Independent Auditors' Report

The Plan Administrator
The J. M. Smucker Company
Represented Employees' Retirement Plan
Orrville, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The J. M. Smucker Company Represented Employees' Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of April 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of April 30, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of April 30, 2023 and the supplemental schedules of reportable transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMPLOYEES' RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note A. Description of Plan

The following is a summary of certain provisions of The J. M. Smucker Company Represented Employees' Retirement Plan (the "Plan"). Participants should refer to the Plan document for more complete information.

The Plan is a defined benefit plan that covers certain hourly-rate union personnel of The J. M. Smucker Company (the "Company") and certain of its subsidiaries. Participation varies as determined by each collective bargaining agreement. Pursuant to these agreements, the Plan is currently frozen to new participants. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Benefits under the Plan are based upon the years of credited service, multiplied by a benefit accrual rate for vested participants upon retirement, death, or termination. Benefit accrual rates vary according to the year in which the employee terminates. Participants become vested in the Plan after five years of credited service with the Company. Participants can elect to receive their benefits as an annuity or a lump-sum.

Effective as of the close of business on December 31, 2022, the Company executed an amendment to the Plan as part of a restructuring initiative. As a result, certain classes of union employees referred to as the "Milk-Bone Employees," from the Big Heart Pet Brands Retirement Plan ("Big Heart Plan"), were merged into the Plan. The plan document was amended by the Company on the merger date to include the relevant appendices from the plan document of the Big Heart Plan and all provisions pertaining to the Milk-Bone Employees. Total assets transferred into the Plan were \$4,365,682.

Note B. Summary of Significant Accounting Policies

Basis of Accounting:

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Administration & Investments Committee determines the Plan's valuation policies utilizing information provided by its investment advisers, custodian, and SEI Private Trust Company ("SEI" or "Trustee"). See Note E. for a description of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

THE J. M. SMUCKER COMPANY REPRESENTED
EMPLOYEES' RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note B. Summary of Significant Accounting Policies (Continued)

Actuarial Present Value of Accumulated Plan Benefits:

Accumulated plan benefits (see Note D.) are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired, terminated, or deceased employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on the number of years of credited service earned times the monthly benefit rate as specified in the Plan. The actuarial value of accumulated benefits was determined on a "going concern" basis, based on each participant's age and service as of the valuation date.

Administrative Fees:

All administrative fees are paid by the Company.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Payment of Benefits:

Benefit payments to participants are recorded upon distribution.

Subsequent Events:

The Company has evaluated subsequent events through February 9, 2024, which is the date the financial statements were available to be issued.

Note C. Trustee Certification

SEI Private Trust Company, Trustee of the Plan, holds the Plan's investment assets and executes transactions therein. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of the investments and accrued income reflected in the statements of net assets available for benefits at April 30, 2023 and 2022, the supplemental schedules as of and for the year ended April 30, 2023, the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended April 30, 2023 and 2022, and the related investment information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

THE J. M. SMUCKER COMPANY REPRESENTED
EMPLOYEES' RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note D. Accumulated Plan Benefits

The Plan's independent actuary estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The Plan provides for benefit payments to be paid as a lump-sum or, in certain circumstances, to commence upon the date of normal or qualified early retirement or the death or other termination of an active employee. The Plan provides for the immediate payout to a participant upon retirement, death, or other termination if the actuarial present value of the participant's nonforfeitable accrued retirement benefit payable does not exceed \$5,000. For any mandatory distributions greater than \$1,000 and up to and including \$5,000 for which the participant does not make an election for either a rollover to an eligible retirement plan or a direct distribution, the Company will pay the distribution in a direct rollover to an individual retirement plan designated by the Company.

