Re: Required Communications between Marcum and Those Charged with Governance

Dear Ms. Albano:

In accordance with auditing standards generally accepted in the United States of America (GAAS), Marcum LLP (“Marcum” or the “Firm”), as auditors of Prime Healthcare, P.C. 401(k) Plan (the “Plan”), is required to determine that certain matters related to the conduct of our audit are communicated to the body or individuals (including management) charged with governance (hereafter referred to as the “Those Charged with Governance”). GAAS requires the auditor to ensure that Those Charged with Governance receive additional information regarding the scope and results of the audit that may assist them in overseeing the financial reporting and disclosure process, for which management is responsible.

1. The Auditors’ Responsibility under U.S. Generally Accepted Auditing Standards

Marcum is responsible to communicate the auditors’ responsibilities under GAAS.

We have audited the financial statements of Prime Healthcare, P.C. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2022 and we issued our report thereon dated January 31, 2024. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the Plan’s trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (GAAP). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all

material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated March 8, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

2. Planned Scope and Timing of the Audit

The auditor should communicate an overview of the planned scope and timing of the audit. This communication may assist Those Charged with Governance in better understanding the consequences of the auditor's work for their oversight activities, discussing with the auditor issues of risk and materiality, and identifying any areas in which they may request the auditor to undertake additional procedures. Such communication may also assist the auditor in better understanding the Plan and its environment. Nevertheless, the auditor maintains sole responsibility to determine the overall audit strategy and the audit plan, including the nature, timing and extent of procedures necessary to obtain sufficient appropriate audit evidence.

We conducted our audit consistent with the planned scope and timing we previously communicated to you. We would be pleased to meet with you to further discuss any of the following matters at your request:

- *The allocation of responsibilities between Those Charged with Governance and management;*
- *The Plan's objectives and strategies, and the related business risks that may result in material misstatements;*
- *Matters you have identified that warrant particular attention during the audit, and any areas where you request additional procedures to be undertaken;*
- *Significant communications with regulators;*

- *Other matters you believe are relevant to the audit of the financial statements;*
- *The attitudes, awareness, and actions of Those Charged with Governance concerning (a) the Plan's internal control and its importance in the Plan, including how Those Charged With Governance oversee the effectiveness of internal control and (b) the detection or the possibility of fraud;*
- *The actions of Those Charged with Governance in response to developments in financial reporting, laws, accounting standards, corporate governance practices, and other related matters; and*
- *The actions of Those Charged with Governance in response to previous communications with the auditor.*

3. Qualitative Aspects of the Plan's Accounting Practices

The auditor should discuss the auditors' judgments about the quality, not just the acceptability, of the Plan's accounting principles as applied in its financial reporting, including the ramifications of alternative methods. The auditor should also discuss the initial selection of, and changes in, significant accounting policies, including the application of new accounting pronouncements. The discussion should be open and frank and generally should include such matters as consistency of the Plan's accounting policies and their application, and the clarity and completeness of the Plan's financial statements, which include related disclosures. The discussion should include items that have a significant impact on the representational faithfulness, verifiability and neutrality of the accounting information included in the financial statements. Particular emphasis should be placed on those policies and principles that are deemed critical. Critical accounting policies are those that are the most important to the portrayal of the Plan's financial condition and results and require management's most difficult, subjective or complex judgments.

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Prime Healthcare, P.C. 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2022. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

There are no specific matters that we believe should be communicated to you. However, we would be pleased to meet with you at your convenience to discuss your significant accounting policies. Since the primary responsibility for establishing the Plan's accounting principles rests with management, such a discussion should generally include the Plan's management as a participant.

4. Management Judgments and Significant Accounting Estimates

Those Charged with Governance should be informed about the process used by management in formulating particularly sensitive accounting estimates and about the basis for the auditor's conclusions regarding the reasonableness of those estimates. Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

There were no sensitive accounting estimates affecting the financial statements.

5. Financial Statement Disclosures

Those Charged with Governance should be informed about sensitive or otherwise significant financial statement disclosures. GAAP mandates many specific disclosures, and also requires that a complete set of financial statements include all other disclosure necessary to assure the financial statements are not misleading. The determination of appropriate disclosure requires significant judgment by management.

