INDEPENDENT AUDITOR'S REPORT

To the Trustee of the
Accion Labs US 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of the Accion Labs US 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of assets available for benefits as of December 31, 2022, and the related statement of changes in assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements ("2022 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from Transamerica Life Insurance Company Inc. for the period from January 1, 2022 to July 25, 2022 and from Reliance Trust Company (on behalf of Transamerica Life Insurance Company Inc.) as of December 31, 2022 and for the period from July 26, 2022 to December 31, 2022, qualified institutions, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying 2022 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

INDEPENDENT AUDITOR'S REPORT

(continued)

- The information in the accompanying 2022 Financial Statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT

(continued)

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2022 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held at End of Year and Schedule of Delinquent Participant Contributions as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

INDEPENDENT AUDITOR'S REPORT

(continued)

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 Financial Statements or to the 2022 Financial Statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Accountant's Compilation Report on the 2021 Financial Statements

Plan management is responsible for the accompanying 2021 financial statement of the Plan, which comprises the statement of assets available for benefits as of December 31, 2021, in accordance with U.S. GAAP. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2021 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by Plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statement of the Plan as of December 31, 2021.

ACCION LABS US 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION

The following description of the Accion Labs US 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan established to provide retirement benefits for substantially all eligible employees of Accion Labs US, Inc. and other companies included in a controlled group (collectively referred to as the “Company”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

An employee becomes eligible to participate in the Plan for the purpose of salary reduction and after completing 60 days of service, as well as attaining age 21. A person becomes eligible to make salary reduction contributions to the Plan on the first day of the month coinciding with or next following the date the requirements noted above are met. Employees covered by a collective bargaining agreement and non-resident aliens are not eligible to participate in the Plan. In addition, unless and until an eligible employee files a contrary election either to contribute at a rate other than 3% or to not participate in the Plan, the eligible employee is automatically enrolled in the Plan. Participants who are automatically enrolled into the Plan contribute 3% of their compensation into an American Fund commensurate with their projected retirement date. The Plan does not contain an automatic increase provision for deferrals.

Contributions

Participants may direct the Company to contribute a deferral of up to 90% of their annual compensation to the Plan, and subject to overall limitations imposed by the Internal Revenue Code (“IRC”). Participants who have attained age 50 by the end of the Plan year are eligible under the IRC to make additional catch-up contributions (limited to \$6,500 for both 2022 and 2021). Participants may elect to designate some or all of their deferred salary contributions as Roth deferral contributions subject to the same rules applicable to pre-tax deferral contributions. In addition, participants who receive qualified distributions from another qualified plan may be able to rollover such distributions into the Plan. There were no rollover contributions during 2022. These deferred salary contributions are reported as participant contributions in the financial statements.

The Company may elect to make a discretionary matching contribution. Discretionary matching contributions are determined at the discretion of the employer. In addition, the Company may also elect to make discretionary employer contributions. The Company made no discretionary matching contributions or discretionary employer contributions during 2022.

Participants direct all contributions into various investment options offered by the Plan.

NOTE 1 - PLAN DESCRIPTION (continued)

Participant accounts

Each participant's account is credited with the participant's deferred salary contributions, Company discretionary matching contributions, Company discretionary employer contributions, and an allocation of Plan earnings based on the investment options selected by the participant. Each participant's account is reduced by participant withdrawals, forfeitures, an allocation of any administrative expenses and fees paid by the Plan, and an allocation of Plan losses based on investment options selected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferred salary contributions and any investment earnings thereon. Vesting in the Company's discretionary matching contributions and discretionary employer contributions plus actual earnings thereon is based on continuous service. For those contributions, participants become 100% after six years of continuous service, with 20% at the completion of two years of service and increases 20% annually until 100% vesting occurs.

Notes receivable from participants

Participants may borrow from their vested account balance in amounts ranging from a minimum of \$500 to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the participant's account balance. Loans bear fixed interest at the prime rate at the time of the loan, plus two percent. Interest rates on outstanding loans ranged from 5.25% to 9.00% and from 5.25% and 7.50% as of December 31, 2022 and 2021, respectively. Principal and interest is paid ratably through payroll deductions according to terms of the promissory note and prepayments may be made at any time. Loans are to be repaid over a period not to exceed five years, unless used to acquire a principal residence.

