Report of Independent Auditors

To the Retirement Benefits Committee,
Airborn, Inc. 401(k) Savings & Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of Airborn, Inc. 401(k) Savings & Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), which comprise the statement of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Airborn, Inc. 401(k) Savings & Employee Stock Ownership Plan as of June 30, 2023 and 2022, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors’ Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Airborn, Inc. 401(k) Savings & Employee Stock Ownership Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Airborn, Inc. 401(k) Savings & Employee Stock Ownership Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Airborn, Inc. 401(k) Savings & Employee Stock Ownership Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Airborn, Inc. 401(k) Savings & Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, which is composed of the Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report of Independent Auditors

To the Retirement Benefits Committee,
Airborn, Inc. 401(k) Savings & Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of Airborn, Inc. 401(k) Savings & Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), which comprise the statement of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors’ Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Airborn, Inc. 401(k) Savings & Employee Stock Ownership Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Airborn, Inc. 401(k) Savings & Employee Stock Ownership Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Airborn, Inc. 401(k) Savings & Employee Stock Ownership Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Airborn, Inc. 401(k) Savings & Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, which is composed of the Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

As of June 30, 2023 and 2022, and for the Year Ended June 30, 2023

1. Description of Plan

General

The AirBorn, Inc. 401(k) Savings and Employee Stock Ownership Plan (the “Plan”) provides retirement, death, and disability benefits for eligible participant employees and their beneficiaries while also allowing them to share in the growth in value of AirBorn, Inc. (the Company/Employer) common stock. The Plan is a defined contribution, deferred compensation, 401(k) and Employee Stock Ownership Plan (“ESOP”) under Sections 401(k) and 501(a) of the Internal Revenue Code of 1986 (“IRC”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Participants should refer to the plan agreement for complete information.

The Plan purchases Company common shares using proceeds from a loan from the Company (refer to Note 10), and holds the stock in a trust established under the Plan. The borrowing is to be repaid ratably over the term of the loan by fully deductible Company contributions to the trust fund. As the Plan made each payment of principal, an appropriate percentage of stock was allocated to eligible employees’ accounts in accordance with applicable regulations under the IRC.

SECURE Act

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act of 2019 was signed into law. Applicable provisions of the SECURE Act, effective January 1, 2021, include eligibility for long-term part-time employees. In December 2022, SECURE 2.0 was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 SECURE Act. Most of the provisions of SECURE 2.0 will become effective in 2024 and beyond. Since the provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect.

Effective January 1, 2023, as part of the SECURE 2.0 Act of 2022, the age requirement for minimum distributions was raised to 73 from 72 for any participant who turns 72 on or after January 1, 2023.

Administration

The Plan’s 401(k) assets are held by Charles Schwab Bank (“Custodian”). Funds held by the Custodian are invested in a combination of equity, fixed income mutual funds, and common collective trust funds. The Plan is participant directed for participant voluntary contributions, matching contributions, and earnings on those contributions.

Eligibility

All employees are enrolled in the Plan upon the initial date of hire and eligible to participate in employee contributions, with the exception of collective bargaining employees, nonresidents, interns and seasonal employees. All employees who have completed one year of service are eligible to participate in Employer matching 401(k) and discretionary ESOP contributions at the first Plan entry date thereafter (as defined in the plan agreement).

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the ESOP trustee prior to the time that such rights are to be exercised. The ESOP trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The ESOP trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

NOTES TO FINANCIAL STATEMENTS

As of June 30, 2023 and 2022, and for the Year Ended June 30, 2023

1. Description of Plan (continued)

Contributions

Participants may contribute, into the 401(k) Plan, up to 70% of their basic compensation (as defined in the plan agreement), subject to certain limitations, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. The Company may make discretionary matching contributions. The match is invested in various investment options as directed by the participant. The Company made matching contributions of \$1,002,044 for the Plan year ended June 30, 2023.

The Company may also make discretionary 401(k) profit sharing and/or ESOP contributions to each active participant's account in an amount determined by the Company. Discretionary Company contributions, if approved by the board of directors, are based on a pay formula defined in the plan agreement. For the Plan years ended June 30, 2023 and 2022, the Company made discretionary non-cash ESOP contributions subsequent to year end totaling \$1,162,606 and \$1,422,092 (\$1,414,357 in note related contributions), respectively.

Effective April 25, 2014, the Plan entered into a Contribution Agreement ("Agreement"), whereby the Company agrees to, no less frequently than once every three (3) years beginning on or before December 1, 2017 (the initial purchase date) and each third anniversary thereafter, to issue and sell to the ESOP for the benefit of active employees of the Company shares of the Company's common stock, par value \$0.20 per share in the manner pursuant in the Agreement. To the extent the Company does not issue and sell to the ESOP pursuant to the preceding provision, the Company agrees that it will contribute common stock in kind to the ESOP (recycled shares), in the manner pursuant in the Agreement.