The actuarial present value of accumulated plan benefits at May 1, 2022 is as follows:

Vested benefits:	
Participants currently receiving payments	\$ 44,440,469
Other participants	<u>30,293,902</u>
	74,734,371
Nonvested benefits	<u>1,215,707</u>
	<u>\$ 75,950,078</u>

Changes in accumulated plan benefits from May 1, 2021 to May 1, 2022 are as follows:

Actuarial present value of accumulated plan benefits - May 1, 2021	\$ 82,022,138
Changes during the year attributable to:	
Benefits accumulated	717,499
Actuarial losses	1,504,587
Decrease in the discount period	3,819,633
Actual benefits paid	(12,693,962)
Change in assumptions	264,371
Plan amendments	<u>315,812</u>
Net decrease	<u>(6,072,060)</u>
Actuarial present value of accumulated plan benefits - May 1, 2022	<u>\$ 75,950,078</u>

The information above does not consider the effect of the transfer described in Note A.

THE J. M. SMUCKER COMPANY REPRESENTED
EMPLOYEES' RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note D. Accumulated Plan Benefits (Continued)

Significant assumptions underlying the actuarial computations are as follows:

	Year Beginning May 1,	
	<u>2022</u>	<u>2021</u>
Life expectancy of participants	PRI-2012 table (MP-2021 mortality improvement scale) using separate gender-distinct rates for annuitants and non-annuitants	PRI-2012 table (MP-2020 mortality improvement scale) using separate gender-distinct rates for annuitants and non-annuitants
Annuity discount rate	5.00%	5.00%
Lump-sum discount rate	5.00%	5.00%
Retirement	100% by age 65	100% by age 65

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Note E. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Significant observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Significant unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for plan assets measured at fair value.

- Mutual funds: Valued at the quoted net asset value ("NAV") of shares held by the Plan at year end. These are classified as Level 1.
- U.S. government agencies: Valued based on observable market information in primary markets or determined by pricing services based on market values for investments with similar credit ratings and maturity dates. These securities are classified as Level 2.
- Collective trust fund: Valued at fair value using the NAV per share (or its equivalent) practical expedient and, therefore, has not been classified in the fair value hierarchy.

THE J. M. SMUCKER COMPANY REPRESENTED
EMPLOYEES' RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note E. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2022 to 2023. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan assets as of April 30, 2023 and 2022:

Assets at Fair Value as of April 30, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$58,329,224	\$ -	\$ -	\$58,329,224
U.S. government agencies	-	12,893,650	-	12,893,650
Total assets in the fair value hierarchy	<u>\$58,329,224</u>	<u>\$12,893,650</u>	<u>\$ -</u>	71,222,874
Investments measured at NAV:				
Collective trust fund				<u>7,090,805</u>
Investments at fair value				<u>\$78,313,679</u>

Assets at Fair Value as of April 30, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$51,891,858	\$ -	\$ -	\$51,891,858
U.S. government agencies	-	6,502,797	-	6,502,797
Total assets in the fair value hierarchy	<u>\$51,891,858</u>	<u>\$ 6,502,797</u>	<u>\$ -</u>	58,394,655
Investments measured at NAV:				
Collective trust fund				<u>13,134,892</u>
Investments at fair value				<u>\$71,529,547</u>

The Plan values its investments in the collective trust fund at amounts reported by the investment manager and as validated through consideration of the audited financial statements of the investments. Accordingly, the Plan does not use separate quantitative information to value the investments.

THE J. M. SMUCKER COMPANY REPRESENTED
EMPLOYEES' RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note E. Fair Value Measurements (Continued)

The following table summarizes the investment strategy type of the collective trust fund as of April 30, 2023 and 2022:

Instrument	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
SEI Core Property CIT (a)				
April 30, 2023	\$ 7,090,805	\$ -	Quarterly	95 days
April 30, 2022	13,134,892	-	Quarterly	95 days

(a) The SEI Core Property Collective Investment Trust (the "Fund") seeks both current income and appreciation through investment in underlying funds that acquire, manage, and dispose of commercial real estate properties. The Fund expects to invest at least 85% of its assets in open-end core underlying funds focused on properties in the U.S. with "core" meaning high-quality, low-leveraged, income-generating office, industrial, retail, and multi-family properties, generally fully-leased to creditworthy companies and governmental entities. Up to 5% of the Fund's net assets may be invested in liquid real estate strategies (publicly-traded REITs) for cash management purposes and the Fund may have up to 15% allocation to non-core sectors and strategies.

