REPORT OF INDEPENDENT AUDITORS

To the Participants and Trustees of
Painters and Allied Trades DC 82
Defined Contribution Pension Plan

Opinion

We have audited the financial statements of Painters and Allied Trades DC 82 Defined Contribution Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of May 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Painters and Allied Trades DC 82 Defined Contribution Pension Plan as of May 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

DEFINED CONTRIBUTION PENSION PLAN**

NOTES TO FINANCIAL STATEMENTS

MAY 31, 2023 AND 2022

NOTE 1. DESCRIPTION OF THE PLAN

Painters and Allied Trades DC 82 Defined Contribution Pension Plan (the Plan) was established June 1, 2016, pursuant to a collective bargaining agreement between International Union of Painters and Allied Trades, AFL-CIO, District Council #82 (the District Council), Minnesota Drywall and Plaster Association, Minnesota Painting and Wallcovering Employers Association and Twin City Glazing Association. The Plan is a multiemployer defined contribution retirement plan subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by a joint board of trustees consisting of an equal number of union and employer representatives. Benefits under the Plan are not insured by the Pension Benefit Guaranty Corporation.

The purpose of the Plan is to provide retirement, death and disability benefits for eligible participants and beneficiaries. An individual becomes eligible to participate in the Plan if working under a collective bargaining agreement that requires the employer to make contributions to the Plan. Hours reported to retirement plans that have merged with the Plan were included in determining if a participant is initially eligible for benefits. Voluntary contributions from participants are not allowed under the Plan.

Contributions to the Plan are invested as directed by the participant in various investment options. In the absence of participant direction, contributions are invested in a default investment fund until changed by the participant. Participants must evaluate their own investment goals and objectives and choose the investments best suited to achieve those goals and objectives. Poor investment performance by the investments selected by participants may cause their balances to be lower than the amounts contributed to the Plan on their behalf.

Participants' accounts are credited with employer contributions made on their behalf, as well as an allocation of Plan earnings or losses, based on account balances or specific participant transactions, as defined. A prorated administrative fee is deducted from each participant's account on a monthly basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

An individual becomes vested if 1,000 or more hours are worked for which contributions are due to the Plan in the 24 consecutive months following the first day of work for a contributing employer. Contributions are forfeited for participants who fail to become vested. Once an individual becomes vested, the participant's account is nonforfeitable at all times. Forfeitures amounted to \$127,105 and \$174,422 for the years ended May 31, 2023 and 2022, respectively. Forfeitures are to be reviewed by the Trustees annually and distributed to participant accounts upon approval.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

As soon as practicable after each valuation date, the Trustees determine the amount in each participant's individual account in accordance with the provisions of the Plan. The amount in each individual account represents the total of the following:

- The amount in the individual account, if any, as of the last valuation date;
- The employer contributions made on behalf of the participant and received by the Plan since the last valuation occurred, less any administrative assessment against those contributions as directed by the Trustees;
- Any rollover contributions into the individual account since the last valuation date;
- The forfeitures added to each eligible account as determined by the Trustees;
- The investment yield obtained since the last valuation occurred for the investments directed by the participant; and
- The prorated cost of administrative expenses of the Plan incurred since the last valuation date.

A completed application for benefits must be submitted before benefits will be approved for payment. A participant is eligible to receive a benefit distribution subject to the payment provisions of the Plan after the earliest of the following events:

- The participant reaches age 55 and retires from employment with a contributing employer;
- The participant becomes totally and permanently disabled;
- The participant severs employment with an employer for a period of at least 12 consecutive months, provided that at the time of the receipt of a distribution, the participant has not then, and for the previous 12 consecutive months, been employed by or own an interest in, a corporation, partnership or other entity which is within the jurisdiction of the District Council and is engaged in any craft within the jurisdiction of any District Council collective bargaining agreement;
- The participant is a 5% owner of an entity that is a contributing employer (as defined by Internal Revenue Code Section 416) and attains age 70½; or
- The participant dies, including a death incurred while performing military service under Internal Revenue Code Section 414(u).

Participants should refer to the summary plan description for more complete information.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements have been prepared using the accrual basis of accounting.

Investments - Investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Purchases and sales of investments are reflected on a trade-date basis.

Interest income is recorded on the accrual basis. Dividend income is recorded on the ex dividend date.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Employer Contributions Receivable - Employer contributions due and not paid at year end are recorded as contributions receivable. Deficiencies established through payroll compliance audits are recognized if determined to be collectible. An allowance for uncollectible accounts is considered unnecessary and is not provided.

Revenue Recognition - Revenue derived from employer contributions is recognized in the period in which covered work is performed, based on the number of hours worked in covered employment and the contribution rates currently in effect, as set forth in the collective bargaining agreement. Employers are required to remit contributions monthly. Covered employment is primarily derived in the painting, taping and glazing industries within a jurisdiction primarily located in the metropolitan areas of Minneapolis and St. Paul, Minnesota.

