INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
DUTCH FARMS, INC. PROFIT SHARING 401(K) PLAN
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **DUTCH FARMS, INC. PROFIT SHARING 401(K) PLAN**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and 2020, and the related statements of changes in net assets available for benefits for the years ended December 31, 2021, and 2020, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **DUTCH FARMS, INC. PROFIT SHARING 401(K) PLAN'S** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021, and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **DUTCH FARMS, INC. PROFIT SHARING 401(K) PLAN** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **DUTCH FARMS, INC. PROFIT SHARING 401(K) PLAN'S** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **DUTCH FARMS, INC. PROFIT SHARING 401(K) PLAN'S** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **DUTCH FARMS, INC. PROFIT SHARING 401(K) PLAN'S** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

DUTCH FARMS, INC. PROFIT SHARING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1. DESCRIPTION OF THE PLAN

The following description provides only general information on the provisions of the **DUTCH FARMS, INC. PROFIT SHARING 401(K) PLAN** (the “Plan”). Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

A. General

The Plan is a defined contribution plan established by **Dutch Farms, Inc., Good Foods, Inc., Pullman Sugar, LLC, Wooden Shoe Logistics LLC, dba Pullman Logistics, and Pullman Innovations, LLC** (the “Companies”) under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Companies. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Dutch Farms, Inc., Good Foods, Inc., Inc., Pullman Sugar, LLC, Wooden Shoe Logistics LLC, dba Pullman Logistics, and Pullman Innovations, LLC are entities with common ownership.

B. Amendments

Effective June 16, 2021, the Plan was amended and restated to meet the requirements of the Internal Revenue Code. Further information can be obtained from management.

C. Eligibility and Participation

Employees who have completed 2 months of service and attained the age of 18, are eligible to participate in the plan. The date of entry into the Plan is the 1st day of the month following the date that the participant satisfies the eligibility requirements.

D. Contributions

Participants may elect to contribute up to a maximum of 90% of their pre-tax compensation subject to certain federal limitations. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Companies, in turn, may make a matching contribution equal to a discretionary percentage of the eligible wages subject to certain overall limitations. The Companies may also make discretionary profit-sharing contributions on behalf of eligible participants.

E. Participant Accounts

Individual accounts are maintained for each participant to reflect the participant’s contributions and related employer matching contributions, as well as the participant’s share of the Plan’s income and any related administrative expenses. Allocations are based on the participant’s eligible compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

DUTCH FARMS, INC. PROFIT SHARING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1. DESCRIPTION OF THE PLAN - Continued

F. Vesting

Participants are fully vested in their contributions plus earnings thereon. Participants who leave the Plan because of death, normal retirement after age 65, or disability retirement, as defined in the Plan, are considered 100% vested. The Companies' matching and nonelective contributions are vested in accordance with the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Vesting under the Plan is based upon the 'elapsed time' method. Participants receive a year of service for each 12 months of employment.

G. Notes Receivable from Participants

A participant may borrow the lesser of \$50,000 or 50% of his or her vested account balance with a minimum loan amount of \$1,000. Loans are required to provide for level amortization with payments to be made not less frequently than quarterly, over a period not to exceed five years. Total participant loan balances outstanding as of December 31, 2021 and 2020 were \$177,823 and \$197,255, respectively. The interest rate is determined by the Plan Administrator based on prevailing market conditions and is fixed over the life of the loan.

H. Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. Participants in service may make hardship withdrawals from their vested contributions upon demonstration of immediate and heavy financial need. Participants in service may also make in-service withdrawals upon reaching normal retirement age. The form of payment is a lump-sum distribution or substantially equal periodic installments over a period of time selected by the participant not to exceed the participant's life expectancy.

I. Forfeitures

Participant forfeitures are used to reduce the Plan's expenses and employer's contributions. In the years ended December 31, 2021 and 2020, \$1,424 and \$0 in forfeitures were used to offset Plan expenses or employer's contributions. At December 31, 2021 and 2020, the Plan had \$23,507 and \$18,410 in unapplied forfeitures, respectively.

DUTCH FARMS, INC. PROFIT SHARING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1. DESCRIPTION OF THE PLAN - Continued

J. Excess Contributions Payable

Employee contributions of \$598,100 and \$496,697 for the plan years ended December 31, 2021 and 2020, respectively, are net of \$54,390 and \$93,527, respectively, for amounts payable to return participants' excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These excess contributions are included as excess contributions payable on the Statement of Net Assets Available for Benefits at December 31, 2021 and 2020.

