INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
the D.W. Tool, Inc. Savings Plan
Jackson, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of D.W. Tool, Inc. Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of September 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended September 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of D.W. Tool, Inc. Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2023 and 2022, and for the year ended September 30, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of D.W. Tool, Inc. Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about D.W. Tool, Inc. Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of D.W. Tool, Inc. Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about D.W. Tool, Inc. Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations

for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

1. DESCRIPTION OF PLAN:

The following description of the D.W. Tool, Inc. Savings Plan (Plan) sponsored by D.W. Tool, Inc. (Company) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of the Company. Employees are eligible for salary deferral after one year of employment and reach the age of 21. The most significant changes are discussed in the Funding of Plan and Vesting sections immediately below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective April 1, 1992, the Plan became a 401(k) type retirement plan.

Funding of Plan – Contributions - The Plan is funded by participant and employer contributions (by way of elective employee deferrals and employer matching contributions). The employer may also make discretionary contributions. The employees can contribute from 1% to 60% of their pay up to established IRS dollar limits (\$22,500 for 2023 and \$20,500 for 2022). Beginning in 2002 a special “catch-up” limit was established by the IRS for participants over the age of 50. The maximum additional deferral “catch-up” contribution is \$7,500 for 2023 and \$6,500 for 2022. The maximum dollar limit with the deferral “catch-up” is \$30,000 for 2023 and \$27,000 for 2022.

In accordance with the Safe Harbor Plan requirements, the Company contributes an amount equal to 100% of salary deferrals that do not exceed 3% and 50% of salary deferrals between 3% and 5%.

The employees' contributions are made on a pre-tax basis and are made through a salary reduction agreement.

Participant Accounts - Each participant's account is credited with the participant's contribution, the employer's contribution, and an allocation of plan earnings or losses. Allocations of plan earnings are based on their account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Effective October 1, 2008, vesting is based on years of service. A year of vesting service is a vesting service period in which an employee has 1,000 hours of service. A participant is 100% vested after six years of vesting service. Participants are immediately vested in their elective deferrals, employer safe harbor contributions, and rollover contributions plus actual earnings thereon. Prior to October 1, 2008, vesting was 100% immediately.

Investment Options - Upon enrollment in the Plan, participants can direct contributions to be allocated in whole or in a combination of the following investment options:

- a. DFA Emerging Markets Core Equity
- b. DFA Global Real Estate Securities
- c. DFA International Small Cap Value
- d. DFA Short-Term Extended Quality - I
- e. DFA U.S. Large Cap Value III
- f. DFA U.S. Targeted Value
- g. Vanguard 500 Index Fund – Admiral Shares
- h. Vanguard Developed Markets Index - ADM
- i. Vanguard INTRM Term Treas Index ADM
- j. Vanguard Short Term Inflation Prot Sec I
- k. Vanguard Small Cap Index – Admiral
- l. Vanguard Target Retirement 2020 – INV
- m. Vanguard Target Retirement 2025 – INV
- n. Vanguard Target Retirement 2030 – INV
- o. Vanguard Target Retirement 2035 – INV
- p. Vanguard Target Retirement 2040 – INV
- q. Vanguard Target Retirement 2045 – INV
- r. Vanguard Target Retirement 2050 – INV
- s. Vanguard Target Retirement 2055 – INV
- t. Vanguard Target Retirement 2060 – INV
- u. Vanguard Target Retirement 2065 – INV
- v. Vanguard Total Stock Market Index
- w. Vanguard Deferral Money Market Investor

Payment of Benefits - In the event of a termination of service, contributions will remain in the Plan until normal retirement age unless the participant makes a request in writing to receive a distribution, which must be approved by the plan administrator. Distributions may be received in a lump sum, a guaranteed monthly income, or a combination of both.

Participants terminated with vested account balances not exceeding \$5,000 may only be distributed in a single lump-sum payment. In addition, if the vested account exceeds \$5,000, written consent to any distribution must be made by the participant.

Forfeited Accounts - Forfeited nonvested accounts totaled \$48,798 and \$42,991 at September 30, 2023 and 2022, respectively. These accounts were used to reduce future employer contributions when the balance is greater than zero.

Notes Receivable from Participants – Under the terms of the Plan, participants may borrow from their accounts up to \$50,000 or 50%, whichever is less, of their vested account balance. The loans are secured by the balance in the participants' accounts and bear interest at the prime rate plus 2%, which is fixed for the duration of the loan. Loan terms range from one to five years or longer for the purchase of a primary residence.

2. SUMMARY OF ACCOUNTING POLICIES:

Basis of Presentation - The Plan's financial statements have been prepared on the accrual method of accounting. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments - The investments in all of the funds are presented at fair value based on the quoted market prices of the underlying securities within each fund at September 30, 2023 and 2022.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events – For the year ended September 30, 2023, the Company has evaluated subsequent events for potential recognition and disclosure through January 22, 2024, the date of financial statement issuance.

3. FAIR VALUE MEASUREMENTS:

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of September 30, 2023 and 2022:

Accounting Principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The fair value of mutual funds considered as an underlying common collective trust investment in the pooled separate accounts for which quoted market price is not available is valued based on the pricing data provided by outside valuation service providers who in turn generally use the means of bid and ask prices but may also use alternative observable pricing inputs for certain securities.

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded, and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations. The following table provides further details of the Level 3 fair value measurements.

4. INVESTMENTS:

D.W. Tool, Inc. Savings Plan's investments are held through an investment contract with Newport Group, Inc. The Plan's investments (including investments bought, sold, and held during the year) in mutual funds appreciated \$220,998 in value for the year ended September 30, 2023.

Interest and dividend income for the year ended September 30, 2023 was \$76,174.

5. INFORMATION CERTIFIED BY THE ASSET MANAGER:

For the audit of the 2023 and 2022 financial statements, the plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5(d) of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the Plan's asset manager, Newport Group, Inc., has certified that the following data included in the accompanying 2023 and 2022 financial statements is complete and accurate.

1. Investment interest income and net appreciation in fair value of investments as shown in the Statement of Changes in Net Assets Available for Benefits.
2. The investments at fair value and contract value as shown in the Statement of Net Assets Available for Benefits.

The Plan's independent public accountants, Beussink, Hey, Roe & Stroder, L.L.C., did not perform any generally accepted auditing procedures with respect to this information except for comparing such information as certified by the asset manager to the related amounts included in the accompanying financial statements.

6. PARTICIPANT LOANS:

The Plan allows participants to borrow 50% of their vested balance. The maximum loan is \$50,000; the minimum amount is \$1,000. Loan repayments are made by payroll deductions which are in turn paid back with interest to the individual's plan account. The employees' participant loan activity for the year ended September 30, 2023 is as follows:

	<u>2023</u>
Loans Outstanding, Beginning of Period	\$101,998
New Loans	19,771
Loan Interest	4,247
Principal on Defaulted Loans	(6,964)
Principal Payback	<u>(29,647)</u>
Loans Outstanding, End of Period	<u>\$ 89,405</u>
Total Interest Paid	<u>\$ 4,247</u>

7. PLAN TERMINATION:

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, the assets of the Plan will be distributed to participants and beneficiaries in proportion to their respective account balances. Participants are 100% vested in the event of plan termination.

8. TAX STATUS:

The Internal Revenue Service has determined and informed the Company by a letter, dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

9. RISK AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

10. PLAN EXPENSES:

The employer absorbs significant costs of the Plan.

11. FORM 5500 RECONCILIATION:
