The Infucare Rx, Inc. 401(k) Plan
Fairfield, NJ

Report on the Audit of the 2022 Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audit of the accompanying financial statements of Infucare Rx, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Infucare Rx, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Infucare Rx, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Infucare Rx, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Plan Administrator and Participants
Infucare Rx, Inc. 401(k) Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Infucare Rx, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Infucare Rx, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — 2022 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of Matter - Restatement

As discussed in Note 11 to the financial statements, the Plan's 2021 financial statements have been restated to correct a misstatement. Our opinion is not modified with respect to this matter.

Auditors' Report on the 2021 Financial Statements

The 2021 financial statements of Infucare Rx, Inc. were audited by Sobel & Co., LLC, whose shareholders and professional staff joined CliftonLarsonAllen LLP as of February 1, 2023, and has subsequently ceased operations. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 17, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

**INFUCARE RX, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 1 PLAN DESCRIPTION

The Infucare Rx, Inc. 401(k) Plan (Plan) is administered by InfuCare Rx, Inc. (Company or Plan Sponsor). The following description of the Plan is provided for general information purposes only. Participants should refer to the Summary Plan Description and Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) savings plan covering all full-time employees of the below listed companies (collectively, Company) who are not subject to a collective bargaining agreement:

- Infucare Rx, Inc.
- Infucare Rx, LLC
- Pharmacy Health Alliance, LLC
- Homecare Rx, Inc.
- Factor One Source Pharmacy LLC
- Fast Access Specialty Therapeutics, Inc.
- DM Clinical Collaborations, Inc.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as restated.

Eligibility

All employees are eligible to participate in the Plan, except for leased, part-time, seasonal, union, nonresident aliens, or temporary employees. The Plan has a minimum age requirement of at least 21 by the next Plan entry date and requires a minimum of 3 months of service to make voluntary contributions into the Plan. One year of service is required to be eligible for employer-match contributions.

Contributions

Participants may make voluntary pretax contributions and Roth 401(k) contributions to the Plan up to 100% of eligible compensation, up to the annual Internal Revenue Service (IRS) dollar limit. The Plan accepts rollover contributions from other qualified retirement plans in accordance with ERISA. The Plan accepts Roth rollover contributions that are properly segregated in the participant's accounts as Roth contributions. Participants, who have attained age 50 before the end of the Plan year, are eligible to make catch-up contributions in accordance with, and subject to, IRS limitations.

The Plan includes a matching contribution made by the Company, equal to 100% of participant salary deferrals, inclusive of any catch-up contributions, for up to 4.00% of eligible compensation. Contributions are subject to certain limitations. Total employer-matching contributions made for the year ended December 31, 2022 was \$580,064 and for the year ended December 31, 2021 was \$424,276. The Plan also includes a provision for discretionary profit sharing contributions, which are allocated annually based on Company criteria. No discretionary profit sharing contributions were made into the Plan for the years ended December 31, 2022 and 2021.

NOTE 1 PLAN DESCRIPTION (CONTINUED)

Investment Options

Upon enrollment in the Plan, participants may direct their contributions in 1% increments in any of the investment options available. A separate account is maintained for each participant, and interest and dividends earned by each fund are reinvested in that fund. Participants may change their investment options at the times permitted by the Plan Administrator.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of the Company's contribution and Plan earnings, and charged with an allocation of administrative expenses based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately 100% vested in their voluntary employee contributions, rollover contributions, qualified nonelective contributions, plus earnings thereon. Vesting of the Company's discretionary matching contributions, safe harbor contributions and discretionary contributions are based on years of vesting service. For employer-matching contributions and discretionary contributions, a participant with less than one year of credited service is 0% vested. Vesting increases 25% per year from year one through year four, at which point participants are 100% vested. Participants also become 100% vested upon attainment of age 65, or upon death or disability of the participant.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participants' loan fund. Loan terms range from 0-5 years. However, if the loan is used to acquire a principal residence, the repayment term can be up to 20 years. Loans are secured by the vested balances in the participants' accounts. Loans bear a rate of interest, as determined by the Plan Administrator, based on the prevailing interest rates charged by persons in the business of lending money for notes that would be made under similar circumstances. As of December 31, 2022 and 2021, the Plan had no participant loans outstanding.

Retirement

The Plan's normal retirement age is 65. There is no early retirement provision under the Plan.

NOTE 1 PLAN DESCRIPTION (CONTINUED)

Payment of Benefits

After retirement, death, or disability, participants are entitled to receive a lump-sum distribution, monthly installments, annual installments, or a variety of annuity options. Participants have the option to leave amounts in the Plan up to the mandatory distribution date, which is defined as the later of April 1 following the calendar year of attaining the age of 72 or age at retirement. If participants are still employed by the age 72, the mandatory distribution date generally is April 1 following the termination date of employment.

