Independent Auditors' Report

To the Plan Administrator of
Rhodes Flagging Services, Inc. 401(k) Retirement Plan
(formerly The Contractors Retirement Plan)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Rhodes Flagging Services, Inc. 401(k) Retirement Plan (formerly The Contractors Retirement Plan) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a period of one year subsequent to the audit report date.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-12 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to asset information related to the Plan's investment in the Contractors Retirement Plan Master Trust, a trust meeting the requirements of 29 CFR 2520.103-12 (b) and (c) as a Direct Filing Entity or 103-12 Investment Entity ("IE"). Their report dated October 14, 2022, indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the Plan's investment in the 103-12 IE, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by the 103-12 IE meet the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the 103-12 IE information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by the 103-12 IE meet the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following description of Rhodes Flagging Services, Inc. 401(k) Retirement Plan (formerly The Contractors Retirement Plan) (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, covering all eligible employees of Taylor Creek, Inc. DBA Rhodes Flagging Services (the "Company") and participating affiliates. As of December 31, 2021, the Company was a participating employer in the Contractors Retirement Plan (the "Master Plan") and the assets of the Plan were held in the Contractors and Employees Retirement Plan Master Trust ("Master Trust"). On February 18, 2022, the Plan was renamed and restated and the assets of the Plan were transferred out of the Master Trust to John Hancock Life Insurance Company ("John Hancock"), the new custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

Employees, except those who are collectively bargained or a non-resident alien, are eligible to participate in the Plan on the first day of the month following the completion of the eligibility requirements and 90 days of service. Employees who have completed 1,000 hours of service but not 90 days at the end of the plan year, are also eligible to participate. Eligible participants who were employed on February 18, 2022 and had completed 90 days of service, were immediately eligible to participate in the Plan as a special participation date. Participants who have completed one hour of service, as defined by the Plan, are eligible for non-elective contributions.

For purposes of prevailing wage contributions, any government contract employee who is a non-highly compensated employee shall become a participant in the component of the Plan to which the prevailing wage contributions are allocated.

Contributions

Each year participants may contribute a portion of their eligible compensation into the Plan, as pre-tax or Roth deferrals, subject to the maximum allowed by the Internal Revenue Code ("IRC"). Participants who have attained the age of 50 before the end of the Plan year end are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit plans or defined contribution plans (rollovers).

The Company may make discretionary matching contributions and discretionary nonelective contributions. In order to be eligible for the discretionary matching contribution, participants must be employed on the last day of the Plan year. The Company did not make a discretionary matching or discretionary nonelective contribution for the year ended December 31, 2022.

The Company is required to make prevailing wage contributions based on prevailing wage laws to satisfy the fringe benefit requirements of the law. Contributions are subject to certain statutory limitations.

Notes to the Financial Statements

NOTE 1 – DESCRIPTION OF PLAN (continued)

Contributions (continued)

Participants can direct the investment of elective deferrals and Company contributions into any of the investment options offered by the Plan. Participants are permitted to change their investment elections daily.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's discretionary contributions, if any, and allocations of (a) the discretionary nonelective contribution, if any, (b) Plan earnings (losses), and (c) administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their elective deferrals and prevailing wage contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions and discretionary nonelective contributions plus earnings thereon is based on years of continuous service. A participant is 20% vested after the second year of service; 40% vested after the third year of service; 60% vested after the fourth year of service; 80% vested after the fifth year of service and fully vested after the sixth year of service. If a participant terminates employment due to death, disability, or the attainment of age 65, the Plan's normal retirement age, the participant becomes fully vested in their total account balance.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The term of the loan may not exceed five years, unless the proceeds are used to buy a primary residence. Participants may only have one loan outstanding at a time. The notes are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%. Interest rates were 3.25% to 8.00% on outstanding loans as of December 31, 2022. Principal and interest are paid ratably through payroll deductions.

Forfeitures

On December 31, 2022 and 2021, forfeited non-vested accounts totaled \$0. Forfeitures may be used to reduce future Company contributions or to pay administrative expenses. There were no forfeitures utilized during the year ended December 31, 2022.

Rhodes Flagging Services, Inc. 401(k) Retirement Plan
(formerly The Contractors Retirement Plan)
Notes to the Financial Statements
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF PLAN (continued)

Payments of Benefits

Upon termination of service, death, long-term disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or partial withdrawal. For accounts with vested balances, excluding rollovers, between \$1,000 and \$5,000 where the participant is no longer an employee of the Company and has not elected to receive a distribution, the participant's vested balance will be automatically distributed to them if the balance is \$1,000 or less or rolled over into a traditional or Roth IRA, as appropriate if their balance is between \$1,000 and \$5,000.

The Plan permits in-service distributions for participants who are age 59 ½ or older as well as in the case of military reservists or active military or a qualified birth or adoption, subject to the provisions of the Plan document. Hardship withdrawals are not permitted. Minimum required distributions for participants who have reached age 72 also apply per Internal Revenue Service ("IRS") regulations.

