Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of VOR Technology 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets in liquidation as of July 31, 2023 and December 31, 2022, and the related statement of changes in net assets in liquidation for the year ended July 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of VOR Technology 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of May 2, 2023 and December 31, 2022, and for the period ended May 2, 2023, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements of VOR Technology 401(k) Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

VOR Technology 401(k) Plan does not have sufficient accounting records and supporting documents relating to certain beginning balances. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Emphasis of Matter - Basis of Accounting

As discussed in Note C to the financial statements, the plan was amended on November 15, 2020 to freeze and terminate.

Accordingly, the Plan's financial statements are prepared on the liquidation basis of accounting. Generally accepted accounting principles require financial statements to be prepared on the liquidation basis of accounting when an entity is in liquidation or when liquidation is imminent. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about VOR Technology 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of VOR Technology 401(k) Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of VOR Technology 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Supplemental Schedules Required by ERISA

The supplemental schedule of reportable transactions is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Other Matter

The accompanying statement of net assets in liquidation of VOR Technology 401(k) Plan as of December 31, 2022 and the related state of changes in net assets in liquidation for the year then ended were not audited, reviewed, or compiled by us and, accordingly, we do not express an opinion or any other form of assurance on them.

VOR TECHNOLOGY 401(K) PLAN

July 31, 2023 and December 31, 2022

NOTE A – DESCRIPTION OF PLAN

The following brief description of the VOR Technology 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering substantially all employees of VOR Technology, LLC (the Company) as defined in the Plan agreement. Employees are eligible to participate after two months of service and are age 21 or older. Excluded employees are defined as those whose employment was governed by a collective bargaining agreement and non-resident aliens who receive no compensation that constitutes U.S. source income. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participants may make voluntary contributions from 1% to 100% of their annual compensation, as described in the Plan agreement. The total annual participant voluntary contribution is limited to \$22,500 for 2023. Participants who will be at least age 50 by the end of the year may make additional contributions of \$6,500 for 2023. Participants may also contribute amounts representing roll-over distributions from other qualified plans. The employer can make discretionary matching contributions to the Plan. The employer did not make matching contributions through July 31, 2023. The plan was amended on November 15, 2020 to freeze and terminate, disallowing any contributions on or after the effective date of the amendment.

Participant's voluntary contributions and employer's matching contributions are designated under a qualified deferred arrangement as allowed by Section 401(k) and 401(m) of the Internal Revenue Code.

The Company's discretionary employer profit sharing contribution was \$-0- for July 31, 2023. Company profit-sharing contributions are discretionary, meaning they are not guaranteed and may not be made in any given year.

Participants' Accounts:

Each participant's account is credited with their voluntary contribution and employer's matching contribution and an allocation of the Plan's net earnings as defined by the Plan.

Plan Assets:

The Plan's assets were invested in various mutual funds as administered by the Plan's trustee, Voya Retirement Insurance and Annuity Company and Matrix Trust Company. The participants are responsible for making investment decisions and may direct contributions to any or all mutual funds available.

NOTES TO FINANCIAL STATEMENTS

VOR TECHNOLOGY 401(K) PLAN

July 31, 2023 and December 31, 2022

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are 100% vested in the employer's matching contribution and actual earnings thereon after six years of credited service. In the event of plan termination, participants become 100% vested, regardless of the previous vesting schedule.

Forfeitures:

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account, or other methods allowed by the plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The non-vested amount will be forfeited and used by the participating employer to reduce future matching contributions or offset plan expenses.

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participants total vested account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's vested account and bear interest at a rate commensurate with prevailing interest rates. Principal and interest are paid ratably through payroll deductions. There was no interest income recorded through July 31, 2023.

Benefits paid to Participants:

Upon termination of service, a participant may receive a lump sum distribution equal to his or her account balance. If the participant's account balance is less than \$5,000, the plan administrator directs the trustee to make a lump sum distribution. Participants terminated for reasons other than death, disability, or retirement are entitled to receive their benefits as soon as administratively feasible.

