INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Center For Responsive Schools, Inc. 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Center For Responsive Schools, Inc. 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of and for the year ended December 31, 2022 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2022 Financial Statements

We do not express an opinion on the financial statements of the Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2022 Financial Statements

Prior to January 1, 2009, records were maintained at a contract, not a plan, level; therefore, management has not maintained, and TIAA did not provide sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter – Report on 2022 Supplementary Information

The supplemental schedule of Schedule H, line 4i-Schedule of Assets (Held At End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Compiled 2021 Financial Statements

Plan management is responsible for the accompanying 2021 financial statements of Center for Responsive Schools, Inc. 403(b) Plan, which comprises the statement of net assets available for benefits as of December 31, 2021 and the statement of changes in net assets available for benefits for the year then ended. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AIPCA. We did not audit or review the 2021 financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2021 financial statements of Center for Responsive Schools, Inc. 403(b) Plan as of and for the year ended December 31, 2021.

CENTER FOR RESPONSIVE SCHOOLS, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Center For Responsive Schools, Inc. 403(b) Plan (“the Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. In the event that there is a conflict between information provided in this document and the benefit plan documents, the terms of the Plan document will prevail. Net assets of the Plan are held by Empower Retirement, LLC (“Empower”) and TIAA and CREF (collectively known as “TIAA”), qualified institutions.

General Information

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Center for Responsive Schools, Inc. (“CRS”) established the Plan to provide employees with a systematic means of saving and investing for the future. All employees, excluding part-time employees who normally work less than 20 hours per week, of CRS are eligible to participate in the Plan. The Plan administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Plan Contributions

Participants can elect to contribute pretax or Roth deferrals up to 100% of eligible compensation, as defined by the Plan, up to a maximum amount allowed by law by means of payroll deductions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan also offers participants to make special catch-up contributions after 15 years. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

CRS may make discretionary employer matching contributions as determined, if any, by action of its Board of Directors. All employees participating in the Plan who have attained age 21 and completed 1 year of service are eligible to receive the discretionary employer matching contribution. For the years ended December 31, 2022 and 2021, the discretionary employer matching contribution formula was to match up to 6% of eligible compensation.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and CRS’s discretionary employer matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

CENTER FOR RESPONSIVE SCHOOLS, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS, Continued

Vesting

Participants are 100% vested in their own contributions and employer contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$3,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a commercially reasonable rate at the time of the loan. Principal and interest is paid ratably through payroll deductions.

Plan Loans

Plan loans are available to participants and are issued directly from funds owned by TIAA and not directly from a participant's account. Adequate security is required, and a portion of the participant's account is held as collateral in the TIAA Traditional Annuity account to cover 110% of the outstanding loan in case of default. Participants may borrow a minimum of \$3,000 up to a maximum equal to the lesser of \$50,000 or 50% of the present value of the vested accrued benefit. Loan terms range from 1-5 years or 10 years for the purchase of a primary residence. The loans bear interest at a variable rate and are subject to change based on Moody's Corporate Bond yield average. Principal and interest are paid ratably by the participant directly to TIAA. A default charge will be assessed against the portion of the loan collateral used to foreclose on all or part of any loan.

The loans are not shown in the Plan's statement of net assets available for benefits as the loans are not made from Plan assets and therefore not considered assets of the Plan, unless the loan is in default.

Loan balances outstanding from TIAA, including loan defaults, to the Plan's participants as of December 31, 2022 and 2021 were \$630 and \$1,146, respectively. There were no loans to participants in default at December 31, 2022 or 2021.

Payment of Benefits

Upon termination, retirement, death, or disability, distribution of benefits to participants or beneficiaries will be made based on the provisions of the Plan. The method of distribution of benefits shall be payment in a single lump sum or any other method permitted by the Plan. There are also provisions for hardship, in-service, and rollover distributions.

CENTER FOR RESPONSIVE SCHOOLS, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS, Continued

Forfeited Accounts

Forfeited accounts can be used to reduce employer contributions, pay Plan administrative expenses, or restore forfeitures.

Annual Reporting Requirements

Prior to July 1, 2009, TIAA maintained records at a contract, not plan, level and administratively decided to provide accounting records and supporting documentation at the participant or plan level relating to certain annuity and custodial accounts issued to current and former employees. As a result, TIAA has been unable to produce sufficient records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to July 1, 2009. Therefore, the completeness and accuracy of the annuity and custodial accounts, related investment income, and distribution, if any, could not be determined for periods prior to July 1, 2009.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

CENTER FOR RESPONSIVE SCHOOLS, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS, Continued

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by CRS. Expenses that are paid by CRS are excluded from these financial statements. Fees related to Plan administration are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net (depreciation) appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through February 13, 2024, the date the financial statements were available to be issued.

