Independent Auditors' Report

**The Plan Administrator of the
RVNAhealth 403(b) Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of RVNAhealth 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (a qualified institution).

Management has obtained certifications from the qualified institutions as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2022 financial statements referred to above related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of

the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedules Required by ERISA

The supplemental schedules of: (1) Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and (2) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by the qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of RVNAhealth 403(b) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 13, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

RVNAhealth 403(b) Plan

Notes to Financial Statements
December 31, 2022

1. Description of the Plan

The following description of RVNAhealth 403(b) Plan (the "Plan") is provided for general information purposes only. More complete information regarding the Plan's provisions is in the Plan document.

General

The Plan is a defined contribution plan sponsored by the Ridgefield Visiting Nurse Association and Affiliates (the "Company" or "Plan Sponsor") under the provision of Section 401(a) of the Internal Revenue Code (the "IRC"), which includes a qualified cash or deferred arrangement as described in Section 403(b) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan Administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors.

Pursuant to an Agreement and Plan of Merger dated August 19, 2020, the New Milford Visiting Nurse Association, Inc. ("NMVNA") and the Bethel Visiting Nurse Association ("BVNA") merged with and into the Company effective November 30, 2020. The Plan was amended to include all employees of NMVNA and BVNA as participants in the Plan. Eligibility service computation rules were amended to account for years of service with these organizations in determining when participants are eligible to be entered into the Plan and participants whose employment was transferred were permitted to roll their vested accounts from the plans of said employers into the Plan, including participant loan balances and promissory notes.

Plan Administration

Through December 21, 2022, the Plan consisted of a custodial plan with Capital Bank and Trust Company ("Capital Bank"). On December 21, 2022, all Plan assets held at Capital Bank were transferred to Mutual of America ("MOA"), the new recordkeeper. Mid-Atlantic Trust Company ("MATC") provides custodial services for MOA.

American Funds was the active recordkeeper of the Plan and Capital Bank was the trustee of the Plan through December 21, 2022.

The Plan also has an annuity contract with Voya Retirement Insurance and Annuity Company ("VOYA"). Effective September 6, 2016, the Plan was restated, freezing the existing annuity contract with VOYA and permitting participants and the Company to select among a variety of investment options with Capital Bank. The annuity contracts are owned by the participants, and as a result, these assets will remain with VOYA until the participants request distributions. VOYA acts as the custodian for the pooled separate accounts still held by participants.

Eligibility

All employees are immediately eligible to participate in the Plan. Employees are eligible to receive Safe Harbor Matching Contributions when they have completed one year of service, defined as 1,000 hours of service in a 12-month period beginning on January 1 or July 1, provided they are at least 21 years of age.

RVNAhealth 403(b) Plan

Notes to Financial Statements
December 31, 2022

1. Description of the Plan (*continued*)

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan and subject to certain IRC limitations. Participants who have attained age 50 before the end of the year, are eligible to make catchup contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes a Safe Harbor match equal to 100% of the employee contributions, up to 5% of compensation. In addition, the Company may make a discretionary matching contribution, up to 5% of payroll period compensation, for eligible participants, who contribute at least 3%.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer contributions, as well as the participant's share of the Plan's income and any related investment fund administrative expenses. Allocations of income and investment fund administrative expenses are based on the proportion that each participant's account balance bears to the total of all participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Safe Harbor match contributions, and the earnings thereon. Additional discretionary contributions and earnings thereon, if any, are vested after completion of 6 years of service.

Notes Receivable from Participants

A participant may borrow from his or her account a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans must have a definite repayment period, amortized on a level basis, not to exceed five years, except for loans to acquire participants' principal residences, in which case the maximum term is fifteen years. The loans are secured by the balance in the participant's account and bear interest between 3.25% and 5.5%. Generally, principal and interest are repaid through payroll deductions, but participants can make additional payments directly to the Plan.

Payment of Benefits

Upon retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump sum distribution equal to the participant's vested account balance, or in any form permitted under the annuity contract, as elected. The Plan also provides for in-service withdrawals by participant who have attained the age of 59 ½. If a participant's balance is less than \$5,000, the participants balance may be involuntarily cashed out. Distributions to the Plan participants turning 70 ½ (72 if 70th birthday is on or after July 1, 2019) are required in accordance with the IRC and the Plan document.

RVNAhealth 403(b) Plan

Notes to Financial Statements
December 31, 2022

1. Description of the Plan (*continued*)

Hardship Withdrawals

Upon financial hardship, a participant is entitled to the value of his or her deferral accounts, but not the earnings thereon, which is payable immediately in a lump-sum distribution.

Forfeitures

In the event that a participant terminates before becoming fully vested in his or her account balance, the non-vested portion of the participant's account balances will be forfeited as of the termination date. Forfeitures may be used by the Plan to first reduce administrative expenses and then to reduce future Employer contributions. At December 31, 2022 and 2021, the forfeited account balance held in nonparticipant directed accounts was \$40,490 and \$0. During year ended December 31, 2022, no forfeitures were used to reduce administrative expenses or to reduce Employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The pooled separate accounts are valued at the net asset value ("NAV") of units held by the Plan. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The Plan Administrator determines the Plan's valuation policies utilizing recorded information provided by the investment advisors, the trustee and custodian.

Investment Valuation and Income Recognition (*continued*)

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

RVNAhealth 403(b) Plan

Notes to Financial Statements
December 31, 2022

2. Summary of Significant Accounting Policies (*continued*)

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Investments where fair value is measured using NAV per share as a practical expedient are not categorized in the fair value hierarchy.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid directly by the Plan Sponsor. Fees related to distributions and loans are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in value of investments. Expenses paid by the Plan Sponsor are not included in these financial statements.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is December 12, 2023.

