INDEPENDENT AUDITORS' REPORT

To The Plan Administrator
Kelley Companies Retirement Plan
401(k) Profit Sharing Plan
Waynesboro, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of Kelley Companies Retirement Plan, a 401(k) profit sharing plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of May 31, 2023, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended May 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements Section:

- the amounts and disclosures in the 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2023 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of Kelley Companies Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kelley Companies Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibility for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kelley Companies Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kelley Companies Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2023 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of the year) is presented for purposes of additional analysis and are not a required part of the financial statements but is for supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2022 Financial Statements

We were engaged to audit the 2022 financial statements of Kelley Companies Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated March 10, 2023, we indicated that (a) because of the significance of the information we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2022 financial statement, and (b) the form and content of the information included in the 2022 financial statement other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**KELLEY COMPANIES RETIREMENT PLAN
401(k) PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of Kelley Companies Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility

The Plan is a defined contribution plan covering all full-time employees of Kelley Brothers Contractors, Inc., Al-Tom Forest Products, Inc., Local L.P. Gas Company, Inc., Riverside Hardwoods, LLC, EDL Labs, Inc., EDL Medical, LLC and Complete Environmental & Remediation, LLC (the Companies) who have six months of service and are age twenty-one or older. Effective December 1, 2014, the entry date is the earlier of: at least 500 hours in a six month period or at least 1,000 hours in a twelve month period beginning with hire date. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each active participant may elect to make tax deferred employee contributions to the Plan up to 15% of compensation. The Companies will contribute an amount equal to 100% of the participant's contribution, only on the first 3% of compensation deposited as elective contributions.

Participant accounts

Each participant's account is credited with the participant's contribution, amounts contributed by the employer on behalf of the participant, plan earnings (losses), and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service (six or more years).

Note 1. Description of The Plan (continued)

Investment options

The Plan offers various investment options in which a participant may elect to invest. A participant may change his investment options daily, electronically.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at prime plus 2.00%. Interest rates ranged from 5.25% to 10.25% at May 31, 2023 and 2022, respectively. Principal and interest is paid ratably through monthly payroll deductions.

Payment of benefits

On termination of service due to disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of participant's vested interest in his or her account or equal installments over his or her life expectancy. Upon the death of a participant before retirement or termination of employment, the current balance of such participant's individual account shall become payable as soon as practicable following the plan administrator's receipt of proper written notice from the beneficiary. If the beneficiary is the participant's spouse, commencement of distribution may be delayed at the option of the spouse until December 31 of the calendar year in which the participant would have attained age 70½.

Administration

The Plan is administered by Kelley Brothers Contractors, Inc. The plan administrator has overall responsibility for the operation and administration of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance and is responsible for approving all distributions, benefit payments, and administrative expenses. Principal Life Insurance Company, trustee of the Plan, pays the distributions and retirement benefits at the direction of the plan administrator and provides custodial and investment management services with respect to the net assets of the Plan.

Forfeitures

Forfeitures are used to reduce future employer contributions or to pay administrative fees. As of May 31, 2023 and 2022, the forfeiture account balance totaled \$1,189 and \$2,922, respectively.

Insurance

A fidelity bond insures the Plan for \$500,000.

Note 2. Summary of Significant Accounting Policies

Basis of presentation

The financial statements of the Plan are prepared using the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are maintained by Principal Life Insurance Company. The Plan provides for a participant directed program.

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Pooled separate accounts do not transact at prices available to retail investors nor do they publish daily share values. As such, they are not considered actively traded. Investments in pooled separate accounts and collective investment trust are reported at fair value using net asset value (NAV) as a practical expedient. NAV is provided by the trustee and is generally calculated by using the quoted market prices for the underlying investments. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Unit values are calculated daily before taking into consideration contributions and payments made on that day. These transactions are then reflected using that day's new unit value.

Note 2. Summary of Significant Accounting Policies (continued)

Notes receivable from participants

Loans to participants are reported at their unpaid balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan payments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Plan expenses

The Plan is sponsored by the Companies. Personnel within the organizations perform various administrative services for the Plan. The payroll and related overhead costs associated with these services are not included as Plan expenses. All administrative expenses of the Plan, except charges by Principal Life Insurance Company, are paid by the employers.

