Independent Auditor's Report

Plan Committee
MTT Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of MTT Corporation 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for plan benefits for the year ended December 31, 2022, and the related notes to the financial statements ("Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

In performing an audit in accordance with GAAS, we: (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA
The supplemental schedules, Schedule H, Line 4a-Shceudle of Delinquent Participant Contributions for the year ended December 31, 2022, and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of MTT Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan established by Medical Technology Transfer Corporation (the "Company" or "Employer") to provide benefits to eligible employees, as defined in the Plan documents. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (IRC), as amended, and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

The Company has appointed a Plan administrator to manage the operation and administration of the Plan. The Company has contracted with Empower Annuity Insurance Company of America and Empower Trust Company LLC fka Great-West Trust Company, LLC (the "trustees" or "Empower") to act as the trustees and recordkeeper to process and maintain the records of participant data; Ascensus Holdings, Inc. as third-party administrator; and IFP Securities LLC to act as an investment advisor to the Plan.

Eligibility

All employees who are age 21 or over and have completed 500 hours of service within the six-month time period following their date of hire, are eligible to participate in the Plan. If the employee does not complete 500 hours of service within the six-month time period of employment, then he or she will have satisfied the service requirement with one year of service. The eligible participant may enter the Plan in the calendar month following the satisfaction of eligibility requirements.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participants' contributions, rollovers from qualified plans of the participant's previous employers, and allocations of the Plan's earnings and administrative expenses. Each participant's account is credited with the participant's contributions and the Employer's contribution, if any. Plan earnings are allocated based on participant account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

Participant Contributions

Each year, participants may enter into a salary deferral agreement and contribute any amount, with a minimum of 1% of compensation and not to exceed elective deferral limits imposed by the IRC, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Contributions (Continued)
Participants are also allowed to make rollover contributions to the Plan from other qualified retirement plan or from an IRA. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

The Plan includes an automatic salary deferral feature. Accordingly, once a participant is eligible, and unless an alternative salary deferral election is made, the Employer will automatically withhold 3% of eligible compensation and contribute that amount to the Plan as a pretax deferral.

Employer Contributions
As defined in the Plan, the Employer may make elective matching contributions at its sole discretion. In 2022, the Employer matched the lower of 25% of each participant's deferral contribution, or 1.5% of salary, for a maximum of $4,575 per participant. All Employer contributions are invested in the same manner that the participant directs his or her investments.

Investment Options
Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. All Employer contributions are invested in the same manner that the participant directs his or her investments. Participants may change their investment options any time throughout the year via the Empower website. The Plan currently holds a combination of mutual funds as investment options for the participants.

Vesting
Plan participants are immediately vested in their elective deferrals including actual earnings thereon. In addition, participants vest in the discretionary Employer contributions based on their years of services as follows:

Completed Years of Service	Vested Percentage
Less than 1 year	0%
1 but less than 2 years	20%
2 but less than 3 years	40%
3 but less than 4 years	60%
4 but less than 5 years	80%
5 or more years	100%

Notes Receivable from Participants
Participants may borrow from their account a minimum of $1,000, up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance, reduced by the highest outstanding loan balance in the prior 12-month period. The loans are secured by the balance in the participant's account and bear a rate of interest as determined by the Plan administrator, based on the prevailing interest rates charged by persons in the business of lending money under similar circumstances. Notes receivable from participants at December 31, 2022 and 2021 bear interest ranging from 4.25% to 7.25% and mature through October 2025.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants (Continued)
Loan terms are specified for each loan. Loans must be repaid within a five-year period unless the loan is used to purchase a principal residence. Principal and interest are paid ratably through biweekly payroll deductions.

Forfeited Accounts
At December 31, 2022 and 2021, forfeited non-vested accounts totaled $3,115 and $745, respectively. These accounts may be used to pay Plan expenses, reduce nonelective contributions, or reduce any future matching contributions.

Plan Expenses
Administrative expenses incidental to the administration of the Plan, including fees of the trustee and custodian and independent public accountants, may be paid by the Employer. Administrative expenses not paid by the Employer are paid by the Plan. Expenses paid by the employer are excluded from these financial statements.