Vesting

Participants are fully vested in their voluntary contributions and related earnings. All Company contributions to the Plan, as well as all earnings on those contributions, vest according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Upon a participant's termination from the Plan, only the amount in which the participant is vested is distributed to the participant and is subject to any applicable tax reporting requirements. Upon death, full and permanent disability, or attainment of normal retirement age, a participant becomes 100% vested in his or her account balance.

NOTES TO FINANCIAL STATEMENTS

As of June 30, 2023 and 2022, and for the Year Ended June 30, 2023

1. Description of Plan (continued)

Put Option

The Company is an electing S Corporation. Consistent with the terms of the Plan, the Internal Revenue Code and applicable federal tax regulations, so long as an S Corporation election is in effect, Plan participants are not entitled to receive their benefits in the form of Company stock. If the Company ever ceases to be an electing S Corporation, participants would have the right to elect to receive their benefits in the form of Company stock. In such case, the Company stock that is distributed to participants while the Company stock is not readily tradable on an established market would include a put option. The put option would be a right to demand that the Company buy any shares of its stock during a period of at least sixty days following the date of distribution of the Company stock. The put option price would be based on the value of the Company stock, as determined by the Plan Trustee's independent appraisal, as of the Plan year end immediately preceding the applicable put option period. The Company can pay for the purchase incident to the exercise of a put over a period of five years, with interest. The purpose of the put option is to allow the participant to obtain cash, if the participant exercises the put during either of the put option periods. AirBorn Inc. securities to be distributed from the Plan are subject to the requirement that such securities be immediately purchased from the participant (or beneficiary, as the case may be) by AirBorn Inc.

Retirements and Terminations

In the case of normal retirement (age 65), early retirement (age 55 and 6 years of service), retirement due to full and permanent disability, or termination of employment, participants may elect to receive the value of their accumulated plan benefits, in accordance with the provisions of the Plan, in a lump-sum distribution.

In the event that a participant dies before retirement, the participant's beneficiary will receive the value of the participant's accumulated plan benefits in a lump-sum distribution or in an alternative manner mutually agreed upon by the beneficiary and the plan administrator.

Notes Receivable from Participants

Participants may take 401(k) loans up to the lesser of: (a) one-half of the respective participant's vested 401(k) Accounts, or (b) \$50,000, reduced by their highest loan balance of the sum of all of the respective participant's loans from the Plan during the one year period ending on the day before the loan is funded. The 401(k) loan may not be less than \$500. Interest and principal payments will be credited to the borrower's account. The repayment period for participant 401(k) loans cannot exceed five years unless the proceeds are used to acquire, construct, or rehabilitate a dwelling unit that is used for the participant's personal residence. In that case, the period of repayment can be extended up to 10 years. The notes bear interest at a rate commensurate with local prevailing interest rates as determined by the plan administrator.

Funding Policy

The Plan is funded by employee contributions, voluntary discretionary contributions from the Company, and by investment income. The Company's contributions can be made either in the form of cash or its common stock to the Plan's trust. The Plan may invest employer cash contributions in the Company's common stock.

NOTES TO FINANCIAL STATEMENTS

As of June 30, 2023 and 2022, and for the Year Ended June 30, 2023

1. Description of Plan (continued)

Diversification of Company Shares

A Diversification Election right is offered to participants near retirement so that they may have the opportunity to diversify a portion of their investment in Company stock into other investments. Participants who are 55 years of age with 10 years of participation in the Plan may elect to diversify a portion of their ESOP account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of allocated shares to his or her account, less any shares previously diversified. In the sixth and final year, the percentage changes to 50%.

Participants who elect to diversify receive a cash distribution and may then either (a) reinvest the cash in one of the funds selected by the Plan Committee for investment of the participants' 401(k) accounts or (b) receive a cash distribution equal to the value of the shares the participants sold to the Plan.

Distributions

Upon termination of service due to death, disability, or retirement, a participant becomes 100% vested in their account and is entitled to receive the vested account balance in a lump-sum distribution. Participants may also request hardship distributions if they can demonstrate an immediate and heavy financial need, as defined by the Plan. Cash distributions are made to participants following the end of the Plan year in which they terminate or are entitled to receive a distribution of benefits. A participant who has severed employment and whose total balance is less than \$5,000 is subject to an automatic rollover to an individual retirement account. Participants who sever employment and whose account balance is less than \$1,000 is subject to an automatic cash out through a lump sum distribution.

