INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Unison Risk Advisors Pooled Employer Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of the Unison Risk Advisors Pooled Employer Plan (the "Plan" or "PEP"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the 2022 financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2022 financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Unison Risk Advisors Pooled Employer Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the 2022 financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2022 financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Unison Risk Advisors Pooled Employer Plan's ability to continue as a going concern for one year after the date the 2022 financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the 2022 financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2022 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these 2022 financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the 2022 financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2022 financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Unison Risk Advisors Pooled Employer Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2022 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Unison Risk Advisors Pooled Employer Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2022 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the 2022 financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UNISON RISK ADVISORS POOLED EMPLOYER PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Note 1 – Description of the Plan

General

The Plan is a pooled employer plan (PEP) that was established on January 1, 2021 by Plan Compliance Services, Inc. (the “Pooled Plan Provider” or otherwise known as the “PPP”). The PEP was established under the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act) on January 1, 2021. The PEP is a defined contribution profit sharing plan covering eligible employees of the participating employers and is intended to qualify under the Internal Revenue Code of 1986, as amended, Code sections 401(a) and 501(a). The PEP is intended to constitute a multiple employer plan, as described under Code sections 410(a), 411, 413 and 415.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The following description of the Plan is provided for general information purposes only. Participants should refer to the Summary Plan Description or the Adoption Agreement, including amendments thereto, for a complete description of the Plan’s general provisions. All participating employers of this multiple employer plan have signed adoption agreements that enable them to accept or modify the elections of a master plan document to meet their needs. Each participating employer retains the right to terminate their participation within the Plan, in whole or in part, to temporarily or permanently suspend its liability to make contributions to the Plan, to the extent that it relates to that participating employer and its employees.

Administration

The Plan Sponsor, PPP and named Plan Administrator is Plan Compliance Services, Inc. The Plan Administrator is responsible for oversight of the Plan. The Plan’s Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and fees, and reports to the Plan’s Trustee. The Plan’s Trustee is an officer of the PPP. The Plan’s Investment Custodian is Voya Retirement Insurance and Annuity Company. The Investment Custodian holds all of the Plan’s assets and executes all of the Plan’s transactions. The Company has also retained Voya Retirement Insurance and Annuity Company and American Pension Services, LLC to provide participant recordkeeping and administration services.

Eligibility

Only employees specifically designated as eligible by their participating employer in its adoption agreement have the eligibility to participate in the PEP. Participating employers may define eligibility requirements based on factors such as age, service or employee type. Participants are eligible to make contributions and receive participating employer contributions to the extent specified in the applicable adoption agreement or otherwise provided by the PEP.

Contributions to the Plan

Each year eligible participants may make pre-tax and/or Roth contributions of their eligible compensation, as defined by the PEP and each participating employer’s adoption agreement through payroll withholdings. Participants who have attained age 50 before the end of the year are eligible to make additional ‘catch-up’ contributions. Participants may also contribute amounts representing distributions from other defined contribution plans (rollovers). However, the Plan Administrator reserves the right to refuse acceptance of any rollover which might affect the status of the Plan.

UNISON RISK ADVISORS POOLED EMPLOYER PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

The participating employers in the PEP may elect automatic enrollment and escalation features. If elected by the participating employer, a defined percentage of an eligible participant's compensation is automatically withheld based on the participating employer's adoption agreement, unless the participant affirmatively opts out.

Participating employer contributions in the accompanying financial statements represent the discretionary matching and non-elective contributions made by participating employer of the PEP, in accordance with the adoption agreement of each participating employer.

Participants direct the investment of both their individual contributions plus their share of employer contributions into various investment options offered by the Plan. The Company's contributions are allocated in the same manner as that of the participant's elective contributions.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and participating employer contributions as well as plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance, subject to certain Department of Labor and IRS requirements. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined in the plan document. Principal and interest is paid ratably through payroll deductions each pay period.

Distribution of Benefits

On termination of service, participants with vested account balances are eligible to receive a lump sum distribution, installment payments or rollover their account balance to another qualified account. Participants who elect to have their benefit payments deferred continue to share in allocations of investment income and losses but do not share in subsequent allocations of employer contributions. Special rules apply to distributions due to death, disability, and retirement. Participants should refer to the full plan document for details.

Certain amounts may be withdrawn prior to termination of service upon attainment of age 59 1/2, or due to financial hardship, as defined by the adoption agreement of each participating employer. Specific rules apply to distributions due to death, disability, and retirement. Participants should refer to the full plan document for details.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Each participating employer provides for different vesting of employer contributions, as described in each participating employer's adoption agreement. Participants also become 100% vested upon death, disability, or attainment of normal retirement age.

