Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Florida College, Inc. Retirement Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of May 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Florida College, Inc. Retirement Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended May 31, 2023, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Florida College, Inc. Retirement Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that

are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Florida College, Inc. Retirement Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Florida College, Inc. Retirement Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Florida College, Inc. Retirement Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the

Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

NOTE A - DESCRIPTION OF PLAN

The following description of the Florida College, Inc. Retirement Plan & Trust (the Plan) provides only general information. The Plan is for the benefit of the employees of Florida College, Inc. (the Organization). Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution (401(k)) plan covering all employees, except those groups specifically excluded in the plan documents, which are collective bargaining (union) employees, non-resident alien employees, part-time/temporary/seasonal employees and employees classified as coaches and adjunct faculty. The Plan provides for elective deferrals, discretionary non-elective contributions by the employer, and discretionary matching contributions by the employer. To participate in elective deferrals, employees must be at least 21 years of age and complete at least one hour of service during the plan year. Participation in non-elective contributions or matching contributions for the year (if any) requires that employees must be at least 21 years of age, must be employed on the last day of the plan year, and must have at least 1,000 hours of service during the plan year as defined in the plan documents. Non-elective contribution allocation conditions may be subject to certain waiver of conditions as outlined in the plan documents. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Each year, participants may elect to defer an amount not less than 1% of their plan year compensation and not more than the maximum allowed by law, as defined in the plan documents. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. The Organization contributes 100% of the first 3% of base compensation that a participant defers into the Plan. Additional discretionary contributions may be contributed by the Organization at the discretion of the Organization's board of directors. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and common trust funds as investment options for participants. Contributions are subject to certain limitations as set forth in the plan documents.

FORFEITED ACCOUNTS

Forfeited non-vested accounts are used to offset employer contributions. At May 31, 2023 and 2022, forfeited nonvested accounts totaled \$23,530 and \$20,895, respectively. During the Plan years ended May 31, 2023 and 2022, employer contributions were reduced by \$0 and \$0, respectively, from forfeited non-vested accounts.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and the Organization's matching contributions, as well as allocations of (a) the Organization's discretionary contribution, if any, and (b) plan earnings, and charged with an allocation of the portion of administrative expenses that are paid by the Plan. Allocations of the Organization's contribution are based on eligible participant plan year compensation. Allocations of plan earnings are based on participant account investment earnings and allocations of plan expenses are based on the number of participants or participant account balances, as defined in the plan documents. The benefit to which a participant is entitled is limited to the amount of participant's vested account balance.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

VESTING

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Organization's contribution portion of their accounts is based on years of continuous service. A participant is one hundred percent vested after three years of credited service for non-elective contributions. The vesting schedules may be subject to certain other exceptions as outlined in the plan documents.

PAYMENT OF BENEFITS

The Plan allows for in service distributions from the one hundred percent vested portions of participant accounts if the participant has attained age 59 1/2 or has incurred a qualifying hardship as defined in the plan documents. On termination of service due to death, disability, or retirement, a participant, or the participant's beneficiaries, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments subject to certain limitations as outlined in the plan documents. For termination of service for other reasons, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution. This distribution may be forced for participants whose vested balance is below \$1,000.

PARTICIPANT LOANS

The Plan has no provision for participants to borrow against their plan account balance.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See fair value measurements paragraph in this note for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses in investments bought and sold as well as held during the year.

OPERATING EXPENSES

Certain expenses of maintaining the Plan as outlined in the basic service agreement with the third party, Ascensus, LLC, are paid by Florida College, Inc. Additional fees incurred outside the service agreement are paid by the Plan and allocated among participant accounts as paid. These fees include administrative and investment advisory fees, which amounted to \$1,365 and \$1,560 for the plan years ended May 31, 2023 and 2022, respectively.

EXCESS CONTRIBUTIONS

Amounts payable to participants for contributions in excess of amounts allowed by the IRS, if any, are recorded as a liability on the Statement of Net Assets Available for Benefits with a corresponding adjustment on the Statement of Changes in Net Assets Available for Benefits. The Plan is required to make these payments prior to March 15 of the year following the excess contributions. For the Plan years ended May 31, 2023 and 2022, the Plan recorded \$0 and \$0 respectively in excess contributions.

FAIR VALUE MEASUREMENTS OF INVESTMENTS

Investments held by a defined-contribution plan are required to be reported at fair value. The Plan measures fair value of investments based on the framework set forth by Financial Accounting Standards Board in its Accounting Standards Codification 820, "Fair Value Measurements and Disclosures." That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy as defined in FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are:

Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for the asset or liability;
Inputs that are derived principally from or corroborated by observable market data by correlation or other means
If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are:

Unobservable and significant to the fair value measurement.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no significant changes in the methodologies used for the years ended May 31, 2023 and 2022.

Mutual Fund investments: Are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV (net asset value) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Funds: Are valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

See Note H, which sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of May 31, 2023 and 2022.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE B - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE C - TAX STATUS AND INCOME TAXES

The Plan is a Prototype Plan and Trust provided by the former Plan administrator Newport Group, Inc., which was designed in accordance with applicable sections of the Internal Revenue Code (IRC), and has received a determination letter from the IRS dated March 31, 2014. Although the Plan has been amended since receiving this determination letter, the Plan administrator, Ascensus, LLC, updates and amends the plan documents in accordance with changes to the applicable requirements of the IRC, therefore they believe the Plan remains qualified and the related trust is tax-exempt.

The Plan is exempt from federal and state income taxes under the Internal Revenue Code and relevant state tax regulations. Accordingly, the Plan has no income tax expense.

The Plan's federal Forms 5500, "Annual Return/Report of Employee Benefit Plan" are subject to examination by the Internal Revenue Service, generally for three years after they are filed.

NOTE D - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE E - CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at May 31, 2023 and 2022, transactions, income and net appreciation in fair value of investments and dividends for the years ended May 31, 2023 and 2022, as well as schedules of investments and reportable transactions was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Ascensus Trust Company (the trustee of the Plan).

NOTE F - ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist mainly of mutual fund investments and common trust fund investments, are held by the trustee of the plan, Ascensus Trust Company. The Organization's contributions to the Plan are held and managed by the trustee, which invests cash received and investment income, and makes distributions to participants. Certain administrative functions are performed by officers or employees of the Organization. No such officer or employee receives compensation from the Plan.

NOTE H - FAIR VALUE MEASUREMENTS

As described in Note B, the Plan measures fair value of Investments based on the framework set forth by FASB ASC 820 which provides a fair value hierarchy that prioritizes, into three levels, the inputs to valuation techniques used to measure fair value.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investments at fair value as of May 31, 2023 and 2022. The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee. The following represents all plan investments, presented at fair market value. Substantially all investments are participant directed.

Net income (loss) per the Form 5500	<u>\$ 131,578</u>	<u>\$ (1,228,450)</u>

NOTE J - PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become 100 percent vested in their employer contributions.

NOTE K - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

As described in Note B- Summary of Accounting Policies- Operating Expenses, the Plan pays certain expenses to service providers. These transactions are considered party-in-interest transactions under ERISA. During the years ended May 31, 2023 and 2022, the Plan had no non-exempt (prohibited) party-in-interst transactions and no related party transactions.

NOTE L - SUBSEQUENT EVENTS

Management has evaluated subsequent events through March 08, 2024, the date which the financial statements were available to be issued and found no events or transactions which require modifications to the financial statements.
