| Part I | Service Provider Information (see instructions) |
|--------|-------------------------------------------------|

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

- a Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☒ Yes ☐ No
- b If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

**Part I Service Provider Information (continued)**

**3.** If you reported on line 2 receipt of indirect compensation, other than eligible indirect compensation, by a service provider, and the service provider is a fiduciary or provides contract administrator, consulting, custodial, investment advisory, investment management, broker, or recordkeeping services, answer the following questions for (a) each source from whom the service provider received \$1,000 or more in indirect compensation and (b) each source for whom the service provider gave you a formula used to determine the indirect compensation instead of an amount or estimated amount of the indirect compensation. Complete as many entries as needed to report the required information for each source.

Independent Auditors' Report

To the 401(k) Committee of  
Control Technologies, Inc. 401(k) Plan  
Williston, Vermont

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of the Control Technologies, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of April 30, 2023 and 2022, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of April 30, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **CONTROL TECHNOLOGIES, INC. 401(K) PLAN**

Notes to Financial Statements

April 30, 2023 and 2022

### **(1) Description of Plan**

The following description of the Control Technologies, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Adoption Agreement for a more complete description of the Plan's provisions.

#### ***(a) General***

The Plan is a defined contribution plan established by Control Technologies, Inc. (the "Company") effective May 1, 1988. All employees of the Company are eligible to participate in the Plan immediately upon hire and the attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### ***(b) Contributions***

Contributions to the Plan are made by both the Company and the employee. An employee may elect to contribute a percentage or an exact dollar amount of eligible compensation not exceeding the Internal Revenue Code ("IRC") limits.

All newly eligible employees are automatically enrolled into the Plan, unless they elect otherwise, at a 3% deferral rate. This rate will continue to increase by 1% automatically each year until it reaches 10%. Upon enrollment in the Plan, the participant directs contributions in any of the investment fund options offered by the Plan.

The Plan allows for safe harbor employer contributions. Under safe harbor regulations, the Company is required to contribute a minimum of 3% of each participant's eligible compensation to the Plan annually. All participants receive this contribution after they meet the eligibility requirements stated above. Maximum compensation eligible for an allocation is the IRC allowable compensation in effect for the Plan year.

In addition to safe harbor contributions, the Company may make non-elective discretionary contributions to the Plan. In accordance with the Plan, the Company may contribute to the Plan on behalf of six specified groups of participants. Specified groups are based by category of eligible employees and contribution amounts are determined by the Company. The Company must provide the administrator of the Plan with written notification of the amount of contribution to be allocated to each group. Maximum compensation eligible for an allocation is the IRC allowable compensation in effect for the Plan year. In 2023 and 2022, there were no non-elective discretionary contributions.

#### ***(c) Participant Accounts***

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings. Earnings are allocated to participant accounts based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### **Description of Plan (continued)**

#### ***(d) Vesting***

Participants are immediately vested with respect to their deferrals and the employer safe harbor contribution. Non-elective discretionary contributions are subject to the following vesting schedule: Participants are 20% vested after two years of service; the vested portion increases to 40% after three years of service, 60% after four years of service, 80% after five years of service and 100% after six years of service. A participant who dies, retires at or after age 65, or becomes permanently disabled is immediately 100% vested.

#### ***(e) Notes Receivable***

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) participant loans. Loan terms range from 1-5 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% at the time each loan is disbursed. Principal and interest is paid ratably through weekly payroll deductions.

#### ***(f) Hardship Withdrawals***

Participants may receive hardship withdrawals for reasons of financial hardship.

#### ***(g) Payment of Benefits***

Participants or their beneficiaries are entitled to receive a benefit equal to 100% of their account balance upon reaching the normal retirement age of 65, death, or disability. The accrued benefit includes the sum of the value of the participant's employee account, the value of safe harbor contributions, and the vested portion of the value of the related Company non-elective discretionary contributions and forfeitures. These values include the proportionate share of any income, expenses, or gains and losses attributable to the investment of Plan assets.

