Independent Auditor's Report

To the Plan Administrator
Santa Catalina Island Savings Plan
Avalon, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Santa Catalina Island Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Santa Catalina Island Savings Plan

Notes to Financial Statements

1. Plan Description

The following description of the Santa Catalina Island Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document, as amended, for a more complete description of the Plan’s provisions.

General

Catalina Island Company (the “Company” or “Sponsor”) established the Plan, a defined contribution plan, effective January 1, 1985, to provide savings benefits for all eligible employees. The Plan has since been amended and restated. The Plan was most recently restated effective May 1, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Recordkeeping and Administration of the Plan

The recordkeeper of the Plan was Massachusetts Mutual Life Insurance Company (“MassMutual”) and the trustee of the Plan was Reliance Trust Company. On December 31, 2020, Empower Annuity Insurance Company of America and its subsidiaries, including Empower Retirement LLC, (“Empower”) acquired the retirement business of MassMutual. Following an initial transition period, Empower became the sole administrator in 2021. During October 2022, all Plan assets were transferred from the MassMutual recordkeeping system to Empower’s recordkeeping system. Empower holds all assets of the Plan in accordance with the service provider contract with the Company.

The Investment Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Eligibility

Eligible employees who are at least 21 years old and have completed at least one year of service, in which 1,000 hours were worked with the Company in a 12-month period, are eligible to participate in the Plan. Participants enter the Plan the first day of the month coinciding with or next following the date on which such requirements are satisfied. Certain employees covered by a collective bargaining agreement are excluded from the Plan. An eligible employee who has satisfied the eligibility requirements can enter the Plan the first day of the month coinciding with or next following the date on which such requirements are satisfied.

Contributions

Each year, participants may contribute up to 50% of eligible compensation, as defined in the Plan. Salary deferral agreements shall be made, terminated, or changed according to procedures and limitations set up by the Plan Administrator and the Plan Document. The Plan also allows for Roth contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. In addition, participants who have attained 50 years of age before the end of the Plan year are eligible to make catch-up contributions up to the Internal Revenue Code (“IRC”) maximum. Participants

Santa Catalina Island Savings Plan

Notes to Financial Statements

may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or defined contribution plans.

Participants who have made contributions to the Plan are eligible to receive employer Safe Harbor matching contributions from the Company equal to 100% of each participant's contribution, not to exceed 4% of each participant's total compensation.

Contributions are subject to certain IRC limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with participant's contributions, the Company's matching contributions, allocations of Plan net earnings, and charged with certain administrative expenses, as defined in the Plan document. Allocations are based on participant earnings and account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in the amount of their contributions and employer matching safe harbor contributions and earnings thereon.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of \$1,000 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loans are secured by the participant's account and bear an interest rate at the prime rate plus 2%, which would be made under similar circumstances and is fixed for the term of the loan. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence up to 20 years. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

Also, each participant may not have more than 1 loan outstanding at any time.

Payment of Benefits

Upon termination of employment, attainment of early retirement age at 55 years (with the consent of the Company), normal retirement at age 65 years, financial hardship, permanent disability, or death, 100% of the vested interest of the participant's account is distributable to the participant or the participant's beneficiary in a lump sum payment or, at the election of the participant, in annual installments over a specified period of time.

Upon termination of service, participants with account balances not in excess of \$1,000 will receive an automatic lump-sum payout. For participants with account balances in excess of \$1,000, but not in excess of \$5,000, participants may elect to (1) receive a lump-sum payout, or (2) rollover the account to another qualified plan or an Individual Retirement Account ("IRA"). If the participant does not make an election, the amount will be rolled over into an IRA selected by the Plan Sponsor on behalf of the participant. For participants with account balances in excess of \$5,000, no distribution will occur until a withdrawal request form is completed. A participant may elect to

Santa Catalina Island Savings Plan

Notes to Financial Statements

leave his or her account balance in the Plan, receive either a lump-sum amount equal to the value of the vested interest in his or her account, or rollover the account to another qualified plan or an IRA.

