INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
403(b) Thrift Plan for Employees of Central Florida Family Health Center Inc. d/b/a True Health:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the 403(b) Thrift Plan for Employees of Central Florida Family Health Center, Inc. d/b/a True Health, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of 403(b) Thrift Plan for Employees of Central Florida Family Health Center, Inc. d/b/a True Health's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of 403(b) Thrift Plan for Employees of Central Florida Family Health Center, Inc. d/b/a True Health and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan for Employees of Central Florida Family Health Center, Inc. d/b/a True Health's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 403(b) Thrift Plan for Employees of Central Florida Family Health Center, Inc. d/b/a True Health's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan for Employees of Central Florida Family Health Center, Inc. d/b/a True Health's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Part IV, Line 4a- Schedule of Delinquent Contributions for the year ended December 31, 2022, and supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the 403(B) Thrift Plan for Employees of Central Florida Family Health Center, Inc. d/b/a True Health (the "Plan") is provided for general information purposes. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted effective January 1, 1991, and is sponsored by Central Florida Family Health Center, Inc. d/b/a True Health (the "Organization"). The Plan is a defined contribution plan that provides retirement and death benefits to eligible participants. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees are eligible to participate in the Plan except for those who are non-resident aliens and who are eligible to make salary reduction contributions to another plan of the Organization described in Section 401(k), 403(b) or in Section 457(b) of the Internal Revenue Code ("IRC"). Eligible employees are allowed to participate upon date of hire. Employees must be at least 21 years of age and have one year of service, as defined by the Plan, to participate in the employer discretionary contributions.

Employee Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation limited by the maximum amount allowable by law. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or contribution plans. Participants are automatically enrolled at 1% of eligible compensation with an auto-escalation feature whereby contributions would automatically increase 1% at the beginning of the Plan year up to 6% of eligible compensation. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Organization may make a discretionary matching or discretionary base contribution, as defined by the Plan. The current base contribution equals to 1.5% of compensation for all eligible employees. The Organization's contributions are also invested as directed by participants. For the year ended December 31, 2022, the employer contributions totaled \$936,122.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Organization's contributions and an allocation of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined.

Vesting

Participants are immediately vested in their elective deferral contributions plus actual earnings thereon. The Organization's contributions begin vesting on a graduated scale and the participant becomes fully vested in the account balances after five years of continuous service.

Forfeitures

The Plan allows forfeitures to be used to reduce employer contributions or to be retained in the Plan and allocated based on compensation to participants that are active in the Plan at the end of the Plan year. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$129,735 and \$91,124 respectively.

**403(b) Thrift Plan for Employees of Central Florida
Family Health Center, Inc. d/b/a True Health
Notes to Financial Statements
December 31, 2022 and 2021**

Plan Loans

Participants may borrow from Mutual of America Life Insurance Company ("MOA") a minimum of \$1,000 and up to the lesser of \$50,000 or 50% of the vested portion of their fund account. These loans are direct loans between the participant and MOA and as such they are not treated as a transfer from the investment funds to a note receivable from participant or as a Plan asset. However, the outstanding loan balance is collateralized by the participant's account and this portion of their account is transferred at the time of the loan and maintained in the MOA Interest Accumulation Account within the participant's account. Loans must be repaid to MOA by the participant in accordance with the repayment terms of the agreement. In the event of default, foreclosure on the participant's account balance will not occur until a distributable event occurs in the Plan.

Outstanding loans between Plan participants and MOA totaled \$88,167 and \$90,699 as of December 31, 2022 and 2021, respectively, and were collateralized by approximately the same amounts of investments included in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, respectively. Interest rate on the outstanding loans as of December 31, 2022 range between 3.25% and 6% with maturities ranging from 2023 to 2029.

Distributions and Withdrawals

Upon termination of service, disability, retirement, or death, a participant or beneficiaries may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or an annuity which provides for payments over specified periods, with any payments not paid to the participant during his or her lifetime being payable to his or her beneficiary. The Plan permits normal withdrawals of the participant's vested account balance beginning at age 59½. The Plan also provides for certain "hardship" withdrawals of a participant's deferral contributions and earnings thereon prior to age 65. Effective October 1, 2021, the Plan allows for involuntary distributions of terminated participants vested balance into an Individual Retirement Account ("IRA") for balances less than \$5,000.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value consists of the net realized gains or losses on investments sold as well as held during the year.

**403(b) Thrift Plan for Employees of Central Florida
Family Health Center, Inc. d/b/a True Health
Notes to Financial Statements
December 31, 2022 and 2021**

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

It is the policy of the Company to pay substantially all of the noninvestment administrative expenses incurred by the Plan.