#### ***(h) Administrative Expenses***

Certain direct administrative expenses are paid by the Plan. All other administrative expenses are paid by the Company.

#### ***(i) Forfeitures***

Forfeitures represent amounts which could not be paid to terminated participants due to failure to meet vesting requirements. Forfeitures are allocated to participants who are eligible for employer contributions and are allocated using the same allocation formulas. Total forfeitures allocated were \$4,658 and \$4,491 in 2023 and 2022, respectively. There were \$103 and \$4,963 in unused forfeitures at April 30, 2023 and 2022, respectively.

### **(2) Summary of Significant Accounting Policies**

#### ***(a) Basis of Accounting***

The financial statements of the Plan are prepared using the accrual basis of accounting.

#### ***(b) Investments***

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### ***(c) Estimates***

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### ***(d) Risks and Uncertainties***

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

#### ***(e) Cash Equivalents***

The Plan considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

#### ***(f) Notes Receivable from Participants***

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

#### ***(g) Payment of Benefits***

Benefits are recorded when paid.

### **Summary of Significant Accounting Policies (continued)**

#### ***(h) Subsequent Events***

The Plan has evaluated subsequent events through January 31, 2024, the date the Plan's financial statements were available to be issued.

### **(3) Plan Termination and Amendment**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. Additionally, the Company may amend the Plan at any time without the consent of any participant or beneficiary provided that no amendment deprives any participant of the participant's non-forfeitable accrued benefits.

### **(4) Income Taxes**

The Plan is a prototype plan that has obtained a determination letter as of March 31, 2014, stating that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code. Generally, the Plan administrator and the Plan may rely on the determination letter as to the form of the Plan qualifying under the Internal Revenue Code (except as otherwise noted in the determination letter). Additionally, the Plan administrator believes the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and remains tax exempt.

The Plan will recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of April 30, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

### **(5) Information Certified by the Trustee**

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments, reflected on the accompanying statements of net assets available for plan benefits as of April 30, 2023 and 2022, the schedule of assets held for investment purposes as of April 30, 2023, and the related investment activity reflected in the statements of changes in net assets available for plan benefits for the years ended April 30, 2023 and 2022.

### (6) Fair Value Measurements

Generally accepted accounting principles in the United States of America established a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 30, 2023 and 2022.

*Mutual funds and money market funds:* Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Independent Auditors' Report

To the 401(k) Committee of  
Control Technologies, Inc. 401(k) Plan  
Williston, Vermont

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of the Control Technologies, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of April 30, 2023 and 2022, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of April 30, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **CONTROL TECHNOLOGIES, INC. 401(K) PLAN**

Notes to Financial Statements

April 30, 2023 and 2022

### **(1) Description of Plan**

The following description of the Control Technologies, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Adoption Agreement for a more complete description of the Plan's provisions.

#### ***(a) General***

The Plan is a defined contribution plan established by Control Technologies, Inc. (the "Company") effective May 1, 1988. All employees of the Company are eligible to participate in the Plan immediately upon hire and the attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### ***(b) Contributions***

Contributions to the Plan are made by both the Company and the employee. An employee may elect to contribute a percentage or an exact dollar amount of eligible compensation not exceeding the Internal Revenue Code ("IRC") limits.

All newly eligible employees are automatically enrolled into the Plan, unless they elect otherwise, at a 3% deferral rate. This rate will continue to increase by 1% automatically each year until it reaches 10%. Upon enrollment in the Plan, the participant directs contributions in any of the investment fund options offered by the Plan.

The Plan allows for safe harbor employer contributions. Under safe harbor regulations, the Company is required to contribute a minimum of 3% of each participant's eligible compensation to the Plan annually. All participants receive this contribution after they meet the eligibility requirements stated above. Maximum compensation eligible for an allocation is the IRC allowable compensation in effect for the Plan year.