The most sensitive disclosures affecting the Plan's financial statements were:

Note 3 – Information Certified by the Trustee

Note 4 – Fair Value Measurements

Note 6 – Parties-In-Interest

Note 9 – Delinquent Participant Contributions

The financial statement disclosures are neutral, consistent and clear.

6. Significant Difficulties Encountered During the Audit

Serious difficulties encountered in dealing with management that related to the performance of the audit are required to be brought to the attention of Those Charged with Governance.

Although we ultimately received full cooperation of management and believe that we were given direct and unrestricted access to the Plan's officers and senior management, we experienced significant difficulties in the performance of the audit owing to the failure of Plan's accounting personnel to prepare the requested audit schedules as initially agreed. These difficulties in receiving incomplete or inaccurately prepared audit schedules, or not receiving the requested audit schedules at all, significantly added to the time and related cost of the audit.

7. Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Those Charged with Governance should be informed that all audit adjustments which have been recorded in the books and records have been reviewed and approved by management and have been reflected properly in the financial statements and footnotes. Those Charged with Governance should also be informed about uncorrected misstatements that management determined were not material to the financial statements, either individually or in the aggregate, to the financial statements taken as a whole. All corrected or uncorrected adjustments that either individually or in the aggregate appear to indicate a weakness in the financial reporting process or may indicate the potential for fraud should be discussed.

There were no unadjusted financial statement misstatements proposed by us during the audit.

In addition, we did not identify any material misstatements as a result of our audit procedures that were recorded by management of the Plan.

8. Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, which could be significant to the Plan's financial statements or the auditors' report. However, a disagreement does not include a difference of opinion based on incomplete facts or preliminary information that is later resolved.

There were no such disagreements.

9. Representations Requested from Management

We are required to provide Those Charged with Governance an understanding of the representations that we are requesting from management.

See the attached copy of the representation letter from management.

10. Management Consultations with Other Accountants

When the auditor is aware that management has consulted with other accountants about significant accounting or auditing matters, the auditors' views about the subject of the consultation should be communicated to Those Charged with Governance.

To our knowledge, no such consultations were made by management.

11. Form 5500 Procedures

In accordance with AU-C 703, we are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements.

We identified no material inconsistencies in performing and completing our audit.

12. Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

13. Fraud or violations of Laws and Regulations

Those Charged with Governance should be adequately informed of fraud or violations of laws and regulations coming to the auditor's attention during the course of the audit.

There were no fraud or violations of laws and regulations that came to our attention during the course of our audit.

14. Communicating Internal Control and Reportable Finding Matters

Our consideration of internal control was for the limited purpose described in item # 1 above and would not necessarily identify all deficiencies in internal control that might be material weaknesses, significant deficiencies or reportable findings and therefore, there can be no assurance that all material weaknesses, significant deficiencies or reportable findings have been identified.

A reportable finding exists when it is determined that the plan is not operating in accordance with the plan instrument or other specified criteria or indication of deficiencies in internal control identified during the audit that have not been communicated to management by other parties and that, in the auditors' professional judgment, are of sufficient importance to merit management's attention.

A control deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented or detected and corrected on a timely basis.

We consider the following deficiencies in the Plan's internal control to be control deficiencies and reportable findings:

SOC 1 Report Considerations/Management Review of SOC 1 Reports:

During our audit, we noted that the Plan sponsor did not review, in detail, the SOC 1 report of the service organizations. Since a significant amount of the processing of Plan transactions is performed by service organizations, it is imperative that Plan management review the procedures at these service organizations on a consistent basis and document such review in detail as part of due diligence in operating the Plan.

We recommend documenting that the description of the controls listed within the SOC 1 report covers all significant transactions, processes or computer applications that affect the Plan's financial statements. In addition, if the SOC 1 report identifies noncompliance of the service organization's controls, consideration should be made as to the effects of the findings on the Plan's operations. In the instance of noncompliance, complementary controls at the Plan should be documented and enhanced, as necessary. Listing the exceptions and the response of the service organizations' management alone is not sufficient. Plan management must document its own conclusions.