Subsequent Events

Plan management has evaluated subsequent events through February 9, 2024, the date which the financial statements were available to be issued. Based upon this evaluation, the Plan has determined that no subsequent events have occurred which require adjustment to or disclosure in the financial statements.

3. INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

No auditing procedures were performed by the independent auditor with respect to information certified as complete and accurate by Mutual of America Life Insurance Company ("MOA"), the Plan custodian, except for comparing such information with the information reported in the financial statements. Based on the information provided and certified by the custodian, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2022 and 2021.

Accordingly, the custodian of the Plan assets has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021 as well as the supplemental schedule of assets (held at end of year) as of December 31, 2022.
- Net depreciation in fair value of investments reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**403(b) Thrift Plan for Employees of Central Florida
Family Health Center, Inc. d/b/a True Health
Notes to Financial Statements
December 31, 2022 and 2021**

Level 3 – Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodology used for the Plan's assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Pooled Separate Accounts: Pooled separate accounts are valued at net asset value ("NAV") of shares held by the Plan at year end as reported by the fund managers. Each of the pooled separate accounts invests either in multiple securities, single mutual funds, or stable value funds which are generally identified in the name of the pooled separate account. Investments in these funds can be redeemed daily upon request and have redemption prices that are determined by the fund's NAV per unit. NAV is used as a practical expedient and, in accordance with Topic 820 they are not required to be categorized within the fair value hierarchy. The Plan can redeem these investments daily, and there are currently no redemption restrictions on these investments. The Plan has no unfunded fund commitments at December 31, 2022 and 2021.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investment assets measured at fair value at December 31, 2022 and 2021, are comprised of pooled separate accounts that are measured at fair value using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively and are not required to be categorized in the fair value hierarchy.

5. CONTRACT WITH INSURANCE COMPANY

General Account

In 1998, the Organization entered into a deposit administration group annuity contract with MOA to which contributions under the Plan are made. Participants can elect to invest amounts allocated to their accounts in a general account maintained by MOA. The general account is considered a cash equivalent as it presents the following characteristics: (1) there are no front-end or back-end charges, so investments in the general account are completely liquid, (2) the interest rate credited is a current rate and is not dependent on the length of time assets are invested with MOA; (3) withdrawals can be made at any time and are processed on the day the request is received; and (4) the published value is redeemable value of the fund as there are no deferred sales charges, load assessments or interest rate adjustments that would affect the value as a result of a withdrawal request.

The account is credited with earnings on the underlying investments and are charged for participant withdrawals and administrative expenses. MOA as the guaranteed investment contract issuer is contractually obligated to repay the principal and a 1.60% interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with MOA. Such interest rates are reviewed periodically for resetting.

Pooled Separate Account

Alternatively, participants may direct that all or a portion of their account balance be used to purchase units in various funds of the Mutual of America Pooled Separate Account. The Separate Account funds include investments in mutual funds registered with the Securities and Exchange Commission. MOA does not guarantee the monies invested in the Separate Account as to principal or income. Benefit payments to participants or their beneficiaries are made directly by MOA from the funds accumulated under the contract.

**403(b) Thrift Plan for Employees of Central Florida
Family Health Center, Inc. d/b/a True Health
Notes to Financial Statements
December 31, 2022 and 2021**

6. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

7. TAX STATUS

The Plan adopted a prototype profit sharing plan which obtained its latest opinion letter dated March 31, 2017, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan management has analyzed the income tax filing positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Furthermore, there are no tax related interest or penalties for periods presented in these financial statements.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. NON-EXEMPT PROHIBITED TRANSACTIONS

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable. During 2022, the Organization failed to transmit participant contributions to the Plan totaling approximately \$137,000 in a timely manner. The 2022 Plan year lost earning will be contributed during the 2024 Plan year, and all applicable excise taxes will be paid from the Organization's assets and not from the assets of the Plan.

10. PARTY-IN-INTEREST TRANSACTIONS

The Plan's expenses are paid either by the Plan or the Organization, as provided in the Plan document. Expenses that are paid directly by the Organization, such as professional fees and recordkeeping fees, are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of separate account investments presented in the accompanying statement of changes in net assets available for benefits.

MOA provides certain operating and administrative services to the Plan. As such, MOA is considered to be a party-in-interest. Fees paid by the Plan to MOA of \$1,710 for the year ended December 31, 2022, are considered to be party-in-interest transactions.
