INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of the BARC Developmental Services Thrift Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of BARC Developmental Services Thrift Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"EisnerAmper" is the brand name under which EisnerAmper LLP and Eisner Advisory Group LLC provide professional services. EisnerAmper LLP and Eisner Advisory Group LLC are independently owned firms that practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. EisnerAmper LLP is a licensed CPA firm that provides attest services, and Eisner Advisory Group LLC and its subsidiary entities provide tax and business consulting services. Eisner Advisory Group LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BARC DEVELOPMENTAL SERVICES THRIFT PLAN

Notes to Financial Statements June 30, 2023 and 2022

NOTE A - DESCRIPTION OF THE PLAN

The following description of the BARC Developmental Services Thrift Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

[1] General:

The Plan is a 403(b) plan, also known as a tax-sheltered annuity plan, covering all employees of BARC Developmental Services (the “Company” or “employer”). Employees are immediately eligible to enter the Plan upon their date of hire. To be eligible for employer contributions, an employee must complete one year of service with the employer and be age 18 or older. The Plan was amended and restated as of July 1, 2018. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Any eligible employee may enter the Plan as an active member on or after the entry date he or she meets all the entry requirements. The Plan entry dates are July 1 and January 1. Variable Annuity Life Insurance Company (“VALIC”) is the recordkeeper of the Plan.

[2] Contributions:

Participants of the Plan can authorize a pre-tax payroll deduction of any amount up to his or her compensation; however, total deferrals in any taxable year may not exceed certain dollar limits which are set by law. Employer contributions are made at the discretion of the Company. The Company matches up to 50% of the first 6% of elective deferrals, up to 3% of eligible compensation.

Rollover contributions are permitted from prior employers’ qualified plans.

[3] Participant accounts:

Each participant’s account is credited with the participant’s contributions and allocations of (a) the Company’s contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

[4] Vesting:

Upon retirement, disability or death, a participant (or the beneficiary of the participant) is paid his or her entire account balance in the Plan. Upon distribution for any other reason, a participant receives only the vested portion of the account balance attributable to employer contributions and earnings thereon, according to the participant’s years of service, as set forth in the following table:

<u>Years of Service</u>	<u>Percentage</u>
Fewer than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

A participant is always 100% vested in his or her employee and rollover contributions and earnings thereon.

BARC DEVELOPMENTAL SERVICES THRIFT PLAN

Notes to Financial Statements June 30, 2023 and 2022

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[5] Administration:

The Company is the administrator of the Plan and is the Plan's sponsor. VALIC is the recordkeeper and insurance company of the Plan. VALIC invests all contributions and allocates to each participant account the proportionate share of the earnings on investments. VALIC is also the administrator of all policy loans.

[6] Policy loans:

A participant may borrow from VALIC, the insurance company, and use his or her Plan account balance invested in one of the fixed annuity contracts as collateral for the loan. The collateral must be 100% of the loan and payments on the loan are made outside of the Plan. As of June 30, 2023 and 2022, approximately \$29,000 and \$37,000, respectively, of Plan assets were pledged as collateral for such loans made by the insurance company. A participant may borrow a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of the vested account balance. Loan terms range from one to five years; however, loans used for the purchase of a primary residence may extend up to a maximum term of 15 years. The borrowing limits noted below also apply to policy loans. Participants may have both types of loans. However, the total dollar amount cannot exceed the stated limits.

During the year ended June 30, 2023, approximately \$36,200 of Plan assets were distributed from the Plan, included as distributions, representing payout of collateral for defaulted loans of this type, which consists of employer and rollover components of participants' accounts for participants who are still employed by the Company.

Principal and interest are paid quarterly directly by the participant. The interest rate charged is based on Moody's Corporate Bond Yield Average. While the loan is outstanding, the amount held as collateral earns interest at the contractual minimum of between 1.00 to 3.00%. The difference, or "spread," between the rate established by Moody's Corporate Bond Yield Average and the contractual minimum is retained by VALIC. Interest rates as of both June 30, 2023 and 2022 currently range from 1.00% to 3.00%.

[7] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, loans used for the purchase of a primary residence may extend up to a maximum term of 15 years. The loans are secured by the balance in the participant's account and bear interest of prime plus 1% as determined by the Plan administrator. Interest rates as of June 30, 2023 and 2022 on outstanding loan balances range from 4.25% to 9.00% and from 4.25% to 6.00%, respectively. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

[8] Payment of benefits:

A participant's vested benefits will normally be distributed to the participant or the participant's beneficiary upon the retirement, disability, death or termination of employment of the participant. Such distributions will be in one lump-sum cash payment upon termination or in the form of installment payments upon retirement, disability or death. In-service distributions of vested balances are permitted as described in the Plan document.

Hardship withdrawals are allowed by the Plan provided they meet the Internal Revenue Service ("IRS") guidelines.