Documentation of the Oversight Process:

During our audit, we noted that Plan management did not document its plan oversight meetings during the year. Meeting minutes serve as important documentation that a fiduciary process was followed, and the Plan is being prudently managed. We recommend that Plan management implement a policy to document their regular meetings and any important decisions or discussions held during these meetings, to include the following:

- Date, time and location of the meeting;*
- Identification of the people present at the meeting;*
- Reference to any investment reports used during the meeting;*
- Participation issues such as education, goals for increasing the number of participants, or deferral rates;*
- Plan fee issues;*
- Fund performance issues;*
- Decisions made, such as the decision to place a specific fund on a formal or informal "watch list" that will need to be addressed at a future meeting; and*
- Decisions made which require immediate action, such as the decision to remove and/or replace a fund in the Plan's line-up.*

We consider the following deficiency in the Plan's internal control to be material weaknesses and reportable findings:

Lack of Oversight

During our standard fraud inquiries, it was brought to our attention that members of governance are not actively involved in the oversight process. We recommend that members participate in meetings and review financial reports provided by the Trustee as deemed necessary by management.

Delinquent Contributions

During our audit, it was noted that sufficient controls are not in place to ensure participant contributions are remitted to the trust in a timely manner. DOL Regulation 2510.3-102 requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the company's general assets, but in no event later than the 15th business day following the end of the month in which amounts are contributed by employees or withheld from their wages. Failure to remit participant contributions to the Plan in a timely manner results in prohibited transactions which must be separately reported to the DOL and may result in lost earnings for the Plan and penalties to the Plan Sponsor. We recommend that the Plan Sponsor review the procedures involved in remittance of participant contributions to the Plan and institute the necessary controls to ensure participant contributions are remitted timely. A written remittance policy should be created and followed. We also recommend the Plan correct all untimely remittances.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the Plan's internal control to be a significant deficiency and reportable finding:

Review and Reconciliation of Plan Level Trust Statements:

During our audit inquiries of management, we noted there is a very minimal review and reconciliation of the Plan level trust statements and activity throughout the year. It is our understanding that management does not review hardcopy trust statements. We recommend that management contact their providers to request that statements be mailed to them or discuss how to obtain this information via the websites. We also recommend that Plan management establish policies and procedures to ensure that Plan trust statements are being reviewed and reconciled with client files on a periodic basis and are in agreement with their records. This process is important to document the oversight of the Plan and minimize your risk as a fiduciary.

15. Independence

In order to issue an auditors' report, Marcum must be independent from the Plan in accordance with professional standards. The auditor may choose to communicate circumstances or relationships, such as financial interests, business or family relationships or nonaudit services provided or expected to be provided, that in the auditors' judgment may

reasonably be thought to bear on independence, and that the auditor gave significant consideration to in reaching the conclusion that independence has not been impaired.

There are no matters identified that impair our independence.

This report is intended solely for the information and use of the Board of Directors and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

This representation letter is provided in connection with your audits of the financial statements of Prime Healthcare, P.C. 401(k) Profit Sharing Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

We elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audits did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that ERISA Section 103(a)(3)(C) audits are permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and, that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America (GAAP).

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

Financial Statements

1. We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated March 8, 2023, for the preparation and fair presentation of the financial statements (including disclosures) in accordance with GAAP.
2. The financial statements are fairly presented in conformity with GAAP, the notes include all disclosures required by laws and regulations to which the Plan is subject, including the DOL’s

Marcum LLP

Page 2

Rules and Regulations for Reporting and Disclosure under ERISA, and the supplemental schedules are fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

3. We acknowledge our responsibility for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the ERISA plan financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.
4. We acknowledge our election to have ERISA Section 103(a)(3)(C) audits does not affect our responsibility for the financial statements and for determining the following:
 - a. The circumstances permit an ERISA Section 103(a)(3)(C) audit;
 - b. A qualified institution has prepared and certified the investment information as described in 29 CFR 2520.103-8;
 - c. The certifications meet the 29 CFR 2520 103-5 requirements: and
 - d. The certified investment information is appropriately measured, presented, and disclosed in accordance with GAAP.
5. We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
6. We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.
7. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable. The following is a description of the valuation methodologies used for assets measured at fair value (there have been no changes in the methodologies used as of December 31, 2022 and 2021):

Money Market and Mutual funds: Shares of money market funds and mutual funds are both valued at the daily closing price as reported by the funds. Money market and mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These money market and mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage funds: Self-directed brokerage accounts include money market funds, common stock and mutual funds which are valued at the quoted price of shares held by the Plan at year end.

The methods and significant assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes.