Forfeited Accounts

As of December 31, 2022 and 2021, forfeitures included in Plan assets were \$1,272 and \$1,266, respectively. These amounts are to be used to reduce Plan expenses and, to reduce employer matching contributions. During the Plan year ended December 31, 2022, no forfeitures were used to pay Plan expenses or offset employer matching contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Santa Catalina Island Savings Plan

Notes to Financial Statements

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Revenue Credits

The Plan's trust agreement with Great West Trust Company provides for a participant revenue credit arrangement, whereby the trustee allocates quarterly deposits into the accounts of eligible participants who are invested in certain funds. Unallocated revenue credits at December 31, 2022 and 2021 are \$5,474 and \$0, respectively. During 2022, the Plan received credits of approximately \$5,460.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There

Santa Catalina Island Savings Plan

Notes to Financial Statements

have been no changes in the methodologies used at December 31, 2022 and 2021. Following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Pooled separate accounts invest mainly in mutual funds, domestic equity securities, and fixed maturity securities. Units held in pooled separate accounts are stated at fair value using the net asset value per share (or its equivalent) as a practical expedient as reported by the investment manager, based on pricing inputs, including quoted market prices for similar assets in active or non-active markets. While the underlying asset values are based on quoted prices, the net asset values of the pooled separate accounts are not publicly quoted. As of December 31, 2022 and 2021, the Plan had no unfunded commitments related to the pooled separate accounts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments measured at fair value on a recurring basis:

	Investments at fair value as of December 31, 2022			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 5,063,537	\$ -	\$ -	\$ 5,063,537
Pooled separate accounts ⁽¹⁾	-	-	-	9,778,957
Total investments at fair value	\$ 5,063,537	\$ -	\$ -	\$ 14,842,494

	Investments at fair value as of December 31, 2021			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 5,834,969	\$ -	\$ -	\$ 5,834,969
Pooled separate accounts ⁽¹⁾	-	-	-	11,488,053
Total investments at fair value	\$ 5,834,969	\$ -	\$ -	\$ 17,323,022

(1) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Santa Catalina Island Savings Plan

Notes to Financial Statements

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes the pooled separate accounts measured at fair value based on NAV per unit:

	Fair Value at December 31, 2022	Fair Value at December 31, 2021	Redemption Frequency (if currently eligible)	Redemption Notice Period
Target Date Funds (a)	\$ 8,971,653	\$ 10,518,774	Daily	Daily
Bond Funds (b)	807,304	969,279	Daily	Daily

(a) *Target Date Funds*- Seeks high total return through its target retirement date, with a greater focus on income beyond the target date.

(b) *Bond Funds* - Seeks maximum total return, consistent with preservation of capital and prudent investment management.

4. Guaranteed Investment Contract

The Plan has a traditional fully benefit-responsive guaranteed investment contract with Massachusetts Mutual Life Insurance Company ("MassMutual") totaling \$6,105,899, for 2022 and \$5,598,561 for 2021. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a semi-annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan's Sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification. Plan management does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

5. Information Certified by Qualified Institution

The Plan administrator has elected the method of annual reporting compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Reliance Trust Company, Great-West Trust Company and Great-West Life & Annuity Insurance Company, affiliates of Empower Annuity Life Insurance Company of America ("EAIC") and Empower Trust Company, all of which are qualified institutions, have certified the following 2022 investment information included in the accompanying financial statements and ERISA-required supplemental schedule as complete and accurate. EAIC has certified guaranteed investment contracts, as described in Note 4, the following 2022 investment information included in the accompanying financial statements and ERISA-required supplemental schedule as complete and accurate. Meanwhile, Reliance Trust Company and Great-West Life & Annuity Insurance Company, certified the information as of December 31, 2021 accompanying financial statement is complete and accurate.

- Investments and notes receivable from participants as reflected in the Statements of Net Assets Available for Plan Benefits as of December 31, 2022 and 2021;
- Investment loss and interest income on notes receivable from participants, as reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022;
- Investment values disclosed in Notes 3 and 4;
- Investment information included in the Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

6. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Mass Mutual, an affiliate of Empower, and its subsidiaries and affiliates. Participant loan and distribution processing fees are paid to Empower by participants. The Plan also receives revenue credits from Empower. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

Santa Catalina Island Savings Plan

Notes to Financial Statements

7. Tax Status

The Plan uses a pre-approved plan from Great-West Trust Company, LLC, which received an opinion letter from the Internal Revenue Service (“IRS”) on June 30, 2020, which states that the pre-approved plan, as then designed, satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the date of the opinion letter, the Plan’s management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan’s financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would remain 100% vested in their accounts.

9. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

10. Subsequent Events

In accordance with ASC 855, *Subsequent Events*, the Plan has evaluated subsequent events from the date of the Statement of Net Assets Available for Benefits through February 29, 2024, the date the financial statements were available to be issued.
