INDEPENDENT AUDITOR'S REPORT

To the Plan Administrative Committee
Rodland Motor Company 401(k) Plan
Everett, Washington 98203

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Rodland Motor Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits – modified cash basis as of December 31, 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from both qualified institutions as of and for the years ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Page 1

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Rodland Motor Company 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rodland Motor Company 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rodland Motor Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rodland Motor Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets held (end of year), and the supplemental schedule of delinquent transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules are agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Rodland Motor Company 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated February 16, 2024, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

RODLAND MOTOR COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of the Plan provides only general information. Further information about the Plan Document and benefit provisions is available from the Plan Administrator.

General: The Plan was adopted on March 1, 1975 and was restated on July 1, 2021. The Plan is a defined contribution retirement plan qualifying under section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers all employees of Rodland Motor Company (the "Company"). The Company is the Plan Administrator.

Age and services requirements: In order to be a participant in the Plan, employees must have attained age 21 and completed one year of service with the Company. Effective July 1, 2021, the Plan was restated, and eligibility was changed to two months of service. Once completing the eligibility requirements employees can enter the Plan immediately.

Contributions: Under the Plan, participants may elect to make a minimum contribution ("deferrals") of 1% up to a maximum of 90% of eligible compensation (as defined in the Plan Document) to their employee accounts in amounts up to the maximum allowed under Sections 415(c), 402(g) and 401(k) of the IRC. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan provides that the Company makes matching contributions to the Plan. Matching contributions are based upon participants' eligible contributions made during the year. For December 31, 2021, the Company matched 50% of eligible employees' contributions up to 4% of eligible compensation. The Plan also provides that the Company may make a nonelective contribution to the Plan each year in an amount determined by the Company at its discretion (referred to as a profit-sharing contribution). Any nonelective contribution is allocated based upon eligible compensation, as defined by the Plan. No profit-sharing contributions were made for the 2021 Plan year.

Participant accounts: Each participant's account is credited with the participant's salary deferrals and allocations of the (a) employer matching contribution, (b) employer discretionary contribution, if applicable, and (c) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

Investment options: Upon enrollment in the Plan, a participant may choose to direct contributions to any combination of various investment options offered by the Plan.

Taxes: Participants are not taxed on their pre-tax deferrals, on the employer contributions allocated to their accounts, or on earnings thereon until these amounts are distributed.

RODLAND MOTOR COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Vesting: Participants in the Plan are 100% vested in the current value of their pre-tax deferrals, plus actual earnings thereon. Contributions from the Company and related earnings become vested to the participant based on the following schedule of years of service:

<u>Completed Years of Service</u>	<u>Percentage Vested</u>
Less than 1	0%
1	10%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Income tax status: The Plan is a prototype non-standardized Plan which received a determination letter in 2020, which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan adopted the provisions of FASB ASC 740, Accounting for Uncertainty in Income Taxes. Accordingly, management has evaluated the Plan's tax positions and concluded the Plan had maintained its tax-exempt status, does not have any significant unrelated business income and had taken no uncertain tax positions that require adjustment or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. Federal tax authorities for years before 2018.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to five years. The notes are collateralized by the balance in the participant's account and bear interest at prime rate plus 1%. Outstanding notes carried interest rates that ranged from 4.25% to 6.50% as of December 31, 2021. Principal and interest are paid ratably through payroll deductions. A participant may have no more than two notes outstanding at any time.

Payment of benefits: The Plan provides for participants to withdraw funds at any time after age 59 ½ or in the event of retirement, death, disability, or termination. The benefit payments are in the form of installment or lump-sum amounts equal to the value of the participant's vested interest in his or her account, as provided in the Plan Document. Participants with vested account balances less than \$5,000 who do not affirmatively elect to receive or rollover their distribution, however, will have their account balance automatically distributed.

Forfeited accounts: Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures will be used to reduce employer contributions or to pay expenses of the Plan.

RODLAND MOTOR COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

During the plan year ended December 31, 2021, the amount of forfeitures used to reduce employer contributions amounted to \$22,861. The balance of the forfeited non-vested accounts as of December 31, 2021 and 2020 was \$- and \$20,069, respectively.

Funding policy: Weekly and semi-monthly deferrals are withheld from eligible participants' wages. These deferrals are remitted each pay period to the Plan Custodian and are invested based on the instructions provided by the participant. Employer matching contributions are deposited each pay period. Employer discretionary contributions are deposited annually.

Note 2. Significant Accounting Policies

Valuation of investments: The Rodland Motor Company 401(k) Plan (the "Plan") includes investments that are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a cash basis. Interest and dividend income are recorded on the cash basis. The net appreciation (depreciation) in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of benefits: Benefits are recorded when paid.

Accounting method: The Plan prepares its financial statements on the modified cash basis of accounting. Under this method, contributions, interest and dividends and other amounts are recognized only when actually received by the Plan. The modified cash basis of accounting is a basis of accounting other than generally accepted accounting principles.

Estimates and assumptions: Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Accordingly, actual results could differ from those estimates.

