Independent Auditor's Report

To the Plan Administrator of
St. Thomas School DC Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform an audit of the financial statements of St. Thomas School DC Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of St. Thomas School DC Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of St. Thomas School DC Retirement Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As described in Note 11 to the financial statements, St. Thomas School DC Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Responsibilities of Management for the Financial Statements (Continued)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about St. Thomas School DC Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of St. Thomas School DC Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of St. Thomas School DC Retirement Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of June 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Auditor's Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of St. Thomas School DC Retirement Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Further, the St. Thomas School DC Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, the predecessor auditors were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions. Their report dated February 2, 2023, indicated that because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements and supplemental schedule.

Independent Auditor's Report

To the Plan Administrator of
St. Thomas School DC Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform an audit of the financial statements of St. Thomas School DC Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of St. Thomas School DC Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of St. Thomas School DC Retirement Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As described in Note 11 to the financial statements, St. Thomas School DC Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Responsibilities of Management for the Financial Statements (Continued)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about St. Thomas School DC Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of St. Thomas School DC Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of St. Thomas School DC Retirement Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of June 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Auditor's Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of St. Thomas School DC Retirement Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Further, the St. Thomas School DC Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, the predecessor auditors were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions. Their report dated February 2, 2023, indicated that because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements and supplemental schedule.

ST. THOMAS SCHOOL DC RETIREMENT PLAN

Notes to Financial Statements
June 30, 2023 and 2022

1. DESCRIPTION OF THE PLAN

The following description of the St. Thomas School DC Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a qualified defined contribution plan under Internal Revenue Code (IRC) Section 403(b), covering all eligible employees of St. Thomas School (the Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Retirement Committee is responsible for the oversight of the Plan, the appropriateness of the Plan's investment offerings, and monitors investment performance and reports to the Plan Administrator.

b. Eligibility

All employees are eligible to participate on the first day of employment with the Plan Sponsor. In order to receive matching contributions, participants must attain age nineteen and normally work more than twenty hours per week.

c. Contributions

Participants may elect to defer up to 100% of their eligible compensation, as defined in the Plan document, up to the maximum allowed by the IRC. Participants who have attained the age of fifty before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to make Roth contributions. Participants are allowed to rollover funds into the Plan from other qualifying retirement plans (rollover contributions).

The Plan contributes employer matching contributions in an amount equal to 10% of participants eligible compensation provided that the participant is deferring 5% or more of their compensation.

d. Participant Accounts

Each participant's account is credited with the participant's contribution, the Plan Sponsor matching contribution, plus earnings thereon, less administrative fees paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account balance into various investment options offered by the Plan.

e. Vesting Provisions

Participants are immediately fully vested in their voluntary contributions and matching contributions made by the Plan Sponsor plus actual earnings thereon.

ST. THOMAS SCHOOL DC RETIREMENT PLAN

Notes to Financial Statements
June 30, 2023 and 2022

1. DESCRIPTION OF THE PLAN (Continued)

f. Payment of Benefits

The Plan provides for a normal retirement benefit to be paid to participants who have reached the normal retirement age of 65. A participant may elect to receive a lump-sum amount, installment, or partial payments equal to the vested portion of the participant's account, leave the account in the Plan, rollover the vested balance to another qualified retirement plan or IRA, or they may purchase an annuity contract provided their vested account balance is in excess of \$5,000. The Plan requires balances up to \$5,000 to be rolled over to an individual retirement account (IRA) upon termination.

The Plan allows in-service withdrawals upon attainment of age 59 ½. A participant may request a withdrawal upon demonstration to the Plan Administrator that they are suffering a "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to the applicable section of the IRC or standards established by the Secretary of the Treasury or their delegate.

g. Notes Receivable from Participants

Participant loans are not allowed under the Plan.

h. SECURE Act 2.0

On December 29, 2022, the Consolidated Appropriations Act of 2023, which included SECURE Act 2.0, was executed. SECURE Act 2.0 contains over ninety new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2023 financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting principles (U.S. GAAP) established by the Financial Accounting Standards Board (FASB). References to U.S. GAAP in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investments and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of fair value measurement.