Effective June 16, 2020, distributions from the vested ESOP contribution accounts are made to participants in a lump sum if the value is \$150,000 or less. If the value of the Participant's vested ESOP contribution exceeds \$150,000, distributions are made in six annual installment payments in accordance with the following schedule:

<u>Payment</u>	<u>Distribution Amount</u>
1	\$150,000
2	1/5 of the remaining nonforfeitable account balance
3	1/4 of the remaining nonforfeitable account balance
4	1/3 of the remaining nonforfeitable account balance
5	1/2 of the remaining nonforfeitable account balance
6	100% of the remaining nonforfeitable account balance

Forfeitures

Forfeitures (the nonvested portion of a participant's account) are created when a participant's employment terminates before becoming fully vested under the Plan. Forfeitures will be used for the benefit of other participants of the Plan or be used to reduce employer contributions. The balance of forfeited non-vested accounts was \$119,639 and \$159,278, as of June 30, 2023, and 2022, respectively. During the Plan year ended June 30, 2023, participants forfeited \$126,595 in non-vested accounts. During the Plan year ended June 30, 2023, forfeitures utilized were \$140,729.

NOTES TO FINANCIAL STATEMENTS

As of June 30, 2023 and 2022, and for the Year Ended June 30, 2023

1. Description of Plan (continued)

Risks and Uncertainties

The Plan provides for various investment options of registered investment companies. The underlying investments held by the registered investment companies may include stocks, bonds, fixed income securities, mutual funds, and other investment securities. Such investments are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. The board of directors determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. Refer to Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent loans and are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized on the accrual basis. No allowance for credit losses has been recorded as of June 30, 2023 and 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants prior to the required statutory deadline.

NOTES TO FINANCIAL STATEMENTS

As of June 30, 2023 and 2022, and for the Year Ended June 30, 2023

2. Summary of Significant Accounting Policies (continued)

Valuation of AirBorn, Inc. Stock

The Company's common stock is not traded on an open market. The Company's common stock is valued by an independent appraiser on an annual basis. Distributions to eligible participants are based on the latest available stock valuation. The carrying value of the Plan's investment in common stock is also adjusted to reflect fair value, as determined by the annual appraisal.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company pays certain administrative expenses incurred by the Plan. Certain investment and administration fees are deducted directly from participant's investment returns. Transaction costs borne by the Plan are charged to the individual participant who initiated the transaction to which the charge relates by reducing the participant's account balance.

Subsequent Events

Subsequent events have been evaluated through the date of the report of independent auditors, which is the date the financial statements were available to be issued. There were no subsequent items that would require recognition in the financial statements or disclosure in the notes to the financial statements.

3. Fair Value Measurements

Fair value is determined based on the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. The fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements) is described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS

As of June 30, 2023 and 2022, and for the Year Ended June 30, 2023

3. Fair Value Measurements (continued)

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Cash: Cash includes all cash balances and highly liquid investments with an initial maturity of three months or less and are stated at cost which approximates market value.

Mutual funds: Quoted market prices are used to value investments in mutual funds, which are publicly traded funds of registered investment companies, and common stock.

Collective investment trust: Valued at the net asset value of units of a common collective trust. The net asset value ("NAV") as provided by the Custodian is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

AirBorn, Inc. common stock: The Company's common stock is not traded on an open market. Annually, the Company's common stock is valued by an independent appraiser using both the market and income (discounted net cash flow) approach.

The market approach is a valuation technique in which the value is estimated based on market prices of actual transactions and on asking prices for currently available assets. The process is essentially that of comparison and correlation between the Company and other similar companies. The value of the Company's common stock is expressed as a function of its earnings or cash-generating capacity, which is then multiplied or capitalized at an appropriate risk-adjusted rate. A ratio, or multiple, is developed by dividing the market price of the stock by an earnings figure, such as net income. Any number of ratios can be calculated. The reciprocal of a multiple or ratio is known as a capitalization rate. These ratios are then adjusted to suit the Company's specific circumstances in arriving at a value for the Company. A marketability discount is applied as part of the valuation due to the closely-held nature of the Company stock.

