Together With Independent Auditors' Report

INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrators of the
North Metro Community Services, Inc. 401 (k) Plan :

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed audits of the accompanying financial statements of North Metro Community Services 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of North Metro Community Services 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statement section -

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Independent Auditors' Report (Continued)

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of North Metro Community Services. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about North Metro Community Services. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery,

Independent Auditors' Report (Continued)

intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of North Metro Community Services 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about North Metro Community Services 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditors' Report (Continued)**The Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets Held for Investment Purposes as of June 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Notes To Financial Statements
For The Years Ended June 30, 2023 and 2022

(1) Description Of The Plan

The following brief description of North Metro Community Services, Inc. 401 (k) Plan, (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

All employees are eligible to participate immediately upon entering service and may elect deferrals immediately. For purposes of nonelective contributions, employees are eligible immediately upon employment.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each participant may elect to contribute up to 100% of the participant's compensation, not to exceed IRS limits, and have such amounts contributed to the Plan as before-tax or Roth contributions. These limits amounted to \$22,500 and \$20,500 for the calendar years 2023 and 2022, respectively. Plan participants who are age 50 or more by the close of the Plan year, may elect to make catch-up elective deferrals up to \$7,500 and \$6,500 per calendar year for 2023 and 2022. These elective deferrals are for eligible participants whose elective deferrals have been restricted by either a statutory ceiling or by a plan limit.

The Company may make a discretionary contribution. The Company's contribution is determined annually at the end of the prior fiscal year. For the fiscal years ended June 30, 2023 and 2022, the Company contributed 4.5% of eligible employees pretax compensation for any month in which the participant contributed any amount to the Plan.

The Plan also allows rollover contributions, within IRS parameters, of part or all of a "qualified total distribution" received by a participant from a qualified plan of a previous employer. Rollover contributions into the Plan are 100% vested and non-forfeitable at all times.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

The Plan does not allow loans.

Vesting

Participants are always 100% vested in all employee deferrals. Employees are 100% vested in all employer contributions upon entering the plan.

Payment Of Benefits

At termination or retirement, if a participant vested account is \$5,000 or less, his or her vested account will be paid in a single sum. Otherwise, a participant may choose from the options of benefit available under the Plan.

A participant may withdraw all or any part of his or her vested account resulting from rollover contributions.

Death Benefits

If a participant dies before benefits start, his or her vested account will be paid to the beneficiary under one or more options available under the Plan.

If a participant dies after receiving benefits, death benefits will be paid according to the option he/she elected.

Administrative Expenses

Fees for the investment managers and contract administrative fees are paid out of assets of the Plan. The Company pays all other fees incurred by the Plan and provides personnel who perform various administrative services. The expenses incurred by the Company are not included in the accompanying financial statements.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was signed into law. The CARES Act allows retirement plans to provide participants who are impacted by the coronavirus (as defined in the CARES Act) with greater access to their savings.

Through June 30, 2021, qualified individuals are permitted to take a distribution in an amount up to \$100,000 from the Plan. Any such distributions are not subject to the 10% early distribution penalty or the mandatory 20% federal income tax withholding rate. Participants who take a qualified distribution have the option to have the distribution taxed

over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to the federal income tax as a result.

(2) **Summary Of Significant Accounting Policies**

Basis Of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with the general accepted accounting principles in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use Of Estimates

The preparation of financial statements in accordance with accounting principals generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation And Income Recognition

The Plan's investments in mutual funds are reflected at fair value and are based on quoted market prices and other information for those investments, as certified by the Plan custodian. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. The net appreciation or depreciation in the fair value of investments includes both unrealized and realized gains and losses during the Plan year.

Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation

techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs in the periods presented.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at their price. The mutual funds held by the Plan are considered to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while

the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment Of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan has performed an evaluation of subsequent events through March 7, 2024, which is the date the financial statements were available to be issued, and has considered any relevant matters in the preparation of the financial statements and footnotes.

(3) Financial Data Certified By The Investment Company Administered Trust Fund

The plan administrator has elected the method of compliance permitted by Section CFR 29 2520.103-5 (c) of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA for the years ended June 30, 2023 and 2022. Accordingly, as permitted under such election, American United Life Insurance Company has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits and related disclosures as of June 30, 2023 and 2022.
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended June 30, 2023 and 2022.
- Investment information included in the accompanying schedule of assets (held at year-end) as of June 30, 2023. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Investment Contracts

The Plan entered into a fully benefit-responsive contract. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the stable value investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract as of June 30, 2023 and 2022, were \$792,181 and \$733,958, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. During the years ended June 30, 2023 and 2022, the average yield return for the fully benefit responsive investment was 1% and .75%, respectively.

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) plan sponsor events that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or other required prohibited transactions exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from the contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan's administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

(5) **Investments**

Fair Value Hierarchy

The following table presents the Plan's fair value hierarchy for those assets measured at fair value on a recurring basis as of June 30, 2023 and 2022:

(6) **Plan Termination**

Although the Company intends to continue the Plan and to make regular contributions, the Company reserves the right to terminate the Plan at any time, and its continuance is not guaranteed. The Company also has reserved the right to amend or otherwise modify the Plan, or to discontinue any further contributions or payments under the Plan, by a resolution of its Board.

(7) **Income Tax Status**

The Plan is an adoption of a regional prototype plan, under OneAmerica Financial Partners, Inc., which has received a notification letter from the Key District Director having jurisdiction with the Plan. The Revenue Service permits the employer to rely on the notification letter. Therefore, the employer will not submit the Plan to the Internal Revenue Service for an advance determination as to whether the Plan meets the qualification requirements of section 401 of the Internal Revenue Code of 1986 with respect to the Plan's initial qualification.

The prototype plan has been amended since receiving the determination letter and received a favorable determination letter from the IRS dated January 31, 2006. However, the plan administrator believes the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC.

The Plan follows *Accounting for Uncertainty in Income Taxes* accounting standard which requires the Plan to determine whether a tax position (and the related tax benefit) is more

likely than not to be sustained upon examination by the applicable taxing authority, based solely on the technical merits of the position. The tax benefit to be recognized is measured as the largest amount of benefit that is greater than fifty percent likely of being realized upon settlement, presuming that the tax position is examined by the appropriate taxing authority that has full knowledge of all relevant information. During the years ended June 30, 2023 and 2022, the Plan evaluated its tax positions to determine the existence of uncertainties, and did not note any matters that would require recognition or which may have an effect on its tax status.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan is no longer subject to U.S. federal tax audits on its Form 5500 by taxing authorities for years ended prior to June 30, 2020. The years subsequent to this year contain matters that could be subject to differing interpretations of applicable tax laws and regulations. Although the outcome of tax audits is uncertain, the Plan believes no issues would arise.

(8) **Risks And Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(9) **Party-In-Interest**

American United Life Insurance investments amounted to \$792,181 and \$733,958 for the years ended June 30, 2023 and 2022. Such investments are with American United Life Insurance, the insurance carrier and third party service provider. Therefore, these transactions qualify as party-in-interest transactions, and are exempt from the prohibited transaction rules of ERISA.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
