Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Mandel Group, Inc. Salary Savings 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Mandel Group, Inc. Salary Savings 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note B to the financial statements, is complete and accurate.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Mandel Group, Inc. Salary Savings 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mandel Group, Inc. Salary Savings 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mandel Group, Inc. Salary Savings 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mandel Group, Inc. Salary Savings 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MANDEL GROUP, INC. SALARY SAVINGS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE A -- Description of the plan and significant accounting policies

The following description of the Mandel Group, Inc. Salary Savings 401(k) Plan ("the plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions. The employer, as described below, has adopted, the Voya Retirement Insurance and Annuity Company Non-Standardized Defined Contribution Pre-approved Plan, effective January 1, 2022. The original effective date of the plan was January 1, 1994.

General

The plan is a defined contribution plan covering all "benefit-eligible employees" of Mandel Group, Inc., Mandel Development, Inc., and Mandel Property Services, Inc. ("the companies" or "employers") who have completed sixty days of consecutive service and are age twenty-one or older. All other employees must complete a year of service (be credited with at least 1,000 hours of service). To be eligible in matching and profit-sharing contributions, an employee must have completed one year of service (be credited within at least 1,000 hours of service). The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees are responsible for oversight of the plan. The 401K Committee determines the appropriateness of the plan's investment offerings, monitors investment performance and reports to the Trustees.

The plan's federal identification number is 39-1710347, and the plan's number is 001.

Contributions

Each year, participants may contribute up to 100% of pre-tax (regular) or post tax (Roth) annual compensation, as defined in the plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. The plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the plan unless they affirmatively elect not to participate in the plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The plan has an automatic escalation feature in which the auto enrollment percentage increases by 1% on January 1 of each year to a maximum of 8%.

The companies contribute 50% of the first 6% of base compensation that a participant contributes to the plan as a discretionary matching contribution. The companies also have the right to make additional contributions to be allocated to participants pro rata based on compensation. No additional contributions were made in 2022. Annual contributions from all sources are subject to certain limitations defined by the Internal Revenue Service (IRS).

Forfeited accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$28,019 and \$1,982, respectively. These accounts can be used to restore forfeitures, pay plan administrative expenses, or reduce future employers' contributions. In 2022, employer contributions were reduced by \$1,722 from forfeited nonvested accounts.

MANDEL GROUP, INC. SALARY SAVINGS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE A -- Description of the plan and significant accounting policies (Continued)

Participant accounts and “rollovers”

Each participant's account is credited with the participant's contribution and allocations of (a) the employer's matching and discretionary contribution, (b) plan earnings and (c) charged with an allocation of administrative expenses. Allocations of plan earnings are based on participant account balances, as defined, and allocation of company contributions are based on participants' compensation, as provided in the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The plan permits the transfer of funds from other qualified plans to a separate participant's rollover account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employers' contribution portion of their accounts is based on years of continuous service. A participant is 100% vested on a modified five-year graded schedule. Participants that leave the plan because of death or disability, as defined in the plan, are considered 100% vested in all amounts.

Benefits

On termination of service due to death, disability, retirement (age 65), or other reasons, a participant with an account valued at less than \$5,000 shall receive a lump-sum distribution. For accounts exceeding \$5,000, the participant may elect a lump-sum distribution, partial withdrawals or installments for required minimum distributions or may elect to defer such distribution to any valuation date subsequent to his/her termination but no later than the valuation date of his/her normal retirement date; or the participant may elect to rollover the distribution to another qualified plan. The plan permits hardship distributions if certain criteria are met. The plan permits in-service distributions at age 59 ½.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 1% above the prime rate (7.50% at December 31, 2022) on the first business day of the month the loan is originated. Principal and interest is paid ratably through payroll deductions.

A summary of significant accounting policies follows:

Basis of accounting

The financial statements of the plan are prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”) under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits or a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the plan.

MANDEL GROUP, INC. SALARY SAVINGS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE A -- Description of the plan and significant accounting policies (Continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The plan's investments (except for fully benefit-responsive investment contracts, which are reported at contract value) are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when paid. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Excess contributions payable

Amount payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions and adjustment to net depreciation in fair value of investments. The plan distributed the 2022 and 2021 excess contributions to the applicable participants prior to March 15, 2023 and 2022, respectively.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The employers pay most of the administrative expenses of the plan which are excluded from these financial statements. The major administrative expenses are asset custodian and investment fees.