NOTES TO FINANCIAL STATEMENTS

As of June 30, 2023 and 2022, and for the Year Ended June 30, 2023

3. Fair Value Measurements (continued)

The income approach is a valuation technique in which the value is derived by forecasting net cash flow in the future and discounting to present value of the annual cash flows. Net cash flow is the cash amount that could be paid to owners without impairing the Company's operations: it is the dividend paying capacity. It is defined as net income plus depreciation (a non-cash expense) less capital expenditures less changes in net working capital plus changes in financing. Changes in working capital are usually a use of cash but can be a source of cash. The "debt-free" version of the income approach excludes changes in cash flow due to financing. The resulting value is for total capital. The annual net cash flows are discounted to present value and summed, resulting in an indication of value. Usually the forecast covers a limited number of years, but the business is expected to continue operating after the last year in the projection. The value of the operations after the last year in the projection is determined by capitalizing into a terminal value the last year's cash flow or some other earnings measure. The appropriate discount rate reflects the general level of interest rates and a premium for the perceived degree of risk. Risk can be segregated into financial and business risk. Financial risk refers to the possibility of bankruptcy and the variability of the returns to equity investors due to the amount of debt. Business risk refers to the variability of earnings from the Company's operations. The discounted debt-free net cash flow approach was used in appraising the Company's common stock.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 40,616,905	\$ -	\$ -	\$ 40,616,905

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective Investment Trust	\$6,343,519	N/A	Daily	12 months

4. Related Party and Party-in-Interest Transactions

Airborn, Inc. Stock

The Plan invests in Company common stock and has indebtedness guaranteed by the Company.

Other Transactions

Certain Plan investments are managed by Charles Schwab Trust Company, therefore, these transactions qualify as party-in-interest transactions. The Plan holds shares of Company stock and makes non-cash loan repayments to the Company, which qualify as related party transactions. The Plan made direct payments to the third-party administrator and record keeper totaling \$272,530. These costs incurred by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. The Plan Sponsor pays directly any other fees related to the Plan's operations.

5. Investments in Collective Investment Trust Fund

The Morley Stable Value Fund (the "Fund") is a collective investment trust designed for retirement trusts exempt from federal income tax under Section 501(a) of the Internal Revenue Code of 1986, as amended, and governmental deferred compensation plans. The objective of the Fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. The Fund seeks to achieve this objective by investing primarily in a variety of high quality stable value investment contracts (the performance of which may be predicated on underlying fixed income securities), as well as cash and cash equivalents. It is intended that the Fund's stable value investment contracts will maintain a minimum weighted average credit quality rating of A or better. The underlying fixed income securities must be rated investment grade and meet issuer diversification guidelines. The duration of the Fund will not exceed four years. The Fund is typically appropriate for investors who desire low volatility, stable principal value, and returns commensurate with a capital preservation objective for a component of their retirement savings. The Fund is designed for long term retirement investing. The Fund provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit.

6. Plan Termination

The Company has the right, under the plan agreement and the provisions of ERISA, to terminate the Plan, although the Company has no intention to do so. In the event of plan termination, participants' accounts will become fully vested and nonforfeitable. Upon termination of the Plan, the interest of each participant will be distributed to such participant, or designated beneficiary, at the time prescribed by the Plan agreement.

NOTES TO FINANCIAL STATEMENTS

As of June 30, 2023 and 2022, and for the Year Ended June 30, 2023

7. Investment in AirBorn, Inc. Common Stock

The Plan held 50,859 and 54,132 shares of the Company common stock as of June 30, 2023 and 2022, respectively. An independent appraiser valued each share at approximately \$2,137 and \$1,613 as of June 30, 2023 and 2022, respectively.

The Plan's investment in shares of Company common stock was as follows for the plan year ended June 30:

	2023			
	Number of shares	Cost (\$)	Unrealized appreciation since inception (\$)	Fair market value (\$)
Earned – allocated to participants' accounts and available for withdrawal from the Plan	45,121	17,226,559	79,193,601	96,420,160
Leveraged and unallocated to participant's accounts	5,738	4,016,801	8,245,403	12,262,204

	2022			
	Number of shares	Cost (\$)	Unrealized appreciation since inception (\$)	Fair market value (\$)
Earned – allocated to participants' accounts and available for withdrawal from the Plan	46,868	17,072,387	58,517,641	75,590,028
Leveraged and unallocated to participant's accounts	7,264	5,085,290	6,631,364	11,716,654

As a result of the Company's discretionary contributions for the plan year ended June 30, 2023 and 2022, which were used to pay down the loan from the Company (see Note 10), 1,526 and 1,794 shares were released respectively, and allocated to ESOP participants.

NOTES TO FINANCIAL STATEMENTS

As of June 30, 2023 and 2022, and for the Year Ended June 30, 2023

8. Tax Status

A favorable determination letter was obtained from the Internal Revenue Service (“IRS”), dated December 20, 2016, stating that the Plan, and related trust, as amended, is qualified under Sections 401(k) and 501(a) of the IRC and is exempt from federal income taxes. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits taken by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

9. Non-Participant-Directed Investments