In addition to safe harbor contributions, the Company may make non-elective discretionary contributions to the Plan. In accordance with the Plan, the Company may contribute to the Plan on behalf of six specified groups of participants. Specified groups are based by category of eligible employees and contribution amounts are determined by the Company. The Company must provide the administrator of the Plan with written notification of the amount of contribution to be allocated to each group. Maximum compensation eligible for an allocation is the IRC allowable compensation in effect for the Plan year. In 2023 and 2022, there were no non-elective discretionary contributions.

#### ***(c) Participant Accounts***

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings. Earnings are allocated to participant accounts based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### **Description of Plan (continued)**

#### ***(d) Vesting***

Participants are immediately vested with respect to their deferrals and the employer safe harbor contribution. Non-elective discretionary contributions are subject to the following vesting schedule: Participants are 20% vested after two years of service; the vested portion increases to 40% after three years of service, 60% after four years of service, 80% after five years of service and 100% after six years of service. A participant who dies, retires at or after age 65, or becomes permanently disabled is immediately 100% vested.

#### ***(e) Notes Receivable***

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) participant loans. Loan terms range from 1-5 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% at the time each loan is disbursed. Principal and interest is paid ratably through weekly payroll deductions.

#### ***(f) Hardship Withdrawals***

Participants may receive hardship withdrawals for reasons of financial hardship.

#### ***(g) Payment of Benefits***

Participants or their beneficiaries are entitled to receive a benefit equal to 100% of their account balance upon reaching the normal retirement age of 65, death, or disability. The accrued benefit includes the sum of the value of the participant's employee account, the value of safe harbor contributions, and the vested portion of the value of the related Company non-elective discretionary contributions and forfeitures. These values include the proportionate share of any income, expenses, or gains and losses attributable to the investment of Plan assets.

#### ***(h) Administrative Expenses***

Certain direct administrative expenses are paid by the Plan. All other administrative expenses are paid by the Company.

#### ***(i) Forfeitures***

Forfeitures represent amounts which could not be paid to terminated participants due to failure to meet vesting requirements. Forfeitures are allocated to participants who are eligible for employer contributions and are allocated using the same allocation formulas. Total forfeitures allocated were \$4,658 and \$4,491 in 2023 and 2022, respectively. There were \$103 and \$4,963 in unused forfeitures at April 30, 2023 and 2022, respectively.

### **(2) Summary of Significant Accounting Policies**

#### ***(a) Basis of Accounting***

The financial statements of the Plan are prepared using the accrual basis of accounting.

#### ***(b) Investments***

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### ***(c) Estimates***

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### ***(d) Risks and Uncertainties***

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

#### ***(e) Cash Equivalents***

The Plan considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

#### ***(f) Notes Receivable from Participants***

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

#### ***(g) Payment of Benefits***

Benefits are recorded when paid.

### **Summary of Significant Accounting Policies (continued)**

#### ***(h) Subsequent Events***

The Plan has evaluated subsequent events through January 31, 2024, the date the Plan's financial statements were available to be issued.

### **(3) Plan Termination and Amendment**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. Additionally, the Company may amend the Plan at any time without the consent of any participant or beneficiary provided that no amendment deprives any participant of the participant's non-forfeitable accrued benefits.

### **(4) Income Taxes**

The Plan is a prototype plan that has obtained a determination letter as of March 31, 2014, stating that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code. Generally, the Plan administrator and the Plan may rely on the determination letter as to the form of the Plan qualifying under the Internal Revenue Code (except as otherwise noted in the determination letter). Additionally, the Plan administrator believes the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and remains tax exempt.

The Plan will recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of April 30, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

### **(5) Information Certified by the Trustee**

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments, reflected on the accompanying statements of net assets available for plan benefits as of April 30, 2023 and 2022, the schedule of assets held for investment purposes as of April 30, 2023, and the related investment activity reflected in the statements of changes in net assets available for plan benefits for the years ended April 30, 2023 and 2022.

### (6) Fair Value Measurements

Generally accepted accounting principles in the United States of America established a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 30, 2023 and 2022.

*Mutual funds and money market funds:* Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
