The Blommer Chocolate Company Employees'
Profit-Sharing and 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Blommer Chocolate Company Employees' Profit-Sharing and 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of May 28, 2023 and May 29, 2022, and the related statement of changes in net assets available for plan benefits for the year ended May 28, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Blommer Chocolate Company Employees' Profit-Sharing and 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of May 28, 2023 and May 29, 2022, and for the year ended May 28, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Blommer Chocolate Company Employees' Profit-Sharing and 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Blommer Chocolate Company Employees' Profit-Sharing and 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Blommer Chocolate Company Employees' Profit-Sharing and 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Blommer Chocolate Company Employees' Profit-Sharing and 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

THE BLOMMER CHOCOLATE COMPANY EMPLOYEES' PROFIT-SHARING AND 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of The Blommer Chocolate Company Employees' Profit-Sharing and 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan, which is a defined-contribution plan, was established in 1943, to provide profit-sharing benefits to the employees of The Blommer Chocolate Company and its subsidiaries (the Company). It is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Plan elected a 52 to 53-week year as the annual period. The Plan year varies from 52 to 53 weeks and the Plan year ends on the last Sunday in May each year.

Contributions:

The Company allows employee pre-tax contributions, employee rollover contributions, employer safe harbor contributions and employer discretionary profit-sharing contributions to the Plan. Contributions are subject to certain statutory limitations and are also limited to 75% of a participant's compensation. Discretionary profit-sharing contributions are determined each year by the Company's Board of Directors.

Participant accounts:

Each participant's account is credited with the participant's contribution and an allocation of the employer's contribution, administrative expenses, Plan earnings and forfeitures of terminated participants' nonvested balances. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants self-direct their contributions and their share of the Company's contribution among various investment options offered by the Plan.

Eligibility:

All employees who have completed 60 continuous days of employment are automatically enrolled into the Plan on the following day they meet the eligibility requirements. Employees are eligible for employer matching, nonelective and safe harbor contributions once they have completed 1,000 hours of service. Leased employees, employees under a collective bargaining agreement and employees who are residents of Puerto Rico are not eligible to participate in the Plan.

Participant loans:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest is paid ratably through payroll deductions.

Payment of benefits:

A participant becomes entitled to benefits under the Plan upon normal retirement at age 59 ½, disability leading to termination, death or resignation from the Company. Upon retirement, disability or death prior to termination, a participant is entitled to receive the full amount in his account. Upon termination or resignation, the participant is entitled to receive the vested portion of his account balance. The Plan allows partial distributions to terminated participants and beneficiaries.

The Plan allows for in-service distributions as follows:

Pre-tax salary deferrals – The participant has a hardship distribution at any time.

Rollover contributions – At any time.

After-tax contributions – At any time.

2. Summary of significant accounting policies

Basis of accounting:

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Shares of mutual funds are valued at market value of shares held by the Plan at year-end.

Units of the common collective trust funds are valued based on the net asset value (NAV) per share as a practical expedient.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is presented on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

2. Summary of significant accounting policies (continued)

Notes receivable from participants:

The Plan allows for participants to borrow against their vested account balance and the loan is secured by the participant's account balance. Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest. Participant loans are repaid ratably through regular payroll deductions and loan defaults are treated as distributions. The Plan is required to review the collectibility of the outstanding loan balances and record an allowance for loans determined to be uncollectible. As of May 28, 2023 and May 29, 2022, no allowance for uncollectible loans was deemed necessary. The interest on the loans ranged from 4.25% to 9.25% during the year ended May 28, 2023 and from 4.25% to 6.50% during the year ended May 29, 2022.

Administrative expenses:

Certain expenses of administering the Plan are paid by the participants. Other administrative expenses are paid by the Company.

Payment of benefits:

Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Subsequent events:

The Plan Administrator has reviewed and evaluated subsequent events through March 11, 2024, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

3. Tax status

The Plan is exempt from federal income taxes under Section 401(k) of the Internal Revenue Code (the Code).

The Internal Revenue Service has determined and informed the Company, by a favorable determination letter dated August 19, 2020, that the Plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receipt of the determination letter, the Plan Administrator is not aware of any activity or transactions that may adversely affect the qualified status of the Plan and believes that the Plan is currently being operated in compliance with the applicable requirements of the Code.

4. Investments prepared and certified by T. Rowe Price Trust Company (the Trustee)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in these financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by T. Rowe Price Trust Company (the Trustee) as of May 28, 2023 and May 29, 2022 and for the year ended May 28, 2023.

The Trustee certified the fair value of investments of \$94,806,216 and \$101,439,979 at May 28, 2023 and May 29, 2022, respectively. Notes receivable from participants of \$1,907,097 and \$1,598,620 were also certified by the Trustee at May 28, 2023 and May 29, 2022, respectively.

For the year ended May 28, 2023, the Plan's investments (including gains and losses on investments bought, sold and held during the year) depreciated in value in the amount of \$1,421,249. Dividend income was \$1,106,383 for the year ended May 28, 2023. Interest income on notes receivable from participants was \$87,480 for the year ended May 28, 2023.

EMPLOYEES' PROFIT-SHARING AND
401(k) PLAN**

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

5. Fair value measurements

The Plan defines fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	---

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs that are unobservable inputs for the asset or liability.
---------	---

**THE BLOMMER CHOCOLATE COMPANY
EMPLOYEES' PROFIT-SHARING AND
401(k) PLAN**

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

5. Fair value measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at May 28, 2023 or May 29, 2022.

Mutual funds: Valued at market value of shares held by the Plan at year-end.

Common collective trust funds - T Rowe Price Stable Value Fund: Valued at the NAV of the units held by the Plan. The Fund invests in fully benefit-responsive investment contracts that are held at contract value. NAV is determined to be contract value, the value at which participants ordinarily transact. This practical expedient would not be used if it is determined to be probable that the Fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

Common collective trust funds - T Rowe Price Retirement Trusts: Valued at the NAV of the units held by the Plan. The Trusts invest in publicly-traded investments with readily determinable fair value. NAV is determined to be contract value, the value at which participants ordinarily transact. This practical expedient would not be used if it is determined to be probable that the Trusts will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes that the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. NOTES TO FINANCIAL STATEMENTS (CONTINUED)

5. Fair value measurements (continued)

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of May 28, 2023 and May 29, 2022:

Investment	2023	2022	Unfunded commitment	Redemption frequency	Redemption notice period
Common collective trust funds	\$ 59,211,668	\$ 62,666,444	N/A	Daily	None

6. Termination

Although it has not expressed any intent to do so, the Company reserves the right to discontinue contributions and to terminate the Plan at any time. Upon termination of the Plan, all employees not experiencing a break in service shall become fully vested.

7. Party-in-interest transactions

Certain Plan investments are shares of funds managed by T. Rowe Price Trust Company, the Trustee. Therefore, these transactions qualify as party-in-interest transactions. The Plan paid \$110,250 of administrative expenses to T. Rowe Price Trust Company for the year ended May 28, 2023. Plan consulting fees of \$73,897 for the year ended May 28, 2023 were paid to a third party consultant.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.