Plan Costs:

All administrative, investment and audit expenses incurred in connection with the Plan are paid by the Plan. The Company, at any time, may elect to pay for all administrative, investment and audit expenses. Due to the termination of the plan, administrative expenses of \$31,488 were paid by the Plan, reducing the participants' accounts prior to the benefit payments made.

NOTES TO FINANCIAL STATEMENTS

VOR TECHNOLOGY 401(K) PLAN

July 31, 2023 and December 31, 2022

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The financial statements of the Plan for the period ended July 31, 2023 were prepared under the liquidation basis of accounting as required by accounting principles generally accepted in the United States. The Plan adopted the liquidation basis of accounting as a result of its termination.

Cash and Cash Equivalents:

Cash and cash equivalents include all highly liquid investments with an original maturity of three months or less at the date of purchase, including certain money market funds.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value as determined by the trustee, based on quoted market prices. Net appreciation or depreciation of investments is reported in the statement of changes in net assets in liquidation and consists of realized gains and losses and the unrealized appreciation or depreciation of these investments.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of July 31, 2023 and December 31, 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events:

Management evaluated all activity of the Plan through February 27, 2024, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition or additional disclosure in the financial statements or notes.

NOTES TO FINANCIAL STATEMENTS

VOR TECHNOLOGY 401(K) PLAN

July 31, 2023 and December 31, 2022

NOTE C – PLAN TERMINATION

Effective November 15, 2020, the Plan sponsor, VOR Technology, LLC, approved the termination of the plan. As a result, all benefits became fully vested, no additional employees were allowed entry into the Plan, and no contributions, loan repayments, or new loans were allowed by the Plan. The Plan distributed all of its assets to its participants by July 31, 2023. The financial statements have been prepared using the liquidation basis of accounting after management determined since the Plan's liquidation occurred.

NOTE D – CERTIFIED INVESTMENTS

Certain information summarized below related to the accompanying financial statements and ERISA-required supplemental schedules was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Retirement Insurance and Annuity Company, the plan trustee. Such information has not been audited by independent auditors except for comparing such information with the related information included in the financial statements and supplemental schedule as of May 2, 2023 and December 31, 2022, and for the period then ended. Investments were held within the trust, and certified, as of May 2, 2023 before being transferred to Matrix Trust Company due to the plan termination. The account was held in cash with Matrix Trust Company and was not certified from May 3, 2023 through the date of total liquidation, July 31, 2023.

NOTE E – INVESTMENTS AT FAIR VALUE

The Financial Accounting Standards Board's Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. The framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

NOTE E – INVESTMENTS AT FAIR VALUE (CONTINUED)

The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There are three general valuation techniques that may be used to measure fair value, as described below:

- a) Market approach - Uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. Prices may be indicated by pricing guides, sale transactions, market trades, or other sources;
- b) Cost approach - Based on the amount that currently would be required to replace the service capacity of an asset (replacement cost); and
- c) Income approach - Uses valuation techniques to convert future amounts to a single present amount based on current market expectations about the future amounts (includes present value techniques and option-pricing models). Net present value is an income approach where a stream of expected cash flows is discounted at an appropriate market interest rate.

The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at July 31, 2023.

NOTE E – INVESTMENTS AT FAIR VALUE (CONTINUED)

Mutual Funds

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end based on quoted market prices.

Below are the Plan's financial instruments carried at fair value on a recurring basis by the FASB ASC 820-10 fair value hierarchy levels:

	<u>2023</u>	<u>2022</u>
Level 1		
Mutual funds	\$ 0	\$ 383,725
Total investments in fair value hierarchy	0	383,725
Total investments at fair value	<u>\$ 0</u>	<u>\$ 383,725</u>

Gains and losses realized and unrealized, for the period ended July 31, 2023 are reported under net appreciation in fair value of investments on the accompanying statement of changes in net assets in liquidation.

NOTE F – INCOME TAXES

The Internal Revenue Service has ruled in a letter that the Plan, as then designed, qualified under Section 401(a) of the Internal Revenue Code (IRC) and is, therefore, not subject to federal income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for the years prior to 2019.

NOTE G – RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect participants' account balances and the amounts reported in the statements of net assets in liquidation.
