Independent Auditor's Report

Plan Trustees and Plan Participants
McNeilus Steel, Inc. 401(k) and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of McNeilus Steel, Inc. 401(k) and Profit-Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2023 and 2022, the related statements of changes in net assets available for benefits for the year ended September 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2023 and 2022, and for the year ended September 30, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of September 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of McNeilus Steel, Inc. 401(k) and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution 401(k) and profit sharing retirement plan covering substantially all employees of McNeilus Steel, Inc. (the Plan Sponsor, Plan Administrator or employer). The Plan Sponsor has appointed Bell Bank to be the trustee, invest and manage the assets of the Plan, and provide administrative services. The Plan Sponsor is responsible for oversight of the Plan. The Plan Trustees determine the appropriateness of the Plan's investment offerings and monitor investment performance. To be eligible to make salary deferral contributions to the Plan, an employee must be age 18 or older and have completed two months of service. To be eligible for employer matching contributions, employees must complete one year of service and be at least 18 years old. To be eligible to receive their share of any employer discretionary profit-sharing contributions, employees must be age 18 or older, complete one year of service, and be employed on the last day of the plan year. Employees will also share in the profit-sharing contribution in the year of death, disability or termination of employment after normal retirement age, defined as age 62 by the Plan. An eligible employee enters the Plan on the first day of the Plan quarter following satisfaction of the Plan's eligibility requirements. The Plan is intended to satisfy all of the requirements of a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Employees who elect to participate in the Plan may make pretax and Roth 401(k) salary reduction contributions up to the maximum allowed by the Internal Revenue Service (IRS). In addition, those participants who have attained age 50 prior to the end of the plan year are eligible to make additional catch-up contributions, subject to certain IRS and Plan limitations. Participants may also contribute amounts representing rollover distributions from other qualified plans, subject to certain conditions and limitations specified in the Plan. Unless a participant makes an affirmative election, the Plan Sponsor will automatically withhold 4% of eligible compensation and this percentage increases by 1% per year up to a maximum of 10% of eligible compensation. The Plan Sponsor currently makes discretionary matching contributions of 50% of the first 6% of compensation that the participant contributes to the Plan. The Plan Sponsor may also make a discretionary profit-sharing contribution in accordance with the provisions of the Plan. For 2023, the Plan Sponsor elected to make a profit-sharing contribution equal to 3% of eligible employee compensation. Contributions are subject to certain limitations.

Contributions to the Plan are allocated to the participant's investment accounts in percentages elected by the participant. A participant may elect to change the future amount and/or allocation of contributions and may make a transfer of funds already allocated to a given investment option.

Participant accounts: Individual accounts are maintained for each participant of the Plan. Each participant's account is credited or charged with the participant's contributions and an allocation of the Plan Sponsor's contributions, if any, investment results and administrative expenses that are paid by the Plan. Allocations are based on participant contributions, participant compensation or account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Description of the Plan (Continued)

Vesting: Participants are immediately vested in their contributions (including rollover contributions) plus actual earnings thereon. A participant is 20% vested in their employer contributions plus actual earnings thereon after two years of credited service and continues to vest at 20% each year thereafter until becoming 100% vested after six years of credited service. A participant is also 100% vested in their account on the date they reach normal retirement age, meet the eligibility requirements for early retirement, or become disabled, or if they are employed by the Plan Sponsor at the time of their death.

Notes to participants: The Plan does not allow participants to borrow from their accounts.

Payment of benefits: A participant's benefits are based on the amount in the participant's account and the vesting policy described previously. Upon termination of service, a participant may elect to receive a lump-sum payment equal to the value of the participant's vested interest in his or her account, or installment payments. Distributions of benefits upon termination may become automatically payable if the participant's account balance is \$5,000 or less. If a participant's account balance is less than \$5,000, but more than \$1,000, and no distribution election is made by the participant, the Plan Sponsor may roll the balance into an individual retirement account for the benefit of the participant. Account balances of \$1,000 or less may be distributed automatically in a lump-sum cash payment to the participant. If the participant's account balance is over \$5,000, the participant must provide written consent before any distribution can be made. Voluntary withdrawals of a participant's account balance while still employed by the Plan Sponsor are allowed before attaining age 59½ for reasons of financial hardship. Additionally, in-service distributions of a participant's account upon attaining age 59½ are allowed, subject to the provisions of the Plan.