Subsequent events

These financial statements have not been updated for subsequent events occurring after October 3, 2023, which is the date these financial statements were available to be issued. The plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

MANDEL GROUP, INC. SALARY SAVINGS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE B -- Information certified by the asset custodian

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2022 and 2021, and interest, and dividends, and net depreciation for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company ("Voya"), the asset custodian of the plan.

NOTE C -- Fair value measurements

The plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value) in the accompanying Statements of Net Assets Available for Benefits.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- Investments in pooled separate accounts are valued at their accumulation unit value ("AUV"). AUV is determined based on a combination of the fund net asset value and the separate account changes.

Gains and losses (realized and unrealized) included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, are reported in net depreciation in fair value of investments. Unrealized gains (losses) from the guaranteed investment contract are not reported in the statement of changes in net assets available for benefits as the contract is recorded at contract value for presentation in the net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

MANDEL GROUP, INC. SALARY SAVINGS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE D -- Guaranteed investment contract with insurance company

The plan entered into a traditional fully benefit-responsive guaranteed investment contract with Voya. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

Because the guaranteed investment contract meets the criteria to be fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the Statements of Net Assets Available for Benefits at contract value. Contract value, as reported to the plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2022 and 2021, was \$556,670 and \$527,916, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.00%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) the plan sponsor offers a competing fund without Voya's agreement, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) closing or disruption of financial markets or exchanges. The plan administrator does not believe that any events which would have limited the plan's ability to transact at contract value with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE E -- Party-in-interest transactions

Voya is the asset custodian of the plan and is therefore designated as a fiduciary and party-in-interest. The plan regularly invests in pooled separate accounts and guaranteed investment contracts which Voya issues and manages. The pooled separate accounts may hold mutual funds that Voya or its affiliates are the issuing parties. These party-in-interest transactions occur in the course of ordinary business and are exempt transactions. The plan also pays Voya certain transaction fees in the course of providing recordkeeping services to the plan. These fees are generally charged directly to the participant account balance for which the transactions relate.

Fees were also paid by the Plan during the year for administrative services rendered to BeneTrack, Inc. These transactions also qualify as party-in-interest transactions.

MANDEL GROUP, INC. SALARY SAVINGS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE F -- Concentration of market risks

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE G -- Tax status

The employers adopted the Voya Retirement Insurance and Annuity Company Non-Standardized Defined Contribution Pre-approved Plan, referred to in Note A, which received a favorable opinion letter from the IRS on June 30, 2020, in which the Internal Revenue Service stated that the volume submitter plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The volume submitter plan has been restated since receiving the opinion letter. However, the plan administrator and the plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the plan was qualified, and related trust was tax-exempt as of the financial statement date.

NOTE H -- Plan termination

Although they have not expressed any intent to do so, the employers have the right under the plan to discontinue their contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their allocated employers' contributions.

NOTE I -- Excess contributions payable

The plan failed the discrimination test for the years ended December 31, 2022 and 2021. Excess contributions and related earnings amounting to \$8,895 and \$16,381 at December 31, 2022 and 2021, respectively are recorded as liabilities in the accompanying Statements of Net Assets Available for Benefits and as reductions of participant-directed contributions and investment depreciation for each year. The plan reimbursed these excess contributions and earnings to its participants during the subsequent year. For purposes of the Form 5500, these excess contributions are not recorded until the year paid.

NOTE J -- Plan amendments

Effective January 1, 2022, the plan executed an adoption agreement to amend the existing plan and adopted the Voya Retirement Insurance and Annuity Company Non-Standardized Defined Contribution Pre-approved Plan. The major changes to the plan as a result were:

- Allow salary deferral modification each pay period
- Increase auto deferral percentage to 4% of compensation
- Increase maximum for automatic escalation to 8% of compensation
- Automatic escalation implemented the first day of the 2nd plan year after the participant is automatically enrolled
- Hardship withdrawals are permitted from pre-tax deferral source, roth source, and rollover accounts only
- Increase limit for mandatory distributions to \$5,000
- Bring the plan into compliance with current laws and regulations.
- Change vesting to a five year graded schedule