ST. THOMAS SCHOOL DC RETIREMENT PLAN

Notes to Financial Statements
June 30, 2023 and 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments and Income Recognition (Continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Certain TIAA Traditional Annuity Contract types, including the Supplemental Retirement Annuity (SRA) and Group Supplemental Retirement Annuity (GSRA), are considered fully benefit-responsive investment contracts.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of investments includes the Plan's gains and losses on investments bought and sold, as well as unrealized gains and losses on investments held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the recordkeeping of the Plan and investment advisory services are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are also included in net appreciation of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events have been evaluated through February 2, 2024, which is the date the financial statements were available to be issued. There were no events that met the criteria for recognition or disclosure in the financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S QUALIFIED INSTITUTION

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equity Fund (CREF), the qualified institution, has certified to the completeness and accuracy of all investments reported in the accompanying statements of net assets available for benefits as of June 30, 2023 and 2022, and the supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of June 30, 2023, and the related investment transactions and investment income and loss reported in the accompanying statement of changes in net assets available for benefits for the year ended June 30, 2023.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to certified investment information, except for comparing such certified investment information included in the accompanying financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. *Fair Value Measurement* establishes a hierarchy of the valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs).

The fair value hierarchy is as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds - Mutual funds which are actively traded are valued at quoted market prices on nationally recognized securities exchanges and represent the net asset value (NAV) of shares held by the Plan at year-end. There were no redemption restrictions.

Variable annuities: The fair values of accumulation units held by the Plan in CREF accounts (registered investment companies) are based on each account's daily NAV, which is considered by Plan management to be the best approximation of fair value. The NAV is used as a practical expedient to estimate the fair value, unless it is probable that all or a portion of the account will be sold for an amount different from NAV. As of June 30, 2023 and 2022, the Plan had no plans to sell the account at amounts different from NAV. CREF accounts are not exchange traded. Data for NAVs is available daily to plan administrators and client investors on TIAA and CREF's website, and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There were no unfunded commitments from participants in the Plan who invest in these accounts.

ST. THOMAS SCHOOL DC RETIREMENT PLAN

Notes to Financial Statements
June 30, 2023 and 2022

4. FAIR VALUE MEASUREMENT (Continued)

TIAA Traditional Annuity Contract - Non-benefit-responsive - Investments in TIAA Traditional Annuity Contract that are non-benefit-responsive investment contracts are reported at fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs. The fair value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Refer to Note 5 for discussion of the TIAA Traditional Annuity Contract. Fair value is deemed to approximate fair value for the Retirement Annuities (RA) and Group Retirement Annuity (GRA) contracts based on observation of recent participant investments at contract value and by comparison of historical and current yields of highly rated long-term corporate bonds to historical and current crediting interest rates of the contracts, taking into consideration the liquidity restrictions applicable to the contracts.

TIAA Pooled Separate Account - The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily NAV per share practical expedient, which is considered by Plan management to be the best approximation of fair value. The NAV is used as a practical expedient to estimate the fair value, unless it is probable that all or a portion of the account will be sold for an amount different from NAV. As of June 30, 2023, the Plan had no plans to sell the account at amounts different from NAV. CREF accounts are not exchange traded. The unit value of the fund is calculated daily and is available to plan administrators and client investors on TIAA and CREF's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA and CREF general account provides the fund with a liquidity guarantee whereby TIAA and CREF ensures that the fund has funds available to meet participant redemption, transfer or cash withdrawal requests. There are no unfunded commitments from participants in the Plan who invest in this account.