Payment of benefits

Participants are entitled to withdraw any portion of their vested account prior to retirement due to disability, death, hardship, or termination of employment. Upon reaching normal retirement age, participants may elect distributions from their accounts via lump-sum cash payments or various installment methods.

Forfeitures

Forfeitures may be applied as reductions of Company discretionary matching contributions, Company discretionary employer contributions, or Plan administrative expenses and fees. There were no forfeited non-vested accounts as of December 31, 2022 and 2021.

NOTE 1 - PLAN DESCRIPTION (continued)

Administrative expenses and fees

The Company may pay some Plan administrative expenses and fees with its own assets rather than using Plan assets. To the extent the Company does not pay Plan expenses with its own assets, the Plan generally will pay the expenses of Plan administration and will assess the expenses paid against the accounts of all participants in the Plan.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of changes in assets during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's mutual fund investments are stated at fair value, determined by quoted market prices. The Plan's investment in the Transamerica Stable Value Strategy Option is a fully benefit-responsive investment contract and is included in the financial statements at contract value. Contract value is the relevant measurement attribute for that portion of the assets available for benefits of a defined contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

ACCION LABS US 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition (continued)

The Plan's investments in pooled separate accounts, valued at fair value, are tracked by participation units in sub-accounts, with each sub-account representing a mutual fund investment option offered by Transamerica Life Insurance Company Inc. Each sub-account holds shares of a single underlying mutual fund, and the sub-accounts reinvest any mutual fund distributions received into additional shares of the underlying mutual fund. Thus, no distributions of dividends or interest are made to the participation unit holders. The participation unit values are adjusted daily by the custodians to reflect investment results based on the quoted market prices of the underlying mutual funds for the sub-accounts.

Investment transactions are accounted for on the trade date (date the order to buy or sell is executed). Dividend and interest income is recorded when earned. All gains and losses (realized and unrealized) on investments recorded at fair value, bought or sold as well as held during the year are included in net depreciation in fair value of investments reported in the statement of changes in assets available for benefits. Gains, losses, and interest income incurred on the investment reported at contract value are included in dividends and interest income in the statement of changes in assets available for benefits.

The Plan provides for various investment options that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of assets available for benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged to the borrowing participant's account and are included in administrative expenses and fees in the statement of changes in assets available for benefits when incurred. Delinquent notes receivable from participants are recorded as a distribution in accordance with the terms of the Plan document.

Payment of benefits

Benefit payments are recorded when paid.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through March 4, 2024, the date on which the financial statements were available to be issued.

NOTE 3 - FEDERAL INCOME TAX EXEMPTION

The Plan is operating under a prototype non-standardized pre-approved profit sharing plan with CODA of NOVA 401k Associates Inc. The most recent determination letter for the NOVA 401k Associates Inc. prototype non-standardized pre-approved profit sharing plan with CODA is dated June 30, 2020. In this letter, the Internal Revenue Service (“IRS”) stated that the Plan, as then designed, is in compliance with the applicable requirements of the IRC. Although operational changes to the Plan have been made since receiving the determination letter, the Plan Administrator and the Plan’s tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and is being operated in accordance with the terms of the Plan.

In accordance with U.S. GAAP, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and have concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes they are no longer subject to income tax examinations for periods prior to 2019.

NOTE 4 - CERTIFICATIONS

The investments and notes receivable from participants information contained in the financial statements and Schedule of Assets Held at End of Year has been certified as accurate and complete by Plan’s custodian, as discussed below, in accordance with 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for reporting and disclosure under the Employee Retirement Income Security Act of 1974. Transamerica Life Insurance Company Inc. served as the Plan’s custodian for the period from January 1, 2022 to July 25, 2022, when Reliance Trust Company (on behalf of Transamerica Life Insurance Company Inc.) became the Plan’s custodian for the period from July 26, 2022 to December 31, 2022. Effective March 10, 2023, Empower Trust Company replaced Reliance Trust Company as the Plan’s custodian.

NOTE 5 - INVESTMENTS

The Plan provides participants the opportunity to direct both participant and employer contributions into separate investment funds. However, investment managers have the authority to make investment decisions within each fund.

