Independent Auditors' Report

To the Participants and Plan Administrator of
Southlake Specialty Hospital LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Southlake Specialty Hospital LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of May 15, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits for the period from January 1, 2023 through May 15, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of May 15, 2023 and December 31, 2022, and for the period from January 1, 2023 through May 15, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the Plan merged into the Texas Health Frozen Prior Employer 401(k) Plan, effective May 15, 2023, and all assets were fully transferred on that date. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions for the period from January 1, 2023 through May 15, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Southlake Specialty Hospital LLC 401(k) Plan

Notes to Financial Statements

May 15, 2023 and December 31, 2022

1. Description of the Plan

General

The Southlake Specialty Hospital LLC 401(k) Plan (the Plan) is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established on January 1, 2006, covering substantially all employees of Southlake Specialty Hospital, LLC dba Texas Health Harris Methodist Hospital (the Company or Plan Administrator). Fidelity Management Trust Company serves as the trustee (the Trustee) and Fidelity Workplace Service, LLC serves as the recordkeeper for the Plan. The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Effective January 1, 2023, the Plan was frozen and no additional earned contributions to the Plan are eligible. The Plan merged into the Texas Health Frozen Prior Employer 401(k) Plan (the Affiliated Plan) effective May 15, 2023. This has been recorded as a Transfer Out to Affiliated Plan of \$11,439,169 in the Statement of Changes in Net Assets Available for Benefit for the period from January 1, 2023 through May 15, 2023, the date the funds were fully transferred.

Eligibility and Participant Accounts

The Plan covers all employees of the Company, except lease employees or nonresident aliens. Employees become eligible for participation on the first day of the month upon reaching the age of 19 and obtaining three months of service, as defined by the plan document. Subject to certain limitations on annual additions, each participant's account is credited with participant elective deferrals, Company matching contributions, an allocation of Plan earnings or losses, and charged with administrative expenses. Participants may modify elections, transfer existing account balances and obtain information regarding their investments on a daily basis.

Contributions

The Plan is funded through rollovers, participant elective deferrals and Company contributions. A participant may elect to contribute up to 75% of his or her eligible pre-tax or Roth compensation, subject to certain maximum limitations imposed by the Internal Revenue Code (IRC) (\$22,500 for 2023). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC (\$7,500 for 2023). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted and may be contributed prior to meeting the eligibility requirements for participation in the Plan.

The Plan allows for safe harbor matching contributions by the Company into the Plan. The Company makes safe harbor matching contributions each pay period in the amount of 100% of participants' salary deferral amounts up to 5% of participants' eligible compensation. The Plan also allows for discretionary nonelective contributions in amounts to be determined by the Company. For the period from January 1, 2023 through May 15, 2023, there were no Company discretionary nonelective contributions.

Benefits Paid to Participants

Upon normal retirement age, death, disability or severance of employment, a participant's benefits are payable in a lump-sum or partial withdrawals equal to 100% of the participant's vested account balance. In addition, the Plan allows for hardship distributions if certain criteria are met. Such withdrawals are subject to meeting hardship guidelines established by the Internal Revenue Service (IRS). Account balances of \$5,000 or less as the time of distribution will be "cashed" out as either an involuntary lump sum payment or by direct rollover into an individual retirement account, based on certain criteria, as defined in the plan document.

Southlake Specialty Hospital LLC 401(k) Plan

Notes to Financial Statements

May 15, 2023 and December 31, 2022

Investment Options

The Plan provides for contributions to be invested by the participants among a variety of mutual funds of registered investment companies and a guaranteed income fund in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the Plan website for additional fund information.

Vesting

Participants are immediately vested in rollover contributions, participant elective deferrals, and Company qualified nonelective contributions, safe harbor matching and discretionary nonelective contributions, plus actual earnings, thereon.

Revenue Sharing Account

A Plan account is maintained to hold revenue sharing funds the Plan receives from the Trustee pursuant to an agreement between the Trustee and the Plan. Revenue sharing accounts are used to pay administrative expenses. At May 15, 2023 and December 31, 2022, there were funds of \$0 and \$105 available, respectively. For the period from January 1, 2023 through May 15, 2023, \$28 were used to pay administrative expenses.