Separate accounts: These are variable annuity products that are funded through TIAA Separate Account VA-3, which is a separate investment account of TIAA. VA-3 invests in proprietary and non-proprietary mutual funds through various sub-accounts. Sub-account unit values are calculated daily at NAV as a practical expedient and the underlying investments are generally valued using market quotations obtained from independent pricing services. The NAV is used as a practical expedient to estimate the fair value, unless it is probable that all or a portion of the separate accounts will be sold for an amount different from NAV. As of June 30, 2023 and 2022, the Plan had no plans to sell the separate accounts at amounts different from NAV. VA-3 is available only to participating plans under variable annuity contracts. There are no unfunded commitments from participants in the Plan who invest in these accounts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENT (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30:

	2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,436,982	\$ -	\$ -	\$ 9,436,982

4. FAIR VALUE MEASUREMENT (Continued)

The following table presents information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the fair value hierarchy at June 30:

Type	Fair Value		Valuation Technique	Significant Unobservable Inputs	Range
	2023	2022			
TIAA traditional annuity contract - non-benefit-responsive					2023
					3.70% - 6.25%

	<u>\$ 1,538,791</u>	<u>\$ 1,691,603</u>	Discounted cash flow	Risk-adjusted discount rate applied	3.00% - 3.80%

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The following table presents the category, fair value, unfunded commitments, redemption frequency, and redemption notice period for Plan investments, the fair values of which are estimated using the NAV per share as of June 30:

4. FAIR VALUE MEASUREMENT (Continued)

- (a) These funds invest in combination of equity securities and debt securities to achieve a long-term rate of return and capital appreciation.
- (b) This fund invests in various types of domestic and fixed income securities to achieve a long-term rate of return.
- (c) These funds invest in a money market fund to achieve long-term growth and preserve capital.
- (d) These funds invest in domestic and foreign securities and in fixed-income securities to achieve a long-term rate of return.
- (e) This fund invests in real estate properties, other real estate-related investments, and securities. Underlying real estate holdings are valued principally using external appraisals. Underlying securities are generally priced using values obtained from independent pricing sources. Redemptions are permitted daily, except participant transfers out of the fund are limited to one per calendar quarter.
- (f) This fund invests in a combination of funds to achieve a long-term rate of return specified for certain date ranges of estimated retirement.
- (g) These funds invest in various types of domestic stocks in the large, midsize or smaller capitalization groups to seek long-term capital growth.
- (h) These funds invest in a variety of types of securities to achieve long-term growth and preserve capital.
- (i) These funds invest in a favorable long-term total return, mainly through capital appreciation, by investing primarily in a portfolio of equity securities in smaller domestic companies based on a market index.
- (j) These funds invest in various types of international stocks in the large, midsize or smaller capitalization groups to seek long-term capital growth.

5. TIAA TRADITIONAL ANNUITY CONTRACT

The TIAA Traditional Annuity Contract is a guaranteed fixed annuity contract available as an investment option to Plan participants. The contract is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity Contract is offered through a variety of contract types, including RA, GRA, SRA, and GSRA. The type of contract through which a participant invests in the TIAA Traditional Annuity Contract determines the applicability of certain account features, such as guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

As the SRA and GSRA are fully benefit-responsive guaranteed contracts, contract value is the relevant attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The RA and GRA are non-benefit-responsive guaranteed contracts in which the value is based on TIAA's quoted redemption value of the contract owned by the Plan participant at year-end. These investment contracts that are non-benefit-responsive are included in the financial statements at fair value (Note 4).

5. TIAA TRADITIONAL ANNUITY CONTRACT (Continued)

Participants who choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity Contract make contributions that purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, are guaranteed by TIAA's claims-paying ability. The guaranteed annual interest rate is 3.00% for all premiums remitted under all TIAA traditional annuity contract accumulating contracts entered into by the Plan's participants. The TIAA traditional annuity contract also provides an opportunity for participants to receive additional amounts, which TIAA's Board of Trustees may declare on a year-by-year basis. These additional amounts, when declared, remain in effect for the twelve-month "declaration year" that begins each March 1 for accumulation annuities and January 1 for lifetime payout annuities; they are not guaranteed for future years. For accumulating RA, GRA, SRA, and GSRA contracts, the crediting interest rate is 4.24% and 3.58% as of June 30, 2023 and 2022, respectively. The TIAA traditional annuity contract does not permit TIAA to terminate the agreement prior to the scheduled maturity date.

