Plan Administrator/Board of Trustees
Tromi Corporation 401(k) Plan
Sandusky, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Tromi Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in **Note 7** to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tromi Corporation 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tromi Corporation 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

INDEPENDENT AUDITORS' REPORT

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tromi Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tromi Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TROMI CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Tromi Corporation 401(k) Plan (the Plan) is provided for general information. Participants should refer to the Plan document for more complete information.

- a. *General* – Effective May 1, 1996, the board of trustees of Tromi Corporation (the Organization) adopted the Tromi Corporation 401(k) Plan, a defined-contribution 401(k) deferred plan. Employees are eligible for participation in the Plan upon attaining 21 years of age and completing one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan's Trustees oversees governance of the Plan, determine the appropriateness of the Plan's investment options and monitors investment performance.
- b. *Contributions* – Participants may contribute up to \$20,500 and additional catch-up for age 50 or older of \$6,500 of pretax annual compensation for 2022 as defined by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions and corporate contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Organization has a discretionary match currently established at 0%. Additional profit-sharing amounts may be contributed to the Plan at the Organization's option. Contributions are subject to certain statutory limitations.
- c. *Participants Accounts* – Each participant's account is credited with the participant's respective deferral, the organization's discretionary matching contribution and plan earnings (losses). Participant accounts are charged with an allocation of certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled, is the benefit that can be provided from the participant's vested account.
- d. *Vesting*– Participants are immediately 100% vested in amounts attributable to their contributions plus actual earnings thereon. Vesting in the Organization's contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.
- e. *Notes Receivable from Participants* – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear a rate of interest at 4.25% or 8%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are repaid ratably through bi-weekly payroll deductions.

**TROMI CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 and 2021**

NOTE 1 – DESCRIPTION OF PLAN (continued)

- f. *Payment of Benefits* – Upon termination of services due to death, disability, or retirement, the vested interest in the participant's accounts shall be paid in the form of a single lump-sum or in periodic installment payments in accordance with the Plan document. Participants with an account balance of less than \$5,000 at termination of service, are required to take a lump-sum distribution, or roll the balance of the account to an IRA.
- g. *Forfeitures* – The non-vested portion of a terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures may be used by the Plan at the discretion of the Plan administrator to pay administrative expenses, reduce employer contributions, or allocate to participant accounts on a pro-rata basis. During the year ended December 31, 2022, no forfeitures were used to pay administrative expenses or used to reduce employer contributions. No Forfeited non-vested accounts were allocated to participant's accounts during the year ended December 31, 2022.
- h. *Investment Options* – The participants are permitted to direct the allocation of their individual account balance within the investment options of the Plan.
- i. *In Service Distributions* – Hardship withdrawals are available to Plan participants for the various reasons as described in the Plan documents. Hardship withdrawals are limited to the pre-tax deferral portion of the participants account balance. Upon making such a withdraw, the participant is suspended from making deferrals for six months.

Employees who have reached the age of 59 ½ years old may withdraw all or a portion of their vested contributions.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

- a. *Basis of Accounting* – The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at the fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan does not currently have any fully benefit-responsive investment contracts.

- b. *Accounting Estimates* - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

TROMI CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 and 2021

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (continued)

- c. *Investment Valuation and Income Recognition* – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator (Administrator,) in conjunction with the third-party service provider to the Plan (Trustee) for the Administrator, determine the Plan's valuation policies. See Note 6 for description of fair value measurements.

Purchase and sales transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- d. *Notes Receivable from Participants* – Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to and paid by the Organization. As of December 31, 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.
- e. *Risk and Uncertainties* – The Plan utilizes various investment instruments. Investment securities, in general are exposed to various risks, such as interest rate, market credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
- f. *Contributions* – Participant contributions and employer matching contributions, are recognized when the participant contributions are withheld from participant's earnings.
- g. *Benefits and Withdrawals Paid to Participants* – Benefit payments and withdrawals to participants are recorded upon distribution.
- h. *Expenses* – All Operating expenses and administrative of maintaining the Plan are paid by the Organization and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

NOTE 3 – PLAN TERMINATION

Although the Organization has not expressed any intention to do so, it has the right under the Plan to terminate the Plan, subject to the provisions set forth in ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and the Plan document.