8. We are responsible for the estimation methods and assumptions used in measuring assets reported or disclosed at fair value, including information obtained from brokers, pricing services, or other third parties. Our valuation methodologies have been consistently applied from period to period. The fair value measurements reported or disclosed represent our best estimate of fair value as of the measurement date in accordance with the requirements of Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurement*. In addition, our disclosures related to fair value measurements are consistent with the objectives outlined in FASB ASC 820.
9. Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of GAAP.
10. Transactions with *parties in interest*, as defined in Section 3(14) of the ERISA and regulations thereunder, including sales, purchases, loans, transfers, leasing arrangements, and guarantees, and amounts receivable from, or payable to, related parties have been appropriately disclosed.
11. All events subsequent to the date of the financial statements and for which GAAP requires adjustment or disclosure have been adjusted or disclosed.
12. We understand that there are no uncorrected financial statement misstatements proposed by you during the audits.
13. We are not aware of any pending or threatened litigation, claims, or assessments or unasserted claims or assessments that are required to be accrued or disclosed in the financial statements in accordance with GAAP, and we have not consulted a lawyer concerning litigation, claims, or assessments. Further, the Plan's sponsor has not engaged an attorney on behalf of the Plan.
14. We have no intentions to terminate the Plan.
15. Guarantees, whether written or oral, under which the Plan is contingently liable to a bank, or another lending institution have been properly recorded or disclosed in the financial statements.
16. We have properly reported and disclosed amendments to the Plan instrument, if any.

ERISA-Required Supplemental Schedules

17. We acknowledge our responsibility for the presentation of the ERISA-required supplemental schedules in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We believe that the ERISA-required supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Information Provided

18. We have provided you with
 - a. Access to all information, of which we are aware that is relevant to the preparation and fair presentation of the financial statements such as records, documentation, and other matters;
 - b. The most current plan instrument for the audit period, including all Plan amendments;
 - c. A draft of the Form 5500 that is substantially complete;
 - d. Additional information that you have requested from us for the purpose of the audits;
 - e. Unrestricted access to persons within the Plan from whom you determined it necessary to obtain audit evidence;
 - f. All minutes of the meetings of directors and committees or summaries of actions of recent meetings for which minutes have not yet been prepared;
19. All transactions have been recorded in the accounting records and are properly reflected in the financial statements.
20. Financial instruments with off-balance-sheet risk and financial instruments with concentrations of credit risk have been properly recorded or disclosed in the financial statements.
21. The Plan or trust has satisfactory title to all owned assets that are recorded at fair value, and all liens, encumbrances, or security interest requiring disclosure in the financial statements have been properly disclosed.
22. We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
23. We have no knowledge of any fraud or suspected fraud that affects the Plan and involves
 - a. Management,
 - b. Employees who have significant roles in internal control, or
 - c. Others when the fraud could have a material effect on the financial statements.

Marcum LLP

24. We have no knowledge of any allegations of fraud, or suspected fraud, affecting the Plan's financial statements communicated by employees, former employees, participants, regulators, beneficiaries, service providers, third-party administrators, or others.
25. There have been no communications from regulatory agencies concerning noncompliance with, or deficiencies in, financial reporting practices that could have a material effect on the financial statements in the event of noncompliance.
26. There are no other matters (for example, breach of fiduciary responsibilities, nonexempt transactions, loans or loans in default, or events that may jeopardize the tax status) that legal counsel have advised us must be disclosed.
27. We have disclosed to you the identity of the Plan's related parties and parties in interest and all the related party and party in interest relationships and transactions of which we are aware.
28. We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the Plan.
29. There are no debt and other contractual agreements that would have a material effect on the financial statements in the event of noncompliance.
30. All required filings with the appropriate agencies have been made.
31. The Plan is qualified under the appropriate section of the Internal Revenue Code and intends to continue as a qualified Plan and trust. The Plan sponsor has operated the Plan and trust in a manner that did not jeopardize this tax status.
32. As disclosed in the supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, certain employee deferrals and/or loan repayments for the year ended December 31, 2022, were not remitted to the Plan within the timeframe required by the DOL. The Company ultimately decided to categorize the remittances in question as prohibited transactions. During 2023, the Plan Sponsor compensated participants for the lost earnings resulting from the untimely remittance of participant contributions.
33. The Plan has complied with the fidelity bonding requirements of ERISA.
34. There are no
 - a. *Nonexempt party in interest transactions* (as defined in ERISA Section 406-408 and regulations thereunder) that were not disclosed in the supplemental schedules or financial statements.
 - b. Investments in default or considered to be uncollectible that were not disclosed in the supplemental schedules; or

