An audit performed in accordance with ERISA Section 103(a)(3)(C) does not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised, and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Management has determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. Management has also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5, and that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America.
Purpose	The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

Required Communications Regarding Internal Control (AU-C 265)

Consideration of Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements of McMahon Tire Service, Inc. 401(k) Retirement Plan as of and for the year ended December 31, 2022, in accordance with GAAS, we considered the Plan's internal control over financial reporting (internal control).

This consideration served as a basis for designing our audit procedures that are appropriate in the circumstance for the purpose of expressing our opinion on the financial statements.

However, this consideration was **not** for the purpose of expressing an opinion on the effectiveness of the Plan's internal control.

Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified.

Categorizing Deficiencies by Severity

Deficiency

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis.

Significant Deficiency

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Material Weakness

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that material misstatements of the Plan's financial statements will not be prevented or detected and corrected on a timely basis.

Identified Deficiencies

We identified certain deficiencies in internal control that we consider to be significant deficiencies.

FORV/S

FORVIS is a trademark of FORVIS, LLP, registration of which is pending with the U.S. Patent and Trademark Office

Significant Deficiencies

Plan management has outsourced the recordkeeping functions related to the Plan to Ascensus, LLC; however, Plan management is not currently formally reviewing the annual SOC 1 Report (System and Organization Controls Report) that is provided by Ascensus LLC or documenting the review. These reports are usually prepared on an annual basis for service providers and should be reviewed annually by Plan management to monitor any identified control deficiencies within the service provider. Additionally, Plan management should also document the user control considerations identified in the report and determine if those are operating effectively at the Plan Sponsor level. Further, Plan management should review with the administrative committee to document discussion and approval of significant matters with regard to Plan design and other decisions.

Further, we recommend Plan management create an administrative committee to be responsible for monitoring and implementing Plan changes, amendments, and overall Plan governance in order to maintain compliance with Department of Labor requirements and fulfill fiduciary responsibilities.

Other Matters

Although not considered material weaknesses, significant deficiencies, or deficiencies in internal control over financial reporting, we also observed other matters and offer these comments and suggestions with respect to matters which came to our attention during the course of the audit of the financial statements. Our audit procedures are designed primarily to enable us to form an opinion on the financial statements and, therefore, may not bring to light all weaknesses in policies and procedures that may exist.

However, these other matters are offered as constructive suggestions for the consideration of management as part of the ongoing process of modifying and improving financial and administrative practices and procedures.

We can discuss these matters further at your convenience and may provide implementation assistance for changes or improvements.

SECURE Act 2.0

The *Setting Every Community Up for Retirement Enhancement Act 2.0* was passed on December 29, 2022. Better known as “**SECURE 2.0**”, this sweeping legislation has a significant impact on individuals planning for retirement as well as plan administrators. Certain changes are effective in 2023 while other provisions are phased in over the next several years.

Nearer term provisions of the SECURE 2.0 Act impacting qualified retirement plans:

- **Student Loan Payments & Matching Contributions** – In an effort to allow those paying down student debt to also save for retirement, the SECURE 2.0 Act allows an employee to receive available matching contributions by way of paying down student loan debt. Employers are permitted to make matching contributions under 401(k), 403(b), or SIMPLE IRAs with respect to “qualified student loan payments.” This provision will generally begin in 2024.
- **Elimination of Required Minimum Distributions (RMDs) for Roth 401(k) Plans** – Roth 401(k) owners will no longer be required to take RMDs from those accounts beginning in 2024. Roth IRAs continue to have no RMD requirements.
- **Early Withdrawals** – Currently, withdrawals from retirement plans prior to age 59 ½ are subject to a 10% penalty on top of any income tax due on the withdrawal. Starting in 2024, the legislation allows for certain exceptions (with limitations) to be exempt from the additional penalty:
 - Terminally ill account holders (some administrative questions are an issue including if self-certification is allowed)
 - Domestic abuse survivors (self-certification allowed)
 - Payment of specific types of long-term care policy premiums
 - Survivors of federally declared disasters

FORV/S

FORVIS is a trademark of FORVIS, LLP, registration of which is pending with the U.S. Patent and Trademark Office