Market price observability is affected by a number of factors, including the type of investment and the characteristics specific to the investment. Investments with readily determinable available quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment in measuring fair value. Investments measured and reported at fair value are classified and disclosed in one of the following categories based on the extent of market price observability.

Level I – Inputs are quoted prices in active markets for identical assets as of the reporting date. The Plan’s investments in mutual funds are classified as Level I.

Level II – Inputs are other than quoted market prices included within Level I, however, are observable, either directly or indirectly for the investment. The Plan holds no Level II investments.

Level III – Inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. The Plan holds no Level III investments.

Interests in pooled separate accounts are valued at the net asset value (“NAV”) of shares held by the Plan at year-end and are therefore excluded from the fair value hierarchy. Separate account funds invest in mutual funds and other funds managed by outside investment advisors. Investments held in the separate accounts are stated at fair value and are not available to satisfy the liabilities of the general account. Pooled separate accounts are valued at NAV per share as determined by investment managers under the “practical expedient.” The practical expedient allows NAV per share to represent fair value for reporting purposes when the criteria for using this method are met. The pooled separate accounts consist of mutual funds actively traded that are easily redeemed at the request of participants. The investment strategies of the underlying investment funds of the separate account include seeking capital appreciation and current income. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of the future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There are no participant redemption restrictions for these investments.

The valuations of the Plan's investments by the above fair value hierarchy levels are as follows as of December 31:

	Level	2022	2021
Mutual funds	I	\$ 2,209,466	\$ --

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31:

Description	2022	2021	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Pooled separate accounts	\$ --	\$ 2,226,010	\$ --	Daily	None

Transamerica Stable Value Strategy Option

The Plan holds a fully benefit-responsive investment, the Transamerica Stable Value Strategy Option, offered by Transamerica Life Insurance Company Inc. The Transamerica Stable Value Strategy Option is included in the financial statements at contract value. The Transamerica Stable Value Strategy Option is an obligation of Transamerica Life Insurance Company Inc.'s general account, which supports all of Transamerica Life Insurance Company Inc.'s insurance and annuity commitments. All payment guarantees of contractual interest and redemption of invested funds are based on the financial strength and claims-paying ability of Transamerica Life Insurance Company Inc., who is solely responsible for all obligations under its contracts.

The nature of the Transamerica Stable Value Strategy Option is such that Plan participants may withdraw assets without restriction; however, the custodian may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance. The occurrence of an event that limits the ability of the Plan to transact at contract value between the custodian and a participant holding the investment is not probable.

The Transamerica Stable Value Strategy Option guarantees principal and a guaranteed minimum interest rate ("GMIR") for the life of the contract, which features two declared interest rates: a crediting rate and a guaranteed minimum floor rate declared for a defined period. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest-crediting rate is reset semi-annually.

ACCION LABS US 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(continued)

NOTE 5 - INVESTMENTS (continued)

The guaranteed minimum floor rate may change after a defined period, but it will never be lower than 0% for the life of the contract. The current rate, the guaranteed minimum floor rate, and the GMIR are expressed as annual effective yields. The average yield earned by the Plan for the fully benefit-responsive investment can be derived by averaging the gross interest rates for the fund over the year. The average yield for the years ended December 31, 2022 and 2021 was 1.73% and 1.60%, respectively.

NOTE 6 - RELATED PARTY TRANSACTIONS

The Plan holds notes receivable from participants, is invested in the Transamerica Stable Value Strategy Option, and has investments in shares of funds managed by Transamerica Life Insurance Company Inc., which qualify as party-in-interest transactions. The Plan also paid administrative expenses and fees to Transamerica Life Insurance Company Inc., which qualify as party-in-interest transactions. These party-in-interest transactions are not deemed prohibited because they are covered by statutory and administrative exemptions from the IRC and the rules of prohibited transactions of ERISA.

NOTE 7 - DELINQUENT PARTICIPANT CONTRIBUTIONS

The Company discovered \$88,699 of participant contributions that were remitted to the Plan in an untimely manner during the Plan year ended December 31, 2022. During the Plan year ended December 31, 2023, the Company reimbursed the Plan on behalf of the affected participants for any lost earnings related to these late contributions and corrected these prohibited transactions outside of the Voluntary Fiduciary Correction Program.