K. Other Employer Contributions

During 2021, the Plan recorded "Other employer contributions" of \$60,280, of which \$54,390 represents a required qualified non-elective contribution resulting from failed non-discrimination testing in 2021. The remaining \$5,890 represents lost earnings due to late contributions as determined by the Department of Labor. Further information may be obtained from management.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

Investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis, and dividends are recorded on the ex-dividend date.

D. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

E. Payments of Benefits

Benefit payments to participants are recorded when paid.

DUTCH FARMS, INC. PROFIT SHARING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

F. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the employers. Expenses that are paid by the employers are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Administrative expenses may be paid with funds from forfeited nonvested accounts.

NOTE 3. FAIR VALUE MEASUREMENTS

VALUATION OF INVESTMENTS – FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows.

LEVEL 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

LEVEL 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in active markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

LEVEL 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

DUTCH FARMS, INC. PROFIT SHARING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 3. FAIR VALUE MEASUREMENTS – Continued

Common Stock: Valued at the daily closing price as reported by the stock. Common stocks held by the Plan are registered with the Securities and Exchange Commission. These common stocks are required to publish their daily net asset value (NAV) and to transact at that price. The common stocks held by the Plan are deemed to be actively traded.

Common Collective Trusts (CCT): Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The common collective trust has no unfunded commitments as of December 31, 2021, and 2020 and can be redeemed daily with no redemption price notice period or other redemption restrictions.

The preceding methods may produce fair value calculations that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021, and 2020.

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 4. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included on the accompanying financial statements and supplementary schedules is complete and accurate:

- a. Total investments as shown on the accompanying Statements of Net Assets Available for Benefits of \$10,870,446 and \$9,254,234 as of December 31, 2021, and 2020, respectively.
- b. Total investment income (loss) as shown on the accompanying Statements of Changes in Net Assets Available for Benefits of \$1,344,941 and \$1,416,896 for the years ended December 31, 2021 and 2020, respectively.

Additionally, the Trustee certified all information on the Schedule H, Line 4i- Schedule of Assets (Held at Year End) at December 31, 2021, which may be found on the supplementary schedules.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included on the related financial statements and supplementary schedules.

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 7. TAX STATUS

The Internal Revenue Service has determined and informed the Companies by a letter dated June 30, 2020, that the Plan and related trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

DUTCH FARMS, INC. PROFIT SHARING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 7. TAX STATUS – Continued

The Plan has adopted recently issued accounting principles related to uncertain tax positions and has evaluated its tax positions taken from all open tax years. Currently, the 2018, 2019 and 2020 tax years are open and subject to examination by the Internal Revenue Service and the Department of Labor. The 2014 tax year was audited by the Internal Revenue Service. The Internal Revenue Service concluded their audit in May 2019, and the Plan recorded all adjustments resulting from the audit. The Department of Labor has examined the 2016 to 2019 tax years and concluded their examination in January 2021, and the Plan recorded all adjustments resulting from this examination.

Based on evaluation of the Plan's tax positions, the Plan Administrator believes all positions taken would be upheld under examination. Therefore, no provision for the effects of uncertain tax positions have been recorded for the years ended December 31, 2021, and 2020. Any interest and penalties recognized and associated with a tax position would be classified as other expenses on the Plan's financial statements. No such amounts were recognized in the years ended December 31, 2021, and 2020.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the Statements of Net Assets Available for Benefits.

NOTE 9. COMMON COLLECTIVE TRUST

One of the Plan's investment options is the Fidelity Advisor Stable Value Portfolio, a common collective trust (the "Portfolio"). The Portfolio is a commingled pool managed by an affiliate of Fidelity Management Trust Company. The Portfolio invests in underlying assets, such as short-term bonds and other fixed income securities and purchases wrap contracts issued by insurance companies and other financial institutions. The Portfolio is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The wrap issuer guarantees a minimum rate of return and provides full benefit responsiveness.

Because the Portfolio is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

DUTCH FARMS, INC. PROFIT SHARING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 9. COMMON COLLECTIVE TRUST– Continued

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the Portfolio at December 31, 2021, and 2020 was \$935,137 and \$546,889, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events may limit the Plan's ability to transact at contract value with Fidelity. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The average yield within the Trust based on actual earnings for the year ended December 31, 2021, was 1.66%. The average yield credited to participants for the year ended December 31, 2021, was 0.83%.

NOTE 10. SUBSEQUENT EVENTS

The Plan has evaluated events subsequent to December 31, 2021, for possible adjustment or disclosure to the accompanying financial statements. This evaluation was done through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.
