Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the United Plastics 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“U.S. GAAS”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment

information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of the United Plastics 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of United Plastics (the “Company”) who have attained age 21 and completed six months of service, excluding employees who are union members, nonresident aliens, hired on a temporary basis without benefits, or independent contractors. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (“ERISA”). The plan administrator oversees governance of the Plan, determines the appropriateness of the Plan’s investment offerings, and monitors investment performance. Reliance Trust Company serves as the Plan’s trustee and ADP, LLC (“ADP”) serves as the recordkeeper.

Plan Restatement April 2022

The Internal Revenue Service (“IRS”) requires that providers of pre-approved plan documents undergo a periodic restatement process every six years to update the plan documents for any required amendments, regulatory changes, and other enhancements. The pre-approved defined contribution plan document provided by ADP, LLC (formerly referred to as a “prototype” defined contribution plan document) was restated effective October 6, 2020, to comply with this IRS-required restatement process, and ADP, LLC received a favorable opinion letter from the IRS dated October 6, 2020, stating that the form of the pre-approved plan is qualified under Section 401(a) of the Internal Revenue Code (“IRC”), and therefore, the related trusts are tax exempt.

In April 2022, the Plan adopted the restated pre-approved defined contribution plan document provided by ADP, LLC. The adoption of the restated plan document did not result in a material change to the design or operations of the Plan.

Contributions

Each year, participants may contribute up to 75% of eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified plans. Participants may direct the investment of their contributions into various investment options offered by the Plan and may designate all or a portion of their elective deferral as Roth contributions.

The Company provides non-discretionary matching contributions equal to 25% up to 6% of eligible compensation that is deferred by participants (effective rate of 1.5%). At its discretion, the Company may also make nonelective contributions to participant accounts. The Company did not make any discretionary nonelective contributions for the 2022 or 2021 plan years.

Contributions are subject to certain IRC limitations.

United Plastics 401(k) Retirement Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant and the Company's contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions and the Company's contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. Loan repayments can be made through payroll deductions over a reasonable period of time not to exceed five years, unless the loan is in connection with a principal residence, in which case the repayment may be up to 30 years.

Payment of Benefits

On termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. The Plan provides for the direct rollover to an individual retirement account (IRA) for terminated participants with balances greater than \$1,000 and not more than \$5,000, unless directed otherwise by the participant. In addition, the Plan allows the plan administrator to automatically distribute to terminated participants their entire vested balance which does not exceed \$1,000. Participants who have attained the age of 59½ may elect to withdraw part or all of their vested account balance from the Plan without penalty. In addition, a participant may elect to withdraw all or part of his or her account in the case of immediate and heavy financial need. Hardship withdrawals are subject to taxes. In general, participants must begin receiving required minimum distributions upon reaching a certain age, unless they are still employed. For individuals who reached age 70½ on or before December 31, 2019, that age is 70½. For individuals who reach age 70½ on or after January 1, 2020, in accordance with the Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019, that age is 72. For individuals who reach age 72 on or after January 1, 2023, in accordance with the SECURE 2.0 Act of 2022, that age is 73.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

United Plastics 401(k) Retirement Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through February 16, 2024, which is the date the financial statements were available to be issued. See Note 9 for discussion of subsequent events.

3. Certified Investment Information

The plan administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, a qualified institution as defined by ERISA, has certified as to the completeness and accuracy of all the investments and

United Plastics 401(k) Retirement Plan

Notes to Financial Statements

notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the supplemental schedule Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity and interest income from notes receivable from participants reflected on the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	---

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

United Plastics 401(k) Retirement Plan

Notes to Financial Statements

Common/Collective Trust

Valued at the NAV of units held by the Plan at year-end, as provided by the trustee. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities and is considered a readily determinable fair value as it is made readily available by the fund administrator to current investors and is the basis for current transactions. There are no unfunded commitments and participant transactions (purchases and sales) may occur daily with no advance notice requirements. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

There have been no changes in the methodologies used at December 31, 2022 and 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

<i>December 31, 2022</i>		Level 1	Level 2	Level 3	Total
Investments:					
Mutual funds	\$	4,975,553	\$ -	\$ -	4,975,553
Common/collective trust		76,804	-	-	76,804
Total Assets at Fair Value	\$	5,052,357	\$ -	\$ -	5,052,357
<i>December 31, 2021</i>		Level 1	Level 2	Level 3	Total
Investments:					
Mutual funds	\$	5,474,084	\$ -	\$ -	5,474,084
Common/collective trust		346,160	-	-	346,160
Total Assets at Fair Value	\$	5,820,244	\$ -	\$ -	5,820,244

5. Related-Party and Party-in-Interest Transactions

Notes receivable from participants qualify as party-in-interest transactions, which are exempt from prohibited transactions rules.

ADP provides certain administrative services to the Plan pursuant to an Administrative Services Agreement ("ASA") between the Company and ADP. ADP and its affiliates receive revenue from certain mutual fund and common/collective trust fund service providers for services it provides to the funds. A portion of this revenue is shared with the Plan, with ADP remitting revenue sharing credits to the Plan's trust on a quarterly basis in a manner specified by the ASA. The revenue sharing credits may be used to pay eligible plan administrative expenses. During 2022 and 2021, the Plan

United Plastics 401(k) Retirement Plan

Notes to Financial Statements

recognized revenue sharing credits of approximately \$15,000 and \$18,000, respectively, which is included in other income on the statements of changes in net assets available for benefits. The revenue sharing credits were fully utilized by the Plan during 2022 and 2021 to pay administrative expenses incurred by the Plan. The Company may make payments to ADP for administrative expenses not paid using by revenue sharing credits.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, participants would remain 100% vested in their employer contributions.

7. Tax Status

The Plan has adopted a pre-approved plan document (formerly referred to as a "prototype" defined contribution plan document) sponsored by ADP, LLC, who has received favorable opinion letters from the IRS dated October 6, 2020, and July 8, 2014, stating that the form of the pre-approved plan is qualified under Section 401(a) of the IRC, and therefore, the related trusts are tax exempt. Although there have been amendments to the Plan since receiving the most recent opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and was tax exempt as of the financial statement date. Accordingly, no provision for income taxes has been made in the financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax provisions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

9. Subsequent Events

Effective February 1, 2024, the Plan changed its trustee and recordkeeper from Reliance Trust Company and ADP, respectively, to Fidelity Management Trust Company ("Fidelity").

In connection with this change, the Plan also adopted a pre-approved plan document sponsored by Fidelity, who has received a favorable opinion letter from the IRS dated June 30, 2020, stating that

United Plastics 401(k) Retirement Plan

Notes to Financial Statements

the form of the pre-approved plan is qualified under Section 401(a) of the IRC, and therefore, the related trusts are tax exempt.

The following changes were also made to the Plan's provisions:

- 1) The minimum age requirement was reduced from 21 to 18 years of age.
- 2) The non-discretionary matching contribution rate was changed from 25% up to 6% of eligible compensation that is deferred by participants (effective rate of 1.5%) to 50% up to 6% of eligible compensation that is deferred by participants (effective rate of 3%).

There were no other significant changes to the design or operation of the Plan resulting from the change to Fidelity.
