INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Sheet Metal Workers Local Union
No. 80 Annuity Fund
700 Tower Drive, Suite 300
Troy, MI 48098

Trustees:

Opinion

We have audited the accompanying financial statements of Sheet Metal Workers Local Union No. 80 Annuity Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of May 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Sheet Metal Workers Local Union No. 80 Annuity Fund as of May 31, 2023 and 2022, and changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sheet Metal Workers Local Union No. 80 Annuity Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sheet Metal Workers Local Union No. 80 Annuity Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sheet Metal Workers Local Union No. 80 Annuity Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sheet Metal Workers Local Union No. 80 Annuity Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

SHEET METAL WORKERS LOCAL UNION NO. 80 ANNUITY FUND

NOTES TO FINANCIAL STATEMENTS

Note A: Description of the Plan

The following brief description of the Sheet Metal Workers Local Union No. 80 Annuity Fund provides only general information. For more complete information, refer to the Plan document.

1. General – The Fund is a multiemployer defined contribution plan established as a result of collective bargaining between SMACNA, Metropolitan Detroit Chapter and Sheet Metal Workers Local Union No. 80 to provide benefits to eligible participants primarily employed in the sheet metal industry in eastern Michigan.
2. Contributions – Participants may make contributions to the Fund on a pre-tax basis up to a maximum amount as specified in the Plan document. Participant contributions during the year ended May 31, 2023 were paid after the timeframe required by the Department of Labor (DOL). Payment of lost earnings related to delinquent contributions during the year ended May 31, 2023 and payment of the remaining amounts due will be made to the Fund subsequent to the year ended May 31, 2023.

Contributions are also made by employers as specified in the collective bargaining agreement based on an amount per hour worked for each participant. All employer and employee contributions are credited directly to individual participant accounts.

The Fund is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

3. Vesting – Participant contributions, employer contributions, and related earnings are fully vested at all times and are not subject to forfeiture for any reason.
4. Payment of Benefits – Participants may withdraw upon termination of employment due to retirement, total and permanent disability, separation, or death. Effective January 1, 2015, participants may also receive advanced distributions for hardship for certain immediate and heavy financial needs. The Fund's benefit is in addition to the participant's regular pension benefits, and the participant or his or her beneficiary will be eligible to receive the amount accumulated in the respective account after earnings and expenses have been allocated.
5. Participant Notes Receivable – Participants may borrow from their fund accounts subject to certain maximum amounts as prescribed in the Plan and in the Internal Revenue Code. Loans are collateralized by the participant's account balance and bear interest at market rates.

Note A: Description of the Plan (Continued)

6. Termination – In the event of termination of the Fund, the allocation as determined by the Trustees may be implemented through the continuation of the Fund as if it had not been terminated or through the purchase by the Trustees of insurance annuity contracts or by a combination of these methods.

Note B: Summary of Significant Accounting Policies

1. Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Fund's gains and losses on investments bought and sold as well as held during the year.

2. Participant Notes Receivable – Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.
3. Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent asset and liabilities. Actual results could differ from those estimates.
4. Benefit Payments – Benefits are recorded when paid.

Note C: Funding Policy

The Fund is funded through the trust fund, which receives contributions from the employers at rates specified in the collective bargaining agreement. The agreement provides for the employers to contribute to the Plan on the basis of participants' hours paid.

Note D: Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820 Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. These level 3 fair value measurements are based primarily on management's own estimates, using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the assets. Significant level 3 inputs include information provided by fund managers, third-party appraisals, year-end audited financial statements, projected discounted cash flows, and net asset value with adjustments related to certain restrictions. Management assesses the valuation of these investments through the engagement of a third-party investment advisor and periodic meetings to review these investments.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Fund's assessment of the significance of particular inputs to these fair value measurements requires judgement and considers factors specific to each asset.

**NOTES TO FINANCIAL STATEMENTS
(Continued)**

Note D: Fair Value Measurements (Continued)

The following valuation methodologies have been used to value the Fund's investments:

Mutual funds – Mutual funds are valued at closing quoted prices reported in active markets.

Common collective trust funds – Common collective trust funds are valued at net asset value per share (or its equivalent) of the funds, which is based on the fair value of the Fund's underlying net assets.

Money market funds – This investment is valued at an estimated fair value, which is equal to their cost.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Fund believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to estimate fair value could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of:

Fair Value Measurement at May 31, 2023

	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>

Total	<u>\$ 102,915,515</u>			

The common collective trust represents investment in a stable value common collective trust fund that invests in a fixed income guaranteed investment contract. There are no unfunded commitments. The redemption frequency is daily. The redemption period is two years if the investment is to be redeemed for an amount exceeding five percent of the fund's portion of amount held in the fund as of the first day of the investment contract year and on the valuation date of redemption if the investment is to be redeemed for an amount less than five percent of the fund's portion of the amount held in the fund as of the first day of the investment contract year.