- **Increase in Mandatory Cash Out Limit** – Effective in 2024, the mandatory cash out amount will increase from \$5,000 to \$7,000. This is an optional provision but should help employers manage the number of terminated participants in the Plan.
- **Roth Employer Matching Contributions** – Participants may now elect for their employer matching contributions to be on a Roth basis. There are many procedural questions regarding the administrative challenges of updating payroll systems to handle the payroll tax implications of this type of arrangement. This provision is effective in 2024.
- **Employee Self-Certification of Hardships** – Participants are allowed to self-certify their hardship to qualify for a hardship withdrawal. This provision is effective for plan years beginning after the date of the enactment of SECURE 2.0.
- **Emergency Savings Provision** – One of the most impactful changes is the provision that is effective January 1, 2024, which allows employers to establish retirement plan linked emergency savings accounts for non-highly compensated employees. Employers will be able to automatically enroll participants up to a 3% participant Roth contribution (maximum limit of \$2,500). Employers could elect to set the maximum contribution at a lower dollar amount. Employers may also match the contributions (subject to the same \$2,500 cap); however, those contributions would have to flow into their retirement account and not the account for the emergency fund. Participants are limited to four withdrawals within a calendar plan year. Upon separation of service, the benefits are not taxable given their Roth nature.
- **Improved Self Correction of Auto Enrollment Errors** – Starting in 2024, Plan Sponsors are given more flexibility to correct errors. Plan management will have up to 9.5 months after the end of the year when the error occurred to correct the issue. The update also extends to auto-increase provisions as well.
- **De Minimis Financial Incentives** – Employers can incentivize participants to enroll in retirement plans with gift cards. Employers will need to assess the impact of the incentives on their plan's definition of eligible compensation. This feature is essentially effective in 2023.

Provisions of the SECURE 2.0 Act that impact plan sponsors further down the road (2025 or later):

- **Increased Catch Up Contributions for ages 60-63** – Beginning in 2025, older 401(k) and 403(b) plan participants will be able to contribute more to their plan in the nature of catch up contributions. The amount will be limited to \$10,000 or half of the catch up limit for that applicable year. The catch-up contribution limit in 2023 for all other 401(k) and 403(b) participants over age 50 is \$7,500.
- **Auto Enrollment / Auto Increase Required for New Plans** – Starting in 2025, new 401(k) and 403(b) plans will be required to automatically enroll new participants in a range of 3-10%, including an auto-increase provision of 1% per year up to a cap of 10-15%. **Existing plans as well as smaller employers will be grandfathered and not required to make this change.**
- **Department of Labor (DOL) System for Lost Participants** – The DOL is essentially establishing a database for plan participants who have lost track of their retirement savings at various employers to identify the contact person at the applicable plan sponsor or third-party-administrator. The goal is for this system to be up and running by the end of 2024.
- **Long-Term Part-Time (LTPT) Employee Participation** – As a follow up to the initial SECURE legislation, the LTPT guidance has been reduced from three years of having 500 hours of service to two years. As this provision only applies to employee deferrals, many employers may loosen up their eligibility requirement but will also need to assess certain excludable employees and whether they should be included as a plan participant.
- **Roth Catch Up Contributions** – Beginning in 2026, certain highly-compensated employees will be required to have their catch-up contributions classified as Roth contributions.

This legislation is expected to create an additional burden on those in human resources to determine the additional administrative requirements triggered by this Act. Plan amendments generally need not be made until the end of the first plan year beginning on or after January 1, 2025. We would encourage you to consult with your third-party administrator and/or your ERISA legal counsel to amend your plan appropriately for this legislation.

The undersigned ("We") are providing this letter in connection with FORVIS' audit of the financial statements of McMahon Tire Service, Inc. 401(k) Retirement Plan (the Plan) as of and for the year ended December 31, 2022, and supplemental schedule as of December 31, 2022.

We also understand FORVIS compiled the financial statements of the Plan as of December 31, 2021.

Our representations are current and effective as of the date of FORVIS' report: February 27, 2024.

Our engagement with FORVIS is based on our contract for services dated: October 24, 2023.

