Independent Auditors' Report

To the Plan Administrator of the
Children's Home Network 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audit of the financial statements of Children's Home Network 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of June 30, 2023 and 2022 and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of June 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CHILDREN'S HOME NETWORK 401(K) PLAN

Notes to Financial Statements

June 30, 2023 and 2022

(1) **Description of Plan**

The following description of Children's Home Network 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document and adoption agreement for a more complete description of the Plan's provisions. The Plan is sponsored by Children's Home Network (the "Employer").

(a) **General**

The Plan is a 401(k) profit sharing plan covering all employees of Children's Home Network who have met the eligibility requirements as defined in the Plan. The Plan allows for employee elective deferral contributions, employer contributions and participant loans. Eligible participants qualify to receive a discretionary matching employer contribution calculated per payroll period. The Plan provides retirement and death benefits to eligible participants and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Although it has not expressed any intent to do so, the Employer has the right to amend, modify, suspend or terminate the Plan or contributions thereunder provided no such action shall adversely affect participants to the extent of their vested benefits subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100% vested in their accounts.

Additional information about the plan agreement is contained in the Summary Plan Description, copies of which are available from the plan administrator.

(b) **Contributions**

Participants may contribute up to 100% of pre-tax annual compensation limited by the maximum amount allowable by law. Participants direct the investment of their elective deferral and the Employer's contributions into various investment options offered by the Plan. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or contribution plans.

Effective September 1, 2020, the Plan was amended to allow Roth contributions.

For the year ended June 30, 2023, the Employer declared a discretionary matching contribution of up to three-percent of a participant's pay.

(c) **Participant Accounts**

Each participant's account is credited with the participant's contributions, the Employer's contributions and an allocation of plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. Participants may direct their contributions into a variety of investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan - Continued

(d) Vesting

Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. The Employer's contributions begin vesting on a graduated scale and a participant becomes fully vested in their account balances after five years of continuous service.

Non-vested amounts forfeited by participants are retained in the Plan and may be used to pay the Plan's administrative expenses or reduce future employer contributions. Forfeitures of \$9,423 were used to reduce employer contributions for the year ended June 30, 2023 in the accompanying Statement of Changes in Net Assets Available for Benefits. At June 30, 2023 and 2022, plan assets included forfeitures of \$3 and \$1, respectively.

(e) Payment of Benefits

The Plan generally provides for the payment of benefits in the form of a monthly annuity. Participants may elect to receive the annuity benefits over various option periods provided by the Plan. Benefits are paid in a lump sum in certain circumstances.

(f) Hardship Withdrawals

Effective September 1, 2020, the Plan was amended to allow hardship withdrawals.

In the event of financial hardship, participants may request a distribution from the Plan to the extent required to satisfy the immediate financial needs of the participant. Such distributions are limited to the vested account balance of the participant. Qualifications to receive a hardship distribution are outlined in the Plan's provisions.

(g) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. Participant loans are secured by the balance in the participant's account and bear a reasonable rate of interest determined at the time the loan is made. Principal and interest are paid ratably through monthly remittances.

(2) Summary of Significant Accounting Policies

(a) Accounting Basis

The accompanying financial statements have been prepared on the accrual basis and present the net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

CHILDREN'S HOME NETWORK 401(K) PLAN

Notes to Financial Statements - Continued

(2) **Summary of Significant Accounting Policies - Continued**

(b) **Payment of Benefits**

Benefits are recorded when paid.

(c) **Financial Accounting Standards**

The Financial Accounting Standards Board (FASB) has issued authoritative guidance establishing two levels of U.S. generally accepted accounting principles (GAAP) - authoritative and nonauthoritative - and making the Accounting Standards Codification (ASC) the source of authoritative, nongovernmental GAAP, except for rules and interpretive releases of the Securities and Exchange Commission. This guidance was incorporated into ASC Topic 105, *Generally Accepted Accounting Principles*.

(d) **Notes Receivable from Participants**

Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(e) **Valuation of Investments and Income Recognition**

The Plan adopted FASB guidance regarding Fair Value Measurement as codified in ASC Topic 820, *Fair Value Measurement*, which provides a common definition of fair value, establishes a framework for measuring fair value under U.S. generally accepted accounting principles and requires additional disclosures about fair value measurements.