NOTES TO FINANCIAL STATEMENTS (Continued)

Note E: Investments (Continued)

During the years ended May 31, 2023 and 2022, the Fund's investments (including investments bought, sold, and held during the year) depreciated in value by \$(2,030,236) and \$(11,799,348), respectively, as follows:

	Years ended December 31,	
	2023	2022
Net appreciation (depreciation) in fair value:		
Mutual funds	\$ (2,080,310)	\$ (11,833,590)
Common collective trust	50,074	34,242
	<u>\$ (2,030,236)</u>	<u>\$ (11,799,348)</u>

Note F: Reimbursement of Expenses

Expenses incurred in connection with the collection of delinquent employer contributions for the various Sheet Metal Workers' Local Union No. 80 fringe benefit funds are being paid from Sheet Metal Workers' Local Union No. 80 Collection Account (the "Collection Account"), which is included in the financial reporting of Sheet Metal Workers' Local Union No. 80 Insurance Trust Fund and its related filings. The Collection Account is reimbursed by Sheet Metal Workers' Local Union No. 80 Pension Fund, Sheet Metal Workers' Local Union No. 80 Insurance Trust Fund, Sheet Metal Workers' Local Union No. 80 Supplemental Unemployment Benefit Fund, Sheet Metal Workers' Local Union No. 80 Joint Apprenticeship Fund, Sheet Metal Workers' Local Union No. 80 Annuity Fund, and other ancillary entities for a prorated share of these expenses. The Collection Account was reimbursed approximately \$11,623 and \$11,833 for the Fund's prorated share of the aforementioned expenses for the years ended May 31, 2023 and 2022, respectively.

Note G: Tax Status

The Trust established under the Plan to hold the Plan's assets is qualified and exempt from income taxes pursuant to Section 401(a) and 501(a) respectively of the Internal Revenue Code. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service and the Plan Sponsor believes the Plan, as amended, continues to qualify and to operate as designed.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Fund and recognize a tax liability (or asset) if the Fund has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Fund is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

SHEET METAL WORKERS LOCAL UNION NO. 80 ANNUITY FUND

**NOTES TO FINANCIAL STATEMENTS
(Continued)**

Note H: Plan Termination

In the event the Fund is terminated, the net assets after payment of administrative and liquidation expenses will be allocated in accordance with the priorities established in Title IV, Employee Retirement Income Security Act (or any successor statutory provision). In the event of Plan termination, payment of benefits may be accomplished by the continuation of the existing Fund for that purpose or through the purchase of the Board of Trustees of insurance annuity contracts.

Note I: Risks and Uncertainties

The Fund invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

In addition to investments and cash equivalents, financial instruments which potentially subject the Plan to concentrations of credit risk consist principally of cash. The Plan places its cash with tier I financial institutions. At times, the amount of cash on deposit in banks may be in excess of the respective financial institution's FDIC insurance limit.

Note J: Reportable Transactions

The United States Department of Labor requires all transactions in excess of 5% of the current value of the Plan's net assets for non-participant directed investments to be disclosed separately in the financial statements as a reportable transaction.

Note K: Party-in-Interest Transactions

Plan investments are held at John Hancock (the Custodian). The transactions of the custodian qualify as party-in-interest transactions.

Fees paid during the year for legal, auditing, investment advisory, and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

**NOTES TO FINANCIAL STATEMENTS
(Continued)**

Note L: Notes Receivable from Participants

Participants of the Fund are eligible to receive a personal loan from the Fund, subject to eligibility guidelines set forth in the Plan's Loan Policy. Loans are not to exceed the lesser of \$50,000 or 50% of the present value of the participant's vested account.

Repayment of the loan shall not exceed five (5) years, except that the period of repayment may exceed five (5) years, but not twenty (20) years, if the loan is used to purchase the participant's principal residence. The interest rate on these loans is at prime rate on the date of the loan inception.

Note M: Subsequent Events

The date to which events occurring after May 31, 2023, the date of the most recent Statement of Net Assets Available for Benefits, have been evaluated for possible adjustment to the financial statements or disclosures is February 22, 2024, which is the date on which the financial statements were available to be issued.

Note N: Delinquent Participant Contributions

During the years ended May 31, 2023 and 2022, employees withholding the amounts of \$59,991 and \$55,494 were not transmitted to the Fund within an appropriate time period. These transactions constitute prohibited transactions as defined by ERISA. Lost earnings of \$103 and \$18 have been calculated by the Fund and have been allocated to participants.

**INDEPENDENT AUDITOR'S
REPORT ON SUPPLEMENTAL INFORMATION**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held for investments as of May 31, 2023 and schedule of reportable transactions for the year ended May 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
