INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Washington Episcopal School TIAA-CREF Retirement Plan
Bethesda, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed an audit of the accompanying financial statements of Washington Episcopal School TIAA-CREF Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2023, and the related statement of changes in net assets available for benefits for the year then ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Washington Episcopal School TIAA-CREF Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of June 30, 2023 and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Washington Episcopal School TIAA-CREF Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Washington Episcopal School TIAA-CREF Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Washington Episcopal School TIAA-CREF Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Washington Episcopal School TIAA-CREF Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial

statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated March 24, 2023, indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

WASHINGTON EPISCOPAL SCHOOL TIAA-CREF RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended June 30, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Washington Episcopal School TIAA-CREF Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement and amendments for a more complete description of the Plan’s provisions.

General

The Washington Episcopal Day School, Inc. (the “School”) established the Plan to provide employees with a systematic means of savings and investing for the future. The Plan covers substantially all employees of the School with limited exclusions. Employee deferrals begin on the on the first payroll period subsequent to enrollment in the Plan. The Plan is a defined contribution plan subject to the provisions of the *Employee Retirement Income Security Act of 1974* (“ERISA”).

Plan Contributions

Participants may contribute a specified amount of their base pay by means of payroll deductions, subject to certain discrimination tests prescribed by the Internal Revenue Code and other limitations specified in the Plan. As a condition of employment at the School, eligible employees are required to make mandatory deferrals of 2.5% of compensation into the Plan after two years of service. Participants who have at least 15 years of service are eligible to make special Code Section 403(b) catch-up contributions pursuant to the Plan. Participants who turn 50 years old before the end of the Plan year are eligible to make catch-up contributions.

The School makes matching contributions to each eligible employee who has completed two years of service (1,000 hours minimum each year). The School makes matching contributions of 7.5% of participants’ compensation. The School also provides an initial contribution of 5% of compensation for each of the two years the participant is in the eligibility waiting period.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, allocations of the School’s contributions and Plan gains or losses. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant’s accounts.

Notes Receivable From Participant

The Plan allows participant loans in accordance with the plan document. Principal and interest are paid ratably through payroll deductions. If a participant terminates employment with the School, the loan becomes due and payable in full immediately. If the loan is not repaid, it will automatically be treated as a distribution to the participant on the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment.

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their contributions and the School’s contributions into various investment options offered by the Plan. Participants may change their investment options at any time.

WASHINGTON EPISCOPAL SCHOOL TIAA-CREF RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their elective contributions, School contributions, and actual earnings thereon.

Payment of Benefits and Withdrawals by Participants

Distributions from the Plan are permitted upon termination of employment, retirement, death or disability. Benefits are payable as annuities, installments or lump sum, as permitted by the funding vehicle. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. If a participant's account balance is \$5,000 or less, distribution will be made in a lump sum distribution, subject to the rule of any investment in which a participant's accounts are invested.

Transfers from TIAA accounts

Participants are permitted to transfer funds between their CREF accounts and into their TIAA Traditional Annuity at any time. However, transfers out of the TIAA annuity into any CREF account by an active participant can only be made through a transfer payout annuity, which provides for the transfer of funds in substantially equal installments over a period of ten years.

Participant Investment Rollovers

Participants are allowed to transfer or rollover funds into the Plan from other qualified plans.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America.

Use of Accounting Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of certain assets and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

WASHINGTON EPISCOPAL SCHOOL TIAA-CREF RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

The net appreciation (depreciation) in fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. Purchases and sales of investments are recorded on a settlement date basis. Dividends are recorded on the ex-dividend date. Interest is accrued on a daily basis.

Management fees and operating expenses charged to the Plan for investments in insurance products are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses on investments in insurance products are reflected as a reduction of net appreciation (depreciation) in fair value of investments.

Participant Loans

Participant loans are reported on the statements of net assets available for benefits at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized monthly on loans. Loans are considered past due based on contractual payment terms. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Contributions from employees and the School are recorded in the period in which the School makes the payroll deductions from participant earnings.

Benefits Paid to Participants

Benefits paid to participants are recorded when paid.

Administrative Expenses

Certain administrative expenses, such as legal expenses, of the Plan are paid by the School.

Subsequent Events

The Plan has evaluated subsequent events through February 23, 2024, which is the date the financial statements were available to be issued. Effective November 1, 2023, the Plan was restated and adopted an adoption agreement sponsored by Pentegra Services, Inc. No significant provisions of the Plan were changed as a result of the restatement.

NOTE 3 - INVESTMENTS

The Plan's investments are held and administered by TIAA. All investment information presented in the accompanying financial statements and supplemental schedule of assets (held at end of year), including investments held and notes receivable from participants at June 30, 2023 and 2022, net appreciation or (depreciation) in fair value of investments, interest and dividends, and interest on notes receivable from participants for the years ended June 30, 2023 and 2022 was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by TIAA-CREF.

