Independent Auditor's Report

To the Trustees and Plan Administrator of
Habilitation Assistance Corporation 401(K) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Habilitation Assistance Corporation 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Habilitation Assistance Corporation 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by banks or similar institutions or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the banks or similar institutions or insurance carriers in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Habilitation Assistance Corporation 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Habilitation Assistance Corporation 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Habilitation Assistance Corporation 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Habilitation Assistance Corporation 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of June 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

HABILITATION ASSISTANCE CORPORATION 401(K) PLAN

Notes to Financial Statements
June 30, 2023 and 2022

1. DESCRIPTION OF THE PLAN

The following description of the Habilitation Assistance Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined-contribution plan covering all employees of Habilitation Assistance Corporation (the Company) (the Plan Sponsor) who have reached the age of twenty-one and have completed one year of service (with at least 1,000 hours). The Plan was established to provide the Company's employees with a qualified retirement savings plan funded by participant and employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Trustees.

b. Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan document, up to the maximum allowed by the Internal Revenue Code (IRC). Participants may also elect to contribute a percentage of their eligible compensation into the Plan on an after-tax basis (Roth). The Plan allows for catch-up contributions for participants who have attained age fifty by the end of the Plan year. Participants may also contribute amounts distributed from other qualified plans (rollover contributions). Participants direct the investment of the contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan with their deferral rate set at 6% pre-tax of eligible compensation unless they affirmatively elect not to participate in the Plan.

The Company may make qualified nonelective contributions based on the percentage of a participant's annual compensation to the total compensation of all participants. Participants must be employed on the last day of the Plan year to receive discretionary contributions. The Company may make discretionary matching contributions based on the participant's percentage of their 401(k) Plan elective deferrals. The Company may also make an additional discretionary contribution to participants based on the percentage of a participant's annual compensation to the total compensation of all participants. The Company made a discretionary matching contribution for the Plan year ended June 30, 2023, totaling \$182,178. The Company made a discretionary contribution for the Plan year ended June 30, 2023, totaling \$117,822.

c. Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and the Plan's earnings and appreciation of investments and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on the participant's earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

HABILITATION ASSISTANCE CORPORATION 401(K) PLAN

Notes to Financial Statements
June 30, 2023 and 2022

1. DESCRIPTION OF THE PLAN (Continued)

d. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants vest in the value of their accounts attributable to the Company's discretionary matching contributions and discretionary contributions as follows:

<u>Years of Credited Service</u>	<u>Vesting Percentage</u>
Less than two years of service	0%
Two years of service	20%
Three years of service	40%
Four years of service	60%
Five years of service	80%
Six years of service or more	100%

Participants become fully vested upon death or disability.

All participants are immediately 100% vested in their qualified nonelective contributions.

e. Payment of Benefits

Upon normal retirement (age 65) or early retirement (age 55), death, disability or termination, the balance in a participant's account will be paid to the participant or their beneficiary in a single lump-sum or installment payments, as defined by the Plan. The Plan includes an involuntary cash-out provision for those accounts of former employees with a balance of \$5,000 or less.

The Plan allows in-service withdrawals upon attainment of age 59 ½. A participant may also request a withdrawal upon demonstration to the Plan Administrator that they are suffering a "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the IRC or standards established by the Secretary of the Treasury or their delegate.

f. Notes Receivable from Participants

Participants may, at their option, borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or one-half of their vested account balance. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan Administrator. Participants may have two outstanding loans at any given time and may not be granted more than three loans during any one-year period. Loans are repaid through direct, after-tax payroll deductions, at least in quarterly payments. Loans must be repaid within five years unless the loan is for the purchase of the participant's primary residence, in which case the term may be up to twenty-five years.

g. Forfeited Accounts

Forfeitures represent non-vested Company contributions forfeited by participants who terminate their employment or who withdraw from the Plan. These accounts may be used to pay Plan expenses, offset future employer contributions, or be reallocated back to participant accounts. The Plan had no unallocated forfeitures as of June 30, 2023 and 2022, respectively. There were \$617 of forfeitures utilized during the Plan year ended June 30, 2023, to pay for plan expenses.

1. DESCRIPTION OF THE PLAN (Continued)

h. SECURE Act 2.0

On December 29, 2022, the Consolidated Appropriations Act of 2023, which included SECURE Act 2.0, was executed. SECURE Act 2.0 contains over ninety new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2023 financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting principles (U.S. GAAP) established by the Financial Accounting Standards Board (FASB). References to U.S. GAAP in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Units held by the Plan in pooled separate accounts and the common collective trust are based on each fund's daily net asset value (NAV) as a practical expedient, which is considered by the Plan Administrator to be the best approximation of fair value. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors and the qualified institutions. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of June 30, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. There are no deemed distributions for the year ended June 30, 2023.

