REPORT OF INDEPENDENT AUDITORS

To the Administrative Committee
Decatur Mold Retirement Plan
North Vernon, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Decatur Mold Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statement's section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted

in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DECATUR MOLD RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023 AND 2022

1. DESCRIPTION OF THE PLAN

The following description of the Decatur Mold Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, established July 1, 1994, is a defined contribution plan, which includes a salary reduction feature that meets the requirements of section 401(k) of the Internal Revenue Code ("IRC"). The Plan is sponsored by Decatur Mold Tool & Engineering, Inc. and Strategic Sourcing, LLC (the Company) for the benefit of all full-time employees who have six consecutive months of service and have attained age 19. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan permits eligible employees, through a salary reduction election, to have the Company make annual contributions up to the maximum amount allowed by law. Eligible employees may also elect after-tax (Roth) contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Participants direct the investment of their contributions into various investment options offered by the Plan. Company profit-sharing contributions are discretionary as determined by the Company's Board of Directors. As of July 1, 2014, the Company added a matching contribution which is discretionary as determined by the Company's Board of Directors. The Company's elected matching contribution was 50 percent of deferral contributions up to 10 percent of compensation for the year ended June 30, 2023. There was no profit-sharing contribution in 2023.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's matching contribution, and (b) plan earnings. In addition, each participant's account is charged with an allocation of administrative expenses. Allocations are based on participant account balances or specific transaction fees, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

DECATUR MOLD RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023 AND 2022

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may have two notes outstanding at any given time. Note terms range from one to five years unless for the purchase of a principal residence. The notes are secured by the balance of the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Interest rates ranged from 5.25% to 10.00% at June 30, 2023. Principal and interest are paid ratably through weekly payroll deductions.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is gradually vested, reaching 100% vesting after six years of credited service.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the accrued value of his or her account to date, or the participant may elect to receive substantially equal installment payments. The Plan permits hardship withdrawals from participant contributions and actual earnings thereon. Participants who are at least 59 ½ may also withdraw their vested account balance.

Forfeited Accounts

Forfeitures may be used to reduce plan expenses or to reduce future Company contributions. At June 30, 2023 and 2022, forfeitures totaled \$30,371 and \$30,175, respectively. Forfeitures were used during the plan year to reduce plan expenses by \$9,751.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the modified cash basis of accounting. As such, benefit payments to participants are accounted for on the cash basis. The modified cash basis differs from the cash basis in that investments are recorded at fair value and participant loans are recorded as receivables (reductions) when the amounts have been advanced to (repaid from) the participant.

DECATUR MOLD RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023 AND 2022

Although the modified cash basis of accounting represents a departure from accounting principles generally accepted in the United States of America, it is an allowable method of accounting for employee benefit plans under the reporting requirements of ERISA.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded when received. Net depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are recorded as a distribution based upon the terms of the plan document.

Risks and Uncertainties

The Plan provides for investments in various types of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the accompanying financial statements.

Plan Tax Status

The Plan is based on a volume submitter plan document sponsored by Capital Group Retirement Plan Services, who has received a favorable opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020 that the plan is designed to qualify as being exempt from federal income taxes. The plan administrator has not separately applied for an opinion letter from the IRS. However, the plan administrator believes that the Plan was designed and is currently being

DECATUR MOLD RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023 AND 2022

operated as a tax-exempt plan in compliance with the applicable requirements of the IRC and, therefore no income taxes have been provided.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Administrative Expenses

The Company absorbs significant administrative expenses of the Plan.

Subsequent Events

The Plan has evaluated events or transactions occurring subsequent to the Statement of Net Assets Available for Benefits date for recognition and disclosure in the accompanying financial statements through the date the financial statements were available to be issued, which is February 26, 2024.

Reclassifications

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Benefits as of June 30, 2023 and 2022, Schedule of Assets (held at end of year) as of June 30, 2023, and the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended June 30, 2023.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

DECATUR MOLD RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023 AND 2022

- Level 2: Inputs to the valuation methodology include quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2023 and 2022.

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds are held by the Plan and are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2023 and 2022:

	2023		2022	
	Level 1	Total	Level 1	Total
Mutual funds	\$ 8,958,295	\$ 8,958,295	\$ 8,373,886	\$ 8,373,886

5. PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the plan, any party rendering service to the plan, the Company and certain others. Professional fees and the majority of other administrative expenses of the Plan were paid by the Company.

The Plan's investment manager is Edward Jones and Capital Group Retirement Services is the recordkeeper. They are paid by the Plan for services. Capital Bank and Trust Company and Blue & Co., LLC are the Plan's trustee and independent auditor, respectively. The trustee and independent auditor receive payment from the Plan and the plan sponsor for these services.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023 AND 2022

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their Company contributions.

7. RECONCILIATION TO FORM 5500

The following is a reconciliation of notes receivable from participants per the financial statements to the Form 5500 for the years ended June 30, 2023 and 2022:

	2023	2022
As reported per the financial statements	\$ 228,237	\$ 238,785
Less: Adjustment for deemed distributions	(852)	(1,240)
As reported per the Form 5500	<u>\$ 227,385</u>	<u>\$ 237,545</u>

The following is a reconciliation of the change in net assets available for benefits for the year ended June 30, 2023 per the financial statements to the net income per the Form 5500:

Net increase per the financial statements	\$ 573,861
Plus: Adjustment for deemed distributions in 2022	1,240
Less: Adjustment for deemed distributions disbursed during the 2023 Plan Year	<u>(852)</u>
As reported per the Form 5500	<u>\$ 574,249</u>

Additionally, the plan sponsor has elected to show the American Funds US Government Money Market fund as a money market fund on Schedule H, line 1(c)1 instead of as a mutual fund on Schedule H, line 1(c)13 as it is certified.