RVNAhealth 403(b) Plan

3. Information Certified (Unaudited)

Certain information related to investments and \$12,591 of the notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and \$12,591 of the notes receivable from participants held at December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by MATC and VOYA, qualified institutions.

Certain information related to net depreciation in value of investments and interest and dividends for the period January 1, 2022 through December 21, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Capital Bank, a qualified institution.

Certain information related to net depreciation in value of investments and interest and dividends for the period December 1, 2022 through December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by MATC, a qualified institution.

Certain information related to net depreciation in value of investments, interest and dividends, and \$467 of interest on notes receivable from participants for the period January 1, 2022 through December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by VOYA, a qualified institution.

At December 31, 2022, \$173,087 of notes receivable from participants and \$4,628 of interest on notes receivable from participants for the period January 1, 2022 through December 31, 2022, were not certified by a qualified institution.

Information related to investments and notes receivable from participants presented in the accompanying financial statements as of December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Capital Bank and VOYA, qualified institutions.

4. Fair Value Measurements

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds – The fair value of mutual funds is based on the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Mutual funds are included in the line registered investment companies in the accompanying statements of net assets available for benefits.

There have been no changes in the methodologies used at December 31, 2022.

RVNAhealth 403(b) Plan

Notes to Financial Statements December 31, 2022

4. Fair Value Measurements (*continued*)

The following tables set forth by level, within the fair value hierarchy, represents the Plan's assets at fair value:

	December 31, 2022	
	Level 1	Total
Investments, at Fair Value		
Registered Investment Companies	\$7,640,425	\$7,640,425
Pooled separate accounts, measured at net asset value as an expedient	-	69,342
	<u>\$7,640,425</u>	<u>\$7,709,767</u>
	December 31, 2021	
	Level 1	Total
Investments, at Fair Value		
Registered Investment Companies	\$8,976,841	\$8,976,841
Pooled separate accounts, measured at net asset value as an expedient	-	81,675
	<u>\$8,976,841</u>	<u>\$9,058,516</u>

The following table summarizes investments for which fair value is measured using net asset value per share as a practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments:

Investment	Fair Value		Unfunded Commitments	Redemption Frequency if Currently Eligible	Other Redemption Restrictions	Redemption Notice Period
	2022	2021				
Pooled separate accounts	\$ 69,342	\$ 81,675	None	Daily	None	None

5. Investment Contract with Insurance Company

The Plan entered into a fully benefit-responsive annuity contract with VOYA. The Voya Fixed Plus Account II is an obligation of the VOYA general account, which supports the Plan's insurance and annuity commitment. Investment transfers to and from these accounts, and withdrawals to pay participant benefits, as defined in the contract, are made at contract value.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by VOYA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

RVNAhealth 403(b) Plan

Notes to Financial Statements December 31, 2022

5. Investment Contract with Insurance Company (*continued*)

The Voya Fixed Plus Account II guarantees minimum rates of interest and may credit interest that exceeds the minimum guaranteed rate. The current rate is subject to change, but never below the minimum. Transfers and partial withdrawals are generally limited to 20% of the balance per year. Full withdrawals may be made for death, certain retirement income payments, separation from service and small account balance. Full withdrawals for other reasons must be made in five installments over five years. Current interest rate is determined monthly and guaranteed, currently for a calendar year.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuers. The minimum interest rate under the contract is currently set at 1.00%. Interest rates are reviewed on an annual basis for resetting.

The Plan's ability to receive amounts due, in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the liability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal incomes taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. Tax Status

The Plan has adopted a 403(b) prototype plan that received a favorable opinion letter from the Internal Revenue Service (the "IRS"), dated March 2, 2020, that the Plan was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes the Plan was compliant and the related trust was tax exempt as of the financial statement date.

U.S. GAAP requires the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan has taken no uncertain tax positions at December 31, 2022. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements December 31, 2022

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of a Plan termination, participant accounts will become fully vested in their accounts.

8. Party-in-Interest Transactions

Certain investments were or are managed by MATC, VOYA and Capital Bank. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

9. Prohibited Transactions

During 2022, certain participants' contributions from one pay period totaling \$28,295 were not remitted to the Plan within the period prescribed by the Department of Labor's Rules and Regulations due to an administrative delay. The participants' contributions were remitted to the Plan in January 2023. The Company is in process of calculating and remitting lost earnings to fully correct the matter.

10. 2021 Corrective Contribution

The Plan Sponsor determined that during the year ended December 31, 2021, certain elective deferrals made were not processed through the payroll system. As a result, the elective deferrals were not withheld and contributed to the Plan and Safe Harbor Matching Contributions were not made to the Plan for affected employees upon meeting eligibility requirements (Note 1). The Plan Sponsor determined that the corrective contributions to be made to the Plan for affected employees as of December 31, 2021 were approximately \$8,500, calculated based on a Qualified Non-Elective Correction ("QNEC") for the missed deferrals, adjusted for lost earnings on the missed deferrals and the missed Safe Harbor Matching Contributions. The corrective contribution for the year ended December 31, 2021 was paid in June 2023.

11. Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2022 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.

RE: Form 5500 Filing Without Audited Statement
Plan Name: RVNA Health 403(B) Plan

Dear Department of Labor:

We have filed our Form 5500 – Annual Return/Report of Employee Benefit Plan for the above-named plan before our auditor was able to complete its Independent Qualified Public Accountant (IQPA) report.

We are continuing to work with our auditor and our plan service provider to complete the IQPA report, which we will file with an amended Form 5500 upon its completion.

We thank you, in advance, for your understanding regarding this matter.

Sincerely,

Theresa Santoro