HABILITATION ASSISTANCE CORPORATION 401(K) PLAN

Notes to Financial Statements
June 30, 2023 and 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration and recordkeeping of the Plan are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of investments.

Subsequent Events

Subsequent events have been evaluated through February 13, 2024, which is the date the financial statements were available to be issued. There were no events that met the criteria for recognition or disclosure in the financial statements.

3. INFORMATION PREPARED AND CERTIFIED TO BY THE QUALIFIED INSTITUTIONS

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Principal Global Investors Trust Company, the qualified institutions, have certified to the completeness and accuracy of all investments reported in the accompanying statements of net assets available for benefits as of June 30, 2023 and 2022, and the supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of June 30, 2023, and the related investment transactions and investment income reported in the accompanying statement of changes in net assets available for benefits for the year ended June 30, 2023.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to certified investment information, except for comparing such certified investment information included in the accompanying financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. *Fair Value Measurement* establishes a hierarchy of the valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The fair value hierarchy is as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

HABILITATION ASSISTANCE CORPORATION 401(K) PLAN

Notes to Financial Statements
June 30, 2023 and 2022

4. FAIR VALUE MEASUREMENT (Continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts: The fair value of the Plan's interest in the pooled separate accounts is based on the fund's daily NAV as a practical expedient, which is considered by the Plan Administrator to be the best approximation of fair value. The NAV is used as a practical expedient to estimate the fair value unless it is probable that all or a portion of the pooled separate accounts will be sold for an amount different from NAV. As of June 30, 2023 and 2022, the Plan had no plans to sell the pooled separate accounts at amounts different from NAV. Units are available for transactions at the closing accumulation unit value on an open exchange, and even though the underlying assets of the pooled separate accounts cannot be quickly sold and converted to liquid assets, it is backed with a liquidity guarantee to ensure funds are available to meet participant directed withdrawals. The pooled separate accounts have all been reported as direct filing entities on the Form 5500, Schedule D.

Common collective trust: Valued at the NAV of units of a collective trust. The NAV, as provided by the qualified institutions, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. As of June 30, 2023 and 2022, the Plan had no plans to sell the common collective trust at amounts different from NAV. There are no unfunded commitments. The common collective trust has been reported as a direct filing entity on the Form 5500, Schedule D.

There have been no changes in the methodologies used at June 30, 2023 and 2022.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENT (Continued)

Investments which are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy.

The following table presents the category, fair value, redemption frequency and redemption notice period for the Plan's investments, and the fair values of which are estimated using the NAV per share as of June 30:

	Fair Value		Redemption Frequency (if currently eligible)	Redemption Notice Period
	2023	2022		
Pooled separate accounts:				
Balanced/target date funds	\$ 2,751,442	\$ 2,568,480	Daily	1 day
Large U.S. equity funds	1,334,721	1,309,506	Daily	1 day
Small/mid cap U.S. equity funds	1,257,475	1,145,667	Daily	1 day
Fixed income funds	541,484	526,076	Daily	1 day
International equity funds	439,665	382,340	Daily	1 day
Other funds	21,714	18,761	Daily	1 day
Total pooled separate accounts	<u>\$ 6,346,501</u>	<u>\$ 5,950,830</u>		
Common collective trust	<u>\$ 808,407</u>	<u>\$ 1,207,204</u>	Daily	90 days

5. COMMON COLLECTIVE TRUST

The Plan's investment in a common collective trust (CCT) is represented by the CCT's underlying investments in the Principal Stable Value Z Fund, which invests in fully benefit-responsive investment contracts, commonly referred to as guaranteed investment contracts (GICs), synthetic investment contracts, and similarly designed contracts issued by insurance companies, banks, and other financial institutions. The Plan's investment in the CCT is not considered a fully benefit-responsive investment contract and is reported at fair value (see Note 4).

6. INCOME TAX STATUS

The Plan has obtained an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the restated prototype non-standardized plan document was in compliance with applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested and all accrued benefits shall be paid to participants in accordance with the provisions of the Plan.

8. PARTY-IN-INTEREST TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable from participants and transactions with investment funds managed and held by the qualified institutions are considered party-in-interest transactions. During the Plan year ended June 30, 2023, the Plan paid the qualified institutions and advisors recordkeeping and administrative service fees of \$27,680.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that these changes could materially affect the amounts reported in the statements of net assets available for benefits.
