Independent Auditor's Report

To the Investment Committee
Forma Therapeutics, Inc. 401(k) Plan
Watertown, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Forma Therapeutics, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits (in liquidation) as of May 17, 2023 and December 31, 2022 and the related statement of changes in net assets available for benefits (in liquidation) for the period from January 1, 2023, to May 17, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of May 17, 2023 and December 31, 2022, and for the period from January 1, 2023, to May 17, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Plan sponsor’s Board of Directors approved the termination of the Plan, effective October 13, 2022. Therefore, management determined that liquidation was imminent and as a result, the Plan uses the liquidation basis of accounting in presenting the financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the

override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Notes to Financial Statements

1. Description of Plan

The following description of the Forma Therapeutics, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan’s document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all eligible employees of Forma Therapeutics, Inc. (the “Company”) who are age 21 or older, as defined. Part-time, temporary, and seasonal employees are excluded until they reach the age requirement and have completed 1,000 hours of service. The entry date to the Plan is the first day of the month upon reaching eligibility requirements.

On August 31, 2022, the Company’s Board of Directors passed a resolution to terminate the Plan, effective October 13, 2022 (“Termination Date”). The resolution provided that no participants were allowed to enter the Plan after the Termination Date and no further contributions (other than loan repayments) were to be made into the Plan. All participants were fully vested in their account balances and the account balances were to be liquidated and distributed to participants according to the Plan and applicable law.

As of May 17, 2023, the net assets have been distributed to the participants. Participants chose amongst several options regarding the type of distribution, including a lump sum payment and individual retirement account rollover.

The Plan was amended and restated effective January 1, 2019. The restated plan eligibility provisions exclude interns and co-op employees, as defined, from participation in the Plan and allow eligible employees to begin participation in the Plan on the first date that eligibility requirements are satisfied. The restated plan contribution provisions require participants to be employed on the last day of the plan year to be eligible for an annual true up of employer matching contributions.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan’s Investment Committee is responsible for the general oversight of the Plan, determining the appropriateness of the Plan’s investment offerings, monitoring investment performance, and reporting to the Company’s Compensation Committee at least annually. Alerus Financial, N.A. (“Alerus”) serves as the Plan’s trustee and recordkeeper.

Contributions

Prior to the Termination Date, contributions to the Plan were made by participants and the Company. Each year, participants could elect to defer up to 90% of their eligible annual compensation, as defined in the Plan, subject to Internal Revenue Service (“IRS”) limitations. Participants are allowed to designate a portion of their contributions as Roth deferral contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, as defined by the Plan, and subject to IRS limitations. Participants may also contribute amounts representing distributions from other qualified plans. In-plan Roth rollovers and transfers are also allowed.

The Plan allowed for employer discretionary matching contributions in an amount determined by the Company’s Board of Directors each plan year. The Plan also allows for employer discretionary

Notes to Financial Statements

profit-sharing contributions in an amount determined by the Company's Board of Directors each plan year to those eligible participants employed as of the last day of the plan-year. There was no employer discretionary matching or profit-sharing contributions for the period from January 1, 2023, to May 17, 2023.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan had offered various mutual funds and a common/collective trust as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as an allocation of Company discretionary profit-sharing contributions, if applicable, and an allocation of the plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately 100% vested in their contributions and all employer contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants were able to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to five years in most cases, or 10 years, if proceeds are used for the purchase of a primary residence. The notes were secured by the balance in the participant's account and bear interest at the Wall Street Journal Prime Rate plus 2%, which is commensurate with local prevailing rates, as determined by the plan administrator at the inception of the note. A participant may not have more than one note receivable outstanding at any given time. Principal and interest are paid ratably through payroll deductions. Certain direct fees are charged to the participant to set up and maintain the note receivable. Notes receivable were due and payable upon termination of employment.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant, or the participant's beneficiary in the case of death, may elect to receive a lump-sum amount equal to the value of the participant account. The Company can cash out terminated participants from the Plan with account balances of \$5,000 or less. If the account balance does not exceed \$5,000 upon termination, then a participant may receive a lump-sum distribution without prior consent, which will be rolled over into an individual retirement account designated by the plan administrator. For termination of service due to other reasons, a participant may receive the value of the account balance as a lump-sum distribution. Installment payments may only be made if the participant is subject to lifetime minimum distributions. Participants are eligible for in-service distributions of any portion of their account balance after attaining the age of 59½. Before age 59½, withdrawals can be made in the event of demonstrated financial hardship (\$500 minimum) or deemed severance event, as provided in the plan document. Terminated participants are required by law to receive minimum distributions by April 1 of the year following the year they turn 72.

Notes to Financial Statements

The Plan allows in-kind distributions to participants who have a distributable event. In absence of a written request for an in-kind distribution, the participant receives a cash distribution.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the liquidation basis. This basis was adopted when liquidation was deemed imminent in accordance with Accounting Standards Update (“ASU”) 2013-07, Liquidation Basis of Accounting. Plan management determined that liquidation was imminent upon adoption of the resolution to terminate the Plan on August 31, 2022. Under the liquidation basis of accounting, assets are measured at their net realizable value, estimated by fair value reduced by surrender charges, penalties and redemption charges, and disposal expenses, to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process. Liabilities are measured using the accrual basis of accounting, including any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could vary from the estimates that were used.

Investment Valuation and Income Recognition

The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies utilizing information provided by the trustee and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan’s gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. A note receivable is considered to be in default if any scheduled payment remains unpaid as of the last day of the calendar quarter following the calendar quarter in which the note receivable is initially considered past due. In the event of default, death, or termination of employment, the entire principal and accrued interest shall be immediately due and payable. Unpaid loans are treated as a taxable distribution to the participant.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company and are excluded from these financial statements. Fees related to specific participant transactions and certain asset-based contractual expenses are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net appreciation or depreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through February 28, 2024, which is the date the financial statements were available to be issued.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Alerus, the trustee for the Plan, has certified as to the completeness and accuracy of all the investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of May 17, 2023 and December 31, 2022, and the related investment activity reflected on the statement of changes in net assets available for benefits for the period from January 1, 2023, to May 17, 2023. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

4. Fair Value Measurements

The FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include:
---------	--

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

Forma Therapeutics, Inc. 401(k) Plan

Notes to Financial Statements

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level, within the fair value hierarchy, is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds

Valued at daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. The funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust

Valued at the NAV of units held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily with no advance notice requirements. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

<i>Investments at fair value as of December 31, 2022</i>	Level 1		Total
Mutual funds	\$ 23,359,847	\$	23,359,847
Common/collective trust fund at NAV			198,586
Total Investments at Fair Value	\$ 23,359,847	\$	23,558,433

Notes to Financial Statements

5. Related-Party Transactions and Party-in-Interest Transactions

The Plan has a number of service providers of which the Plan paid certain expenses related to administrative and operational services of the Plan. Such providers are parties in interest under ERISA. Notes receivable from participants qualify as party-in-interest transactions, which are exempt from prohibited transactions rules.

6. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. On August 31, 2022, as described in Note 1, the Company resolved to terminate the Plan effective October 13, 2022. Participants remain 100% vested in their accounts as of the termination date.

7. Tax Status

The Plan has adopted a non-standardized pre-approved profit sharing/money purchase/CODA plan document. Alerus, the sponsor, received a favorable opinion letter from the IRS dated June 30, 2020, stating that the form of the plan is qualified under Section 401(a) of the Internal Revenue Code (“IRC”), and therefore, the related trust is tax exempt. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and was tax-exempt as of the financial statement date.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported on the statements of net assets available for benefits.
