| Part I | Service Provider Information (see instructions) |
|--------|-------------------------------------------------|

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

- a Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☒ Yes ☐ No
- b If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

## **Report of Independent Auditors**

To the Plan Administrative Committee of the  
Xanitos Inc. 401(k) Profit Sharing Plan and Trust  
Newton Square, PA

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements**

We have performed an audit of the accompanying financial statements of Xanitos Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) audit. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Xanitos, Inc. 401(k) Profit Sharing Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

### **Opinion on the Financial Statements**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion on the Financial Statements**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Xanitos, Inc. 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements related to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Xanitos, Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Xanitos, Inc. 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment there are conditions or events, considered in the aggregate, that raise substantial doubt about Xanitos, Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental schedules of Schedule H, Part IV, line 4i – Schedule of Assets Held (At End of Year) and Schedule H, Part IV, line 4a – Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Note 1 – Description of plan**

The following description of the Xanitos Inc. 401(k) Profit Sharing Plan and Trust, (the “Plan”), provides only general information. Participants should refer to the Plan agreement or the summary plan description for a more complete description of the Plan’s provisions.

**General**

The Plan, established June 20, 2008, is a defined contribution plan covering all employees of Xanitos Inc. (the “Company”) who are aged twenty-one or older. Effective January 1, 2022, employees who are aged twenty-one or older are eligible upon completion of 1 year of service. To qualify for employer profit sharing contributions, the employee must also have completed one year of service. The Plan covers controlled employers to include Xanitos, Inc, Antos Environmental, Inc., Good Samaritan and Shore Memorial. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended effective January 1, 2022 with a change in trustees.

**Contributions**

The Plan provides for pre-tax participant contributions from 1% of annual compensation up to 96% of annual compensation, as defined in the Plan. The Company may also make profit sharing contributions to the Plan in a discretionary amount, to be determined from year to year. Company profit sharing contributions of 0% and 0%, respectively, were made in 2022 and 2021. Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain limitations.

Effective January 1, 2022, the Company may also make matching contributions to the Plan in a discretionary amount to be determined from year to year. Company matching contribution is 50% of the participant deferrals up to 4% of base compensation that a participant contributes to the Plan during 2022. The Company made matching contributions of \$222,308 during 2022.

**Participant accounts**

Each participant’s account is credited with the participant’s contributions and allocations of (a) the Company’s contribution and, (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan.

**Investment options**

Upon enrollment in the Plan, participants may direct the custodian of the Plan as to the investment of their account balances in accordance with guidelines established by the Plan.

**Participant loans**

Participants may borrow from their Plan accounts, as detailed in the Plan. The minimum loan amount is \$1,000. A participant may have only one loan outstanding at a time and may request only one loan during any Plan Year. The repayment period cannot exceed 5 years, except when used to acquire a principal residence. The maximum loan amount is one-half of the vested account balance or \$50,000 reduced by the highest outstanding loan balance in the previous 12 months, whichever is less. Interest is currently being charged at prime rate plus 1%. Outstanding loans become due upon a distributable event.

**Payment of benefits**

Distribution of the vested portion of a participant’s account will occur upon the participant’s termination, death, disability, hardship withdrawal or retirement, as defined in the Plan. A participant is entitled to receive a lump sum payment in an amount equal to the vested value of their account.

**Note 1 – Description of plan (continued)**

**Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions plus actual earnings thereon is also immediate. Effective January 1, 2022, vesting in the Company's matching contributions and profit sharing contribution portions of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after three years.

**Forfeitures**

Forfeitures are used either to pay administrative expenses or against future Company contributions. There were forfeitures of \$2,210 and \$-0-, respectively of terminated non-vested account balances during the years ending December 31, 2022 and 2021.

**Note 2 – Summary of significant accounting policies**

**Basis of accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

**Investment valuation and income recognition**

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. If quoted prices are unavailable, estimated fair values are based on comparable investment of other issues with similar credit ratings. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

As described under FASB ASC 962-325-35 "*Plan Accounting – Defined Contribution Pension Plans*", the Plan values all fully-benefit responsive contracts at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

**Participant loan receivables**

Participant loan receivables are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Interest income on participant loan receivables is recognized in the period in which it is earned and is recorded as interest income on the statements of changes in net assets available for benefits.

**Payment of benefits**

Benefits are recorded when paid.

**Use of estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

**Note 2 – Summary of significant accounting policies (continued)**

**Credit risk**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**Expenses**

Substantially all administrative expenses are paid by the Company. Certain transaction fees are paid by the Plan.

**Note 3 – Fair value measurements**

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

|         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
|---------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| Level 2 | <p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none"><li>• quoted prices for similar assets or liabilities in active markets;</li><li>• quoted prices for identical or similar assets or liabilities in inactive markets;</li><li>• inputs other than quoted prices that are observable for the asset or liability;</li><li>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li></ul> <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

*Registered investments* – Valued using quoted prices in active markets for identical assets.

*Common collective trusts* – Net asset value calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Note 4 – Investment in fully benefit responsive contracts**

The Plan has a benefit-responsive investment contract. As of December 31, 2021, the common collective trust held a Stable Value Fund. As of December 31, 2022, the Stable Value Fund was held in an insurance general fund. The contracts are included in the financial statements at contract value as reported to the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Stable Asset Fund was \$211,772 and \$225,556 at December 31, 2022 and 2021.

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

**Note 5 – Excess deferrals and contributions**

During the years ended December 31, 2022 and 2021, there were \$110,813 and \$37,502 excess employee deferrals to the plan. During the years ended December 31, 2022 and 2021, there were \$37,574 and \$-0- excess employer contributions to the plan.

**Note 6 – Party-In-Interest transactions**

Certain Plan investments are invested in funds managed by ADP, Inc., the Plan's custodian, and therefore, these transactions qualify as party-in-interest transactions. Although not required by the Plan, a portion of the costs of plan administration were absorbed by the Company. Fees paid by the Plan to the custodian for investment management services amounted to approximately \$5,014 and \$549 for the years ended December 31, 2022 and 2021, respectively.

Certain plan investments are held by Transamerica Life Insurance Company. Transamerica Life Insurance Company is the custodian effective February 28, 2022 as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan paid administrative fees to the Custodian of \$21,011 for the year ended December 31, 2022.

**Note 7 – Plan termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

**Note 8 – Tax status**

The Internal Revenue Service has determined by letter dated October 6, 2020, that the adopted prototype plan is qualified under the appropriate sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2022 and 2021, no uncertain tax positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2019.