Note F. Party-in-Interest Transactions

The Plan currently holds investments which are under the management of the Trustee. Therefore, these qualify as party-in-interest transactions.

Note G. Funding Policy

Funding requirements are determined annually. The Company has agreed to contribute such amounts as are necessary to meet the minimum funding requirements of ERISA and to provide assets sufficient to meet the benefits to be paid to Plan participants.

Note H. Plan Termination

The Company expects to continue the Plan indefinitely, but reserves the right to terminate it subject to agreement between the Company and the unions representing the employees covered by the Plan. In the event of termination, Plan assets shall be apportioned and distributed for the purchase of annuities in the order of priority outlined in the Plan agreement subject to compliance with ERISA regulations.

THE J. M. SMUCKER COMPANY REPRESENTED
EMPLOYEES' RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note H. Plan Termination (Continued)

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC"). Should the Plan terminate at some future time, its net assets may not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by, and the financial condition of, the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

Note I. Income Tax Status

The Plan obtained a determination letter on December 7, 2016, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of April 30, 2023, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

Note J. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

Inclusion date The valuation date coincident with or next following the date on which the employee becomes a participant.

New or rehired employees It was assumed there will be no new or rehired employees.

Mortality

- **Healthy** For minimum funding purposes, the prescribed mortality assumption under IRC 430(h)(3)(A) using static tables with separate mortality rates for annuitants and non-annuitants.
- **Disabled** For minimum funding purposes, the permitted tables under IRS Revenue Ruling 96-7 are used for disabled participants.
- **Lump Sum** The 2022 IRS mortality table without future projection.

Termination The following rates are illustrative of the annual probability of withdrawal.

Attained Age	Rate
25	7.00%
35	6.00
45	3.00
55	1.00
56	0.00

Disability The DP-1985 Disability Table using sex-distinct rates for male and female employees. No disability is assumed for Milk-Bone participants. The following rates are illustrative:

Attained Age	Males	Females
25	0.093%	0.096%
35	0.199	0.252
45	0.505	0.522

Benefit commencement date:

- Preretirement death benefit Upon death of the participant.
- Deferred vested benefit For the annuity portion, later of age 65 or termination of employment.
For the lump sum portion, immediate upon termination.
- Disability benefit Upon disablement with at least 15 years of service for former Grandview and 10 years of service for former Specified Union. Age 65 for former Orrville with a least 15 years of service, otherwise immediate.
- Retirement benefit Upon termination of employment and at least age 55 with 10 years of service.

Form of payment

Non-Milk-Bone participants: 50% of participants reaching retirement or termination are assumed to elect a lump sum payment while the remaining 50% of participants are assumed to elect an annuity. For married participants electing an annuity, 80% are assumed to elect 50% J&S annuity and 20% electing a straight life annuity. For deferred vested participants, 80% of married participants are assumed to elect the 50% joint and survivor form and 20% are assumed to elect a single life form.

Milk-Bone participants are assumed to elect an annuity with all married participants assumed to elect a 100% joint and survivor form of payment.

Percent married

Milk-Bone It was assumed that 95% of males and 85% of females are married.

All others It was assumed that 85% of males and 50% of females are married.

Spouse age

Females are assumed to be three years younger than males.

Administrative expenses

No margin is included, expenses are to be met directly.

Covered pay

Assumed plan compensation for the year beginning on the valuation date was determined as the prior year's total pay as provided by the plan sponsor, increased with a full year's assumed compensation increase.