WASHINGTON EPISCOPAL SCHOOL TIAA-CREF RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 4 - INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan has investment contracts with TIAA, some of which are fully benefit-responsive while others are not. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each premium allocated to the insurance company general account contract buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited.

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the assets available for benefits attributable to the investment contract. The fully benefit-responsive contracts have been presented at contract value as of June 30, 2023 and 2022, as reported to the Plan by TIAA. Contract value represents the accumulated cash contributions and credited interest less charges for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with a fully benefit-responsive investment contract is dependent on third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligation may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (the Code) or the failure of the trust to be tax-exempt under Section 501(a) of the Code, premature termination of the contracts, plan termination or merger, changes to the Plan's prohibition on competing investment options, bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plans' normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation, or a material amendment of the agreements without the consent of the issuer.

NOTE 5 - FAIR VALUE MEASUREMENTS

That framework establishes a hierarchy for ranking the quality and reliability of the information used to determine fair values. The framework requires that assets and liabilities carried at fair value be classified and disclosed in one of the following three categories:

WASHINGTON EPISCOPAL SCHOOL TIAA-CREF RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1: Unadjusted quoted market prices in active markets for identical assets or liabilities.

Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs for the asset or liability.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. As required by these provisions, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at June 30, 2023 and 2022.

Insurance company general account contract (non-fully benefit-responsive):

The TIAA Traditional Investment (Traditional Annuity) is reported at contract value, which approximates fair value. Each premium allocated to the Traditional Annuity buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited.

Mutual funds:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable annuities (excluding Access annuities):

Variable annuities invest principally in equity securities, fixed-income instruments, and short-term instruments in accordance with each portfolio's investment objective. The variable annuities are valued at the daily unit value published on NASDAQ. The funds are not traded on this exchange. The value of the unit holder's investment rises and falls with the return on the underlying assets in the funds.

Pooled separate account:

The pooled separate account is invested in the TIAA Real Estate Account (REA). The REA generally invests in real estate properties and real estate-related investments. The pooled separate account is valued at the daily unit value published on NASDAQ. The funds are not traded on this exchange. The value of the unit holder's investment rises and falls with the return on the underlying assets in the funds.

equity securities of companies that meet certain social criteria including specified environmental, social, and governance criteria.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 - TAX STATUS

The plan was amended and restated to comply with the latest IRS regulations as of July 1, 2019 and was most recently amended in August 2022. The Internal Revenue Service has not developed a process to determine that the Plan has been designed in accordance with applicable sections of the Internal Revenue Code. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Service.

As of June 30, 2023, the federal statute of limitations remains open for the tax years ended June 30, 2020 through June 30, 2023.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across all participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments. As of June 30, 2023, approximately 26% and 17% of the plan's net assets were invested in CREF Stock and TIAA Traditional Non Benefit Responsive, respectively. As of June 30, 2022, approximately 27% and 19% of the plan's net assets were invested in CREF Stock and TIAA Traditional Non Benefit Responsive, respectively.

NOTE 9 - PLAN LOANS

Participants were allowed borrow from TIAA using a portion of their plan account as security for the loan. The minimum loan was \$1,000 and may be up to the lesser of \$50,000 or 45% of their account balance. The loans bear interest at rates that range from 4.65% to 5.09% at June 30, 2023 and 2022, which are commensurate with local prevailing rates as determined

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 9 - PLAN LOANS (CONTINUED)

periodically by TIAA. Principal and interest is paid ratably through payroll or by check (repayments only) by the participant to TIAA. The Plan Administrator has concluded that these loans are not Plan assets and that such arrangements are exempt transactions.

The balances as of June 30, 2023 and 2022 were \$12,864 and \$19,781, respectively. Under the borrowing terms, Plan assets of 110% of the loan amount serve as collateral to these loans. In the event of default, such loans are reportable to Plan participants as taxable income but remain outstanding and continue to accrue interest until repaid by the Plan participant or the participant becomes eligible to receive a distribution under the terms of the Plan. As of June 30, 2023 and 2022, there were no loans in default.

TIAA no longer offers Plan loans, however, existing loans at June 30, 2023 will remain in effect until they are paid off. Participants that wish to borrow from the plan will now do so under a participant loan program as described in Note 1.

NOTE 10 - PARTY-IN-INTEREST TRANSACTIONS

The Plan investments in shares of variable annuities, a pooled separate account, mutual funds and insurance company general account contracts that are managed by TIAA. TIAA is the Plan's recordkeeper and therefore, transactions with TIAA qualify as exempt party-in interest transactions. The Plan issues loans to participants, which are secured by the balances in the participants' accounts.

The School paid certain administrative expenses of the Plan, including record-keeping fees. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Assets, income, expenses, and changes in net assets per Schedule H of Form 5500 for the years ended June 30, 2023 and 2022 agree to the 2023 and 2022 audited financial statements of the Plan, respectively.