The Plan's investments are reported at fair value (except for the fully benefit-responsive guaranteed investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation or appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(f) **Administrative Expenses**

Certain expenses of the Plan are paid by the Employer and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

(g) Estimates in Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes therein during the period. Actual results could differ from those estimates.

(3) Information Certified by Principal Trust Company

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements that was prepared by or derived from information prepared by Principal Trust Company, a member of Principal Financial Group. The plan administrator has obtained a certification from Principal Trust Company that the information is complete and accurate as of June 30, 2023 and 2022 and for the year ended June 30, 2023:

	<u>2023</u>	<u>2022</u>
Statements of net assets available for benefits:		
Registered investment companies	\$ 2,446,834	2,198,046
Insurance company guaranteed investment contract	150,878	213,541
Notes receivable from participants	33,008	43,924
Statement of changes in net assets available for benefits:		
Interest income on general account	2,177	n/a
Dividend income	24,680	n/a
Net appreciation in fair value of investments	213,690	n/a
Interest income on notes receivable from participants	1,728	n/a

The certification also covers all information presented in the accompanying Schedule of Assets (Held at End of Year).

(4) Fair Value Measurement

The Fair Value Measurement Topic of the FASB Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the Fair Value Measurement Topic are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

CHILDREN'S HOME NETWORK 401(K) PLAN

Notes to Financial Statements - Continued

(4) Fair Value Measurement - Continued

Level 2: Inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for the Plan's assets measured at fair value.

Shares of Registered Investment Companies - Mutual Funds: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2023 and 2022:

Description	Assets Measured at Fair Value at June 30, 2023	Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

(5) Contract with Insurance Company

The Plan has an investment contract with Principal Financial Group for the purpose of investing plan assets. Participants can elect to invest amounts allocated to their accounts in a fixed income guaranteed investment contract with Principal or purchase shares in various funds of Principal Registered Investment Companies.

Guaranteed Investment Contract

Principal maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, contract value is the only required measure for fully benefit-responsive investment contracts in accordance with Accounting Standards Update 2015-12. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events are defined in Article VI, Section 3 of the contract. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract permits the insurance company to terminate the agreement prior to the scheduled maturity date if certain events or circumstances occur. Such events and circumstances are defined in Article V of the contract. The plan administrator does not believe that the occurrence of any such event, which would terminate the Plan, is probable.

Registered Investment Companies

Participants may direct that all or a portion of their account balance be used to purchase shares in various funds of Principal Registered Investment Companies. The Registered Investment Companies include a wide variety of managed portfolios. Principal does not guarantee the monies invested in the Registered Investment Companies as to principal or income. Benefit payments to participants or their beneficiaries are made directly by Principal from the funds accumulated under the contract.

CHILDREN'S HOME NETWORK 401(K) PLAN

(6) **Income Tax Status**

Effective May 13, 2022, the Plan adopted a non-standardized pre-approved profit-sharing plan sponsored by Principal Life Insurance Company which received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the non-standardized pre-approved profit-sharing plan, as then designed, is qualified under Section 401(a) of the Internal Revenue Code, and therefore, the related trust is exempt from taxation under Section 501(a) of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Subsequent to this opinion by the IRS, the non-standardized pre-approved profit-sharing plan has been amended. The plan administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to the year ended June 30, 2020.

(7) **Party-in-Interest Transactions**

The Plan's expenses are paid either by the Plan or the Employer, as provided in the plan document. Expenses that are paid directly by the Employer, such as professional and recordkeeping fees, are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Certain plan investments are managed by Principal Financial Group. Principal Financial Group members are the trustee and custodian of the Plan, and also provide certain investment management, administrative and professional services to the Plan. Fees paid by the Plan for certain of these services for the year ended June 30, 2023 were \$17,520.

(8) **Plan Termination**

Although it has expressed no intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Plan investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain plan investments, it is at least reasonably possible that changes in the value of plan investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) Subsequent Events

The Plan evaluated subsequent events through February 13, 2024, the date the financial statements were available for issuance.
