## Report on the Audit of the Financial Statements

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed an audit of the financial statements of OpenEye Scientific Software, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 27, 2022 (in liquidation) and December 31, 2021, and the related statement of changes in net assets available for benefits in liquidation for the period January 1, 2022 to December 27, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of OpenEye Scientific Software, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 27, 2022 and December 31, 2021, and for the period January 1, 2022 to ended December 27, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### *Basis for Opinion*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of OpenEye Scientific Software, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### *Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting*

As further discussed in Note 1 to the financial statements, on August 30, 2022, the Board of Directors of OpenEye Scientific Software, Inc. voted to terminate the Plan and management determined liquidation is imminent. As a result, OpenEye Scientific Software, Inc. 401(k) Plan has changed its basis of accounting from the going-concern basis of accounting used in presenting the 2021 financial statement to the liquidation basis of accounting used in presenting the 2022 financial statements. Our opinion is not affected with respect to this matter.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### *Auditor's Responsibilities for the Audit of the Financial Statements*

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of OpenEye Scientific Software, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

**Note 1 – Description of Plan**

The following description of OpenEye Scientific Software, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of plan provisions.

**General** – The Plan is a 401(k) salary deferral plan covering substantially all employees of OpenEye Scientific Software, Inc. (the Company), and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan's sponsor and serves as plan administrator.

**Plan Termination** – Effective August 30, 2022 (the Termination Date), the Board of Directors of the Company expressed their intent to terminate the Plan. Upon the Termination Date, all contributions were frozen. Plan assets were distributed by December 27, 2022. The disclosures below are applicable prior to the Termination Date.

**Eligibility** – Employees of the Company were eligible to participate in the Plan upon reaching age 18.

**Contributions**

*Participant contributions* – Each year, participants were able to contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants were also able to elect to make Roth contributions utilizing after-tax contributions. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants were also able to contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

*Employer safe harbor* – The Company also made safe harbor contributions equal to 3% of the participant's eligible compensation, regardless of the employee's hours of service or employment on the last day of the plan year.

*Discretionary employer match and profit sharing contributions* – The Company was able to elect to make discretionary matching and profit sharing contributions to the Plan. Participants must have completed at least 1 hour of service during the plan year and be employed on the last day of the plan year to be eligible to receive matching contributions. Profit sharing contributions were allocated to participants in a method determined by the Company. There were no discretionary matching or profit sharing contributions for the period January 1, 2022 to December 27, 2022.

Contributions were subject to regulatory limitations.

**Participant accounts** – Each participant's account was credited with the participant's contributions and safe harbor contributions, as well as allocations of the Company's discretionary profit sharing contributions and plan earnings or losses. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled is the benefit that could have been provided from the participant's vested account. Participants directed the investment of their contributions into various investment options offered by the Plan.

**Vesting** – Participants were vested immediately in all contributions plus actual earnings thereon.

**Notes receivable from participants** – Participants may have borrowed from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans were issued by the Plan and secured by the balance in the participant's account. All loans must have been repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case the loan must have been repaid within a reasonable period of time. Under the terms of the Plan Agreement, plan loans had a reasonable rate of interest determined by the plan administrator. Principal and interest was paid ratably through payroll deductions.

**Payment of benefits** – On termination of service due to death, disability, retirement, or other reasons, a participant (or their beneficiary) may have elected to receive a lump-sum amount equal to the value of the participant's interest in his or her account. The Plan allowed for the automatic lump sum distribution of participant account balances that do not exceed $1,000.

**Note 2 – Summary of Significant Accounting Policies**

**Basis of accounting** – For the period January 1, 2022 to December 27, 2022, the financial statements have been prepared under the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). For the year ended December 31, 2021, the financial statement has been prepared in accordance with U.S. GAAP, using the accrual method of accounting.

**Use of estimates** – The preparation of financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Investment valuation** – The investments were reported at fair value. The Plan's custodian, Nationwide Trust Company, FSB (Nationwide), certified the fair market value of all investments. If available, quoted market prices were used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

**Income recognition** – Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. Interest income was recorded on the accrual basis. The net depreciation in fair value of investments consisted of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

**Notes receivable from participants** – Notes receivable from participants were measured at amortized cost, which represented unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants were reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses had been recorded as of December 31, 2021.

**Payment of benefits** – Benefits were recorded when paid.

**Expenses** – Certain expenses of maintaining the Plan were paid directly by the Company and were excluded from these financial statements. Administrative expenses paid by the Plan may have included notes receivable and distribution fees charged to participants' accounts and administrative Plan fees. Investment related expenses were included in net depreciation in fair value of investments.

**Subsequent events** – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits, but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through March 12, 2024, which is the date the financial statements were available to be issued.

**Note 3 – Fair Value Measurements**

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation technique used for assets measured at fair value.

*Registered investment companies (mutual funds)* – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

The following table discloses the fair value hierarchy of the Plan's assets by level as of December 31, 2021:

| | Fair Value Measurement at December 31, 2021 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Registered investment companies | $ 14,697,791 | $ - | $ - | $ 14,697,791 |

**Note 4 – Tax Status**

The Plan document was a nonstandardized pre-approved defined contribution plan that received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan had been amended since receiving the opinion letter, the plan administrator believed that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator evaluated the Plan's tax positions and does not believe the Plan had any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan was subject to routine audits by taxing jurisdictions. There are currently no audits for any tax periods in progress.

**Note 5 – Information Certified by the Custodian**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide, the custodian, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2021.
- Net depreciation in fair value of investments, dividends, and interest reflected on the accompanying statement of changes in net assets available for benefits for the period January 1, 2022 to December 27, 2022.

**Note 6 – Party-in-Interest Transactions**

The Plan paid expenses related to the Plan's operations and investment management to various service providers and, therefore, transactions with these entities qualified as exempt party-in-interest transactions.

**Note 7 – Reconciliation to Form 5500**

The following is a reconciliation of the net assets available for benefits reported in the financial statements in liquidation and the net assets reported on the Form 5500 as of December 27, 2022 and December 31, 2021:

| | 2022 | 2021 |
|---|---|---|
| Net assets available for benefits, per the financial statements | $ - | $ 15,486,507 |
| Less amounts accrued for participant contributions receivable | - | (81,374) |
| Less amounts accrued for employer contributions receivable | - | (693,122) |
| Net assets per the Form 5500 | $ - | $ 14,712,011 |

The following is a reconciliation of the change in net assets available for benefits reported in the financial statements in liquidation and the net loss reported on the Form 5500 for the period January 1, 2022 to December 27, 2022:

| | |
|---|---|
| Change in net assets available for benefits per the financial statements | $ (15,486,507) |
| Add: participant contributions receivable, prior year | 81,374 |
| Add: employer contributions receivable, prior year | 693,122 |
| Net loss per the Form 5500 | $ (14,712,011) |