**TROMI CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 and 2021**

NOTE 4 – TAX STATUS

The Department of the Treasury, Internal Revenue Service (IRS) has determined and informed the Sheakley Pension Administration, by a letter dated June 30, 2020, that the Prototype Standardized Profit-Sharing Plan with CODA and related trust are designed in accordance with applicable sections of the Internal Revenue Service Code (IRC). The Plan has been amended, since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan operates under a standardized adoption agreement in connection with a prototype retirement plan and trust/custodial documents sponsored by Empower Trust Company, LLC formerly, Mass Mutual Retirement Services. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2018.

NOTE 5 –EXEMPT PARTY- IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons. Prior to April 23, 2022 the Plan had invested in certain funds of the Mass Mutual Retirement Services who was the Trustee. After that date, Empower Trust Services, LLC became the Plan's Trustee and there are known party-in-interest transaction with the predecessor Trustee.

The plan sponsor directly pays various administrative expenses for the Plan. Certain administrative functions are performed by the officers and employees of the Organization (who may also be participants in the Plan) at no cost to the Plan. These transactions are not deemed prohibited party-in-interest transactions because they are covered by the statutory or administrative exceptions from the Internal Revenue Code's and ERISA's rules on prohibited transactions.

NOTE 6 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets, that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in active markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data;
- correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and are supported by little or no market activity and are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used during the year ended December 31, 2022.

For certain defined contribution Interest Account most participant transactions are executed using contract value without adjustment. Therefore, for these types of Interest Accounts, the contract value is a good proxy for fair value and is the value that will be used as fair value. The Plan has no liabilities measured at fair value. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Mutual Funds: The value of a separate account is the sum of the market value of the underlying investments as determined by quoted market prices, less operating expenses accrued but not deducted, if any.

Securities without quoted market prices: If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities,

**TROMI CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 and 2021**

NOTE 6 – FAIR VALUE MEASUREMENTS (continued)

prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	<u>Fair Value</u> <u>Measurements Using:</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
December 31, 2022				
Investments measured at fair Value, Separate Accounts	\$ 1,235,076			\$ 1,235,076
Total Investments at fair value				<u>\$ 1,235,076</u>
December 31, 2021				
Investments measured at fair Value, Separate Accounts	\$ 1,524,010			\$ 1,524,010
Total Investments at fair value				<u>\$ 1,524,010</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2022 and 2021, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2022, there were no significant transfers into or out of Level 3. The plan had no Level 3 asset transactions for the years ended December 31, 2022 and 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial statements could result in different fair value measurement at the reporting date.

NOTE 7 – INFORMATION CERTIFIED BY TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mass Mutual Retirement Services, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of April 23, 2022, additionally, Empower Trust Company, LLC the predecessor trustee of the Plan, has certified that the following data

included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2022.

- Investments, at fair value
- Net Appreciation in fair value of investments
- Dividend Income
- Notes receivable from participants
- Interest Income

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 8 - FORFEITED ACCOUNTS

At December 31, 2022 there was \$3,854 in forfeited non-vested accounts.

NOTE 9 - BENEFITS ALLOCATED TO WITHDRAWN PARTICIPANTS

At December 31, 2022, there were no amounts due to participants who have withdrawn from the Plan and requested benefit payment prior to year-end.

NOTE 10 – SUBSEQUENT EVENTS

The Organization evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 3, 2023 which is the date the financial statements were available to be issued.

NOTE 11 – CARES Act and SECURE Act

The Plan will implement certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted on or before December 31, 2025 in accordance with applicable law and IRS guidance.