Our Responsibility & Consideration of Material Matters

We confirm that we are responsible for the fair presentation of the financial statements subject to FORVIS' report in conformity with accounting principles generally accepted in the United States of America and for the fair presentation of the accompanying supplemental schedule(s) in conformity with the Department of Labor's Rules and Regulations under the *Employee Retirement Income Security Act of 1974* (ERISA).

We are also responsible for adopting sound accounting policies; establishing and maintaining effective internal control over financial reporting, operations, and compliance; and preventing and detecting fraud.

We elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and, that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America.

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

38. Significant estimates that may be subject to a material change in the near term have been properly disclosed in the financial statements. We understand that “near term” means the period within one year of the date of the financial statements. In addition, we have no knowledge of concentrations, which refer to volumes of loans, investments, or deposits, existing at the date of the financial statements that would make the Plan vulnerable to the risk of severe impact in the near term that have not been properly disclosed in the financial statements.

- a. The underlying assumptions are reasonable and they appropriately reflect management’s intent and ability to carry out its stated course of action.

Off-Balance Sheet Risk

41. Financial instruments with off-balance sheet risk and financial instruments with concentrations of credit risk have been properly recorded or disclosed in the financial statements.

Independent Auditor's Report

Plan Administrator
McMahon Tire Service, Inc. 401(k) Retirement Plan
Fort Wayne, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of McMahon Tire Service, Inc. 401(k) Retirement Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the 2022 Financial Statements" section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the 2022 Financial Statements” section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the “Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements” section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

2021 Financial Statement Compiled

We have performed the compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. Notes to Financial Statements

December 31, 2022 and 2021

Note 1: Description of the Plan

The following description of the McMahon Tire Service, Inc. 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which is available from the Plan Administrator.

General

The Plan is a defined contribution plan sponsored by McMahon Tire Service, Inc. (Company) for the benefit of its employees who have at least six consecutive months of employment and are age 18 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Certain key members of management of the Company serve as the trustee of the Plan. Ascensus, LLC serves as the Plan recordkeeper and Lincoln National Life Insurance Company serves as the Plan custodian.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 100% of eligible compensation. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company makes matching contributions of 100% of employees' salary deferral amounts on the first 3% of employees' compensation. Company match contributions are discretionary as determined by the Company's management. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds and pooled separate accounts. Each participant has the option of directing his contribution as well as the Company's contribution into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit, to which a participant is entitled, is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, plus earnings thereon. Vesting in the Company's contribution portion of a participant's account plus the earnings thereon is based on years of credited service. A participant is fully vested after 6 years of continuous service. The nonvested balance is forfeited upon termination of service. Forfeitures are used to reduce Company contributions or to pay Plan expenses.

McMahon Tire Service, Inc. 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate must be a reasonable rate determined at the time of loan issuance. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

Upon termination of service, participants may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. At December 31, 2022 and 2021, there were no Plan assets allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan, but have not yet been paid.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$9,940 and \$3,634, respectively. These accounts will be used to reduce future employer contributions. In 2022, employer contributions were reduced by \$6,246 from forfeited nonvested accounts.

Plan Termination

Although it has not expressed any intent on doing so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Pooled separate accounts are valued at estimated fair value as provided by Lincoln National Life Insurance Company. The Plan's interest in the collective trust is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year end.

McMahon Tire Service, Inc. 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants before March 15, 2023.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Ascensus LLC. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Administrative Expenses

Administrative expenses are paid by the Company or the Plan, at the Company's discretion.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values in investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Accordingly, Lincoln National Life Insurance Company, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

Fees paid by the Plan to the custodians, third-party administrator and an investment management company were \$23,044 during the year ended December 31, 2022. The Company provides certain administrative services at no cost to the Plan.

Note 5: Reconciliation of Financial Statements to Form 5500

Note 6: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy. The Plan does not hold any investments classified as Level 1, Level 2 or Level 3 within the fair value hierarchy.

The pooled separate accounts are valued based upon the net asset value (NAV) of the funds multiplied by the units held by the Plan at year-end. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The underlying investments of the pooled separate accounts consist solely of mutual funds and the investment strategy of the respective pooled separate accounts aligns directly with the investment strategy of the underlying mutual fund investments.
