributions, Organizations Non-Elective Contributions and an allocation of plan earnings or losses and charged with administrative expenses. The allocations are based on participant earnings or account balances, as defined. Participant's changes to salary deferral elections become effective on the first day of each month.

Contributions

Each year, a participant may elect to contribute a portion of his or her pretax compensation, subject to certain maximum limitations imposed by the Internal Revenue Code (IRC) (\$20,500 for 2022). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitations imposed by the IRC (\$6,500 for 2022). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted by the Plan.

CASA contributes, at its discretion, a matching contribution equal to a percentage of participating employees' eligible compensation to the Plan. Eligibility conditions for discretionary employer matching contributions do not differ from those required for general participation in the Plan. For the year ended June 30, 2022, CASA contributed up to 2% of participating employees' eligible compensation in the form of a discretionary matching contribution. CASA may also contribute additional employer discretionary contributions. No additional employer discretionary contributions were made for the year ended June 30, 2022. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Benefits Paid to Participants

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount equal to 100% of the participant's vested account balance. Participants may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Account balances of \$5,000 or less at the time of distribution will be "cashed out" as an involuntary lump sum payment. Upon termination, vested account balances less than \$5,000 may be distributed to the applicable terminated participant within a reasonable time after terminating employment or rolled over to an individual retirement account selected by the Plan Administrator.

CASA de Maryland, Inc. 401(k) Plan

Notes to Financial Statements

June 30, 2022 and 2021

Vesting

Participants are immediately vested in rollover contributions, and employee elective deferrals, including catch-up contributions, plus actual earnings thereon. Participants vest in CASA's contributions based on three years of continuous service at a rate of 33.3% per year. A participant is credited for a year of service upon the completion of at least 1,000 hours of service during a plan year.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) \$50,000 or (b) 50% of their vested account balance. Notes receivable are secured by the vested balances in the participants' accounts and bear interest at 4.5% for both years ended June 30, 2022 and 2021, which is commensurate with local prevailing rates at inception of the notes receivable as determined quarterly by the plan administrator. Principal and interest is paid ratably through payroll deductions. Terms range from one to five years or greater for the purchase of a primary residence.

Plan Termination

Although the Organization expects to continue the Plan, the Organization may terminate the Plan at any time subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a nonforfeitable 100% vested interest in his or her account balance, including all Organization contributions, subject to payment of liquidation costs and expenses.

2. Summary of Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the guaranteed investment contract, which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See Note 3 - Fair Value Measurements). Contract value is the relevant measure attributable to investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the provision of the Plan (See Note 4- Fully Benefit-Responsive Investment Contract).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

CASA de Maryland, Inc. 401(k) Plan

Notes to Financial Statements

June 30, 2022 and 2021

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or note policy of the Plan. Notes receivable are valued at amortized cost, which approximates fair value. No allowance for credit losses has been recorded as of June 30, 2022 or 2021.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

CASA de Maryland, Inc. 401(k) Plan

Notes to Financial Statements
June 30, 2022 and 2021

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

Pooled separate accounts are valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although they are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2022 and 2021:

Assets at Fair Value as of June 30, 2022				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 1,180,031	\$ -	\$ 1,180,031
Total assets in the fair value hierarchy	\$ -	\$ 1,180,031	\$ -	\$ 1,180,031
Assets at Fair Value as of June 30, 2021				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 1,061,912	\$ -	\$ 1,061,912
Total assets in the fair value hierarchy	\$ -	\$ 1,061,912	\$ -	\$ 1,061,912

4. Fully Benefit-Responsive Investment Contract

The Plan offers a stable value investment product through the AUL Stable Value Account (SVA), which represents a fully benefit-responsive investment contract with American United Life Insurance Company (the Trustee). The Trustee maintains the assets of the SVA in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Trustee is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As the SVA is fully benefit responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the SVA. The general account maintaining the investment contract is included in these financial statements at contract value as reported by the Trustee, which management estimates approximates fair value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value without restriction. Transfers to and from the SVA initiated by CASA are subject to approval by the Trustee.

There are no reserves against the contracts for the credit risk of the contract issuer or otherwise. The contract value of the general account maintaining the investment contracts at June 30, 2022 and 2021, totaled \$155,381 and \$124,617, respectively. Interest is credited daily at an interest rate not less than the guaranteed minimum interest rate shown on the contract specifications. The interest crediting rate is declared on an annual basis. The declared interest crediting rate for each of the years ended June 30, 2022 and 2021 was 0.5%.

CASA de Maryland, Inc. 401(k) Plan

Notes to Financial Statements

June 30, 2022 and 2021

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

5. Information Certified by Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of June 30, 2022 and 2021, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of June 30, 2022, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended June 30, 2022.

6. Related-Party and Party In Interest Transactions

Certain of the Plan's investments are managed by the Trustee, and therefore, these transactions qualify as party in interest transactions. Additionally, the Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of CASA. No such officer or employee receives compensation from the Plan.

7. Tax Status

The Plan is based on a non-standardized pre-approved profit sharing Plan with CODA developed by OneAmerica Financial Partners, Inc, which received a favorable advisory letter dated March 31, 2014, from the IRS stating that the non-standardized pre-approved profit sharing Plan with CODA constitutes a qualified plan under section 401 of the IRC. The Plan Administrator believes the Plan, as adopted, is operating within the guidelines of the IRC, and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

CASA de Maryland, Inc. 401(k) Plan

Notes to Financial Statements

June 30, 2022 and 2021

8. Reconciliation of Financial Statements to Form 5500

There are no reconciling items necessary to agree the net assets available for benefits per the financial statements to the Form 5500 at June 30, 2022 and 2021, or to agree the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended June 30, 2022.

9. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, concentration, market, and credit risks. Market risks include global events such as a pandemic, or international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statement of Net Assets Available for Benefits. There are no reconciling items necessary to agree the net assets available for benefits per the financial statements to the Form 5500 at June 30, 2022 and 2021, or to agree the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended June 30, 2022.

10. Delinquent Contributions

For the year ended June 30, 2022, the Plan Administrator was late in remitting employee withholdings and loan payments to the Plan in the amount of \$17,553. These late remittances were unintentional, and the Plan Administrator plan to correct late remittances in 2023, with lost earnings calculated using the DOL guidelines for late deposits.

11. Subsequent Events

In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 855, *Subsequent Events*, the Plan has evaluated events or transactions occurring after June 30, 2022, the statements of net assets available for benefits date, through April 14, 2023, the date the financial statements were ready to be issued, and determined there were no such events or transactions that would impact the financial statements as of and for the year ended June 30, 2022, except as noted below.

Effective December 1, 2022, the Plan's Trustee changed from American United Life Insurance Company to Reliance Trust Company, the Plan's Recordkeeper changed from OneAmerica to ADP, Plan's name changed to Casa, Inc. 401(k) Plan, and the Plan Sponsor changed to CASA, Inc. The Plan was amended and restated due to a new favorable opinion letter from the IRS dated August 19, 2020. The Plan now excludes residents of Puerto Rico, Temporary and Seasonal employees. The Plan has a minimum deferral rate of 1% and a maximum deferral rate of 90%. The plan also no longer allows for a true-up.

Effective February 2, 2023, the Plan changed the service requirement to six months or 1,000 qualified hours, whichever ever where to come first.

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.