Payment of Benefits
Active participants may withdraw amounts from their accounts up to their entire vested interest if they attain the age of 59 ½ years or qualify for financial hardship.

Upon death or disability, the participant may elect to receive a lump-sum cash payment and they immediately become 100% vested in their account balance. An employee who terminates employment with a vested account balance of $5,000 or less will receive an involuntary cash-out distribution.

Financial Hardship Distributions
The Plan allows hardship withdrawals in accordance with the Internal Revenue Service ("IRS") regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value, except for the guaranteed annuity contract, which is reported at contract value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Certain management fees and operating expenses charged to the Plan for investments in registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits
Benefit payments are recorded when paid.

Administrative Expenses
Certain management fees and operating expenses charged to the Plan for investments in registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

NOTE 3 – CERTIFIED INFORMATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower, the trustee of the Plan, has certified the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for plan benefits as of December 31, 2022 and 2021;
- Net depreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2022;
- Assets reflected on the supplemental schedule of assets (Held at End of Year) as of December 31, 2022.
- Notes receivable reflected on the accompanying statements of net assets available for plan benefits as of December 31, 2022 and 2021.

NOTE 4 – FAIR VALUE MEASUREMENTS

The fair value measurements standard established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data, by correlation or other means.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Registered investment Companies (Mutual Funds):
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish the daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Investments at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 3,642,792	$ -	$ -	$ 3,642,792

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 3,765,742	$ -	$ -	$ 3,765,742

NOTE 5 – GROUP ANNUITY CONTRACT

The Plan has entered into a fully benefit-responsive guaranteed annuity contract with Empower. Empower invests the contributions in the Key Guaranteed Portfolio Fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed annuity contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the guaranteed annuity contract. Contract value, as reported to the Plan Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The interest rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest rate as stated in the contract, and prevailing market conditions. The rates as of December 31, 2022 and 2021 are 0.94% and 0.90%, respectively, and are reset quarterly.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA and (5) premature termination of the contract. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Empower, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Notes receivable from participants and the related interest income are also considered related party transactions.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, including registered investment companies and common collective trusts. Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions if any. Net assets available for plan benefits would be distributed to the participants, based on each participant's interest in the Plan.

NOTE 9 – FEDERAL INCOME TAX STATUS

Effective March 31, 2008, the Plan adopted a prototype plan sponsored by Matthews Benefit Group Inc. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan is designed, and is being operated, in compliance with the applicable provisions of the IRC.

The Plan administrator believes the amendments to the original Plan document will not adversely impact the Plan's compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan's management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability, asset, or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 – NONEXEMPT TRANSACTIONS

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain Plan contributions were not remitted to the Plan within the time frame specified by the Department of Labor's Regulation 29 (CFR 2510.3-102), thus constituting nonexempt transactions between the Plan and Employer.

During 2016, the Plan sponsor failed to remit contributions to the trustee as a result of an administrative error. Delinquent participant contributions for the 2016 plan year included $3,066 of employee contributions and $253 of loan repayments.

During 2019, the Plan sponsor failed to deposit $72 of participants' contributions within the required timeframe as defined by the United States Department of Labor's regulations. The Company deposited the contributions with the trustee in 2021.

During 2020, the Plan sponsor failed to deposit $6,775 of participants' contributions within the required timeframe as defined by the United States Department of Labor's regulations.

The Employer intends to reimburse the Plan for lost interest, file Form 5330, and pay the applicable excise tax in 2023. The excise tax payments will be made from the Employer's assets, and not from assets of the Plan.

NOTE 11 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements at December 31, 2022, and December 31, 2021, to the Form 5500:

	2022	2021
Net assets available for plan benefits per financial statements	$ 3,933,003	$ 3,870,497
Deemed distribution of loans	(16,714)	(16,714)
Net assets available for plan benefits per Schedule H of the Form 5500	**$ 3,916,289**	**$ 3,853,783**

NOTE 12 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through January XX, 2024, which is the date the financial statements were available to be issued and has determined that there are no subsequent events that require disclosure.