Forfeited accounts: Forfeited nonvested accounts totaled approximately \$41,000 and \$38,000 as of September 30, 2023 and 2022, respectively. In 2023, forfeited nonvested accounts were used to pay approximately \$56,000 in administrative expenses and to fund approximately \$26,000 in employer contributions.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies, utilizing information provided by the Plan's investment advisors and trustee. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis, and unrealized gains and losses are recorded based on the fair value of the investments as of the end of the reporting period. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of benefits: Benefits are recorded when paid.

Note 2. Significant Accounting Policies (Continued)

Plan administrative expenses: Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Administrative expenses are paid out of the Plan unless paid by the Plan Sponsor. Investment-related expenses are included as a component of net appreciation or depreciation in fair value of investments presented in the statement of changes in net assets available for benefits.

Subsequent events: The Plan Administrator has evaluated subsequent events through February 1, 2024, the date the financial statements were available to be issued.

Note 3. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Plan Sponsor may determine.

Note 4. Risks and Uncertainties

The Plan invests in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities have occurred since September 30, 2023, or will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2023 statement of net assets available for benefits.

Note 5. Information Certified or Provided by Bell Bank (Trustee)

The following is a summary of the Plan's asset information as of September 30, 2023 and 2022, and for the year ended September 30, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year), obtained by management and agreed to or derived from information provided by the trustee, Bell Bank. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2023	2022
Investments, at fair value:		
Mutual funds	\$ 52,368,269	\$ 41,198,568
Collective trust funds	16,814,854	14,158,632

The trustee also certified to the completeness and accuracy of \$7,781,727 of net appreciation in fair value of investments and \$1,399,981 of interest and dividends related to the aforementioned investments for the year ended September 30, 2023.

Note 6. Fair Value Measurements

The Plan holds certain financial instruments that are required to be measured at fair value on a recurring basis. U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the same term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan's policy is to recognize transfers in and transfers out as of the actual date of the event or change in circumstances that caused the transfer. For the year ended September 30, 2023, there were no transfers between levels.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2023 and 2022.

Mutual funds: Mutual funds are valued at quoted market prices for identical assets in active markets for the shares held by the Plan at year-end.

Collective trust funds: The fair market value of the collective trust funds has been established using the net asset value (NAV) provided by the administrator of the fund under the practical expedient approach and therefore is not assigned to a level in the hierarchy table. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The collective trust funds are not subject to restrictions regarding redemptions, and there are no unfunded commitments to the funds. There are also no restrictions on the NAV price or its equivalent.

The methods described above may produce fair values that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6. Fair Value Measurements (Continued)

The following tables reflect the Plan's investments within the fair value hierarchy at September 30, 2023 and 2022:

Description	September 30, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 52,368,269	\$ -	\$ -	\$ 52,368,269
Investments measured at NAV (a)				16,814,854
Investments at fair value				<u>\$ 69,183,123</u>

Description	September 30, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 41,198,568	\$ -	\$ -	\$ 41,198,568
Investments measured at NAV (a)				14,158,632
Investments at fair value				<u>\$ 55,357,200</u>

- (a) In accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 7. Tax Status

The Plan has adopted a defined contribution pre-approved plan sponsored by Newport Group, Inc. The pre-approved plan has received an opinion letter from the IRS as to the pre-approved plan's qualified status. This opinion letter has been relied upon by this Plan. The Plan has been amended subsequent to the date of the opinion letter. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate income tax positions taken by the Plan. The Plan Administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has no uncertain tax positions that require adjustment to or disclosure in the financial statements. Therefore, no provision or liability for income taxes is included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Related-Party Transactions

Certain Plan investments are managed by Bell Bank. Bell Bank is the trustee, as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan to the trustee, and other service providers are included in administrative expenses.
