INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
of Scope Healthcare Service Inc 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Scope Healthcare Service Inc 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Scope Healthcare Service Inc 401(k) Profit Sharing Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Scope Healthcare Service Inc 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Scope Healthcare Service Inc 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Scope Healthcare Service Inc 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Scope Healthcare Service Inc 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Scope Healthcare Service Inc 401(k) Profit Sharing Plan & Trust (the 'Plan') provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a contributory 401(k) plan which began January 1, 2020 and provides retirement benefits to eligible participants. The Plan sponsor is Scope Healthcare Service Inc (the 'Company').

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was enacted into law. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants including:

- Distributions up to the lesser of vested account balance or $100,000
- Increased loan limits up to the lessor of 100% the vested account balance or $100,000
- Loan repayment extension allowing payments to be deferred up to one year
- Waivers of Required Minimum Distributions that would otherwise have been payable during 2020

The provisions of the CARES Act were effective and operationalized immediately, prior to amending the plan document. Plan management has adopted certain relief provisions included in the CARES Act.

Effective December 5, 2023, the Plan was terminated.

Eligibility

Any employee who has reached the age of twenty-one (21) shall be eligible to participate in the plan. Union employees and non-resident aliens are excluded from eligibility. The effective date of participation shall be immediately upon meeting eligibility.

Employee Salary Reduction 401(k) Contributions

Each participant may elect to defer 92% of their compensation not to exceed the maximum amount allowable under the Internal Revenue Code. For plan years beginning January 1, 2021 and 2020, the individual maximum allowable were $19,500, respectively, and the maximum catch-up contribution for employees over age 49 for the plan year beginning January 1, 2021 and 2020 was $6,500, respectively. Participants direct all the investments of all contributions into various investment options offered by the Plan. Participants may redirect these investments at any time during the year. The Plan does not allow auto-enrollment.

Qualified Nonelective Contributions

The employer may make qualified nonelective contribution to correct Actual deferral percentage (ADP) or Actual Compensation Percentage (ACP) testing failures.

Discretionary/Profit Sharing Contributions

The Company may contribute a discretionary contribution which will be deemed the employer's non-elective contribution for employees who have completed one year (1,000 hours) of service. The contributions for any plan year shall not exceed the maximum amount allowable as a deduction to the employer under the provision of Code Section 404. The Company did not make a discretionary profit sharing contribution in 2021 and 2020.

NOTE 1 - DESCRIPTION OF THE PLAN - Continued

Vesting

The company discretionary/profit sharing accounts and employer matching accounts are vested according to the following schedule:

After Years of Service	Percent Vested
1	-
2	20%
3	40%
4	60%
5	80%
6	100%

Participants are fully vested at the time of entry in their voluntary 401(k) accounts. Participants are fully vested in the value of their account regardless of the vesting schedule upon attainment of age 65, death, or disability.

Investment Options

The Plan offers its participants various investment options. Upon enrollment in the Plan, each participant may direct employee contributions in 1% increments in any of the investment options. Participants may change their investment options daily.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations of Plan's earnings (losses) are based on individual participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service, a participant is entitled to receive the value of the vested interest in his or her account as a lump-sum distribution or other payment methods.

The Plan adopted certain relief provisions included in the CARES Act, including waivers of Required Minimum Distributions that would otherwise have been payable during 2020.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 1%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through weekly payroll deductions. Loans are repaid over a period selected by the participant not to exceed 5 years with the exception of principal residence real estate loans, which may be longer.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value investments.

Purchases and sales of investments are recorded on the trade date basis. Dividends are recorded on the ex-dividend date and reinvested into the respective fund. Income from other investments is recorded as earned on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Several of the investment fund options are subject to investment fees based upon a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's performance and thus are not separately disclosed in the accompanying financial statements. All expenses of maintaining the Plan are paid by the Plan. Administrative expenses are paid by the Sponsor. The amount paid by the Plan amounted to $3,289 and $1,804 in 2021 and 2020.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - Continued

Date of Managements Review

In preparing these financial statements, the Company has evaluated events and transactions for the potential recognition or disclosure through February 16, 2024, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 inputs to the valuation methodology include the following:
    - Quoted prices for similar assets or liabilities in active markets.
    - Quoted prices for identical or similar assets or liabilities in inactive markets.
    - Inputs other than quoted prices that are observable for the asset or liability.
    - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified/contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- Common Collective Trust – Valued at the net asset value of units of a collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities.

- Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 - FAIR VALUE MEASUREMENTS - Continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are

appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the plan's assets at fair value as of December 31, 2021 and 2020:

December 31, 2021	Level 1	Total
Mutual Funds	$ 37,909	$ 37,909
Total Assets in the fair value hierarchy	$ 37,909	37,909
Investments measured at Net Asset Value		284
Investments at Fair Value		$ 38,193

December 31, 2020	Level 1	Total
Mutual Funds	$ 8,064	$ 8,064
Total Assets in the fair value hierarchy	$ 8,064	8,064
Investments measured at Net Asset Value		313
Investments at Fair Value		$ 8,377

Fair Value of Investments in Entities that use NAV:

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021 and 2020, respectively.

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common Collective Trust	$ 284	n/a	Daily	30 Days

NOTE 3 - FAIR VALUE MEASUREMENTS - Continued

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common Collective Trust	$ 313	n/a	Daily	30 Days

NOTE 4 – CERTIFIED INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company ("MATC"), a qualified institution, has certified the following information as complete and accurate:

- Investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation/(depreciation) in fair value of investments, dividends, other income reflected on the accompanying statement of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- All investment information included in the supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021.

NOTE 5 - INCOME TAX STATUS

The Company has adopted a non-standardized plan pre-approved by the Internal Revenue Service ("IRS"). The IRS issued an opinion letter dated August 31, 2020, that the non-standardized plan is acceptable with the applicable section of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Company and the Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 – RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by the Trustee as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as exempt party-in-interest transactions.

NOTE 8 – FIDELITY BOND COVERAGE

The Plan failed to obtain a fidelity bond when establishing the Plan, and did not have adequate coverage for the years ended December 31, 2021 and 2020.

NOTE 9 - SUBSEQUENT EVENTS – PLAN TERMINATION

On December 5, 2023, the plan sponsor adopted a resolution to terminate the Plan. All participants were fully vested in their account balances. This had no impact on the values of the assets reported in the financial statements. No liabilities were recognized in connection with the termination.
