INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants
Digital United LLC 401(k) Plan
West Palm Beach, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Digital United LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of September 14, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period from January 1, 2022 through September 14, 2022, and the related notes to the financial statements (Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 14, 2022 and December 31, 2021 and for the period January 1, 2022 through September 14, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the accompanying Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the Financial Statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

DIGITAL UNITED LLC 401(k) PLAN

Notes to Financial Statements

September 14, 2022 and December 31, 2021

Note 1 - Description of plan:

The Digital United LLC 401(k) Plan (the Plan) was established effective January 1, 1999 for eligible employees of Digital United LLC. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Effective December 15, 2020, the name of the Plan changed from the Primacy 401(k) Plan to the ACSYS, INC d/b/a Primacy 401(k) Plan. Prior to December 15, 2021, the Plan sponsor was ACSYS, INC d/b/a Primacy. Effective December 15, 2021, the Plan name was changed to the Digital United LLC 401(k) Plan and the name of the plan sponsor was changed to Digital United LLC (the Company, Plan Sponsor, or Plan Administrator). The Plan was a defined contribution plan covering substantially all employees of the Company who had attained age 21. The Plan excluded employees covered by a collective bargaining agreement, unless the agreement required the employees to be included under the Plan, leased employees, nonresident aliens who did not receive any earned income from the Company which constituted United States source income, and interns with less than 1,000 hours of service. Effective June 25, 2018 the Plan was amended to include eligible employees of Mediatly, LLC and MIG Support Services, LLC. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan management was responsible for oversight of the Plan and determined the appropriateness of the Plan's investment offerings, and monitored investment performance.

In 2022, Plan management elected to merge the Plan into a pooled employer plan, the plan sponsored by the sole stockholder of the Company. The Plan was frozen as of September 13, 2022. All of the Plan's assets were transferred and the Plan was terminated by merger on September 14, 2022.

Contributions

Prior to the Plan being frozen and terminated by merger in 2022, each year, participants could contribute from 1% to 60% of pretax annual compensation, as defined in the Plan. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company can make discretionary matching and profit sharing contributions. Participants had to be employed by the Company on the last day of the Plan year and earn at least 501 hours of service during the plan year to be eligible for Company profit sharing contributions. During

the period ended September 14, 2022, the Company did not make a discretionary Company discretionary matching and/or profit sharing contribution to the Plan. Contributions were subject to certain Internal Revenue Service (IRS) limitations. Participants directed the investment of their contributions into various investment options offered by the Plan.

Participant accounts

Prior to the Plan being frozen and terminated by merger in 2022, each participant's account was credited with the participant's contributions, safe harbor non-discretionary Company contributions (as applicable), discretionary matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

Vesting

Prior to the Plan being frozen and terminated by merger in 2022, participants were immediately vested in their contributions and any safe harbor non-discretionary Company contributions (as applicable) plus actual earnings thereon. Vesting in the Company discretionary matching and profit sharing contributions and earnings thereon was based on years of continuous service.

Participants became vested in company discretionary matching and profit sharing contributions in accordance with the following schedule:

<u>Completed Years of Service</u>	<u>Percentage Discretionary Matching Contributions Vested</u>	<u>Percentage Profit Sharing Contributions Vested</u>
1	25%	25%
2	50%	50%
3	75%	75%
4 or more	100%	100%

Note 1 - Description of plan - continued:

Vesting - continued

Participants were immediately vested upon termination of the Plan, upon reaching the normal retirement age of 65, or upon disability or death while an employee of the Plan Sponsor. Forfeitures of terminated participants' non-vested accounts were used to reduce the Company's contribution for the plan year.

Forfeitures

At September 14, 2022 and December 31, 2021, forfeited non-vested accounts totaled \$0 and \$3,269, respectively. These accounts were used to reduce future Company contributions. During the year ended September 14, 2022, the Company used \$0 from forfeited non-vested accounts and the balance at September 14, 2022 was included in the Plan transfer out balance.