Upon termination, vested benefits can be rolled over to another qualified plan or an individual retirement account (IRA) or distributed in a lump-sum payment or partial withdrawals. If the vested balance is \$5,000 or less, any amount exceeding \$1,000 will be distributed to an IRA or annuity for the participant's benefit. If the participant's vested balance is \$1,000 or less, the participant will receive a lump-sum distribution without consent.

Hardship withdrawals are subject to approval by the Plan Administrator and also subject to income tax withholding and penalties.

In-Service Withdrawals

Participants may request in-service withdrawals under the following conditions:

- Attainment of age 59 ½
- Minimum required distributions for those who have reached age 72
- Attainment of normal retirement age (age 65)
- Rollover contributions
- Hardship withdrawals
- Qualified military service

Forfeitures

Forfeitures represent the amount of employer contributions that remain unvested when participants leave the Company before fulfilling the service requirement for vesting and may be used to offset employer contributions and administrative expenses. During the year ended December 31, 2022, \$15,515 was used to offset the employer's contributions. During the year ended December 31, 2021, \$1,120 was used to offset the employer's contributions. As of December 31, 2022 and 2021, there was \$104 and \$30, respectively, available in the forfeiture account.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Reliance Trust Company, the Custodian. See Note 4 for fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are recorded as distributions in accordance with the provision of the Plan. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

If a participant ceases to make loan repayments or the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Benefit Payments

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses and Participant Transaction Fees

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, investment fees, and certain Plan administration fees not covered by the Company are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Mutual Fund Fees

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. Allowable fees under Section 12b-1 of the Investment Company Act of 1940 are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and, thus, not separately identifiable as an expense.

Subsequent Events

The Company has evaluated its subsequent events and transactions occurring after December 31, 2022 through February 9, 2024, the date that the financial statements were available to be issued.

NOTE 3 INVESTMENTS CERTIFIED BY THE PLAN CUSTODIANS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2022 and 2021, and net (depreciation) appreciation in fair value of investments, and interest and dividends for the years ended December 31, 2022 and 2021, was obtained by management and agreed to, or derived from, information certified as complete and accurate by Reliance Trust Company and Voya Retirement Insurance and Annuity Company, the Custodians of the Plan.

NOTE 4 FAIR VALUE MEASUREMENTS

Fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Common Collective Trusts – Valued based on the net asset value (NAV) of units of the common collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. (Other input)

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. (Level 1 inputs)

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2022			
	Level 1	Level 2	Level 3
Mutual Fund	\$ 4,529,680	\$ -	\$ -
Investments Measured at Net Asset Value			83,405
Total Investments at Fair Value			\$ 4,613,085

2021			
	Level 1	Level 2	Level 3
Mutual Fund	\$ 3,087,478	\$ -	\$ -
Investments Measured at Net Asset Value			154,780
Total Investments at Fair Value			\$ 3,242,258

The following table summarized investments measured at fair value based on NAV per share:

Investment Type	Fair Value		Redemption Frequency	Redemption Notice Period
	2022	2021		
Common Collective Trusts	\$ 83,405	\$ 154,780	Daily	None

NOTE 5 PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments in 2022 and 2021 are held by Reliance Trust Company and Voya Retirement Insurance and Annuity Company, the Custodian, as defined by the Plan and, therefore, those transactions qualify as party-in-interest transactions.

Notes receivable from Plan participants qualify as party-in-interest transactions.

**INFUCARE RX, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 6 PLAN TERMINATION

Although the Company has not expressed intent to terminate the Plan, it may do so at any time under the provisions of ERISA. Upon termination of the Plan, participants will become 100% vested and entitled to their full account balance, including all Company contributions, as of the termination date.

NOTE 7 TAX STATUS

The Plan Sponsor obtained an opinion letter from the Internal Revenue Service in October 2020, in which the IRS stated that the volume submitter Plan Document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has since been amended; however, the Plan Administrator believes the Plan is being designed and operated in compliance with the Plan Document and applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022 and 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any periods in progress.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits

**INFUCARE RX, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 9 CONCENTRATIONS

The Plan held one investment that represent 12% and 13% of the Plan's total investments at December 31, 2022 and 2021, respectively.

NOTE 10 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

NOTE 11 RESTATEMENT DUE TO CORRECTION OF AN ERROR

During 2021, a 103(a)(3)(c) audit was performed on Infucare's 401k plan for the year ended December 31, 2021, and for the period of May 7, 2021 – December 31, 2021, which was administered by ADP, and had its assets certified and held by Reliance Trust Company, the Custodian of the Plan. However, after consulting with specialists, management determined that the Plan was considered a continuation of a previous plan through the prior plan sponsor, Factor One Source Pharmacy LLC.

As a result, additional transactions that were certified from Voya Insurance and Annuity Company for the period January 1, 2021 – May 6, 2021 were required to be included in the financial statements. A summary of the previously reported and restated figures, as well as the corrections made for the restatement, is below.