Date of management's review

Subsequent events were evaluated through March 14, 2024, which is the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 – valuations are based on quoted prices in active markets for identical assets or liabilities,

Note 3. Fair Value Measurements (continued)

- Level 2 – valuations are based on observable inputs (assumptions obtained from independent sources) for the asset or liability, either directly or indirectly, and
- Level 3 – valuations are based on unobservable inputs (assumptions based on the best information available) that are significant to the fair value of the assets or liabilities.

The Plan has no investments reported at Level 1, 2 or 3 since the investments in pooled separate accounts and collective investment trusts are reported at NAV. As such, they are excluded from the fair value hierarchy in accordance with ASU 2015-07.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of May 31, 2023:

<u>May 31, 2023</u>	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Pooled separate accounts at NAV	\$ 3,883,446	\$ -	\$ -	\$ -
Collective investment trust at NAV	<u>564,137</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total assets at fair value	<u>\$ 4,447,583</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of May 31, 2022:

<u>May 31, 2022</u>	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Pooled separate accounts at NAV	\$ 3,831,815	\$ -	\$ -	\$ -
Collective investment trust at NAV	<u>313,125</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total assets at fair value	<u>\$ 4,144,940</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

Principal Life Insurance Company files a Form 5500 as a direct filing entity, and therefore per FASB ASC 962-325-50-9, disclosure of the investment's significant investment strategy is not required.

Principal Stable Value Fund

The Principal Stable Value Fund is a collective investment trust held by Principal Global Investors Trust Company, as trustee. The fund is governed by the respective trust agreement. The fund invests in conventional and synthetic guaranteed investment contracts issued by life insurance companies, banks and other financial institutions with excess cash invested in cash equivalents. The objective of the stable value fund is to provide preservation of capital and relatively stable returns regardless of the volatility of the financial markets. The investments are valued using NAV as a practical expedient to estimate fair value where NAV is based on the value of the underlying investment assets owned by the fund, minus its liabilities.

Note 3. Fair Value Measurements (continued)

This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount other than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are currently no redemption restrictions or unfunded commitments on these investments. Principal Global Investors Trust Company files the Principal Stable Value Fund as a Direct Filing Entity on Form 5500.

Pooled separate accounts

Pooled separate accounts (“PSAs”) are privately managed through investment companies and are not publicly quoted. PSAs are comprised, primarily, of shares of registered investment companies held through sub-accounts of an insurance company. The PSAs are valued using net asset value (“NAV”) as a practical expedient to estimate fair value where NAV is based on the value of the underlying investment assets held through sub-accounts of a separate account of an insurance company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. The Plan has concluded that the NAVs reported by the investment companies approximate the fair value of the investments. There are currently no redemption or unfunded commitments on these investments.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 5. Income Tax Status

In a letter dated July 14, 2009, the Internal Revenue Service informed the Company that the Plan is a Prototype Standardized Profit Sharing Plan and is acceptable under Section 401 of the Internal Revenue Code. The Plan was amended and restated provisions of the Plan became effective June 1, 2013.

The Plan accounts for uncertain tax positions in accordance with ASC 740-10. No penalties or interest were accrued or charged to expenses for the years ended May 31, 2023 or 2022. Currently, none of the returns in the U.S. federal jurisdiction or the U.S. state jurisdiction are under examination by any taxing authority. The statute of limitations for the U.S. federal jurisdiction, as well as the U.S. state jurisdiction, is three years. The income tax returns prior to fiscal year 2020 are closed.

Note 6. Risks and Uncertainties

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Principal Life Insurance Company. Principal Life Insurance Company is the third-party administrator of the Plan. During the years ended May 31, 2023 and 2022, the plan sponsor paid fees for the Plan's annual audit to Rea, Shaw, Giffin & Stuart, LLP. These transactions qualify as party-in-interest transactions.

Note 8. Information Certified by the Trustee

The Plan's investments are held by Principal Life Insurance Company. The Plan's financial information, including investment values, investment income, and fees, is included in the financial statements and supplemental schedule based on information certified by Principal Life Insurance Company as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The account balances stated at fair value and certified by the trustee at May 31, 2023 and 2022 totaled \$4,447,583 and \$4,144,940, respectively.