At-risk assumptions	For at-risk calculations, all participants eligible to elect benefits during the current and subsequent ten plan years are assumed to commence benefits at the earliest possible date under the plan, but not before the end of the current plan year, except in accordance with the regular valuation assumptions. In addition, all participants (not just those eligible to begin benefits within the next 11 years) are assumed to elect the most valuable form of benefit under the plan.
Timing of benefit payments	Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.
Worker's Compensation Offset to Disability Benefit	In valuing the disability benefit for active employees, no benefit offset has been assumed due to Worker's Compensation payments.

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
Actuarial value of assets	<p>Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year.)</p> <p>The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.</p>

Benefits not valued	All benefits described in the Plan Provisions section of this report were valued based on discussions with The J. M. Smucker Company regarding the likelihood that these benefits will be paid. Willis Towers Watson has reviewed the plan provisions with The J. M. Smucker Company and, based on that review, is not aware of any significant benefits required to be valued that were not.
----------------------------	---

Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Lump sum conversion rate	As required by IRC 430, lump sum benefits are valued using “annuity substitution”, so that the interest rates assumed are effectively the same as described above for the discount rate, adjusted as required to account for the fact that the plan’s lump sum conversion rate is either IRC 417(e) assumptions or whichever produces the larger lump sum.

Assumptions Rationale - Significant Demographic Assumptions

Healthy Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Disabled Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination	Assumed termination rates differ by age and gender because of observed and expected differences in termination rates by age and gender.
Disability	Assumed disability rates differ by age and gender because of observed and expected differences in disability rates by age and gender.
Retirement	Retirement rates are based on plan sponsor expectations for the future reflecting plan changes, availability of Social Security and Medicare, and workforce events like early retirement windows that have occurred and current economic conditions with periodic monitoring of observed gains and losses caused by retirement patterns different than assumed.

Source of Prescribed Methods

Funding methods	The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are “prescribed methods set by law”, as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Change in assumptions since prior valuation

The interest rates used to calculate the funding target were updated to the current valuation date as required by IRC §430.

The mortality table used to calculate the funding target and target normal cost was updated to reflect the latest mortality improvement scale, as required by guidance issued by IRS under IRC §430. The mortality table was updated to include one additional year of projected mortality improvement as required by guidance issued by IRS under IRC §430.

The valuation reflects assumptions for Milk-Bone participants that merged into the plan on December 31, 2022 consistent with the valuation of those participants' funding target and target normal cost under their former plan.

Change in methods since prior valuation

Due to a non-de minimis mid-year merger on December 31, 2022, a funding method change was required for 2022. The merger resulted in no additional funding balance or shortfall. The net effect of the funding method change resulted in an increase in the 2022 Minimum Required Contribution of \$110,950 due entirely to the Target Normal Cost for the Milk-Bone population for the period from December 31, 2022 to April 30, 2023.

Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

SCHEDULE SB ATTACHMENTS

Schedule SB, Line 22 Description of Weighted Average Retirement Age as of May 1, 2022

See Schedule SB, Part V - Statement of Actuarial Assumptions/Methods for retirement rates. The average retirement age for Line 22 was calculated by determining the average age at retirement for those current active participants expected to reach retirement, based on all current decrements assumed.

For the actuarial valuation, the average retirement age is 63.

Disability Benefit

Eligible upon total and permanent disability after 15 Years of Service.

The disability benefit is the accrued normal retirement benefit based on Years of Participation at disability reduced by Worker's Compensation payments received for those disabled prior to May 5, 2015. For those disabled on or after May 5, 2015, the benefit will continue to accrue while the participant is receiving LTD payments, but no payments will be paid from the plan at that time.

Vested Benefits Upon Termination of Service

Eligible upon termination after 5 Years of Service.