Administrative Expenses

The Plan's administrative expenses may be paid by the Plan, the Company, or with forfeitures, as provided in the Plan document. Transaction expenses, such as loan and distribution administrative expenses are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes there in, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 5 for discussion of fair value measurements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Contributions

Employee deferrals and employer discretionary matching contributions, if any, are recognized on the pay date to which they relate. Discretionary nonelective contributions, if any, are recognized in the year designated by the Company.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 – INTEREST IN CONTRACTORS RETIREMENT PLAN MASTER TRUST

Prior to January 10, 2022, the Plan invested in a group trust, The Contractors Retirement Plan Master Trust (the "Trust"), sponsored by Fringe Benefit Group, Inc. Under the terms of the Plan document in place at the time, all assets of the Plan were maintained in the Trust. The Trust filed a Form 5500 as a 103-12 Investment Entity.

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-12 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was not subjected to any auditing procedures performed by the Plan's independent auditor other than comparing such information provided by the Trust to information included in the Plan's financial statements and supplement schedule:

- Investment values as of December 31, 2021, as shown in the statements of net assets available for benefits and the fair value disclosures in Note 5.
- Notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2021.

The Trust does not meet the definition of a master trust as that term is most commonly used. The Plan's investment in the Trust represented the allocated net portion of the Trust that was attributable to The Contractors Retirement Plan Sponsored by Taylor Creek, Inc. and included all the Plan's investments.

Rhodes Flagging Services, Inc. 401(k) Retirement Plan
(formerly The Contractors Retirement Plan)
Notes to the Financial Statements
December 31, 2022 and 2021

**NOTE 3 – INTEREST IN CONTRACTORS RETIREMENT PLAN MASTER TRUST
(continued)**

The Plan's share of the net assets of the Trust was based on the underlying participant account values including the effects of contributions, allocated net investment income, withdrawals, and allocated administrative expenses. Net investment income, gains and losses were allocated to participating plans on a daily basis based on participants' investment choices. At December 31, 2021, the Plan's interest in the net assets of the Trust was less than 1%.

The following presents the fair value of investments of the Trust:

	December 31, 2021
Investments, at Fair Value	
Pooled separate accounts	\$ 1,517,079,205
Collective trusts	32,547,013
Insurance company general account	25,037,042
Cash and cash equivalents	2,405,737
	<u>\$ 1,577,068,997</u>

The investments held in the Trust are stated at fair value. Investments are values based on unit values as reported to the Trust by insurance companies holding assets for the Trust. Certain agreements with insurance companies holding the Trust's assets include provisions for withdrawals/surrender fees of up to 5% for participants with less than three years of participation in the Trust. These fees were normally charged against the participant's account immediately prior to withdrawal.

NOTE 4 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

As noted in the independent auditors' report for the year ended December 31, 2022, the Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by John Hancock, the custodian of the Plan.

The information includes:

- Investment values as of December 31, 2022, as shown in the statements of net assets available for benefits and the fair value disclosures in Note 5.
- Notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022.
- Net investment loss and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2022.

NOTE 4 – INFORMATION CERTIFIED BY THE PLAN’S CUSTODIAN (continued)

The Plan’s independent auditors did not perform auditing procedures with respect to information certified by the custodian.

NOTE 5 – FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority;
- Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and
- Level 3 inputs are unobservable and have the lowest priority.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts: Valued at the net asset value (“NAV”) per unit based on quoted market prices of the underlying investments. The pooled separate accounts have daily redemptions and one day trading terms. There are no unfunded commitments at December 31, 2022. The funds are direct filing entities and as such, investment strategy disclosures are not required.

Group Trust – 103-12 Investment Entity (IE): The investment is valued based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is based on the market value of the underlying investments. The Group Trust has daily redemptions and one day trading terms. There are no unfunded commitments at December 31, 2021. The Group Trust is a direct filing entity and as such, the investment strategy disclosure is not required.

In accordance with ASC 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient are not classified in the fair value hierarchy. Because all the Plan’s investments are measured using the NAV practical expedient, the fair value hierarchy table has not been presented.

Rhodes Flagging Services, Inc. 401(k) Retirement Plan
(formerly The Contractors Retirement Plan)
Notes to the Financial Statements
December 31, 2022 and 2021

NOTE 5 – FAIR VALUE MEASUREMENTS (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Administrative expenses paid to the custodian qualify as party-in-interest transactions. The Plan also allows notes receivable from participants. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – TAX STATUS

The Plan has adopted the CCH Incorporated d/b/a FtWilliam.com Non-Standardized Pre-Approved Profit Sharing Plan with CODA. The pre-approved plan has received an opinion letter from the IRS dated June 30, 2020, as to qualified status. The IRS stated the pre-approved plan, as then designed, was in compliance with applicable requirements of the IRC and therefore, the related trust is exempt from taxation.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. Management evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31:

	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 1,078,777
Employer contributions receivable	<u>(41,407)</u>
Net assets available for benefits per Form 5500	<u><u>\$ 1,037,370</u></u>

NOTE 11 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through January 30, 2024 the date the financial statements were available to be issued. Effective September 7, 2023, the Plan was amended to increase the maximum number of outstanding loans that a participant can have at one time from one loan to two loans. Plan management is not aware of any additional subsequent events which would require recognition or disclosure in the financial statements.