CENTER FOR RESPONSIVE SCHOOLS, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS, Continued

3. Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net (depreciation) appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower and TIAA.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

CENTER FOR RESPONSIVE SCHOOLS, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS, Continued

Fair Value Measurements, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2022 or 2021. The following is a description of the valuation methodology used for assets measured at fair value.

Guaranteed investment contract: Invested in fixed annuity contracts and are valued at fair value by TIAA by discounting the related cash flows based on current yields of similar instruments with comparable durations considering credit-worthiness of the issuer (see Note 5).

Pooled separate account ("PSA"): Invested in real estate and real estate-related investments and are valued from the market value of the underlying real estate holding or other real estate instruments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. These securities held are priced using net asset value ("NAV") of units as determined by TIAA. Unit values are calculated daily. NAV is published on the open market, however, are not publicly traded. NAV is a readily determinable fair value and is the basis for current transactions.

Registered investment companies: Invested primarily in mutual funds, including money market funds, and variable annuity contracts. Variable annuity contracts are invested principally in equity securities, fixed-income instruments, and short-term investments.

Mutual funds: Valued at daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Money market funds are valued at amortized cost.

Variable annuity contracts: Valued at NAV of shares, which are valued by TIAA at accumulation unit value based on the underlying investments held by the Plan at year-end. NAV is published on the open market, however are not publicly traded. NAV is readily determinable fair value and is the basis for current transactions.

Changes in Fair Value of Level 3 Assets

The availability of observable market data monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total assets available for benefits.

The following table sets forth a summary of certain changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2022 and 2021:

	2022	2021
	Guaranteed Investment Contract	Guaranteed Investment Contract
Beginning balance	\$ 379,636	\$ 375,102
Realized gains	1,597	1,124
Unrealized gain	11,645	10,007
Purchases	104,982	77
Sales	(10,537)	(6,674)
Ending balance	<u>\$ 487,323</u>	<u>\$ 379,636</u>

There were no transfers in and/or out of Level 1, 2, or 3 assets for the years ended December 31, 2022 and 2021.

5. Guaranteed Investment Contract

The Plan has a guaranteed investment contract with TIAA. TIAA maintains the contributions in a general account, the TIAA Traditional Annuity. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Any additional interest is not guaranteed. The TIAA Traditional Annuity does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

CENTER FOR RESPONSIVE SCHOOLS, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS, Continued

Guaranteed Investment Contract, Continued

A portion of the TIAA Traditional Annuity is considered non benefit-responsive. These contracts are included in the financial statements at fair value. The contracts are subject to a 10-year withdrawal period.

The other portion of the contract is considered fully benefit-responsive. Contract value is the relevant measurement attribute for fully-benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower and TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment contract value.

The RA contract does not allow lump-sum cash withdrawals and transfers must be spread over ten annual installments. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount purchases an annuity contract and is recorded as a deduction in the statement of changes in net assets available for benefits.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include 1) amendments to the Plan documents, including complete or partial Plan termination or merger with another Plan, 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Plan sponsor or other Plan sponsor events for example, divestitures or spin-offs of a subsidiary that cause a significant withdrawal from the Plan, 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or 5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include 1) an uncured violation of the Plan's investment guidelines, 2) a breach of material obligation under the contract, 3) a material misrepresentation, or 4) a material amendment to the agreement without the consent of the issuer.

6. Related Party/Party-in-Interest Transactions

Certain Plan investments are managed by Empower and TIAA therefore, these transactions qualify as party-in-interest transactions.

Certain employees and officers of CRS, who are also participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

CRS is the Plan Sponsor. The Plan sponsor may pay certain expenses related to the Plan's operations. These transactions qualify as party-in-interest transactions.

Admin Partners, third party administrator, performs recordkeeping and administrative services to the Plan. Starting in December 2022, CRS changed their third-party administrator to The Angell Pension Group, Inc. As a provider of services to the Plan, these transactions qualify as party-in-interest transactions.

Keon Long, an investment advisor, provides investment management and consultation services to the Plan and its participants. As a provider of services to the Plan, these transactions qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Plan Termination

Although it has not expressed any intent to do so, CRS has the right under the Plan to discontinue its contributions at any time and to amend, modify, or terminate the Plan subject to the provisions of ERISA.

CENTER FOR RESPONSIVE SCHOOLS, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS, Continued

9. Tax Status

CRS has adopted a prototype Plan document and is relying on the prototype sponsor's opinion letter from the Internal Revenue Service (IRS) dated November 30, 2020. The letter stated that the written form of the prototype Plan document is in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the prototype Plan has been amended since receiving the opinion letter, the prototype sponsor and the Plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financials statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that likely would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.