The vested termination benefit is the accrued normal retirement benefit determined using years of participation and the benefit multiplier in effect at termination. The benefit is payable at age 65 or, if the employee has 10 Years of Service (15 years of service for terminations prior to May 5, 2000), payable as early as age 60 reduced by .4% per month preceding age 65.

Preretirement Death Benefits

Upon death after completion of 5 Years of Service, provided that the employee has been married to their current spouse for at least one year.

The surviving spouse will receive the benefit she would have received if the employee had retired on the day of his death and had elected a 50% Joint and Survivor option. If death occurs prior to age 60, benefits to the spouse will commence with the month following the date that the employee would have reached age 60.

Optional Forms of Retirement Income in Lieu of Normal Form

Unless otherwise elected, any benefit payable under the Plan shall be paid on a 50% Joint and Survivor basis, if the employee has been married to their current spouse for at least one year, or on a straight-life basis otherwise, with the proviso that all benefits paid will be the actuarial equivalent of a benefit payable on a single life basis. An actuarially equivalent lump sum option is also available.

Early Retirement Benefit

Eligibility is age 55 with 5 years of service (10 years for Toledo).

For Toledo, monthly benefit is accrued benefit as of early retirement date multiplied by an early retirement factor due to earlier commencement of payments.

Age	Factors
65	100%
64	100%
63	100%
62	100%
61	98%*
60	94%*
59	90%
58	86%
57	82%
56	77%
55	72%

*For Toledo, retirements after age 60 with 30 or more years of service receive factors of 100% at age 61 and 98% at age 60.

Disability Benefit

Eligibility is six months of disablement and 9 years and six months of credited service (5 years of credited service for Elyria).

The monthly benefit is the normal retirement benefit, but no less than \$275 per month for Lockport and \$475 per month for Toledo.

Vested Benefits Upon Termination of Service

Vesting is 5 years of vesting service.

The termination benefit is equal to the vested accrued benefit, payable in the normal form, commencing at normal retirement date. Optionally, the participant may elect to receive a reduced benefit commencing as early as age 55, reduced by 4% per year that payments start prior to age 65.

Plan Name: The J. M. Smucker Company Represented Employees' Retirement Plan

SCHEDULE SB ATTACHMENTS

Plant Shutdown

Eligibility is termination of employment due to a plant shutdown with 25 or more years of service. If age 55 or older, no improved benefit is provided.

The benefit is computed under the Early Retirement provisions as though the participant were age 55 and is available to commence immediately.

Death Benefits for Participants in Active Service

Eligibility is 5 years of vesting service or age 65.

The participant's spouse will receive a monthly retirement income payable for life in an amount equal to 50% of the amount the participant would have received if he had survived and elected to commence receiving a retirement income at the earliest date allowed under the plan, payable under the qualified joint and 50% contingent option.

For Toledo and Lockport, the earliest date at which the participant's spouse can receive payment is immediately following the participant's death for a participant who attained age 50 with 15 years of service or age 45 with 20 years of service. In this case, an additional early reduction of 4% per year prior to age 55 is applied.

Post Retirement Death Benefit

For retirement before May 1, 2014:

If death occurs after retirement, the participant's beneficiary will receive a lump sum death benefit of \$3,500 (\$3,000 for Lockport and \$1,500 for Elyria).

For retirement after May 1, 2014: None.

Form of Payment

Benefits are payable on a single life basis or alternatively as actuarially reduced 50%, 75% or 100% Joint & Survivor basis. A Social Security Level Income Option is available for some locations. An actuarially equivalent lump sum option is available.

Schedule SB, Line 25 Change in Method

Changes in methods since prior valuation

Change in methods since prior valuation	Due to a non-de minimis mid-year merger on December 31, 2022, a funding method change was required for 2022. The merger resulted in no additional funding balance or shortfall. The net effect of the funding method change resulted in an increase in the 2022 Minimum Required Contribution of \$110,950 due entirely to the Target Normal Cost for the Milk-Bone population for the period from December 31, 2022 to April 30, 2023.