Marcum LLP

Page 6

- c. *Reportable transactions* (as defined in ERISA Section 103(b)(3)(H) and regulations under that section) that were not disclosed in the supplemental schedules.
35. For the year ended December 31, 2022, the plan sponsor made Safe Harbor Matching Contributions of \$119,683. For the year ended December 31, 2022, there were no Employer Discretionary matching or Qualified Non-Elective Profit-Sharing contributions made to the Plan.
36. Management agrees with the fair value and contract value of the investments and accepts responsibility for their valuation. The methods and significant assumptions used to estimate fair values of financial instruments, including non-readily marketable securities, are as follows:
- Investments, comprised of a money market fund, mutual funds, and self-directed brokerage accounts, valued at fair value of \$28,793,901 and \$33,004,156 as of December 31, 2022 and 2021, respectively, as provided by the trustee of the Plan.
37. You have provided us all the documents and records for both the current year and for prior years that are necessary to ensure that the Plan's books and records are complete.
38. Plan management has:
- a. Made all management decisions and performed all management functions relating to the accounting services that you have provided;
 - b. Established and maintained internal controls including monitoring ongoing activities relating to the accounting services that you have provided;
 - c. Evaluated the adequacy and results of the accounting services performed and accepts responsibility for the results of the services that you have provided; and
 - d. Designated a competent management level individual to oversee the services that you have provided.
39. Administrative expenses paid by the Plan sponsor on behalf of the Plan will not be reimbursed by the Plan.
40. We have obtained appropriate fee disclosures from covered service providers and have concluded the fees are reasonable. The Plan is in compliance with DOL regulations regarding ERISA Section 408(b)(2).
41. The Plan is a prototype plan designed to be qualified under the applicable provisions of the Internal Revenue Code and is not subject to federal and state income taxes. The prototype plan obtained an opinion letter dated June 30, 2020, in which the IRS stated that the prototype plan, as then designed, complied with the applicable requirements of the IRC. The plan

Marcum LLP

Page 7

administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan is qualified, and the related trust is tax exempt.

42. We have obtained the SOC 1 Report from the service organization. We have *not* reviewed such report, including the complimentary user controls for the year ended December 31, 2022. We understand that this a reportable finding as defined in *Statement on Auditing Standards (SAS) 136 Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA*. We intend to take necessary actions to identify and implement appropriate user controls to address the reportable finding.
43. There are no material distributions that have been requested prior to the end of the plan year that have not been disbursed to participants.
44. We have performed an assessment of whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time (defined as the time within one year after the date that the financial statements are available to be issued). In assessing the appropriateness of the going concern basis for the Plan, we have taken into account all of the relevant information covering a reasonable period of time. Based on our assessment, we are not aware of any conditions or events beyond such reasonable period of time that may have an effect on the Plan's ability to continue as a going concern.
45. Receivables recorded in the financial statements represent valid claims for transactions arising on or before the date of the statements of net assets available for benefits and have been reduced to their estimated net realizable value.
46. We have evaluated our tax positions in accordance with ASC 740 *Income Taxes*. Specifically, we have determined whether our tax positions would be sustained upon examination, including resolution of any related appeals or litigation, based on the technical merits of the positions (assuming the tax authority has full knowledge of all information) based upon a "more-likely-than-not" (MLTN) threshold. If this threshold is not met, none of the tax benefit provided by the position is reflected in the financial statements. For a tax position that meets the MLTN recognition threshold, the benefit is measured at the largest amount of benefit that is greater than 50 percent likely of being realized upon ultimate settlement. Additionally, related interest and penalties, if any, have been recorded in accordance with ASC 740 *Income Taxes*.
47. We are aware of certain operational, plan document, or demographic issues that, if not properly corrected, could be treated by the IRS as qualification failures. We will be taking steps to correct these issues. If necessary, the tax qualification issues will be resolved directly with the IRS. Accordingly, we believe that the plan will retain its tax-qualified status.