All RA contracts require withdrawals in the form of a lifetime payout annuity or in periodic installments over a ten-year period. All GRA contracts may be withdrawn in a single lump-sum within 120 days of termination of employment; this transaction is subject to a 2.50% surrender charge. All SRA and GSRA contracts provide for full participant-directed liquidity. When a participant's accumulation in the TIAA traditional annuity contract is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan itself, would limit the Plan's ability to transact at contract value with the contract issuers. The Plan Administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with the Plan's participants is not probable.

6. TIAA STABLE VALUE ANNUITY

The TIAA Stable Value Annuity is a fixed rate group annuity contract issued by TIAA. Contributions are deposited into a non-unitized separate account. There is a guaranteed minimum rate of interest provided by the contract that falls between 1% and 3%. Any amount credited above the minimum guaranteed rate is determined by TIAA. These rates are subject to change every six months and TIAA guarantees that the declared crediting rate will not decline by more than 0.75% each time it is reset. TIAA prohibits direct transfers to competing funds. Transfers may be made to a competing fund after a 90-day waiting period after being transferred to a noncompeting fund. Additionally, transfers into TIAA Stable Value Fund may not be made for 30 days following a transfer out. The fund is considered fully benefit-responsive investment contract because it is fully liquid and immediately cashable once a participant terminates employment with the Plan Sponsor.

7. TAX STATUS

The Plan Sponsor has obtained an opinion letter dated August 7, 2017, in which the Internal Revenue Service (IRS) stated that the restated prototype plan document was in compliance with applicable requirements of the IRC. The Plan Administrator timely adopted the restated prototype plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is currently being operated in accordance with the IRC.

7. TAX STATUS (Continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

8. PLAN TERMINATION

Although the Plan Sponsor has not expressed any intent to do so, it has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, any accrued benefits shall be paid to participants in accordance with the provisions of the Plan.

9. PARTY-IN-INTEREST TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, transactions with investment funds managed and held by the qualified institution are considered party-in-interest transactions.

The Plan also allows for a revenue sharing credit, which is used to offset certain amounts owed to TIAA and CREF for its administrative services to the Plan. During the Plan year, the Plan paid the qualified institution administrative expenses totaling \$54,654, which is presented net of \$21,399 of revenue sharing credits reimbursed to the Plan in the accompanying statement of changes in net assets available for benefits. As of June 30, 2023 and 2022, there was a balance totaling \$31,350 and \$25,402, respectively, in the revenue sharing account.

10. RISKS AND UNCERTAINTIES

The Plan provides for various investment options that invest in various combinations of stocks, bonds, fixed-income securities, real estate, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. PARTICIPANT ACCOUNT BALANCES

In November 2007, the Department of Labor (DOL) issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting, disclosure and audit requirements under Part 1 of Subtitle B of Title I of ERISA, as amended. The DOL acknowledged in its Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, that full annual reporting compliance "may not be possible" and "the guiding principle must be to ensure that the appropriate efforts are made to act reasonably, prudently, and in the interest of the Plan's participants and beneficiaries". Notwithstanding the DOL's specific recognition of the "compliance challenges" engendered by its new requirements, U.S. GAAP provides no such relief requiring all contracts and qualified institution accounts to be included and maintained.

11. PARTICIPANT ACCOUNT BALANCES (Continued)

Prior to the amended regulations and the amendment of the Plan document, the Plan was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual accounts with which participants could engage in a range of actions with limited involvement, if any, by the Plan Sponsor. Accordingly, various accounting and payroll records related to the Plan's 403(b) annuity contracts and qualified institution accounts issued to employees prior to January 1, 2009, were not required to be maintained by the Plan, nor were they required to be maintained or retained by service providers at the Plan level. Consequently, the Plan's financial statements have been prepared based on the available records, which were accessed using reasonable means and then analyzed by the Plan Sponsor. While nothing has come to the attention of the Plan Sponsor to indicate otherwise, certain reports were not available dating back to the inception of the Plan, and therefore, the effect, if any, on the completeness of opening balances and thus on the accuracy of the Plan's financial statements cannot be determined at this time.

12. RECLASSIFICATION

Certain amounts in the 2022 financial statements have been reclassified to conform with the 2023 presentation.
