INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
Drew Eckl & Farnham Retirement Plan

Opinion

We have audited the accompanying financial statements of Drew Eckl & Farnham Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Drew Eckl & Farnham Retirement Plan as of December 31, 2022 and 2021 and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Drew Eckl & Farnham Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Drew Eckl & Farnham Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Responsibilities of Management for the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Drew Eckl & Farnham Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Drew Eckl & Farnham Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1: DESCRIPTION OF THE PLAN

The following description of the Drew Eckl & Farnham Retirement Plan (the Plan) provides only general information. Refer to the Plan documents for a more complete description of Plan provisions.

General

The Plan is a defined contribution plan covering staff and partner attorneys of Drew Eckl & Farnham, LLP (the Company), who have completed one year and 1,000 hours of service with the Company. The Plan is subject to the provisions of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Plan's Administrative Committee (Committee) determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Some administrative functions are performed by employees of the Company. No compensation is remitted to the Company for these services.

Plan assets are held and managed by Morgan Stanley Smith Barney, Merrill Lynch, Northwestern Mutual, and UBS Financial Services, Inc., which invest contributions and Plan earnings, makes investment transactions as directed by the participants and provides certain recordkeeping services. ERISA Services acts as the third-party administrator for the Plan, which performs certain plan administration and annual ERISA compliance testing.

Eligibility

Employees may become a participant of the Plan when they have completed one year and 1,000 hours of service. An eligible employee may enter the Plan on the next semi-annual entry date after all entry requirements have been met.

Contributions

Each year, participants may contribute up to the maximum percentage of pretax annual eligible compensation, as defined in the Plan, not to exceed the amount allowed by law for income tax purposes. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e. rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary profit sharing contribution to eligible participants as provided in the Plan document in compliance with the nondiscrimination rules and top-heavy requirements of the Internal Revenue code sections 401(k) and 416, respectively. The employer contribution is allocated to eligible participants as provided in the Plan document. Contributions are subject to certain limitations. During the year ended December 31, 2022, the Company made a $615,108 profit sharing contribution. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings is based on years of continuous service. Participants are 100% vested on a graduated scale after six years of credited service. If continuous service is terminated by retirement, a participant is immediately 100% vested.

Investments

Participants direct the investment of their contributions to individual brokerage accounts, which allow participant directed investments in investments permitted under the trust agreement, which must also be administratively feasible.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of the lesser of $50,000 or 50% of their vested account balance for reasons permitted by the Plan. The loans are secured by the balance in the participants' account, bear interest at a reasonable rate commensurate with the rates charged by banks, and have a definite repayment period, generally not to exceed five years. Principal and interest are paid ratably through payroll deductions.

Due to Drew Eckl & Farnham 401(k) Plan

Amounts payable to the Drew Eckl & Farnham 401(k) Plan are for participant balances included in the Plan investments that are required by the Plan Document to be transferred out of this Plan and it to the Drew Eckl & Farnham 401(k) Plan on account of a change in employment status. As of December 31, 2022, there were $8,484,726 in payables due to the Drew Eckl & Farnham 401(k) Plan. For the year ended December 31, 2021, there were $18,332 in payables to the Drew Eckl & Farnham 401(k) Plan.

Transfers to the Drew Eckl & Farnham 401(k) Plan

Employees of the Company who change job positions within the Company are automatically moved from this Plan to another Plan of the Company and vice versa as needed. In 2022, there were transfers of $8,484,726 from the Plan to the Drew Eckl & Farnham 401(k) Plan.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant or beneficiary receives a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan also allows for benefit payments to be made in either periodic installments, annuities or designated sums from time to time as elected by the Participant. In-service withdrawals are allowed if the participant has reached certain age and vesting requirements, as defined by the Plan. If the participant's account balance exceeds $1,000, the distribution need not commence prior to attainment of normal retirement age unless the participant elects otherwise.

Forfeitures

Forfeitures are used to reduce employer contributions. For the year ended December 31, 2022, forfeitures of $49,216 were used to reduce employer contributions.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments generally are reported at fair value, but may also be reported at contract value or net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Distributions to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments. During the year ended December 31, 2022, expenses of $37,055 were paid by the Plan and allocated to participant accounts.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, February 29, 2024, and determined there were no events that occurred that required disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Note 3: FAIR VALUE MEASUREMENTS

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
  - observable; or
  - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Cash and money market funds (held in self-directed brokerage accounts): Valued at the net asset value (NAV) of shares held by the Plan at year end or reported in the active market where the fund is traded on a daily basis.

Note 3: FAIR VALUE MEASUREMENTS (Continued)

Common and preferred stocks (held in self-directed brokerage accounts): Valued at quoted market price of shares held by the Plan on the last day of the plan year reported on the active market on which the individual securities are traded.

Mutual funds and exchange traded funds (held in self-directed brokerage accounts): Valued at the net asset value (NAV) of shares held by the Plan at year end reported in the active market where the fund is traded on a daily basis.

U.S. Government securities and bonds (held in self-directed brokerage accounts): Valued based on a compilation of primary observable market information, such as closing prices reported on exchanges in which the individual securities are traded. If such information is not available, the investments are valued based on pricing models with observable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
December 31, 2022				
Self directed brokerage accounts	$ 34,794,518	$ 268,441	$ -	**$ 35,062,959**
Total investments at fair value	$ 34,794,518	$ 268,441	$ -	**$ 35,062,959**

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
December 31, 2021				
Self directed brokerage accounts	$ 42,658,683	$ -	$ -	$ 42,658,683
Total investments at fair value	$ 42,658,683	$ -	$ -	$ 42,658,683

Note 4: TAX STATUS

The IRS has determined and informed the Company by a letter dated June 1, 2021, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Tax positions are recognized only if it is "more likely than not" that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Morgan Stanley Smith Barney, Northwestern Mutual, Merrill Lynch, and UBS Financial Services, Inc., and therefore, these transactions qualify as party-in-interest transactions.

Note 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.
