Resurrection Christian School 403(b) Plan
Loveland, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Resurrection Christian School 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Resurrection Christian School 403(b) Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in the Certified Investments note to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Resurrection Christian School 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Resurrection Christian School 403(b) Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Resurrection Christian School 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Resurrection Christian School 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplementary Schedules Required by ERISA

The supplementary schedules, as noted in the table of contents, together referred to as “supplementary information”, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedules, we evaluated whether the supplementary schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplementary schedules, other than the information in the supplementary schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The December 31, 2020 financial statements of Resurrection Christian School 403(b) Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 13, 2021, indicated that (a) because of the significance of the information that we did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplementary schedule, and (b) the form and content of the information included in the financial statements and supplementary schedule other than that derived from the information certified by the trustee were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**RESURRECTION CHRISTIAN SCHOOL 403(b) PLAN
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Resurrection Christian School 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document and the summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Resurrection Christian School (the Organization) who normally work more than 20 hours a week. Employees will have the opportunity to become a participant immediately. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Directors.

Participant Contributions

Each year, participants may contribute up to limits as defined in the Plan, not to exceed amounts determined by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from certain other retirement plans as described in the Plan document (rollovers). Participants direct the investment of their contributions into any combination of several investment options offered by the Plan.

Employer Contributions

The Organization may make matching contributions, as well as profit-sharing contributions to the Plan. In order to receive the profit-sharing contributions, the employee must complete 1,000 hours of service during the Plan year and be employed on the last day of the year. These amounts will be determined by the Organization's Board of Directors on an annual basis. For both the years ended December 31, 2021 and 2020, the Organization made matching contributions of up to \$50 for each pay period. There were no profit-sharing contributions for either 2021 or 2020. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) Plan earnings (losses), including a charge for an allocation of administrative expenses paid by the Plan and (b) employer contributions. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% their vested account balance. The notes are secured by the balance of the participant's account. The interest rate on these notes is set at 2.0% above the prime rate and is reviewed by the Plan administrator on a regular basis. Principal and interest is paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their 403(b) elective deferrals, rollover contributions, employer matching contribution, employer non-elective contributions plus actual earnings thereon.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)**Payment of Benefits**

On termination of service due to death, disability, retirement or termination of employment from the Organization, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or any other form of payment included in the Plan document. However, participants with a vested balance of less than \$5,000 will receive a lump sum amount equal to the vested portion of their account upon termination. Participants with a vested balance in excess of \$5,000 may remain in the Plan, but they may not make additional contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Certain estimates relate to unsettled transactions and events as of the date of the financial statements. Other estimates relate to assumptions about the ongoing operations and may impact future periods. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers and the trustee (see Fair Value Measurements note).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of either December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Payments of benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses paid by the Organization are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**Net Assets Available for Benefits**

Net assets available for benefits at both December 31, 2021 and 2020 included \$-0- allocated to the accounts of persons who, prior to that date, had withdrawn from participating in earnings and operations of the Plan.

Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code. The terms of the Plan have been prepared to conform to the listing of 403(b) plans that have been preapproved by the Internal Revenue Service. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of both December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Currently, the prior three years are open under Federal statutes of limitations and remain subject to review and change. The Plan is not currently under audit nor has it been contacted by any taxing authority.

Subsequent Events

The Plan has evaluated subsequent events through February 13, 2024, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

LEVEL 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

LEVEL 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at either December 31, 2021 or 2020.

Mutual Funds (including Money Market Funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2021 and 2020:

<u>December 31, 2021</u>	<u>Investments at Fair Value</u>

NOTE 4 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary schedules, including investments and notes receivable from participants held at both December 31, 2021 and 2020, and the net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus Trust Company, the trustee of the Plan.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 6 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Ascensus Trust Company. Ascensus Trust Company is the trustee and record-keeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. Fees paid by the Plan to the trustee are included in either administrative expenses or net appreciation in fair value of investments. The Organization pays directly any other fees related to the Plan's operations.

Several employees of the Organization provide administrative services to the Plan, such as day to day administration and oversight. The Organization does not charge the Plan for these services.

NOTE 7 – RECONCILIATION OF NET ASSETS WITH PARTICIPANTS' ACCOUNTS

	December 31,	
	2021	2020
Balance of Participants' Accounts	\$ 1,958,679	\$ 1,497,887
Contributions Receivable	12,834	13,619
Net Assets Available for Benefits	<u>\$ 1,971,513</u>	<u>\$ 1,511,506</u>

NOTE 8 – RISKS AND UNCERTAINTIES**Investments**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

COVID-19 Outbreak

In 2020, the World Health Organization announced a global health emergency later classified as a global pandemic as a result of the COVID-19 outbreak. The outbreak and response have impacted financial and economic markets across the World and within the United States of America. The full impact continues to evolve and as such, it is uncertain as to the full magnitude that the pandemic will have on the Plan's financial condition, and future results of Plan activity. Management is actively monitoring the possible effects on every aspect of the Plan. As the impact to the Plan is uncertain as of the date of these financial statements, no adjustments have been made to these financial statements.

NOTE 9 – DELINQUENT REMITTANCES

During the Plan years ending 2018 through 2021, the Organization failed to timely remit to the Plan's trustee certain participant contributions totaling \$4,299 within the period prescribed by the Department of Labor regulations. The Organization reimbursed the Plan for the lost interest and earnings during 2021.
