Plan Management, Board of Trustees, and the Finance Committee
Area Agency on Aging 11, Inc. Retirement Plan
Youngstown, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the accompanying financial statements of the Area Agency on Aging 11, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Area Agency on Aging 11, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from Newport Trust Company, a qualified institution, as of June 30, 2023 and 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Area Agency on Aging 11, Inc. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Area Agency on Aging 11 Inc. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Area Agency on Aging 11 Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Area Agency on Aging 11 Inc. Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and the Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
For the Years Ended June 30, 2023 and 2022

Note A - Description of Plan

The following description of the Area Agency on Aging 11, Inc. Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a 401(k) provision covering all employees of Direction Home of Eastern Ohio (formerly known as Area Agency on Aging 11, Inc.) (the Agency) who are 21 years of age or older. Employees are immediately eligible to make salary deferrals and to receive the employer-matching and discretionary contributions. The Company may also make discretionary contributions to the Plan for Participants who have met the deferral and matching eligibility and are also employed by the Company on the last day of the year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Under the Plan's provisions, each participant may contribute a percent of his or her base pay not to exceed the maximum dollar limit in effect for such calendar year in accordance with the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans. The Agency will make matching contributions for the employees who make contributions to the Plan out of their base pay. The matching contribution is 100% of the first 1% of employees' voluntary contributions. Any additional discretionary retirement plan contributions are determined by the Board of Trustees. Upon enrollment in the Plan, a participant may direct employee contributions and company-matching contributions in any of the available investment options. Participants may change their investment options at their discretion. All the balances in the Plan represent participant-directed investments. Additional profit-sharing amounts may be contributed at the option of the Agency's Board of Trustees. During the plan years ended June 30, 2023 and 2022, the Agency made profit-sharing contributions to the Plan in the amounts of \$476,814 and \$448,771, respectively. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

Vesting

Vesting in participant accounts relating to the Agency-matching contributions is based on the years of continuous service. A participant is 100% vested in the Agency contribution after three years of credited service. 1,000 hours worked during the Plan year equals a year of credited service. Participants are immediately vested in their deferrals and contributions rolled over from other qualified defined-benefit or contribution plans, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their account balance a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less, with maturity dates not in excess of five years. The loans are collateralized by the balance in the participant's account and bear interest. The interest rate is set at an initial rate of Prime plus 2% and then fixed for the duration of the loan at that rate. Interest rates for loans outstanding in the current year range from 5.25-10.00%, with maturity dates ranging from September 2023 - February 2027. The participant is required to repay principal and interest ratably through payroll deductions based on payroll frequency.

Notes to Financial Statements
For the Years Ended June 30, 2023 and 2022

Note A - Description of Plan (continued)

Payment of Benefits

Amounts contributed through salary reductions may be withdrawn by, or distributed to, a participant only upon (1) termination of employment or (2) attaining the age of 59 ½. Withdrawals prior to attaining age 59 ½ are not permitted, except in the event of retirement or as a hardship distribution. Upon proof, to the satisfaction of the plan administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for hardship purpose and for in-service withdrawals for childbirth and adoption expense. Roth elective deferrals are not available for hardship withdrawals. Certain income tax penalties may apply to withdrawals or distributions prior to age 59 ½.

On termination of services due to death, disability, retirement or due to other reasons, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

Forfeited accounts may be used to pay administrative expenses, such as accounting fees, and/or reduce future employer contributions. At June 30, 2023 and 2022, forfeited non-vested accounts totaled \$16,151 and \$32,735. Forfeited non-vested accounts were used to pay plan fees and employer matching contributions in the amounts of \$31,835 and \$5,592 for the years then ended.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Employer Contribution Receivable

Employer contributions receivable represent employer matching contributions related to participant deferrals withheld prior to June 30, 2023 and 2022, as well as a discretionary profit sharing contribution which was approved during the years ended, respectively. The balance is based on actual collections subsequent to year end.

Participant Contribution Receivable

Participant contributions receivable represent participant deferrals withheld prior to June 30, 2023 and 2022. The balance is based on actual collections subsequent to year end.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the stable value fund valued at contract value, as disclosed in Note D. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note E for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions and Agency-matching contributions in any of the available investment options. The Agency currently offers several mutual fund investment options for the participants. Participants may change their investment options at their discretion. All the balances in the Plan represent participant-directed investments.

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid by either the Plan or the Agency, as provided by the plan document. Expenses that are paid directly by the Agency are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. Fees related to benefits paid to participants and for the administration of notes receivable from participants are charged directly to the participant's account and are not included in administrative expenses. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Note C - Information Prepared and Certified by the Custodians

The June 30, 2023 and 2022 statements of net assets available for benefits, the investment activities included on the related statements of changes in net assets available for benefits for the years then ended, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the custodians in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The Plan's investments were held in custodial accounts maintained by Newport Trust Company for the years ended June 30, 2023 and 2022. For the years ended June 30, 2023 and 2022, these certified investments amounted to \$7,753,738 and \$6,419,844 respectively. Total investment (loss) income amounted to \$721,468 and (\$1,016,896), respectively, for the years ended June 30, 2023 and 2022.

Plan management obtained certifications from Newport Trust Company for the years ended June 30, 2023 and 2022. The Plan's independent certified public accountants did not perform audit procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

Note D - Stable Value Fund

The Plan invests in a common collective trust fund, Morley Stable Value Fund, whose underlying assets are fully benefit-responsive investment contracts. This stable value fund seeks to provide preservation of capital and relatively stable returns by investing primarily in short-term investments and investment-grade stable value investment contracts. The underlying investments of the Morley Stable Value Fund consist of Conventional Guaranteed Investment Contracts ("GICs") and Synthetic Guaranteed Investment Contracts (wrap contracts) and cash equivalents. The GICs are typically issued with a fixed crediting rate and a fixed maturity date that does not change over the life of the contract. Whereas, wrap contracts typically reset on a monthly or quarterly basis as negotiated with the issuer and do not have a final stated maturity date. Gains and losses on the underlying portfolio are amortized over the duration of the investment, through adjustments to the future interest crediting rate.

Notes to Financial Statements
For the Years Ended June 30, 2023 and 2022

Note D - Stable Value Fund (continued)

A number of factors can influence future crediting rates of wrap contracts, which may include but are not limited to: portfolio cash flows, underlying portfolio performance, current market interest rates for reinvestment, duration posture, change in credit ratings, default or bankruptcy by an asset or wrap issuer, the unexpected receipt of principal and interest payments, extraordinary withdrawals, and certain wrap contract terms, including wrap fees.

Note E - Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are delivered principally from or corroborated by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to maximize the use of observable inputs and minimize the use of unobservable measurements.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2023 and 2022.

Mutual Funds - Valued at daily closing price as reported the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are reported as Level 1.

The preceding method described may produce fair value calculations that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

Note F - Plan Termination

Although it has not expressed any intent to do so, the Agency has the right under the Plan to discontinue its contributions at any time. The Plan may also be terminated subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note G - Tax Status

The Plan is relying on IRS approval of the pre-approved plan it has adopted. The IRS has determined and informed the pre-approved plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended from the original pre-approved document, Plan management believes that the Plan is currently being operated in accordance with the IRC, and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Note H - Risks and Uncertainties

Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.