Reciprocal Contributions - The Plan is signatory to reciprocity agreements with various other retirement plans for its participants performing work outside the geographical jurisdiction of the District Council. Participants who are normally employed within the territory of one local union (home local union) may be temporarily employed within the territory of another local union (reciprocating local union). When a participant of the home local union works in the territory of a reciprocating local union, the latter is to make contributions to the former's benefit plans on the participant's behalf. Monies received by the Plan on behalf of persons from outside participating local unions are forwarded to their home local union benefit plans. The Plan uses the same recognition and measurement criteria for contributions received on behalf of its participants under the terms of reciprocity agreements, as for all other employer contribution revenue. Amounts paid to other plans under the terms of reciprocity agreements are not reflected in the statements of changes in net assets available for benefits, as the amounts received are not revenue earned by the Plan, and the corresponding payments are not an expense of the Plan. The Plan remitted a total of \$0 and \$18,957 in reciprocal contributions to various other retirement plans under the terms of reciprocity agreements for the years ended May 31, 2023 and 2022, respectively. No material reciprocal contributions were owed to other plans at May 31, 2023 and 2022.

Payment of Benefits - Benefits paid to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but were not yet paid at either May 31, 2023 or 2022.

Expenses - Certain investment related expenses are included in net (depreciation) in fair value of investments. Participant accounts are charged a monthly fee of \$4 plus 1.25 basis points of total assets, in order to cover administrative costs incurred by the Plan. Included in net assets available for benefits at May 31, 2023 and 2022 are unallocated amounts of \$967,544 and \$749,348 respectively, which are available to pay administrative expenses.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through February 1, 2024, which is the date the financial statements were available to be issued.

NOTE 3. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect; however, in order to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved to the Trustees. In the event of termination participants will become fully vested in their account balance, and the net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations. Termination shall not permit any part of the Plan assets to be used for or diverted to purposes other than the exclusive benefit of participants and their beneficiaries except that provision may be used for the payment of necessary expenses resulting from termination of the Plan.

NOTE 4. TAX STATUS

The Plan's determination letter is dated September 8, 2017, in which the Internal Revenue Service stated that the Plan and related trust were designed in accordance with Section 401(a) of the Internal Revenue Code and were therefore exempt from federal income taxes under the provisions of Section 501(a). Although the Plan has been amended since receiving the determination letter, the Plan's administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. They therefore believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5. FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* Topic of the Financial Accounting Standards Board Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of May 31, 2023 and 2022. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. In accordance with generally accepted accounting principles, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the following tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Measurements

The fair values of the mutual funds are determined by reference to the underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

Common stocks are traded in active markets on national and international securities exchanges and are valued at closing prices on the last business day of each period presented.

Level 2 Measurements

Invested cash is valued at cost, which approximates fair value.

Measurements Using Net Asset Value as a Practical Expedient

Certain investments are valued at the net asset value per share, used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

The common collective trusts are direct filing entities (DFEs) and file a Form 5500 annual report with the U.S. Department of Labor. The Plan is not required to disclose the significant investment strategies of DFE investments. For one of the common collective trusts with a fair value of \$7,582,097 and \$9,166,526 at May 31, 2023 and 2022, respectively, redemptions are available quarterly, with a seven-day notice requirement for regular withdrawals and a 90-day notice for withdrawals in excess of 10%. For the remaining common collective trusts, redemptions are available daily without notice.

Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Due to inherent uncertainties involved in the valuations of investments that are not publicly traded, estimated fair values may differ materially from the values that would have been used had a ready market for the underlying securities existed.

The Plan holds alternative investments which utilize various investment strategies as part of the Plan's interest rate risk management strategy. These types of investments are consistent with the investment guidelines established by the Board of Trustees. The general partner or investment manager of alternative investments is generally required to value the underlying investments at estimated fair values using various subjective techniques.

NOTE 6. FUNDING POLICY

Participating employers contribute amounts as specified in the collective bargaining agreements. The hourly contribution rate ranged from \$.25 to \$12.61 for the years ended May 31, 2023 and 2022.

NOTE 7. RELATED ORGANIZATIONS

The Plan is related to a district council, a welfare plan, a defined benefit pension plan, an apprentice training fund and a safety training promotion fund, all of which are tax-exempt.

REPORT OF INDEPENDENT AUDITORS ON SUPPLEMENTAL SCHEDULES REQUIRED BY ERISA

To the Participants and Trustees of
Painters and Allied Trades DC 82
Defined Contribution Pension Plan

We have audited the financial statements of Painters and Allied Trades DC 82 Defined Contribution Pension Plan (the Plan) as of and for the years ended May 31, 2023 and 2022, and our report thereon dated February 1, 2024, which expressed an unmodified opinion on those financial statements, appears on pages 1 and 2. Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. Supplemental schedules 1 and 2 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