BARC DEVELOPMENTAL SERVICES THRIFT PLAN

Notes to Financial Statements June 30, 2023 and 2022

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[9] Forfeitures:

Forfeited nonvested accounts may be used to reduce future Company contributions, pay Plan expenses, and be allocated to participant accounts. During the year ended June 30, 2023, forfeitures of \$13,977 were used to reduce employer contributions. As of June 30, 2023 and 2022, forfeited nonvested accounts totaled \$0, for both years.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The accompanying financial statements are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

[2] Use of estimates:

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized/unrealized appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

Certain administrative expenses are paid by the Plan unless paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, VALIC has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of June 30, 2023 and 2022, the statement of changes in net assets available for benefits for the year ended June 30, 2023 and the supplemental schedule of assets (held at end of year) as of June 30, 2023.

BARC DEVELOPMENTAL SERVICES THRIFT PLAN

Notes to Financial Statements June 30, 2023 and 2022

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of June 30, 2023 or 2022.

Fixed annuity contracts (VALIC General Accounts) - The VALIC fixed funds, which include the Fixed Account Plus Fund and Short-Term Fixed Fund, are fixed annuity contracts that are fully and unconditionally guaranteed by VALIC. The fixed annuity contracts are valued using a discounted cash flow analysis. During the accumulation phase, they provide a guarantee of principal and a guaranteed minimum rate of interest. Participants may withdraw up to 10% of the accumulated account value per contract year without charge. For any amount in excess of 10%, a surrender charge applies, generally 5% as specifically defined. The fixed annuity contracts can be redeemed daily. There is no redemption notice period.

Fixed Account Plus and Short-Term Fixed - The surrender value of the fixed interest options will never be less than the amount of the purchase payments allocated to the fixed interest options less any amounts transferred to the variable investment options or withdrawn.

Fixed Account Plus - Interest rates are declared monthly and apply separately to amounts accumulated in separate time periods. The average yield of the funds and the average yield credited to the participants as of June 30, 2023 and 2022 was 1.27% and 1.06%, respectively.

Short-Term Fixed - Interest is credited on a portfolio basis. On the portfolio basis, all amounts will be credited the same rate of interest for the current period regardless of the initial date of deposit. The average yield of the fund and the average yield credited to the participants as of both June 30, 2023 and 2022 was 1.00%.

BARC DEVELOPMENTAL SERVICES THRIFT PLAN

Notes to Financial Statements June 30, 2023 and 2022

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Variable Annuity Contracts - Are separate accounts of VALIC and are variable annuities registered with the Securities and Exchange Commission ("SEC") as investment companies under the Investment Company Act of 1940. They operate as unit investment trusts that invest in shares of underlying mutual funds. Contributions buy accumulation units whose value is calculated daily. The accumulation units are valued at net asset value ("NAV") as a practical expedient to measure fair value. The value of a participant's investment rises and falls with the return on the underlying assets. The separate accounts invest primarily in equity, fixed income and money market mutual funds. There are no redemption notice periods or restrictions.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of June 30, 2023 and 2022:

Investment Assets at Fair Value as of June 30, 2023

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Variable annuity contracts (A)				<u>2,263,048</u>
Total investment assets at fair value				<u>\$ 9,147,474</u>

(A) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Level 3 investment assets consist of the following for the years ended June 30, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Purchases	\$ 180,868	\$ 193,305
Sales	(233,452)	(336,899)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table presents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs for the years ended June 30, 2023 and 2022:

Instrument	Fair Value 2023	Fair Value 2022	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values 2023	Range of Significant Input Values 2022	Weighted Average 2023	Weighted Average 2022

Short-Term Fixed	\$ 78,547	\$ 68,552	Discounted cash flows	Risk – adjusted discount rates applied	1.00%	1.00%	1.00%	1.00%

NOTE E - TAX STATUS

The Plan has adopted a Volume Submitter 403(b) Plan (the "Volume Submitter") sponsored by VALIC Retirement Services Company. On April 25, 2018, the Internal Revenue Service ("IRS") stated in an advisory letter that the Volume Submitter adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related accounts are exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified, and the related accounts are tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of June 30, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan has all of its investments in units of Separate Accounts held by VALIC and in VALIC general accounts, and transactions related to these investments qualify as party-in-interest transactions.

Fees paid by the Plan were \$65,429 for the year ended June 30, 2023. These fees were paid for investment management services.

BARC DEVELOPMENTAL SERVICES THRIFT PLAN

Notes to Financial Statements June 30, 2023 and 2022

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks, as well as risk related to the financial strength of the insurance company. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments as of June 30, 2023 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE H - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through March 18, 2024, which is the date the financial statements were available to be issued.

NOTE K - RECONCILIATION OF FINANCIAL STATEMENT TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of June 30, 2023, to Form 5500:

Net assets available for benefits per the financial statements	\$10,397,292
