Mechdyne Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Mechdyne Corporation (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

THE POWER OF BEING UNDERSTOOD
AUDIT | TAX | CONSULTING

Emphasis of Matter

During the year ended December 31, 2022, the Pentegra Systems LLC 401(k) Profit Sharing Plan and Trust was merged into the Plan. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a—schedule of delinquent participant contributions and loan repayments as of December 31, 2022 and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Mechdyne Corporation 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Mechdyne Corporation (Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering all employees of the Company who are age 21 or older and complete 249 hours of service within their first three consecutive months of employment. Employees that do not meet this service requirement are eligible to participate when credited with a year of service. The Plan Trustees are responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports the Plan's Trustees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year participants may contribute an amount not to exceed a specific dollar amount determined by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a guaranteed investment contract as investment options to participants. The Company matches the participant's salary deferral at 5.0% of compensation, not to exceed \$5,000. The matching Company contribution is invested into the same investment options offered by the Plan for the salary deferral.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant with less than two years of service is 0% vested, and then vests 20% for each service year from two through six, and is 100% vested after six years of credited service for purposes of the employer's contributions.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 reduced by the highest outstanding note balance in the previous 12-month period or 50% of their account balance, whichever is less. The notes are for a term of not more than five years unless used for the purchase of a primary residence and are secured by the balance in the participant's account. Notes bear interest at the prevailing rate as determined by the Plan Administrator. Principal and interest is paid ratably through monthly payroll deductions. The notes receivable outstanding at December 31, 2022 mature June 2023 through October 2028 with interest rates from 5.25% to 7.50%. As of December 31, 2021, the notes receivables had interest rates from 5.25% to 7.50%.

Payment of benefits: On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not to exceed the life expectancy of the participant or survivor. For termination of service due to other reasons, a participant will receive the value of the vested interest or her account as a lump-sum distribution if the account balance is less than \$5,000.

Mechdyne Corporation 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Forfeited accounts: At December 31, 2022 and 2021, forfeited nonvested accounts totaled approximately \$12,000 and \$23,000, respectively. These accounts are used to reduce employer contributions that are made in the following Plan year. For the year ended December 31, 2022, forfeitures of approximately \$31,000 were used to reduce employer contributions.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Accounting estimates and assumptions: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Fiduciary Review Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 8 for discussion of fair value measurements and Note 9 for a discussion on fully benefit responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable to participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of benefits: Benefits are recorded when paid.

Risks and uncertainties: Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent events: The Plan Administrator has evaluated subsequent events through February 13, 2024, the date which the financial statements were available to be issued.

Mechdyne Corporation 401(k) Plan

Notes to Financial Statements

Note 3. Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 4. Information Certified and Provided by Empower Trust Company, LLC and Empower Annuity Insurance Company of America (collectively Empower), the Custodian

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Empower, the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2022	2021
Investments, at fair value, mutual funds	\$ 15,608,876	\$ 17,360,999
Investment in guaranteed interest contract, at contract value	183,048	467,428
Notes receivable from participants	114,726	53,308

The custodian also certified to the completeness and accuracy of \$4,060 of interest income from notes receivable from participants, \$4,039,639 of net depreciation in fair value of investments and \$457,007 of interest and dividends (including investments bought, sold and held during the year) for the year ended December 31, 2022.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6. Plan Merger

Effective January 1, 2022, the Plan was amended and restated to adopt a nonstandardized form of a prototype plan sponsored by CCH Incorporated. In conjunction with the restatement, Pentegra Systems, LLC and Linkage Design, LLC, became adopting employers of the Plan. On March 9, 2022, the Pentegra Systems LLC 401(k) Profit Sharing Plan and Trust was merged into the Plan. As a result, net assets of approximately \$1,930,000 were transferred into the Plan during 2022.

Mechdyne Corporation 401(k) Plan

Notes to Financial Statements

Note 7. Tax Status

The Plan adopted a nonstandardized form of a prototype plan sponsored by Paradigm Benefits LLC. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status dated June 30, 2020. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan applies the guidance on accounting for uncertainty in income taxes. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 8. Related-Party Transactions

Certain investments are managed by Empower, the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the custodian totaled \$61,112 for the year ended December 31, 2022.

Note 9. Fair Value Measurements

The Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the topic are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Mechdyne Corporation 401(k) Plan

Notes to Financial Statements

Note 9. Fair Value Measurements (Continued)

When available, quoted market prices are used to determine the fair value of investments held in the Plan and such items are classified within Level 1 of the fair value hierarchy. A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The level to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurements. There have been no changes in valuation methodologies at December 31, 2022 compared to December 31, 2021.

Mutual funds: Mutual funds are reported at fair value based on the quoted market price of the fund and are classified within Level 1 of the hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

		2022			
		Total	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
Assets:					
	Mutual funds	\$ 15,608,876	\$ 15,608,876	\$ -	\$ -
	Investments at fair value	\$ 15,608,876	\$ 15,608,876	\$ -	\$ -
		2021			
		Total	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
Assets:					
	Mutual funds	\$ 17,360,999	\$ 17,360,999	\$ -	\$ -
	Investments at fair value	\$ 17,360,999	\$ 17,360,999	\$ -	\$ -

Note 10. Fully Benefit-Responsive Investment Contracts

The Plan has a fully benefit-responsive guaranteed investment contract with Empower. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero.

Mechdyne Corporation 401(k) Plan

Notes to Financial Statements

Note 10. Fully Benefit-Responsive Investment Contracts (Continued)

The average crediting rate was 1.18% for 2022. Such rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 11. Prohibited Transactions

We have disclosed non-exempt (prohibited) party-in-interest transactions related to late deposits of employee deferrals and loan payments. Lost earnings on the deposits totaling \$12,235 were calculated and deposited to the trust by the Plan Sponsor in 2022. Form 5330 will also be filed to remit the applicable excise tax to the IRS. The correction and any excise taxes, if applicable, were paid out of the Plan Sponsor's, and not the Plan's assets. The late deposit amounts totaled approximately \$96,450.
