INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
Phoenix Packaging Operations, LLC 401(k) Profit sharing Plan
Dublin, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Phoenix Packaging Operations, LLC 401 (k) Profit sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statements of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management having determined it is permissible in the circumstances, has elected to have the audit of Phoenix Packaging Operations, LLC 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Reliance Trust Company, a qualified institution, as of December 31, 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statement

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified by Reliance Trust Company agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Phoenix Packaging Operations, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Phoenix Packaging Operations, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(c) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures, responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Phoenix Packaging Operations, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Phoenix Packaging Operations, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Auditor's Report on the 2021 Financial Statements

The 2021 financial statements of Phoenix Packaging Operations, LLC 401(k) Profit Sharing Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by Reliance Trust Company. Their report dated September 27, 2022, indicated that the amounts and disclosures in the financial statements, other than those derived from the certified investment information, are presented fairly in accordance with accounting principles generally accepted in the United States of America.

PHOENIX PACKAGING OPERATIONS, LLC 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of Phoenix Packaging Operations, LLC 401(k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan Document for more complete information.

General:

The Plan, a 401(k) defined contribution plan, was originally adopted in 2010, and is intended to provide participants with future retirement benefits for those who may qualify for participation therein. The plan covers all eligible employees of Phoenix Packaging Operations, LLC (the "Company"). Employees must be age 21 or older and must complete two months of service, as defined in the Plan Document. Participants must work 1,000 hours to earn a year of credited service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan includes automatic enrollment for employees once they meet the eligibility requirements. The automatic deferral election is 3% for participants who do not formally enroll in the Plan or opt out of participation.

Plan administration:

The management and administration of the Plan is the responsibility of the Company and its designee. The Company utilizes Reliance Trust Company ("Reliance") as the custodian of all the Plan's assets including substantially all the responsibility for investment, reinvestment, control and disbursement of the funds of the Plan. The Company utilizes ADP for record keeping services.

Contributions:

Each year, participants may contribute up to the maximum percentage of allowable compensation, as defined in the Plan Document. Participants may also contribute amounts representing distributions (rollovers) from other qualified plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company, at its discretion, may contribute to the Plan a matching contribution of a percentage of the participant's elective deferral contribution. In addition, the Company may, at its discretion, contribute an amount on behalf of all employees that qualify as plan participants (discretionary Company contributions). The Company made \$615,409 and \$355,964 of contributions during the years ended December 31, 2022 and 2021, respectively.

See Independent Auditors' Report.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Participant Accounts:

Each participant's account is credited with the participant's contributions including rollover contributions, allocations of the Plan's earnings, and Company contributions, and charged with benefits payments and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Participants become 100% vested in employer contributions and earnings thereon after three years of credited service. Participant accounts become fully vested upon retirement, death or disability regardless of years of service.

Investment option:

Upon enrolling in the Plan, a participant may select investments from Reliance. Participants determine the amount to be invested and may make changes in their investment elections at any time. Plan assets are held by Reliance, the Plan's custodian.

Participant loans:

Participants may borrow funds from their accounts (minimum of \$1,000) up to a maximum amount equal to the lesser of 50% of their invested balance or \$50,000, reduced by any outstanding loan balances. Loan terms may generally not be longer than five years. At issuance, the loans bear interest at the prime rate, plus 1%. The loans are secured by the balance in the participant's account. Principle and interest is repaid ratably through payroll deductions.

Payment of Benefits:

Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service withdrawals may occur upon demonstration of financial hardship, or after the participants reach age of 59.5 years. Additionally, the employer may initiate an involuntary automatic rollover distribution for any participant who upon termination has a vested balance under \$5,000.

See Independent Auditors' Report.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Forfeitures:

As of December 31, 2022 and 2021, there were no forfeitures held by the Plan. Forfeitures can only be used to pay expenses or reduce Company contributions in the future. \$49,680 and \$55,130 of forfeitures were used to reduce Company contributions during the years ended December 31, 2022 and 2021, respectively.

Plan termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition:

The Plan's investments are held primarily through Mutual Funds. Investments are reported at fair value. Fair value of a financial instrument is the price that would be received when selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments in Stable Value Funds are reported at contract value, which represents the actual amount that the participants will receive upon liquidation of their accounts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Changes in fair value, along with realized gain and losses, are reflected as net appreciation (depreciation) in fair value investments.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest.

Payment of Benefits:

Benefits are recorded when paid.

See Independent Auditors' Report.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses:

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. For the years ended December 31, 2022 and 2021, fees of \$19,332 and \$18,367, respectively, were paid by the plan.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Note 3. Market Risk

The Plan provides for investments in a variety of investment funds. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonable possible that changes in the value of the investments will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Note 4. Information certified by the Plan's custodian (Unaudited)

As of December 31, 2022 and 2021, the Plan's investments were held by Reliance, the Plan's custodian. The following is a summary of the Plan's financial information that is included in the financial statements and supplementary schedule, and is based on information certified by the custodian as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

Note 5. Fair value requirements

The Financial Accounting Standards Board ("FASB") has established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2022 and 2021.

Mutual Funds: These investments are valued at the daily closing prices as reported by the fund. Mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: The Common Collective Trust is a stable value product with a guaranteed rate of return and a guarantee of principle that is backed by Reliance. These funds are composed of fully benefit-responsive investment contracts that are valued at contract value, so they are excluded from the fair value table.

See Independent Auditors' Report.

TRIGO QUALITY SOLUTIONS US INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 5. Fair value requirements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value. Furthermore, although the Plan believes its valuation methods of net appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

	<i>Assets at Fair Value as of December 31, 2022</i>			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	\$ -	\$ -	\$ -

	<i>Assets at Fair Value as of December 31, 2021</i>			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,688,802	\$ -	\$ -	\$ 5,688,802

Note 6. Guaranteed investment contract with insurance company

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value as it approximates contract value. Contract value, as reported to the Plan by Reliance, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2022 and 2021, was \$0 and \$30,306, respectively. The crediting interest rate is based on a formula agreed upon with the issuer with interest rates reviewed on a quarterly basis for resetting.

See Independent Auditors' Report.

TRIGO QUALITY SOLUTIONS US INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 6. Guaranteed investment contract with insurance company(Continued)

The plan has a fully benefit-responsive guaranteed investment contract with Reliance. Reliance maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principle and a specified interest rate that is guaranteed to the Plan.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact value with participants are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 7. Tax Status

The Company has adopted a standardized prototype profit sharing plan. The Internal Revenue Service has issued an opinion letter to the Company dated July 16, 2014, that the Plan and its amendments are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and it currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2020.

Note 8. Subsequent Events

Management has assessed subsequent events through March 4, 2024. This date is the date the financial statements were available to be issued.
