GRANDVISION USA RETAIL HOLDING CORPORATION 401(k) PLAN

Notes to Financial Statements

December 31, 2020 and 2019

1. Description of Plan

The following description of GrandVision USA Retail Holding Corporation 401(k) Plan (the “Plan”), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General:

The Plan is a defined contribution plan covering all full-time employees of GrandVision USA Retail Holding Corporation (the “Company”) who have three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Company management is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Effective January 1, 2019, the Company entered into an agreement whereby, Principal Trust Company (“Principal”), formerly Wells Fargo Bank, N.A. (“Wells Fargo”), prior to the acquisition of Wells Fargo by Principal in 2020 (collectively, the “Trustee”), has been appointed the Trustee of the Plan’s assets. Under the terms of the agreement, the Trustee holds and invests the funds of the Plan.

Contributions:

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollovers, amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The automatic deferral percentage will increase by 1% per year up to a maximum of 5%. The Company may make discretionary matching and nonelective contributions at the discretion of the Company’s board of directors. Each year, the Company determines the formula for the discretionary matching contributions as well as the amount of any nonelective contribution. For purposes of the nonelective contribution, a participant must be employed on the last day of the Plan year and have completed at least 1,000 hours of service during such year. During 2020, the Company made a matching contribution equal to 50% of the first 5% of base compensation that a participant contributed to the Plan. The Company did not make a discretionary nonelective contribution in 2020. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

1. Description of Plan (continued)

Participant accounts:

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in all contributions, including the Company's contribution portion of their account, plus actual earnings thereon.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Effective March 27, 2020 through September 22, 2020, participants eligible under the Coronavirus Aid, Relief, and Economic Security ("CARES") Act to take coronavirus-related withdrawals were able to borrow as much as \$100,000. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of benefits:

On termination of service due to death, disability, or retirement, a participant or their beneficiary may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

2. Summary of Accounting Policies

Basis of accounting:

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates:

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

CORPORATION 401(k) PLAN**

Notes to Financial Statements

2. Summary of Accounting Policies (continued)

Investment valuation and income recognition:

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date as determined by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants is measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events:

The Plan has evaluated subsequent events through February 28, 2022 the date the financial statements were available to be issued.

CORPORATION 401(k) PLAN**

Notes to Financial Statements

December 31, 2020 and 2019

3. Information Certified by Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental Schedule of assets held at end of year, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan and certified as complete and accurate by the Trustee.

4. Fair Value Measurements

The framework for measuring fair value under Accounting Standards Codification 820 "Fair Value Measurements," ("ASC 820") provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds – Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019.

December 31, 2020	Fair Value Measurements			
	Total	Level 1	Level 2	Level 3
Investments, at fair value:				
Mutual funds	\$ 16,229,861	\$ 16,229,861	\$ -	\$ -
December 31, 2019	Fair Value Measurements			
	Total	Level 1	Level 2	Level 3
Investments, at fair value:				
Mutual funds	\$ 14,928,129	\$ 14,928,129	\$ -	\$ -

5. Investment at Contract Value

As of December 31, 2020 and 2019, the Plan's investment in the Goldman Sachs Stable Value Trust (the "Stable Value Fund") is included in the Statements of net assets available for benefits at contract value determined by the investment advisor using the audited financial statements of the underlying fixed income instruments at year-end.

The Stable Value Fund invests in fixed income instruments which underlie stable value contracts. The Stable Value Fund invests in benefit-responsive contracts, under which the financial institution contract issuer agrees, subject to certain conditions, to make payments representing redemptions from the Stable Value Fund for participant-initiated benefit payments at book value, also referred to as contract value, comprised of principal plus interest crediting adjustments. The Stable Value Fund is a fully benefit-responsive investment contract and therefore is reported at contract value.

(continued)

**GRANDVISION USA RETAIL HOLDING
CORPORATION 401(k) PLAN**

Notes to Financial Statements

December 31, 2020 and 2019

5. Investment at Contract Value (continued)

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with the Trustee. The Plan administrator believes the occurrence of such events or events that would also limit the Plan's ability to transact at contract value with Plan participants are not probable.

6. Related Party Transactions

Certain Plan investments and related transactions were in investment funds managed by the Plan's Trustee and, therefore, these investments and transactions qualify as party-in-interest transactions. The notes receivable from participants are also considered to be party-in-interest transactions. These transactions are not considered prohibited by statutory exemptions under ERISA.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Tax Status

The prototype plan received a favorable tax determination letter dated March 31, 2014 from the IRS. Although the Plan itself has not received a determination letter and the prototype plan has been amended since receiving that determination letter, Company management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and is tax-exempt.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination of the IRS. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of net assets available for benefits.

(continued)

**GRANDVISION USA RETAIL HOLDING
CORPORATION 401(k) PLAN**

Notes to Financial Statements

December 31, 2020 and 2019

9. Risks and Uncertainties (continued)

The coronavirus outbreak (“COVID-19”) has severely impacted global economic activity and caused significant volatility in the financial markets, and it is reasonably possible that changes in the values of investment securities will occur and that such changes could materially affect participant account balances and the amounts reported in the Statement of net assets available for benefits. The extent to which the COVID-19 pandemic impacts the Plan going forward will depend on numerous evolving factors which cannot be reliably predicted, including the duration, scope and financial impact of the COVID-19 pandemic on both the Plan’s assets and the Company’s ability to make required Plan contributions.

10. Reconciliation of Financial Statements to Form 5500