Payment of benefits

Prior to the Plan being frozen and terminated by merger in 2022, a participant was entitled to receive a lump-sum amount equal to the vested value of his or her account upon attainment of age 59½, termination of service, retirement, disability, or death. A participant could request a withdrawal from the Plan while still under the employment of the Company for reasons of financial hardship, but the withdrawal was subject to a \$500 minimum and limited to the amount of the participant's pretax contributions and earnings thereon.

Notes receivable from participants

Prior to the Plan being frozen and terminated by merger in 2022, participants could borrow from the Plan in any amount greater than \$1,000 up to 50% of the participant's vested account balance, not to exceed \$50,000. Note terms were for a period not exceeding five years unless for the purchase of a principal residence, in which case the note repayment period could not extend beyond 10 years. Notes were secured by the balance in the participant's account and bore interest at an agreed-upon percentage based on prevailing market rates. Principal and interest was paid ratably through payroll deductions. Participants were allowed two outstanding notes.

Note 1 - Description of plan - continued:

Administrative expenses

Certain expenses of maintaining the Plan were paid directly by the Company and were excluded from these financial statements. The Company reserved the right to elect to pay, or have the Plan pay, administrative costs in the future. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Note 2 - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determined the Plan's valuation policies utilizing information provided by the investment advisers and Fidelity Management Trust Company (Fidelity). Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date.

Payment of benefits

Benefits were recorded when paid.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 - Summary of significant accounting policies - continued:

Notes receivable from participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses have been recorded as of September 14, 2022 or December 31, 2021. If a participant ceased to make note repayments and the plan administrator deemed the participant note to be in default, the participant note balance was reduced and a benefit payment was recorded.

Risks and uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it was at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Recent legislative developments

In December 2019, Congress passed the SECURE Act which included numerous reforms to existing retirement law and allows plan sponsors to make certain immediate plan operational changes while delaying formal amendment of the plan document. The Plan Sponsor operationally adopted various provisions.

In March 2020, Congress passed the CARES Act which included optional immediate changes to distribution and loan provisions while delaying formal amendment of the plan document. The Plan Sponsor operationally adopted various provisions.

The Plan Sponsor had operationally implemented various changes and had amended the Plan in accordance with Internal Revenue Service guidelines.

Subsequent events

The Plan has evaluated subsequent events through January 29, 2024, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of September 14, 2022, have been incorporated into these financial statements.

Note 3 - Investments and information certified by the trustee:

Fidelity held the Plan's investment assets and executed investment transactions. Management had determined that Fidelity was a qualified institution and the information prepared and certified by Fidelity met the requirements of ERISA Section 103(a)(3)(C). Certain information disclosed in the accompanying financial statements, including investments and notes receivable from participants held at September 14, 2022 and December 31, 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended September 14, 2022, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity.

Note 4 - Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC No. 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 - Fair value measurements - continued:

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value.

- Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end by obtaining quoted prices on nationally recognized securities exchanges.
- Money market funds are stated at cost, which approximates fair value due to the short term nature of the investment.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 1,121,334	\$ -	\$ -	\$ 1,121,334
Mutual funds	22,647,149	-	-	22,647,149
Total assets at fair value	<u>\$ 23,768,483</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 23,768,483</u>

Note 5 - Related-party transactions:

Certain Plan investments were shares of mutual funds and a money market fund managed by an affiliate of the trustee of the Plan. Fidelity was the trustee as defined by the Plan and, therefore, those transactions qualified as party in interest transactions and were exempt from the prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in net depreciation.

Note 6 - Plan termination:

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In 2022, the management of the Plan Sponsor elected to terminate the Plan by merger. The Plan was terminated and the assets transferred out by September 14, 2022.

Note 7 - Tax status:

The underlying pre-approved plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020 stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and therefore, the related trust is tax-exempt. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS pre-approved plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan has been operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