Note 3. Investments

The Fair-Value Measurements topic of the FASB Accounting Standards Codification (FASB ASC 820-10) defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair-value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

RODLAND MOTOR COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: For the year ended December 31, 2021, the common collective trust fund is valued at net asset value (NAV) calculated by the fund manager based on the underlying investments.

For the year ended December 31, 2020, the common collective trust funds were reported at fair value using the NAV, which is determined by the administrators of the funds and is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets held by the collective trust fund, less any liabilities, and then divided by the number of units outstanding. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Withdrawals, other than for benefit payments and participant transfers to noncompeting investment options, require 12 months' advance written notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Stable value fund: Reported at fair value using the NAV, which is determined by the administrators of the fund and is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets, less any liabilities, and then divided by the number of shares or units outstanding. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. There are generally no restrictions on redemption or the ability to sell the investments and redemption notice periods are almost immediate.

RODLAND MOTOR COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,885,922	\$ -	\$ -	\$ 6,885,922
Common collective trust	-	459,173	-	459,173
	<u>\$ 6,885,922</u>	<u>\$ 459,173</u>	<u>\$ -</u>	<u>\$ 7,345,095</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,098,312	\$ -	\$ -	\$ 1,098,312
Common collective trust, at net asset value*				5,010,071
Stable value fund, at net asset value*				461,990
<i>Total investments at fair value</i>				<u>\$ 6,570,373</u>

* In accordance with FASB Subtopic 820-10, certain investments that were measured at NAV per unit (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Accounting standards require disclosure of investment strategies for investments valued using net asset value as a practical expedient to estimate fair value if the investment does not file a Form 5500 with the DOL as a direct filing entity ("DFE"). The following table discloses investment strategies for such investments:

	2021	2020

RODLAND MOTOR COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

- a) Target date funds invest in various other equity mutual funds, fixed income funds and alternative securities that rebalance to become more conservative as it approaches its target date.
- b) Bond funds invest primarily in debt securities and bonds included in the Barclays U.S. Aggregate Bond Index.
- c) Index fund invest in common stocks to track the performance of the S&P 500 Composite Stock Price Index.
- d) Moderate growth funds invest in equity and equity related securities of U.S. companies to seek long term growth of capital.
- e) Small value funds invest primarily in small capitalization companies seeking capital appreciation.
- f) Small blend funds invest in stocks to track the performance of the Russell 2000 index.
- g) Small growth funds invest in a diversified group of small capitalization companies to achieve long term capital growth.
- h) World funds invest primarily in equity and fixed income securities of U.S. and foreign companies to achieve capital appreciation and income.
- i) World bond funds invest primarily in equity securities of U.S. and foreign based companies to achieve capital appreciation.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 5. Costs and Expenses

Administrative expenses related to operating and maintaining the Plan and certain investment and transaction fees are paid by the Plan. Additionally, the Company pays certain expenses of the Plan including fees for the annual audit of the Plan. Expenses paid by the Company are excluded from these financial statements.

Note 6. Transactions with Parties in Interest

The Company provided to the Plan certain accounting and administrative services for which no fees are charged. The employees that provide these services, such as trustees and other employees, also are contributing participants in the Plan. These transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. However, under the provisions of ERISA, these transactions meet the criteria for exemption, are not considered prohibited transactions, and do not need to be reported in the supplementary schedules of Form 5500.

RODLAND MOTOR COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 7. Information Certified by the Plan's Custodian

The Plan Administrator has elected the methods of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC, and Reliance Trust Company have certified that the following data included in the accompanying financial statements and the supplemental schedule of assets held are complete and accurate.

Years ended December 31,	2021	2020
Investments:		
Mutual funds	\$ 6,885,922	\$ 1,098,312
Common collective trust	459,173	5,010,071
Stable value fund	-	461,990
<i>Total</i>	<u>\$ 7,345,095</u>	<u>\$ 6,570,373</u>

Year ended December 31,	2021
Investment income:	
Net appreciation in fair value	\$ 810,463
Interest and dividends	224,781
<i>Total</i>	<u>\$ 1,035,244</u>

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

Note 8. Risk and Uncertainties

The Plan provided for any combination of mutual funds and a common collective trust. Investments are exposed to various risks, such as interest rate, credit and market. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount reported in the statements of net assets available for plan benefits – modified cash basis and the statement of changes in net assets available for plan benefits – modified cash basis.

Note 9. Voluntary Correction Program

For the Plan years ended December 31, 2019 through December 31, 2021, it was noted that certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor. The Company is in process of remitting any related lost earnings to the affected participants into the Plan.

The Company is in the process of entering into the voluntary correction program as the Plan did not properly file its form 5500 with the attached Audited Financial Statements for Plan years ended December 31, 2019, through December 31, 2022.

NOTES TO FINANCIAL STATEMENTS

Note 10. Subsequent Events

The Plan has evaluated subsequent events through February 16, 2024, the date which the financial statements were available to be issued. With the exception of Note 9, no other events have been identified that would require disclosure in the financial statement for the year ended December 31, 2021.