Forfeitures

Forfeitures can be used to reduce employer contributions and offset plan administration expenses. Unallocated forfeiture balances as of December 31, 2022 were \$18,636. There were no unallocated forfeitures as of December 31, 2021. Forfeitures of \$10,364 were used to reduce employer contributions during the year ended December 31, 2022. There were no forfeitures used to offset plan administrative expenses during the year ended December 31, 2022.

Transfer of Assets

Upon termination or new entrance of a participating employer, funds may be transferred to or from other qualified plans.

Effective January 1, 2022, Kitchen Cabinet Designers, LLC dba Kitchen Cabinet Distributors, signed an adoption agreement to become a participating employer in the Plan. A transfer in of assets from Kitchen Cabinet Designers, LLC dba Kitchen Cabinet Distributors totaling \$1,133,825 was recorded in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Income from investments is recorded when it is earned. Expenses are recorded in the accounting period in which they are incurred.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the full benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Investment Custodian and investment advisor. See Note 4 for a discussion of fair value measurements.

UNISON RISK ADVISORS POOLED EMPLOYER PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make repayments on a note receivable and the Plan Administrator deems the note receivable to be uncollectible, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

Payment of Benefits

Benefits are recorded when paid.

Fees and Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation or depreciation of fair value of investments.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including February 13, 2024, which is the date the financial statements were available to be issued.

Note 3 – Unaudited Investment Information Certified by the Custodian

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Voya Retirement Insurance and Annuity Company as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditors:

1. All investment balances reflected in the accompanying statement of net assets available for benefits as of December 31, 2022,
2. All investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022, and
3. All investment-related information included in the Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022.

UNISON RISK ADVISORS POOLED EMPLOYER PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Note 4 – Fair Value Measurements

Generally accepted accounting principles (GAAP) establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

The tables below set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	As of December 31, 2022			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 2,069,922	\$ 2,069,922	\$ -	\$ -
Investments, at fair value	\$ 2,069,922	\$ 2,069,922	\$ -	\$ -
	As of December 31, 2021 (Compiled)			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 289,104	\$ 289,104	\$ -	\$ -

UNISON RISK ADVISORS POOLED EMPLOYER PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Note 5 – Fully Benefit-Responsive Investment Contract

The Plan has entered into a fully benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company (VRIAC) with regard to the Fixed Income Account. VRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administration expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan set in response to plan specific characteristics, plan specific elections and other factors.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administration expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

In the event that the full value of the account could not be paid upon demand, such as amounts subject to the Fixed Income Account Market Value Adjustment, the “fair value” estimates are based upon the “demand value” for the contract. The “demand value” is the amount due to the contract holder under the surrender provisions of the contract.

Certain events may limit the ability of the Plan to transact at contract value with VRIAC. Such events include: 1) termination of the contract, 2) spinoffs, 3) divestitures, 4) layoffs, 5) corporate relocation, 6) partial or total plan termination, 7) retirement incentive programs and 8) the liberalization of plan withdrawal or transfer rules. The Plan Administrator believes that any events that would limit the Plan’s ability to transact at contract value are remote.

Interest is credited to the Fixed Income Account using a single portfolio rate approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions.

Note 6 – Party-in-Interest Transactions

Certain plan investments are managed by Oswald Financial and Voya Retirement Insurance and Annuity Company, who are the Plan’s investment advisor and Investment Custodian, respectively. During the year ended December 31, 2022, the Plan paid direct and indirect compensation to the financial advisor and Investment Custodian for services rendered. The Plan also pays indirect compensation to American Pension Services, LLC and Plan Compliance Services, Inc. for recordkeeping and administration functions. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits) is paid to the Investment Custodian from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the PPP has the right to terminate the PEP at any time subject to the provisions of ERISA. In the event of PEP termination, participants become 100% vested in their accounts.

UNISON RISK ADVISORS POOLED EMPLOYER PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Note 8 – Plan Amendment and Tax Status

The Plan is utilizing a non-standardized pre-approved plan, which has been filed with the IRS and has received a favorable opinion letter dated June 30, 2020 from the IRS. The Plan Sponsor has not elected to apply for an individual IRS Determination Letter upon adoption of the Plan nor on any subsequent amendments. However, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, that the Plan is qualified under Section 401(a) and that the related Trust is tax-exempt as of December 31, 2022.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Reconciliation of Form 5500 to the Financial Statements

The following is a reconciliation of net assets available for benefits per the Form 5500 to the financial statements as of December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u> (Compiled)
