Independent Auditor's Report

To the Plan Administrator
and the Administrative Committee
Sea Island 401(k) Savings Plan
Sea Island, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sea Island 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sea Island 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sea Island 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sea Island 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sea Island 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sea Island 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SEA ISLAND 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Sea Island 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

- A. *General.* The Plan is a defined contribution plan covering all employees of the Sea Island Acquisition, LLC (the “Company”). Full-time employees must have 30 days of service, part-time employees must have one year of service, and all employees must be age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The plan was adopted effective January 1, 2011.

Coronavirus Aid, Relief, and Economic Security Act. The Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) was signed into law on March 27, 2020. The CARES Act allowed retirement plans to provide participants who were impacted by the coronavirus (as defined in the CARES Act) with greater access to their savings. Accordingly, the Plan Sponsor adopted the provisions of this Act and is in the process of amending the plan document accordingly.

- B. *Contributions.* Each year, participants may make contributions up to the IRS limits. Participants may also contribute amounts representing distributions from other qualified plans. The Company may make matching contributions. For the year ended December 31, 2022, the Company made matching contributions of \$898,156. Participants direct the investment of both their contributions and Company contributions into various investment options offered by the Plan.
- C. *Participant Accounts.* Each participant’s account is credited with the participant’s voluntary contribution, the Company’s matching contribution, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.
- D. *Vesting.* Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company contributions and earnings thereon is based on years of credited service. Participants are fully vested in their accounts after five years of service, as defined by the Plan.
- E. *Payment of Benefits.* The full value of a participant’s account is paid when (1) the participant retires at age 65 or later; (2) the participant becomes disabled; (3) the participant terminates employment with five or more years of service; or (4) the participant dies while an active participant in the Plan. Participants who terminate employment with less than five years of service will receive the vested portion of their account balance.
- F. *Forfeited Accounts.* Forfeited balances of terminated participants’ non-vested accounts are designated to pay plan expenses and to reduce future Company contributions. There were \$7,483 and \$27,599 of forfeited non-vested accounts available for future use as of December 31, 2022 and 2021. During the year ended December 31, 2022, forfeited non-vested accounts were used to pay \$36,333 of plan expenses.

2. Summary of Accounting Policies

- A. *Basis of Accounting.* The accompanying financial statements have been prepared on the accrual basis of accounting.
- B. *Investment Valuation and Income Recognition.* The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). The mutual funds' fair values are the prices that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisers and the plan trustee (see Note 4).

The Plan's collective trust fund is the Morley Stable Value Fund. The fair value of the collective trust fund is estimated using its net asset value (NAV) per unit. The Morley Stable Value Fund distributes income in the form of units and provides a constant unit redemption value. The Morley Stable Value Fund invests in fully benefit-responsive investment contracts (FBRICs) and is presented at fair value based on its NAV. As a result, the Plan is an indirect investor in FBRICs since the Plan itself does not directly invest in FBRICs.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments includes the Plan's gains or losses on investments bought and sold as well as held during the year.

- C. *Use of Estimates.* The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- D. *Payment of Benefits.* Benefits are recorded when paid.
- E. *Excess Contributions Payable.* Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.
- F. *Expenses.* Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net depreciation of fair value of investments.

3. Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Trust Company, FSB, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022, and the schedule of assets held (at end of year).

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described below:

Basis of Fair Value Measurement:

- | | |
|---------|--|
| Level 1 | Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. |
| Level 2 | Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly. |
| Level 3 | Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following describes the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022.

Mutual Funds. The mutual funds are held as individual plan assets. The mutual funds have publicly available prices that are quoted daily in active markets and are valued at the net asset value (NAV) of shares held by the Plan at year end.

Collective Trust Fund. The Plan uses NAV per unit to value the collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The collective trust fund invests in a variety of high-quality stable value investment contracts, as well as cash and cash equivalents. The fair value of the underlying securities is based on quoted prices of similar assets and is used to determine the NAV of the collective trust fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Sea Island 401(k) Savings Plan
Notes to the Financial Statements

The following tables presents by level, within the fair value hierarchy, the plan assets at fair value, as of December 31, 2022 and 2021. As required by FASB ASC 820, investment assets are classified in the entirety based upon the lowest level of input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2021

Description	Total	Level 1	Level 2	Level 3
Mutual Funds	\$ 33,125,649	\$ 33,125,649	\$ -	\$ -
Total investments in fair value hierarchy	33,125,649	\$ 33,125,649	\$ -	\$ -
Collective Trust Fund at NAV practical expedient	960,774			
Total investments at fair value	\$ 34,086,423			

The following table summarizes investments measured at fair value based on net asset value (NAVs) per share as of December 31, 2022 and 2021:

Collective Trust Fund	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period	Other Redemption Restrictions
December 31, 2022	\$ 1,344,183	N/A	Daily	*	**
December 31, 2021	\$ 960,774	N/A	Daily	*	**

* Benefit payments and participant-directed transfers to noncompeting investment options are made as soon as practicable; 12-months written notice is required for all other withdrawals.

** All plan-sponsor directed requests for full or partial withdrawals must be submitted to the Trustee in writing certifying the reason for the withdrawal request. All such requests are subject to the twelve month advance written notice requirement.

5. Related-Party and Party in Interest Transactions

During 2022, certain Plan investments were in funds and accounts managed by Nationwide Financial Services, Inc., an affiliate of the Plan's trustee, and, therefore, a party in interest to the Plan.

Certain administrative expenses and trustee fees are paid to the plan trustee, third-party administrator, and other plan service providers and are exempt party in interest transactions. For the year ended December 31, 2022, the Plan paid \$83,668 for administrative expenses including trustee fees.

6. Plan Termination

Although it has not expressed the intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants' accounts become 100% vested.

7. Tax Status

The Plan obtained its latest IRS Opinion letter on June 30, 2020 in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. The plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there is currently no audit in progress.

8. Risk, Uncertainties, and Concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As of December 31, 2022, one mutual fund held by the Plan was 30.13% of total investments.

Excess contributions payable	9,401	25,716
Contributions receivable	<u>(275)</u>	<u>-</u>
Net assets available for benefits per Schedule H of Form 5500	<u>\$ 30,153,825</u>	<u>\$ 34,087,081</u>

The following is a reconciliation of the net increase per the financial statement for the year ended December 31, 2022 to net income per Schedule H of Form 5500:

	<u>2022</u>
Net decrease per the financial statements	\$ (3,916,666)
Decrease in excess contributions payable	(16,315)
Contributions receivable	<u>(275)</u>
Net income (loss) per Schedule H of Form 5500	<u>\$ (3,933,256)</u>

10. Subsequent Events

Plan management has evaluated the need for disclosures or adjustments resulting from subsequent events through February 14, 2024, the date the financial statements were available for issuance. There were no events identified that require disclosure in or adjustment to the financial statements.