Notes Receivable From Participants

Borrowings are available to all participants. Notes receivable from participants are limited to a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the IRS. Note terms range from one to five years, unless for the purchase of a primary residence, in which case the Plan Administrator may permit a longer repayment term. The notes receivable from participants are secured by the vested balance in the participant's account and bear a reasonable interest rate, as determined by the Plan Administrator. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. As of May 15, 2023, there were no notes receivable to participants. Notes receivable from participants as of December 31, 2022, have interest rates from 5.25% to 9.00% and maturities from June 2023 to October 2027.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

Southlake Specialty Hospital LLC 401(k) Plan

Notes to Financial Statements

May 15, 2023 and December 31, 2022

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive guaranteed income fund, which are valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See Note 3 - Fair Value Measurements). Contract value is the relevant measure attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the provision of the Plan (See Note 5 - Guaranteed Income Fund). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation of fair value of investments includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or note policy of the Plan. Notes receivable are valued at amortized cost, which approximates fair value. No allowances for credit losses have been recorded as of December 31, 2022.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Southlake Specialty Hospital LLC 401(k) Plan

Notes to Financial Statements

May 15, 2023 and December 31, 2022

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 15, 2023 and December 31, 2022.

Mutual funds of registered investment companies are valued at the net asset value (NAV) or quoted market prices of shares held by the Plan at year-end.

The methods previously described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	\$ 12,503,121	\$ -	\$ -	\$ 12,503,121
Total investments at fair value	\$ 12,503,121	\$ -	\$ -	\$ 12,503,121

4. Information Certified By Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of May 15, 2023 and December 31, 2022, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the period from January 1, 2023 through May 15, 2023.

5. Guaranteed Income Fund

The Plan invests in the Prudential Guaranteed Income Fund (GIF), which is a fully benefit-responsive group annuity contract issued by Prudential Retirement Insurance and Annuity Company (PRIAC). Market risks include global events which could impact the value of investment securities, such as a pandemic, or international conflict. Funds in the GIF represent investments in the general assets of PRIAC, which consist predominately of fixed income investments (public bonds, commercial mortgages, private placement bonds) and are high quality. Payment of principal and interest is guaranteed by PRIAC, subject to a market value adjustment if the contract is terminated by the Plan. The GIF is credited with contributions and interest earnings and is charged for participant withdrawals and administrative expenses. The interest crediting rate for the GIF is set by PRIAC, based on historical contributions and withdrawals, current market conditions, the GIF investment portfolio turnover and estimated contributions and withdrawals for the upcoming six months. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The rate is adjusted semi-annually but cannot be less than an annualized rate of 1.50%.

Southlake Specialty Hospital LLC 401(k) Plan

Notes to Financial Statements

May 15, 2023 and December 31, 2022

Participants may ordinarily direct the withdrawal or transfer all of or a portion of their investment at contract value. Certain unobservable inputs are assessed through review of contract terms (ex: duration or payout date) while others are substantiated utilizing available market data (ex: swap curve rate).

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that also limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreement without the consent of the issuer.

6. Related-Party and Party in Interest Transactions

Certain of the Plan's investments are managed by the Trustee, or an affiliate of the Trustee; therefore, these transactions qualify as party in interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Risks and Uncertainties

The Plan provides for various options of investments. Such investments are exposed to various risks, such as interest rate, concentration, market and credit risk. Market risks include global events, such as a pandemic, or internal conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Tax Status

The Plan is based on a nonstandardized pre-approved profit sharing plan with CODA developed by FMR LLC, which received a favorable advisory letter dated June 30, 2020, from the IRS stating that the pre-approved plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Delinquent Contributions

During the period from January 1, 2023 through May 15, 2023, employee withholdings in the amount of \$30,749, were inadvertently not remitted to the Plan on a timely basis due to unintentional delays. During the years ended December 31, 2022 and 2021, employee withholdings in the amount of \$205,340 and \$31,067, respectively, were inadvertently not remitted to the Plan on a timely basis due to unintentional delays. The Company is in the process of correcting the late remittances following the DOL guidelines for late deposits.

10. Reconciliation of Financial Statements to Form 5500

No reconciliation of net assets available for benefits per the financial statements to the Form 5500 is needed.

11. Subsequent Events

In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 855, *Subsequent Events*, the Plan has evaluated events or transactions occurring after May 15, 2023, the Statements of Net Assets Available for Benefits date, through March 7, 2024, the date the financial statements were ready to be issued, and determined no such events or transactions that would impact the financial statements for the period from January 1, 2023 through May 15, 2023.
